When an employee is promoted from one position to a position in a higher class grade, such employee shall be paid at a rate that will provide an increase in salary of approximately five percent over the last salary paid, except that such employee shall be paid at least the entrance rate of the new position, even though this may produce an increase in excess of the aforementioned limitation. This action shall be effective on the first day of a pay period and shall not precede the date of receipt of the Personnel Action Report (CS14) at the Civil Service Commission.

(4) Starting Rate on Reclassification of Position.

In the event that a position is reclassified from one class of positions to another class of positions in the same class grade, the incumbent of such position when appointed to the new position by proper authority shall retain the salary he received in the former position.

Personnel actions which result in increases in pay by means of promotion or change of class grade or position shall be made as set forth herein provided that no employee shall receive the benefit of more than two such actions in any fiscal year, unless a supplemental action is recommended by the department head and is approved (a) by the President of the Civil Service Commission for positions under its jurisdiction, or (b) by the appointing authority for positions in the exempt offices, and (c) by the Budget Director and the Chairman of the Committee on Finance of the City Council.

(7) Accumulation of Service in One Class of Positions.

A prevailing rate (PR) position is hereby defined as one for which the rate is established under acceptable evidence of the wage prevailing in industry. Such positions are usually craft, labor or trade positions.

In the event that the pay basis for a position is changed from a prevailing rate basis to a class grade, the incumbent shall receive the lowest rate that will not result in a decrease in salary.

In the event that an employee is appointed from a position paid on a prevailing rate basis to a classified position, such employee shall be given credit for the time served in the former position in determining the salary rate, provided that the duties performed in the new position shall be in the same line and character of work as the duties performed in the former position further that any increase in salary shall not exceed 5%, and provided further that the employee shall in no case receive less than the minimum rate of the new position.

This Agreement made this.............day of............., A.D. 1972 between the City of Chicago, a Municipal Corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Avis Rent-A-Car System, Inc., a Delaware corporation (sometimes hereinafter referred to as "Concessionaire").

WITNESSETH:

Whereas, City owns, controls and operates the Chicago-O'Hare International Airport (sometimes hereinafter referred to as "Airport"), situated in the Counties of Cook and DuPage, in the State of Illinois, and possesses the power and authority to grant certain rights and privileges with respect thereto, including those hereinafter set forth; and

Whereas, Automobile rental services at the Airport are an integral part of the necessary accommodations for ground transportation provided for passengers arriving at and departing from the Airport in the promotion and development of air commerce and air transportation; and

Whereas, Concessionaire desires to make said automobile rental services available at the Airport and is qualified and has the capacity for performing said services and to equip said facilities for use in connection therewith and further desires to lease certain space, and to obtain certain rights and privileges with respect to the operation of a rent-a-car service at said Airport, upon the terms and conditions hereinafter provided.

Now, Therefore, for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to Concessionaire the rights and privileges hereinafter described; Concessionaire agrees to assume the duties, responsibilities, and obligations as hereinafter set forth; and the parties hereto, for themselves, their successors and assigns, agree as follows:

Article I

Contents of Agreement; Term.

A. This Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

B. The term of this Agreement shall be for a period of twenty (20) years beginning on the ....day of.........................., 1972 and ending on the..................day of.........................., 1992, unless said term shall be sooner terminated pursuant to provisions hereinafter set forth; provided, however, that at each five (5) year interval from the effective date of this Agreement, City may, upon review of all the circumstances affecting the Airport and Concessionaire's operations therein, direct that the terms and conditions of compensation set forth in Article VI of this Agreement be renegotiated (except those rental commitments contained in paragraph E, subparagraphs (1), (2), (3), and (4) of said Article VI), and upon written notice to Concessionaire of said determination, Concessionaire shall negotiate in good faith with City's representatives as to all said terms and conditions therein contained. In the event said terms and conditions are not renegotiated in good faith to the satisfaction of City within six (6) months after said notice to renegotiate has been received by Concessionaire, the contract term of this Agreement shall be terminated, to take effect twelve (12) months after said notice to renegotiate was received by Concessionaire.

Article II

Definition of Terms.

A. "Commissioner of Aviation" means the head of the Department of Aviation of the City of Chicago, having management and control of the design, operation and maintenance of all airports owned or operated by the City.

B. "Commissioner of Public Works" means the head of the Department of Public Works of the City of Chicago, having management and control of all public places and property of the City of Chicago, as more specifically set forth within the Municipal Code of Chicago.

C. "Concessionaire" means any natural person, partnership, corporation, company or other legal entity, who or which owns, controls, manages and engages in the business of automobile rental services upon the Airport pursuant to a written agreement between such Concessionaire and the City.

D. "Gross Receipts" means time and mileage charges paid or payable to Concessionaire for rental of automobiles at the Airport by Concessionaire herein, whether received by cash or by credit, regardless of when, where or through whom the order therefor is received including all revenue derived by Concessionaire of any type arising out of or in connection with Concessionaire's operation at the Airport and for exchanges whereby an automobile delivered to a customer at the Airport is exchanged for another automobile within a radius of thirty miles from said Airport. "Gross Receipts", however, shall not include any federal, state, or municipal sales or other similar taxes which are separately stated and collected from customers of Concessionaire now or hereafter levied or imposed; nor sums received as insurance proceeds or otherwise for damages to automobiles or other property of Concessionaire, except as hereinafter provided, or for loss, conversion or abandonment of such automobile; nor any sums received from customers of Concessionaire separately billed as additional charges for the waiver by Concessionaire of its rights to recover damages sustained by the rented vehicle from its customers; nor any sums received from customers of Concessionaire as inter-city service fees.

Article III

Assignment or Transfer.

Except with respect to its wholly owned subsidiary or its parent corporation, Radio Corporation of America, a Delaware corporation, Concessionaire shall not assign, sublet or transfer this Agreement, nor any of the rights of privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner of Aviation after authorization for said approval shall have been obtained by action of the City Council of the City of Chicago.

Concessionaire shall give written notice of its intention to assign, sublet or transfer its rights and privileges hereunder, by registered mail, to the City Council, the Corporation Counsel and Commissioner of Aviation. Approval or disapproval of said assignment, sublease or transfer shall not be unreasonably withheld by the City Council or Commissioner of Aviation and approval shall be inferred if the City Council and the Commissioner of Aviation do not act within ninety (90) days after receipt of said notice from Concessionaire.

If Concessionaire is a partnership or corporation or legal entity other than a natural person, any change in control of said entity during the term hereof shall be deemed a transfer for the purposes of this Agreement, subject to the foregoing provisions. In the event Concessionaire fails to secure express or implied approval of said assignment, sublease or transfer, as provided herein, the City may, at its option, determine and declare such change as a breach of this Agreement and take immediate possession of the demised premises and facility hereinafter described; however, said option may not be exercised unreasonably by the City nor without good and sufficient cause. It is understood and agreed by and between the City and Concessionaire that nothing contained in this agreement is intended or shall be construed as in any way creating or establishing or maintaining the relationship of agency, co-partnership or joint venturers between the parties hereto.

Article IV

Operating Rights.

The City grants to Concessionaire a non-exclusive privilege, in common with others that the City may from time to time authorize, to operate a rent-a-car business on, upon and from the Airport, and for no other purpose whatsoever; provided, however, that the City will not grant to any other individual, firm or corporation, a privilege to conduct a rent-a-car business on, upon and from the Airport under terms more favorable to such other individual, firm or corporation than those contained herein, including the minimum guaranty, percentage fee, space rental rate and performance bond requirements, or more favorable counter space locations. The City represents that it has not heretofore granted to any other individual, firm, or corporation a privilege to conduct a rent-a-car business on, upon and from the Airport.

Article V

Demised Premises.

The City demises and leases to Concessionaire the following premises at the Airport, together with the facilities, rights and privileges hereinafter described subject to a continuing easement and right of entry for future installation, maintenance, repairs and replacement of such public utilities as may be necessary upon or involving the demised premises, including heating, water, gas, electrical, sewerage, drainage, fire protection, sprinkler, ventilating, refrigerating, fuel and communication systems, and such other service systems as may be involved, including but not limited to installation, maintenance, repair and replacement of tubes, pipes, lines, mains, wires, conduits and equipment on or about the demised premises; provided, however, that all such installation, maintenance, repair and replacement shall be performed so as to interfere as little as reasonably possible with Concessionaire's operation.

A. *Counter Space.*

(1) *Existing Counter Space.* During the term of this Agreement, Concessionaire shall have the right and privilege to continue the use of approximately 322 square feet of counter space presently occupied by Concessionaire in Terminal Building 2, consisting of two counter areas on the first floor concourse thereof, and 322 square feet of counter space presently occupied by Concessionaire in Terminal Building 3, consisting of two counter areas on the first floor concourse thereof, as the same are more particularly described in Exhibit "A" attached hereto and made a part hereof.

[Exhibit "A" printed on pages 2347 and 2348 of this Journal]

(2) *Future Counter Space in Terminal Building 1.* Commencing upon the date when the first floor concourse of Terminal Building 1 has been remodeled or replaced and is ready for use by the general public, Concessionaire shall be entitled to lease up to 322 square feet of counter space therein upon the same terms and conditions and rental rate as apply to the counter spaces located in Terminal Buildings 2 and 3.

(3) *Future Counter Space in New Parking Structure.* Commencing upon the date when the first floor concourse of the new parking structure to be erected in the public parking lot at the Airport is completed and ready for use by the general public, Concessionaire shall be entitled to the following options:

(a) to continue to lease and occupy the counter areas in Terminal Building 1, if any, and in Terminal Buildings 2 and 3; or

(b) to elect instead to occupy counter areas of a size not less than one of the counter areas in Terminal Buildings 1, 2 and 3, and not more than that of four of its counter areas in Terminal Buildings 1, 2 and 3, at the same rate per unit of counter area, on the ground level of said parking structure with the specific size and location of such counter areas to be determined by the Commissioner of Aviation; or

(c) to elect to exercise options (a) and (b) above together.

(d) to elect, at a later time, to cancel its leasehold rights and privileges within Terminal Buildings 1, 2 and 3, and/or in the new parking structure; provided, however, that if Concessionaire relinquishes counter space in Terminal Buildings 1, 2 and 3, and/or the new parking structure, Concessionaire will provide such substitute facility as may be required by and as is in consonance with technological change or changes in the operation of the rent-a-car service in said Terminal Buildings and/or parking structure. The adequacy or sufficiency of said substitute facility shall be determined by the Commissioner of Aviation; provided, further, however, that should Concessionaire wish to effect such cancellations under subparagraphs (c) or (d) hereinabove set forth, Concessionaire shall give no less than sixty (60) days advance written notice to the Commissioner of Aviation of its intention so to do.

(4) *Relocation and Modification of Counter Space.* If at any time during the term of this Agreement, modification or expansion of said Terminal Buildings makes it necessary, in the sole judgment of the Commissioner of Aviation, to relocate the above-described counter areas, said Commissioner may, upon ninety (90) days advance written notice to Concessionaire, direct Concessionaire to relocate or rebuild such counter areas at substitute Terminal Building locations of comparable size as allocated by the Commissioner of Aviation, at the sole cost and expense of City and the same must be constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works. If, at any time during the term of this Agreement, Concessionaire desires to relocate, improve or modify existing counter facilities that it presently occupies in Terminal Buildings 2 and 3, or, if Concessionaire shall seek to install a counter or other improvements in Terminal Building 1, such improvements or modifications shall be at the sole cost and expense of Concessionaire and must be located and constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works.

B. *Ready and Return Automobile Parking Areas.*

(1) *Temporary Parking Areas.* Concessionaire shall have the right and privilege, in common with any other Airport rent-a-car concessionaires, to occupy ready and return automobile parking areas as are described in Exhibit "B" attached hereto and made a part hereof, for the purpose of parking cars ready for rental and for the return of cars to the Airport upon the completion of rental, subject to such rules, regulations and limitations as may be imposed by the Commissioner of Aviation, who shall designate from time to time the number and location of parking spaces within the aforesaid ready and return automobile parking areas which Concessionaire and other rent-a-car concessionaires shall be entitled to use. The allocation of such spaces shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. Such ready and return automobile parking areas shall be subject to limitations which may be imposed by Airport construction or operational requirements. Said limitations shall be only to the extent reasonably necessary, and every effort will be made to minimize the time and extent of any interference with the normal rent-a-car operation in these particular areas. The above-described ready and return automobile parking areas shall be vacated at such time or times as the Commissioner of Aviation shall designate, upon ninety (90) days advance written notice to the Concessionaire. Said authority in the Commissioner of Aviation to order the vacating of the ready and return automobile parking areas shall be contingent upon substitute areas of reasonably comparable size and location being made available. Concessionaire shall have the right, upon ninety (90) days advance written notice to the Commissioner of Aviation, to vacate such ready and return automobile parking areas as they shall designate and at the end of said period shall surrender such areas to the City.

[Exhibit "B" printed on page 2350 of this Journal]

(2) *Permanent Parking Areas.* Commencing upon the date when the new parking structure to be erected in the Airport public parking lot is completed and ready for use by the general public, the City shall provide therein 650 parking spaces at the ground level of such parking structure for the use of Concessionaire in common with any other Airport rent-a-car concessionaires, said location being shown in Exhibit "C" attached hereto and made a part hereof. It is understood and agreed that the Commissioner of Aviation shall annually designate the location and specific number of the said parking spaces within the aforesaid parking structure which the Concessionaire and each of the other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said ground level parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the ground level parking spaces otherwise allocable to other Airport rent-a-car concessionaires in common.

[Exhibit "C" printed on page 2351 of this Journal]

(3) *Additional Parking Areas.* The City shall provide an additional 650 spaces for use of Concessionaire in common with any other Airport rent-a-car concessionaire within the Airport terminal

area parking lot (see Exhibit "C"), as may be mutually agreed upon between the Commissioner of Aviation and the Airport rent-a-car concessionaires. It is understood and agreed with respect to such additional parking spaces that the Commissioner of Aviation shall designate from time to time the location and specific number of the parking spaces within the aforesaid parking lot which Concessionaire and other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said additional parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the additional parking spaces otherwise allocable to the Airport rent-a-car concessionaires in common.

C. *Terminal Area Automobile Service Facility.* Concessionaire shall have the right and privilege but not the obligation to construct at its sole cost and expense a Terminal Area Automobile Service Facility for use as a rapid turn-around car wash and refueling establishment. Said car wash and refueling facility shall be located in the new parking structure provided for in Article V, Section B(2) of this Agreement in such location as may be designated by the Commissioner of Aviation within the area shown on Exhibit "C" attached hereto and made a part hereof. Such space as may be occupied by Concessionaire for the construction and operation of said Terminal Area Automobile Service Facility shall be subtracted or deleted from the allocation of parking spaces to be set aside for Concessionaire, within the new parking structure as set forth in Article V, Section B(2) of this Agreement. At no time shall Concessionaire permit the use of said Terminal Area Automobile Service Facility by automobiles or other vehicles owned or operated by members of the general public (other than Concessionaire's rental vehicles) either for the purpose of washing or refueling. The plans and specifications for such Terminal Area Automobile Service Facility shall be submitted for approval by the Commissioner of Aviation and the Commissioner of Public Works and said facility shall be constructed in accordance with said plans and specifications so approved. Title to all fixed improvements erected or installed by Concessionaire in or upon said premises shall vest in the City upon completion of said facility, including all appurtenances and property of every kind and nature; provided, however, that trade fixtures which are attached thereto, as defined in Article V, Section D(2) (c), may be removed upon termination of this Agreement under the conditions therein set forth.

D. *Outer Area Automobile Service Facility.* Concessionaire shall have the right and privilege to construct and maintain an Outer Area Automobile Service Facility consisting of the areas set forth in the following subparagraphs.

(1) *Temporary Automobile Service Area "A".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 52,027.40 square feet as described more particularly on Exhibit "D" attached hereto and made a part hereof. Anything herein to the contrary notwithstanding, it is understood and agreed that Concessionaire shall vacate said Service Area "A" within ten (10) days following the issuance of a Certificate of Completion by the Commissioner of Public Works authorizing the use of the permanent service building and improvements to be erected and installed by Concessionaire within Service Area "B" for which provision is hereinafter made, and rental with respect to Service Area "A" shall thereupon terminate.

[Exhibit "D" printed on page 2353 of this Journal]

(2) *Permanent Service Area "B".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 348,480 square feet as described more particularly on Exhibit "E" attached hereto and made a part hereof.

[Exhibit "E" printed on page 2354 of this Journal]

(a) *Buildings, Structures and Improvements.* Concessionaire shall at its own cost and expense erect and install within said Service Area "B" buildings, structures and improvements for its use in maintenance, servicing, parking and storage of its vehicles and said structures and improvements shall include, but are not limited to, fencing, lighting, paving, underground fuel tanks and gas pumps; provided, however, that no construction or improvement shall be commenced until plans and specifications for construction have been approved by the Commissioner of Aviation and the Commissioner of Public Works. Concessionaire shall promptly secure all necessary permits and licenses therefor as required by the Municipal Code of Chicago at its own cost and expense. Plans and specifications for said buildings, structures and improvements shall be submitted by Concessionaire to said Commissioners within six (6) months after the effective date of this Agreement, and construction shall commence within sixty (60) days following said approval and the issuance of all necessary permits and licenses with a completion date thereof to be no later than eighteen (18) months after construction begins; provided, however, that if construction is delayed at any time in the progress of the work by an Act of God, or by strikes, lockouts, fire, unusual delays in transportation or by circumstances caused by a National Emergency, or by war, or other circumstances beyond the control of Concessionaire then the time for completion shall be extended for such reasonable period as the Commissioner of Public Works may determine. No such extension shall be made for delay in the absence of written notice by Concessionaire to the Commissioner of Public Works within thirty (30) days after the cause of said delay has occurred.

Concessionaire covenants and agrees to spend a minimum of One Million Dollars ($1,000,000.00) in the construction of said buildings, structures and improvements, including architects' and engineers' fees, costs of plans and specifications and other costs incidental to said construction and installation.

(b) *Regulation of Construction.* During the period of construction of any building, structure or other improvements, all construction work, workmanship, materials and installation involved or incidental thereto shall be subject at all times to inspection by the City. Concessionaire shall give or cause to be given to the Commissioner of Aviation and the Commissioner of Public Works advance notice in writing before any new work is commenced and shall provide and shall cause its contractors and subcontractors to provide reasonable and necessary facilities for inspection. Concessionaire shall pay reasonable costs for review of plans and specifications, for inspections, and for other related engineering services performed by the City, upon being billed therefor by the City. Concessionaire shall cause all construction work, workmanship, materials and installation to be in full compliance with its plans and specifications and with applicable provisions of the Municipal Code of Chicago.

(c) *Title to Fixed Improvements.* Title to all fixed improvements erected or installed by Concessionaire in or upon the demised premises shall vest in the City upon completion of building, structure and other improvement constructions, including all buildings and other structures erected upon the premises, all fencing, all grading and surfacing with stone and hardtop, all underground and overhead wires, cables, pipes, conduits, tanks and drains, and all property of every kind and nature; provided, however, that trade fixtures which are attached to any building or structure or to the premises and which may be removed without material damage to the property, building or structure to which they may be attached may be removed. Trade fixtures shall include, but are not necessarily limited to, signs, electrical or otherwise, used to advertise Concessionaire's business in and about the demised premises; machinery and equipment used in connection with the servicing of its vehicles in or about the demised premises and such lifts, hoists, compressors or other mechanical devices used to service vehicles which are not imbedded or permanently annexed to the realty, structure or building; and such other miscellaneous equipment as is not imbedded or permanently annexed to the realty, structure or building. Concessionaire may install, maintain, operate, repair and replace such trade fixtures and other personal property useful from time to time in connection with its operations in the Airport, which shall be and remain the property of Concessionaire and which may be removed by it prior to or within a reasonable time after the expiration or termination of this Agreement; provided, further, however, that Concessionaire shall repair any damage to the premises caused by such removal.

(d) *Removal of Service Area "B".* In the event that Service Area "B" herein demised is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, the Commissioner of Aviation upon one hundred eighty (180) days advance written notice may direct the Concessionaire to vacate Service Area "B". In such case, the City will pay to Concessionaire within ninety (90) days after Concessionaire's removal therefrom the unamortized portion of the cost of the fixed improvements constructed and installed within said Service Area "B", as described in Article V, Section D(2)(a), including architects' and engineers' fees, cost of plans and specifications and other costs incidental to such construction and installation; provided, that said amortization shall be computed upon a straight-line basis without interest covering the period from the completion date of said improvements to the expiration date of this lease; provided, further, that the Commissioner of Aviation will offer to the Concessionaire a suitable substitute site at the same unit rate if, and to the extent that, the Commissioner of Aviation in his sole judgment determines such area to be available.

(e) *Cost of Fixed Improvements.* Concessionaire shall furnish to the Commissioner of Public Works an itemized statement, certified by an authorized officer of the Concessionaire, showing the total cost of the fixed improvements, as described in Article V, Section D(2)(a), installed and established upon and in Service Area "B", including architects' and engineers' fees, cost of plans and specifications and other costs incidental to said construction and installation, within sixty (60) days after the completion of the construction thereof, and shall, if requested by the Commissioner of Public Works, produce copies of all invoices and other records in connection therewith. The Commissioner of Public Works shall review the material and notify the Concessionaire in writing within sixty (60) days after its receipt whether said itemized statement and supporting invoices or other records meet with his approval, or not, and, in the latter event, in what respect it is deficient; provided, however, that said statement shall constitute prima facie evidence of the cost shown therein unless disputed in writing by the City within sixty (60) days following receipt thereof. Upon approval by the Commissioner of Public Works, said costs shall constitute the basis for the amortization contemplated in Article XVII, Section H; provided, however, that said statement shall be deemed approved in the event the Commissioner of Public Works shall not so notify Concessionaire within such sixty (60) day period. The books and records of the Concessionaire shall be subject to examination and audit by the Commissioner of Public Works to verify such costs.

(f) *Expansion Areas.* It is understood and agreed by and between the parties that if at any time during the term of this Agreement such land which has been designated as "Expansion Areas 5 or 8", as the same are more particularly described and set forth on Exhibit "E" attached hereto and made a part hereof, becomes desirable for other Airport uses, then the City shall give Concessionaire the right of first refusal; acceptance of the rental thereof shall be given in writing to the Commissioner of Aviation by the Concessionaire within thirty (30) days following receipt of said notice stating that Concessionaire is desirous of leasing such expansion area or areas and, in such event, this Agreement shall be amended to include such area or areas within the demised premises hereunder upon the same terms and conditions herein set forth. If Concessionaire shall fail to file a written acceptance of said expansion area or areas within said thirty (30) day period, the City may lease said property to others. In the event said rental is for rent-a-car purposes, rental charges shall be upon the same terms and conditions as those offered to Concessionaire.

Article VI

Concession Fees; Minimum Guarantee; and Rental Commitment.

Concessionaire agrees to pay the City for the privileges and authority hereinabove described and set forth under the terms and conditions contained in this Article.

A. *Concession Fees and Minimum Guarantee.* Concessionaire agrees to compensate the City for the privileges and authority to operate its rent-a-car business on, upon and from the Airport in an amount equal to either (1) ten percent (10%) of Concessionaire's gross receipts as defined in Article II, Section D of this Agreement, or (2) an annual minimum guarantee as hereinafter set forth in this Article VI, Section A, whichever amount is greater, for each contract year. The contract year of this Agreement shall commence on the first day of the month following the execution of this Agreement and shall end on the last day of the month of .... in each year. The first contract year shall commence on the .... day of ...., 1972. The minimum guarantee for said first contract year shall be One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00).

B. *Adjustment of Concession Fee.* If after the end of the fifth year of this Agreement, and upon each five-year anniversary thereof, the effective percentage of gross receipts paid by the Airport rent-a-car concessionaires as a concession fee at the ten (10) United States Airports with the greatest number of passengers carried by scheduled air carriers averages more than the average concession fee at the said airports on the date of execution of this Agreement, then the percentage fee of this Agreement may be adjusted upward in the discretion of the Commissioner of Aviation to a percentage which bears the same ratio to the ten percent (10%) percentage fee provided herein as such increased average concession fee bears to the average concession fee prevailing on the date of execution of this Agreement.

C. *Adjustment of Minimum Guarantee.* The minimum guarantee for the second and each subsequent contract year shall be adjusted in direct proportion to the percentage increase or decrease, as the case may be, in the aggregate amount of fees paid to the City by all Airport rent-a-car concessionaires on account of the Airport rentals made during the immediate preceding contract year, compared with such aggregate fees paid on account of Airport rentals made during the twelve (12) month period prior to such preceding contract year; provided, however, that in no event shall the minimum guarantee for any contract year be less than One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00). The annual minimum guarantee for any contract year shall be prorated when this Agreement is not in effect during the full year because of the commencement or termination of this Agreement during such year, or because of the application of Articles I, III, VII or VIII hereof.

D. *Date of Payments of Concession Fees or Minimum Guarantee.*

Payments of amounts due from Concessionaire of concession fees or minimum guarantee under this Article VI shall be on a monthly basis and shall be paid on or before the 20th day of the month succeeding each and every calendar month of the term or portion hereof, for its operation of the preceding month. Said monthly payments are to be in those amounts which (a) will bring to the City total payments for that part of the contract year ending with the last day of the month for which payment is being made of either ten percent (10%) of gross receipts for the contract year to such date, or (b) the proportionate part of the annual guarantee which is allocable to the part of the year which has elapsed by such date, whichever amount is higher. Each monthly payment shall be accompanied by a report to the City, in duplicate, showing Concessionaire's gross receipts for said month and cumulative gross receipts for the contract year to and including said month. All payments and reports of receipts hereunder shall be made to the Office of the Comptroller of the City of Chicago, with a copy of each report to be sent to the Commissioner of Aviation.

E. *Rental Commitment.* Concessionaire agrees to compensate the City for the premises demised herein certain rent payable in advance, in monthly installments, on the first day of each month or a portion thereof, during the term of this Agreement, as follows:

(1) As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Three Hundred Forty-eight Dollars and Eighty-three cents ($348.83) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement.

(2) As rental for ready and return automobile parking spaces, with respect to permanent parking areas and additional parking areas, hereinabove described in Article V, Sections B(2) and (3), Concessionaire shall pay to the City the sum of Thirteen Dollars ($13.00) per month for each individual automobile parking space, which sum shall be in addition to all other sums provided in this Agreement.

(3) As rental for Service Area A hereinabove described in Article V, Section D(1), Concessionaire shall pay to the City the sum of Four Hundred Thirty-three Dollars and Fifty-six cents ($433.56) per month, predicated on an annual rental rate of Ten Cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement.

(4) As rental for Service Area B hereinabove described in Article V, Section D(2), Concessionaire shall pay to the City the sum of Two Thousand Nine Hundred and Four Dollars ($2,904.00) per month, predicated on an annual rental rate of Ten cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement; provided, however, that the rental commitment set forth in this Section D(4) shall commence on the date upon which a Certificate of Completion has been issued authorizing the use of the service building and other improvements erected or installed by Concessionaire upon Service Area B, or on that date which is eighteen (18) months (plus any authorized extensions) after the commencement of construction, which ever date shall first occur.

(5) All rental payments hereunder shall be made to the City at the Office of the Comptroller of the City of Chicago.

F. *Books, Records and Audits.* Concessionaire shall maintain at its office at....................................., Illinois, its books, ledgers, journals, accounts or records (or copies thereof in the event that the originals thereof have been microfilmed and stored at Concessionaire's home office in New York, New York) wherein are kept all entries reflecting its operations at the Airport under this Agreement. Such books, ledgers, journals, accounts or records (or copies thereof as the case may be) shall be available for inspection and examination by the Commissioner of Aviation or the Comptroller of the City of Chicago, or their duly authorized representatives, at all reasonable times during business hours and upon reasonable notice, and to

make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Concessionaire in connection with its operation hereunder. At the expiration of each year of the term of this Agreement, Concessionaire shall furnish to the City a statement prepared by a Certified Public Accountant, and attested to by an officer of the Concessionaire, covering all business transacted by Concessionaire in connection with its operation hereunder and showing the gross revenue derived by Concessionaire from the operation of its business hereunder. Concessionaire shall, upon reasonable request, furnish such other and further financial or statistical reports, dealing with its business hereunder, as the City may, from time to time require.

Article VII

Conduct of Operations.

A. *Schedule of Rates.* Prior to furnishing any rent-a-car services to the public under this Agreement, Concessionaire shall prepare and submit to the Commissioner of Aviation for written approval all schedules of rates for said services and discounts and rebates therefrom, which schedules shall be comparable with prices and charges prevailing in the City of Chicago. Any changes thereafter made in an approved schedule shall be similarly submitted to the Commissioner of Aviation for prior written approval. All such schedules shall be made available to the public by Concessionaire, to which schedules Concessionaire agrees to adhere. If Concessionaire applies any rate in excess of the approved rates or extends a discount less than the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an over-charge which will, upon demand of the Commissioner of Aviation or Concessionaire's customer, be promptly refunded to said customer. If Concessionaire applies any rate which is less than the approved rate or extends a discount which is in excess of the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an under-charge and an amount equivalent thereto shall be included in gross receipts hereunder and the percentage fee shall be payable in respect thereto.

B. *Operation of Concessionaire's Business.* Concessionaire, its employees, invitees, and those doing business with it, shall conduct its operations and business within the Airport in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport or the Terminal Building or other buildings in which it may be located. Solicitation of business shall be conducted only from the counter space demised in this Agreement and by means of signs only as may be authorized by the Commissioner of Aviation, and in no other manner whatsoever. No signs, posters or other similar devices shall be erected, displayed or maintained by Concessionaire within view of the general public without the advance written approval of the Commissioner of Aviation and any such signs, posters or other similar devices not approved by him may be removed at the expense of the Concessionaire. The City shall have the right of complaint to concessionaire as to the demeanor, conduct or appearance of Concessionaire's employees, invitees and those doing business with it, whereupon Concessionaire hereby agrees to take all steps necessary to remove the cause of complaint. Concessionaire shall conduct its operations within the Airport in such manner as shall reduce to a minimum the emanation of noise, vibration, dust, fumes and odors, so as not to interfere with the use of adjacent areas on the Airport.

C. *Quality and Standard of Service.* Concessionaire hereby covenants and agrees:

(1) To furnish good, prompt and efficient service, adequate to meet all reasonable demands for automobile rental service at the Airport, at a fair and reasonable basis.

(2) To make rental automobiles available of a current model year (not more than twenty-four (24) months old), which shall be maintained at Concessionaire's sole expense in good operative order, free from mechanical defects, and in clean, neat and attractive condition, both inside and outside.

(3) To keep open the facilities demised to it hereunder for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for said services and to properly and adequately serve the public, as determined by the Commissioner of Aviation.

(4) To require all personnel rendering service for Concessionaire at the Airport to be neatly and cleanly dressed at all times and to prevent said personnel from conducting business in a loud, noisy, boisterous, offensive or objectionable manner.

(5) To abide by and be subject to all reasonable rules and regulations which are now or which may be promulgated by the Commissioner of Aviation concerning the management, operation or use of the Airport.

(6) To meet all expenses in connection with the use of the premises demised hereto and the rights and privileges herein granted, including but not limited to the payment of taxes, permit fees, license fees and assessments lawfully levied or assessed upon the premises or improvements at any time situated thereon.

(7) To furnish, install, operate and maintain the installations provided hereunder and to keep the same, as well as the premises made available to it, and all furniture, fixtures and equipment installed therein and thereon, in good order, condition and repair, and upon termination of this Agreement, to deliver up said premises to the City in good order, condition and repair, reasonable wear and tear and damage by fire or other casualty excepted.

(8) To respond in writing to complaints registered by the Commissioner of Aviation or Superintendent of Police with respect to violations of traffic regulations committed in the course of Concessionaire's business by Concessionaire's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

D. *Solicitation of Business by Others.* Upon receipt of written request from Concessionaire, the Commissioner of Aviation agrees to take such appropriate action within his authority to protect the rights and privileges demised and granted to Concessionaire under this Agreement. The Commissioner of Aviation will not authorize or permit the transaction of any car rental business on the Airport premises by persons or organizations other than Airport rent-a-car concessionaires, said business including, but not limited to, advertising

displays, solicitation of customers, paging of customers by use of the Airport public address systems or direct telephone lines to premises located off Airport property.

Article VIII

Inspection of Demised Premises.

The City shall have the right at all reasonable times, and as often as it deems necessary, to inspect the demised premises and (without any obligation so to do) to enter thereon and to direct Concessionaire to make such repairs as may be necessary and, in the event of emergency, to take such action therein as may be required for the protection of persons or property.

Article IX

Removal of Property.

Upon termination of this Agreement by lapse of time, or otherwise, Concessionaire shall promptly remove from the demised premises, upon demand in writing of the City so to do, all of its display signs, counters, and other equipment and trade fixtures, and shall promptly repair any damage to the premises caused thereby, clean up remaining debris and leave said premises in a safe, sanitary, and sightly condition. Concessionaire's failure to remove such personal property or trade fixtures shall not constitute Concessionaire a hold-over, except that all such property not removed within thirty (30) days after Concessionaire has received a written demand for such removal shall be deemed abandoned and such personal property or trade fixtures shall thereupon become the sole and exclusive property of the City.

Article X

Liability of City.

The City shall not be liable to Concessionaire for any injury to, or death of any person, or for any damage to any property by the City or any of its officers, agents or employees in the operation and maintenance of said Airport or for navigating any aircraft over said Airport, whether such injury, death or damage is due to negligence or otherwise, and all claims for any such injury, death or damage against the City are hereby expressly waived by Concessionaire.

Article XI

Indemnification.

Concessionaire agrees, at its own expense, to defend, indemnify, save and hold harmless City, its officers, employees and agents, from and against all liability or loss for injuries to or deaths of persons or damage to property caused by any act or omission to act of, or use or occupancy of the leased premises by Concessionaire, its sublessees, licensees, invitees, or any other person authorized by Concessionaire to use the leased premises or any portion thereof, or as a result of any of their or Concessionaire's operations or other activities at the Airport, regardless of whether said operations or other activities are on or off the leased premises. Each party hereto shall give to the other prompt and timely notice of any claim made or suit instituted coming to the knowledge of their respective officers, management personnel or department heads which in any way reasonably appears to affect or which might affect either party hereto, and both shall have the right to participate in the defense of the same to the extent of its own interest. In the event City shall elect to so defend, such defense shall not be deemed a waiver by City of any of its rights against Concessionaire under the foregoing indemnification provisions.

Article XII

Insurance.

Concessionaire shall obtain and maintain continuously in effect at all times during the term hereof, at Concessionaire's sole expense, general liability insurance approved by the Comptroller of the City of Chicago protecting City against liability by reason of Concessionaire's wrongful conduct or failure to act incident to the use of the premises or resulting from any accidents occurring on or about the roads, driveways or other public places used by Concessionaire at the Airport in the operations and activities of Concessionaire, its sublessees, licensees, invitees, or others authorized by Concessionaire to act hereunder, caused or arising out of any of their wrongful acts or omissions. Such insurance shall name City as an additional assured. Concessionaire shall also, without cost to City obtain and maintain during the term hereof automobile liability insurance in accordance with the terms and conditions of Concessionaire's automobile rental agreement, covering the operation of rental automobiles hereunder. All such general liability insurance and automobile liability insurance shall provide liability limits of not less than One Hundred Thousand Dollars ($100,000.00) for personal injury to or death of any one person in any one accident, Three Hundred Thousand Dollars ($300,000.00) for personal injury to or death of two or more persons in any one accident, and Twenty-five Thousand Dollars ($25,000.00) for damage to property in any one accident. Concessionaire shall file with the Comptroller of the City of Chicago certificates evidencing all such insurance. City agrees to notify Concessionaire in writing as soon as practicable of any claim, demand or action arising out of an occurrence covered hereunder of which City has knowledge, and to cooperate with Concessionaire in the investigation and defense thereof.

Article XIII

Parking of Vehicles.

Concessionaire, its employees, invitees and those doing business with it, shall have no right under this Agreement to park vehicles upon the Airport premises other than in places assigned or demised to Concessionaire pursuant to this Agreement, except in the Airport Terminal Area Public Parking Lot and upon payment of regular charges therefor or any duly designated employee parking lot.

Article XIV

Application of Other Agreements.

This Agreement is subject to the provisions of Article XI, Paragraph 4 of that certain Agreement entitled "Airport Use Agreement" and to Article VI, Section 6.04 of that certain Agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent and as entered into between the City and the scheduled airlines governing the use and operation of the Airport.

Article XV

Concessionaire's Performance Bonds.

A. *Construction Performance Bond.* Before commencing any construction authorized under this Agreement, Concessionaire shall deliver to the City at the Office of the Comptroller of the City of Chicago a Performance Bond approved by said Comptroller and the Corporation Counsel substantially similar in form to "Contractor's Performance Bond" Form P.W.O. 62, a specimen copy of which is bound herein. Said Performance Bond shall be in an amount equal to the cost of construction herein authorized.

B. *Minimum Guarantee Performance Bond.* Concessionaire shall deliver to the City and City shall hold during the term of this Agreement an approved Government Bond payable to bearer or the City of Chicago or, in lieu thereof, a Performance Bond approved by the Comptroller of the City of Chicago and the Corporation Counsel in an amount equal to its annual minimum guarantee as herein set forth, but said bond shall not be required to exceed Two Hundred Thousand Dollars ($200,000.00) per annum. Any interest on any bond shall accrue and be paid to Concessionaire.

Article XVI

Equal Opportunity.

Concessionaire agrees that in performing under this Agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, sex or national origin, nor otherwise commit an unfair employment practice. Concessionaire will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Concessionaire agrees to post in conspicuous places, available to employees and applicants for employment, notices which shall contain and set forth the provisions of this nondiscrimination clause. Concessionaire further agrees that this Article will be incorporated by Concessionaire in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this Agreement.

Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR, 1964-65 Compilation, p. 339, as modified by Executive Order 11375 issued October 13, 1967, 3 CFR, 1967 Compilation, p. 320; The Civil Rights Act of 1964, Pub. Code of the City of Chicago, Ch. 198.7A); and the provisions of 41 CFR Chapter 60.

To demonstrate compliance Concessionaire and its contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

Article XVII

Termination of Agreement.

A. Termination by City or Concessionaire. This Agreement may be terminated in its entirety by the City or by Concessionaire by giving to either of said parties sixty (60) days advance written notice if either party, or both parties, shall have defaulted in the performance of any material promise, covenant or agreement required to be performed by either party, or both, and the failure of either party, or both, to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt of written notice from the complaining party to remedy said default.

B. *Termination by City.* The City shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The filing by Concessionaire of any voluntary petition in bankruptcy, or a petition seeking to reorganize, or the readjustment of its indebtedness under the Federal Bankruptcy laws or under any similar State Laws, or if Concessionaire shall make a general assignment for the benefit of creditors.

(2) The filing of an involuntary petition in bankruptcy against Concessionaire in which the appointment of a receiver, trustee or liquidator of the property of the Concessionaire is ordered by a court of competent jurisdiction, and such appointment is not vacated within thirty (30) days.

(3) The abandonment or discontinuance of operation by Concessionaire of the automobile rental service at the Airport for a period of sixty (60) consecutive days, or if Concessionaire shall abandon the premises demised to it in the Airport for a period of sixty (60) consecutive days.

(4) The failure of Concessionaire to pay the concession fees or proportionate minimum guarantee fees, or rent charges or other money payments required by this Agreement, and such failure shall not be remedied within thirty (30) days following receipt by Concessionaire of written demand from the City so to do.

C. *Waiver of Default.* No waiver of default of any of the promises, covenants or agreements to be performed, kept and observed by the parties under this Agreement shall be construed or act as a waiver of any subsequent default of any such promise, covenant or agreement.

D. *Termination by Concessionaire.* Concessionaire shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The issuance by any court of competent jurisdiction of an injunction, order or decree preventing or restraining or limiting in any substantial way the operation by Concessionaire of its automobile rental business at the Airport, or the use by Concessionaire of all or any substantial part of the demised premises, or preventing or restraining the use of the Airport or Airport facilities to such an extent as to interfere materially with Concessionaire's operations at the Airport which injunction, order or decree has remained in full force and effect for a period of ninety (90) consecutive days.

(2) The total or extensive destruction of fixed improvements placed upon the demised premises making it impractical or uneconomical to restore same to their previous condition. In any such case, the proceeds of insurance, if any, payable by reason of such loss shall be apportioned equitably between the City and Concessionaire, with the Concessionaire first receiving the unamortized balance of its costs for said fixed improvements. If the damage shall result from an insurable cause and shall be of such an extent that said fixed improvements can be restored to an acceptable condition within a reasonable

time, the Concessionaire shall restore the same with reasonable promptness and shall be entitled to receive and apply the entire proceeds of any insurance covering said loss to said restoration, in which event this Agreement shall not be cancelled but shall continue in full force and effect, and in such case any excess of insurance proceeds over and above the cost of complete restoration thereof shall belong to Concessionaire.

E. *Curtailment of Airport and Motor Vehicle Use.* In the event all or a material portion of the Airport or Airport facilities shall be destroyed; or in the event that any agency or instrumentality of the United States Government or any State or Local Government shall occupy the Airport or a substantial portion thereof; or in the event of military mobilization, insurrection, labor disputes, massive civil disorders or public emergency wherein there shall be a curtailment of normal airline traffic at the Airport or the use of motor vehicles or airplanes by the general public, either by reason of executive decree or legislative action; or in the event there is a limitation of the supply of automobiles or automotive fuel, supplies or parts for general public use; and if the above and foregoing events shall result in material interference with Concessionaire's normal business operations or in a substantial diminution of Concessionaire's gross revenue from its automobile rental concession at the Airport, which shall continue for a period in excess of thirty (30) days, then, upon sixty (60) days advance written notice to the City, Concessionaire shall have the right to terminate this Agreement.

F. *Diminution of Airline Passenger Traffic.* If, during any year of this Agreement, the scheduled airline passenger traffic enplaning at Airports serving the Greater Chicago Area falls below thirty percent (30%) of the scheduled airline passengers enplaning at Airports serving the Greater Chicago Area for a period of any six (6) consecutive months, as compared to the immediately preceding six (6) consecutive months, Concessionaire shall have the right to terminate this Agreement by giving the City six (6) months advance written notice. For the purpose of this Article XVII, Section F only, the Greater Chicago Area shall mean that area having a radius of thirty-five (35) miles from the intersection of State and Madison Streets in the City of Chicago.

G. *Elimination of Service Area B.* In the event that Service Area B, hereinbefore demised under Article V, Section D(2), is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, and in the further event the Commissioner of Aviation is unable to provide a suitable substitute Airport site therefor as hereinbefore provided in Article V, Section D(2) (d), then, upon thirty (30) days advance written notice to the City from the date Concessionaire is so notified by the Commissioner of Aviation, Concessionaire shall have the right to terminate this Agreement.

H. *Amortization of Fixed Improvements.* Except as otherwise specifically herein provided, in the event this Agreement is terminated prior to the full term set forth in Article I, Section B hereof, City, within ninety (90) days after the effective date of said termination, will pay to Concessionaire the unamortized portion of Concessionaire's cost of the permanent structures and improvements constructed and installed on the Airport pursuant to this agreement. Such amortization shall be computed on a straight line cost basis over the period from the completion of said improvements to the expiration date of the initial term hereof.

Article XVIII

National Emergency.

In the event of a national emergency, wherein there is a diminution of the use of motor vehicles by the general public or a limitation of the supply of gasoline for automotive fuel available for general use, either by executive decree or legislative action, then, and in that event, Concessionaire shall not be required to pay the minimum guarantees required under Article VI of this Agreement during the period such executive decree or legislative action shall remain in effect; however, Concessionaire shall pay to the City ten percent (10%) of its gross revenues during the period of said executive decree or legislative action.

Article XIX

Service Obligations.

A. *Utility Services.* Concessionaire, at its sole cost and expense, shall have the right to construct, install and maintain, or have constructed, installed and maintained, all necessary tap lines and facilities and to connect the same to water supply and sewerage lines, and to receive all said utilities and services, and such other utility services as it deems necessary; provided, however, that the City shall at its cost bring such utility services and lines to the edge of the demised premises, and further provided Concessionaire shall be responsible for securing or cause to have secured all necessary applications and permits and to pay all necessary application and permit fees occasioned thereby; provided further, however, that Concessionaire shall pay to the City or to the appropriate public utility companies the usual and customary charges occasioned by the continuing use of said services.

B. *Roadways.* Prior to the commencement of the leasehold term relating to Service Area B, City, at no expense to Concessionaire, agrees to install and construct, where necessary, and for the duration of the term of this Agreement to maintain and keep in repair and open to traffic, a road or roads suitable for vehicular traffic, connecting said demised premises with the Airport Terminal Buildings or connecting to a road or roads presently serving and continuing to serve the Airport Terminal Buildings. City grants to Concessionaire, its customers, employees and suppliers of materials and services, without the imposition of any additional charge, rent or fee therefor, the right to use such road or roads for the movement of their vehicles for the duration of the term of this Agreement. City shall also cause all necessary cuts to be made in the curbing installed or to be installed by City on "Old Mannheim" Road between the entrances and exits of said access road or roads to the demised premises, which shall be constructed by Concessionaire.

This recommendation was concurred in by a viva voce vote of the members of the committee.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute on behalf of the City of Chicago an Agreement with The Hertz Corporation providing for automobile rental services at Chicago-O'Hare International Airport, said Agreement to be in the following form:

Airport Concession Agreement between City of Chicago, a Municipal Corporation, and Hertz Corporation, a Delaware Corporation.

This Agreement made this.............day of............., A.D. 1972 between the City of Chicago, a Municipal Corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and The Hertz Corporation, a Delaware Corporation (sometimes hereinafter referred to as "Concessionaire").

WITNESSETH:

Whereas, City owns, controls and operates the Chicago-O'Hare International Airport (sometimes hereinafter referred to as "Airport"), situated in the Counties of Cook and DuPage, in the State of Illinois, and possesses the power and authority to grant certain rights and privileges with respect thereto, including those hereinafter set forth; and

Whereas, Automobile rental services at the Airport are an integral part of the necessary accommodations for ground transportation provided for passengers arriving at and departing from the Airport in the promotion and development of air commerce and air transportation; and

Whereas, Concessionaire desires to make said automobile rental services available at the Airport and is qualified and has the capacity for performing said services and to equip said facilities for use in connection therewith and further desires to lease certain space, and to obtain certain rights and privileges with respect to the operation of a rent-a-car service at said Airport, upon the terms and conditions hereinafter provided.

Now, Therefore, for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to Concessionaire the rights and privileges hereinafter described; Concessionaire agrees to assume the duties, responsibilities, and obligations as hereinafter set forth; and the parties hereto, for themselves, their successors and assigns, agree as follows:

Article I

Contents of Agreement; Term.

A. This Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

B. The term of this Agreement shall be for a period of twenty (20) years beginning on the ....day of.........................., 1972 and ending on the..................day of.........................., 1992, unless said term shall be sooner terminated pursuant to provisions hereinafter set forth; provided, however, that at each five (5) year interval from the effective date of this Agreement, City may, upon review of all the circumstances affecting the Airport and Concessionaire's operations therein, direct that the terms and conditions of compensation set forth in Article VI of this Agreement be renegotiated (except those rental commitments contained in paragraph E, subparagraphs (1), (2), (3) and (4) of said Article VI), and upon written notice to Concessionaire of said determination, Concessionaire shall negotiate in good faith with City's representatives as to all said terms and conditions therein contained. In the event said terms and conditions are not renegotiated in good faith

to the satisfaction of City within six (6) months after said notice to renegotiate has been received by Concessionaire, the contract term of this Agreement shall be terminated, to take effect twelve (12) months after said notice to renegotiate was received by Concessionaire.

Article II

Definition of Terms.

A. "Commissioner of Aviation" means the head of the Department of Aviation of the City of Chicago, having management and control of the design, operation and maintenance of all airports owned or operated by the City.

B. "Commissioner of Public Works" means the head of the Department of Public Works of the City of Chicago, having management and control of all public places and property of the City of Chicago, as more specifically set forth within the Municipal Code of Chicago.

C. "Concessionaire" means any natural person, partnership, corporation, company or other legal entity, who or which owns, controls, manages and engages in the business of automobile rental services upon the Airport pursuant to a written agreement between such Concessionaire and the City.

D. "Gross Receipts" means time and mileage charges paid or payable to Concessionaire for rental of automobiles at the Airport by Concessionaire herein, whether received by cash or by credit, regardless of when, where or through whom the order therefor is received including all revenue derived by Concessionaire of any type arising out of or in connection with Concessionaire's operation at the Airport and for exchanges whereby an automobile delivered to a customer at the Airport is exchanged for another automobile within a radius of thirty miles from said Airport. "Gross Receipts", however, shall not include any federal, state, or municipal sales or other similar taxes which are separately stated and collected from customers of Concessionaire now or hereafter levied or imposed; nor sums received as insurance proceeds or otherwise for damages to automobiles or other property of Concessionaire, except as hereinafter provided, or for loss, conversion or abandonment of such automobile; nor any sums received from customers of Concessionaire separately billed as additional charges for the waiver by Concessionaire of its rights to recover damages sustained by the rented vehicle from its customers; nor any sums received from customers of Concessionaire as inter-city service fees.

Article III

Assignment or Transfer.

Except with respect to its wholly owned subsidiary or its parent corporation, Radio Corporation of America, a Delaware corporation, Concessionaire shall not assign, sublet or transfer this Agreement, nor any of the rights of privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner of Aviation after authorization for said approval shall have been obtained by action of the City Council of the City of Chicago.

Concessionaire shall give written notice of its intention to assign, sublet or transfer its rights and privileges hereunder, by registered mail, to the City Council, the Corporation Counsel and Commissioner of Aviation. Approval or disapproval of said assignment, sublease or transfer shall not be unreasonably withheld by the City Council or Commissioner of Aviation and approval shall be inferred if the City Council and the Commissioner of Aviation do not act within ninety (90) days after receipt of said notice from Concessionaire.

If Concessionaire is a partnership or corporation or legal entity other than a natural person, any change in control of said entity during the term hereof shall be deemed a transfer for the purposes of this Agreement, subject to the foregoing provisions. In the event Concessionaire fails to secure express or implied approval of said assignment, sublease or transfer, as provided herein, the City may, at its option, determine and declare such change as a breach of this Agreement and take immediate possession of the demised premises and facility hereinafter described; however, said option may not be exercised unreasonably by the City nor without good and sufficient cause. It is understood and agreed by and between the City and Concessionaire that nothing contained in this agreement is intended or shall be construed as in any way creating or establishing or maintaining the relationship of agency, co-partnership or joint venturers between the parties hereto.

Article IV

Operating Rights.

The City grants to Concessionaire a non-exclusive privilege, in common with others that the City may from time to time authorize, to operate a rent-a-car business on, upon and from the Airport, and for no other purpose whatsoever; provided, however, that the City will not grant to any other individual, firm or corporation, a privilege to conduct a rent-a-car business on, upon and from the Airport under terms more favorable to such other individual, firm or corporation than those contained herein, including the minimum guaranty, percentage fee, space rental rate and performance bond requirements, or more favorable counter space locations. The City represents that it has not heretofore granted to any other individual, firm, or corporation a privilege to conduct a rent-a-car business on, upon and from the Airport.

Article V

Demised Premises.

The City demises and leases to Concessionaire the following premises at the Airport, together with the facilities, rights and privileges hereinafter described subject to a continuing easement and right of entry for future installation, maintenance, repairs and replacement of such public utilities as may be necessary upon or involving the demised premises, including heating, water, gas, electrical, sewerage, drainage, fire protection, sprinkler, ventilating, refrigerating, fuel and communication systems, and such other service systems as may be involved, including but not limited to installation, maintenance, repair and replacement of tubes, pipes, lines, mains, wires, conduits and equipment on or about the demised premises; provided, however, that all such installation, maintenance, repair and replacement shall be performed so as to interfere as little as reasonably possible with Concessionaire's operation.

A. *Counter Space.*

(1) *Existing Counter Space.* During the term of this Agreement, Concessionaire shall have the right and privilege to continue the use of approximately 322 square feet of counter space presently occupied by Concessionaire in Terminal Building 2, consisting of two counter areas on the first floor concourse thereof, and 322 square feet of counter space presently occupied by Concessionaire in Terminal Building 3, consisting of two counter areas on the first

floor concourse thereof, as the same are more particularly described in Exhibit "A" attached hereto and made a part hereof.

[Exhibits "A" printed on pages 2364 and 2365 of this Journal]

(2) *Future Counter Space in Terminal Building 1.* Commencing upon the date when the first floor concourse of Terminal Building 1 has been remodeled or replaced and is ready for use by the general public, Concessionaire shall be entitled to lease up to 322 square feet of counter space therein upon the same terms and conditions and rental rate as apply to the counter spaces located in Terminal Buildings 2 and 3.

(3) *Future Counter Space in New Parking Structure.* Commencing upon the date when the first floor concourse of the new parking structure to be erected in the public parking lot at the Airport is completed and ready for use by the general public, Concessionaire shall be entitled to the following options:

(a) to continue to lease and occupy the counter areas in Terminal Building 1, if any, and in Terminal Buildings 2 and 3; or

(b) to elect instead to occupy counter areas of a size not less than one of the counter areas in Terminal Buildings 1, 2 and 3, and not more than that of four of its counter areas in Terminal Buildings 1, 2 and 3, at the same rate per unit of counter area, on the ground level of said parking structure with the specific size and location of such counter areas to be determined by the Commissioner of Aviation; or

(c) to elect to exercise options (a) and (b) above together.

(d) to elect, at a later time, to cancel its leasehold rights and privileges within Terminal Buildings 1, 2 and 3, and/or in the new parking structure; provided, however, that if Concessionaire relinquishes counter space in Terminal Buildings 1, 2 and 3, and/or the new parking structure, Concessionaire will provide such substitute facility as may be required by and as is in consonance with technological change or changes in the operation of the rent-a-car service in said Terminal Buildings and/or parking structure. The adequacy or sufficiency of said substitute facility shall be determined by the Commissioner of Aviation; provided, further, however, that should Concessionaire wish to effect such cancellations under subparagraphs (c) or (d) hereinabove set forth, Concessionaire shall give no less than sixty (60) days advance written notice to the Commissioner of Aviation of its intention so to do.

(4) *Relocation and Modification of Counter Space.* If at any time during the term of this Agreement, modification or expansion of said Terminal Buildings makes it necessary, in the sole judgment of the Commissioner of Aviation, to relocate the above-described counter areas, said Commissioner may, upon ninety (90) days advance written notice to Concessionaire, direct Concessionaire to relocate or rebuild such counter areas at substitute Terminal Building locations of comparable size as allocated by the Commissioner of Aviation, at the sole cost and expense of City and the same must be constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works. If, at any time during the term of this Agreement, Concessionaire desires to relocate, improve or modify existing counter facilities that it presently occupies in Terminal Buildings 2 and 3, or, if Concessionaire shall seek to install a counter or other improvements in Terminal Building 1, such improvements or modifications shall be at the sole cost and expense of Concessionaire and must be located and constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works.

B. *Ready and Return Automobile Parking Areas.*

(1) *Temporary Parking Areas.* Concessionaire shall have the right and privilege, in common with any other Airport rent-a-car concessionaires, to occupy ready and return automobile parking areas as are described in Exhibit "B" attached hereto and made a part hereof, for the purpose of parking cars ready for rental and for the return of cars to the Airport upon the completion of rental, subject to such rules, regulations and limitations as may be imposed by the Commissioner of Aviation, who shall designate from time to time the number and location of parking spaces within the aforesaid ready and return automobile parking areas which Concessionaire and other rent-a-car concessionaires shall be entitled to use. The allocation of such spaces shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. Such ready and return automobile parking areas shall be subject to limitations which may be imposed by Airport construction or operational requirements. Said limitations shall be only to the extent reasonably necessary, and every effort will be made to minimize the time and extent of any interference with the normal rent-a-car operation in these particular areas. The above-described ready and return automobile parking areas shall be vacated at such time or times as the Commissioner of Aviation shall designate, upon ninety (90) days advance written notice to the Concessionaire. Said authority in the Commissioner of Aviation to order the vacating of the ready and return automobile parking areas shall be contingent upon substitute areas of reasonably comparable size and location being made available. Concessionaire shall have the right, upon ninety (90) days advance written notice to the Commissioner of Aviation, to vacate such ready and return automobile parking areas as they shall designate and at the end of said period shall surrender such areas to the City.

[Exhibit "B" printed on page 2366 of this Journal]

(2) *Permanent Parking Areas.* Commencing upon the date when the new parking structure to be erected in the Airport public parking lot is completed and ready for use by the general public, the City shall provide therein 650 parking spaces at the ground level of such parking structure for the use of Concessionaire in common with any other Airport rent-a-car concessionaires, said location being shown in Exhibit "C" attached hereto and made a part hereof. It is understood and agreed that the Commissioner of Aviation shall annually designate the location and specific number of the said parking spaces within the aforesaid parking structure which the Concessionaire and each of the other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said ground level parking spaces among the Airport rent-a-car con-

cessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the ground level parking spaces otherwise allocable to other Airport rent-a-car concessionaires in common.

[Exhibit "C" printed on page 2368 of this Journal]

(3) *Additional Parking Areas.* The City shall provide an additional 650 spaces for use of Concessionaire in common with any other Airport rent-a-car concessionaire within the Airport terminal area parking lot (see Exhibit "C"), as may be mutually agreed upon between the Commissioner of Aviation and the Airport rent-a-car concessionaires. It is understood and agreed with respect to such additional parking spaces that the Commissioner of Aviation shall designate from time to time the location and specific number of the parking spaces within the aforesaid parking lot which Concessionaire and other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said additional parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the additional parking spaces otherwise allocable to the Airport rent-a-car concessionaires in common.

C. *Terminal Area Automobile Service Facility.* Concessionaire shall have the right and privilege but not the obligation to construct at its sole cost and expense a Terminal Area Automobile Service Facility for use as a rapid turn-around car wash and refueling establishment. Said car wash and refueling facility shall be located in the new parking structure provided for in Article V Section B(2) of this Agreement in such location as may be designated by the Commissioner of Aviation within the area shown on Exhibit "C" attached hereto and made a part hereof. Such space as may be occupied by Concessionaire for the construction and operation of said Terminal Area Automobile Service Facility shall be subtracted or deleted from the allocation of parking spaces to be set aside for Concessionaire, within the new parking structure as set forth in Article V, Section B(2) of this Agreement. At no time shall Concessionaire permit the use of said Terminal Area Automobile Service Facility by automobiles or other vehicles owned or operated by members of the general public (other than Concessionaire's rental vehicles) either for the purpose of washing or refueling. The plans and specifications for such Terminal Area Automobile Service Facility shall be submitted for approval by the Commissioner of Aviation and the Commissioner of Public Works and said facility shall be constructed in accordance with said plans and specifications so approved. Title to all fixed improvements erected or installed by Concessionaire in or upon said premises shall vest in the City upon completion of said facility, including all appurtenances and property of every kind and nature; provided, however, that trade fixtures which are attached thereto, as defined in Article V, Section D(2) (c), may be removed upon termination of this Agreement under the conditions therein set forth.

D. *Outer Area Automobile Service Facility.* Concessionaire shall have the right and privilege to construct and maintain an Outer Area Automobile Service Facility consisting of the areas set forth in the following subparagraphs.

(1) *Temporary Automobile Service Area "A".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 103,092.30 square feet (subject, however, to a partial depletion or reduction thereof by reason of and to the extent of a proposed excavation for water and sewer lines in which case space of a comparable size will be made available by the Commissioner of Aviation) as described more particularly on Exhibit "D" attached hereto and made a part hereof. Anything herein to the contrary notwithstanding, it is understood and agreed that Concessionaire shall vacate said Service Area "A" within ten (10) days following the issuance of a Certificate of Completion by the Commissioner of Public Works authorizing the use of the permanent service building and improvements to be erected and installed by Concessionaire within Service Area "B" for which provision is hereinafter made, and rental with respect to Service Area "A" shall thereupon terminate.

[Exhibit "D" printed on page 2369 of this Journal]

(2) *Permanent Service Area "B".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 348,480 square feet as described more particularly on Exhibit "E" attached hereto and made a part hereof.

[Exhibit "E" printed on page 2370 of this Journal]

(a) *Buildings, Structures and Improvements.* Concessionaire shall at its own cost and expense erect and install within said Service Area "B" buildings, structures and improvements for its use in maintenance, servicing, parking and storage of its vehicles and said structures and improvements shall include, but are not limited to, fencing, lighting, paving, underground fuel tanks and gas pumps; provided, however, that no construction or improvement shall be commenced until plans and specifications for construction have been approved by the Commissioner of Aviation and the Commissioner of Public Works. Concessionaire shall promptly secure all necessary permits and licenses therefor as required by the Municipal Code of Chicago at its own cost and expense. Plans and specifications for said buildings, structures and improvements shall be submitted by Concessionaire to said Commissioners within six (6) months after the effective date of this Agreement, and construction shall commence within sixty (60) days following said approval and the issuance of all necessary permits and licenses with a completion date thereof to be no later than eighteen (18) months after construction begins; provided, however, that if construction is delayed at any time in the progress of the work by an Act of God,

or by strikes, lockouts, fire, unusual delays in transportation or by circumstances caused by a National Emergency, or by war, or other circumstances beyond the control of Concessionaire then the time for completion shall be extended for such reasonable period as the Commissioner of Public Works may determine. No such extension shall be made for delay in the absence of written notice by Concessionaire to the Commissioner of Public Works within thirty (30) days after the cause of said delay has occurred.

Concessionaire covenants and agrees to spend a minimum of One Million Dollars ($1,000,000.00) in the construction of said buildings, structures and improvements, including architects' and engineers' fees, costs of plans and specifications and other costs incidental to said construction and installation.

(b) *Regulation of Construction.* During the period of construction of any building, structure or other improvements, all construction work, workmanship, materials and installation involved or incidental thereto shall be subject at all times to inspection by the City. Concessionaire shall give or cause to be given to the Commissioner of Aviation and the Commissioner of Public Works advance notice in writing before any new work is commenced and shall provide and shall cause its contractors and subcontractors to provide reasonable and necessary facilities for inspection. Concessionaire shall pay reasonable costs for review of plans and specifications, for inspections, and for other related engineering services performed by the City, upon being billed therefor by the City. Concessionaire shall cause all construction work, workmanship, materials and installation to be in full compliance with its plans and specifications and with applicable provisions of the Municipal Code of Chicago.

(c) *Title to Fixed Improvements.* Title to all fixed improvements erected or installed by Concessionaire in or upon the demised premises shall vest in the City upon completion of building, structure and other improvement constructions, including all buildings and other structures erected upon the premises, all fencing, all grading and surfacing with stone and hardtop, all underground and overhead wires, cables, pipes, conduits, tanks and drains, and all property of every kind and nature; provided, however, that trade fixtures which are attached to any building or structure or to the premises and which may be removed without material damage to the property, building or structure to which they may be attached may be removed. Trade fixtures shall include, but are not necessarily limited to, signs, electrical or otherwise, used to advertise Concessionaire's business in and about the demised premises; machinery and equipment used in connection with the servicing of its vehicles in or about the demised premises and such lifts, hoists, compressors or other mechanical devices used to service vehicles which are not imbedded or permanently annexed to the realty, structure or building; and such other miscellaneous equipment as is not imbedded or permanently annexed to the realty, structure or building. Concessionaire may install, maintain, operate, repair and replace such trade fixtures and other personal property useful from time to time in connection with its operations in the Airport, which shall be and remain the property of Concessionaire and which may be removed by it prior to or within a reasonable time after the expiration or termination of this Agreement; provided, further, however, that Concessionaire shall repair any damage to the premises caused by such removal.

(d) *Removal of Service Area "B".* In the event that Service Area "B" herein demised is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, the Commissioner of Aviation upon one hundred eighty (180) days advance written notice may direct the Concessionaire to vacate Service Area "B". In such case, the City will pay to Concessionaire within ninety (90) days after Concessionaire's removal therefrom the unamortized portion of the cost of the fixed improvements constructed and installed within said Service Area "B", as described in Article V, Section D(2)(a), including architects' and engineers' fees, cost of plans and specifications and other costs incidental to such construction and installation; provided, that said amortization shall be computed upon a straight-line basis without interest covering the period from the completion date of said improvements to the expiration date of this lease; provided, further, that the Commissioner of Aviation will offer to the Concessionaire a suitable substitute site at the same unit rate if, and to the extent that, the Commissioner of Aviation in his sole judgment determines such area to be available.

(e) *Cost of Fixed Improvements.* Concessionaire shall furnish to the Commissioner of Public Works an itemized statement, certified by an authorized officer of the Concessionaire, showing the total cost of the fixed improvements, as described in Article V, Section D(2)(a), installed and established upon and in Service Area "B", including architects' and engineers' fees, cost of plans and specifications and other costs incidental to said construction and installation, within sixty (60) days after the completion of the construction thereof, and shall, if requested by the Commissioner of Public Works, produce copies of all invoices and other records in connection therewith. The Commissioner of Public Works shall review the material and notify the Concessionaire in writing within sixty (60) days after its receipt whether said itemized statement and supporting invoices or other records meet with his approval, or not, and, in the latter event, in what respect it is deficient; provided, however, that said statement shall constitute prima facie evidence of the cost shown therein unless disputed in writing by the City within sixty (60) days following receipt thereof. Upon approval by the Commissioner of Public Works, said costs shall constitute the basis for the amortization contemplated in Article XVII, Section H; provided, however, that said statement shall be deemed approved in the event the Commissioner of Public Works shall not so notify Concessionaire within such sixty (60) day period. The books and records of the Concessionaire shall be subject to examination and audit by the Commissioner of Public Works to verify such costs.

(f) *Expansion Areas.* It is understood and agreed by and between the parties that if at any time during the term of this Agreement such land which has been designated as "Expansion Areas 4 or 7," as the same are more particularly described and set forth on Exhibit "E" attached hereto and made a part hereof, becomes desirable for other Airport uses, then the City shall give Concessionaire the right of first refusal; acceptance of the rental thereof shall be given in writing to the Commissioner of Aviation by the Concessionaire within thirty (30) days following receipt of said notice stating that Concessionaire is desirous of leasing such expansion area or areas and, in such event, this Agreement shall be amended to include such area or areas within the demised premises here-

under upon the same terms and conditions herein set forth. If Concessionaire shall fail to file a written acceptance of said expansion area or areas within said thirty (30) day period, the City may lease said property to others. In the event said rental is for rent-a-car purposes, rental charges shall be upon the same terms and conditions as those offered to Concessionaire.

Article VI

Concession Fees; Minimum Guarantee; and Rental Commitment.

Concessionaire agrees to pay the City for the privileges and authority hereinabove described and set forth under the terms and conditions contained in this Article.

A. *Concession Fees and Minimum Guarantee.* Concessionaire agrees to compensate the City for the privileges and authority to operate its rent-a-car business on, upon and from the Airport in an amount equal to either (1) ten percent (10%) of Concessionaire's gross receipts as defined in Article II, Section D of this Agreement, or (2) an annual minimum guarantee as hereinafter set forth in this Article VI, Section A, whichever amount is greater, for each contract year. The contract year of this Agreement shall commence on the first day of the month following the execution of this Agreement and shall end on the last day of the month of .... in each year. The first contract year shall commence on the .... day of ...., 1972. The minimum guarantee for said first contract year shall be One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00).

B. *Adjustment of Concession Fee.* If after the end of the fifth year of this Agreement, and upon each five-year anniversary thereof, the effective percentage of gross receipts paid by the Airport rent-a-car concessionaires as a concession fee at the ten (10) United States Airports with the greatest number of passengers carried by scheduled air carriers averages more than the average concession fee at the said airports on the date of execution of this Agreement, then the percentage fee of this Agreement may be adjusted upward in the discretion of the Commissioner of Aviation to a percentage which bears the same ratio to the ten percent (10%) percentage fee provided herein as such increased average concession fee bears to the average concession fee prevailing on the date of execution of this Agreement.

C. *Adjustment of Minimum Guarantee.* The minimum guarantee for the second and each subsequent contract year shall be adjusted in direct proportion to the percentage increase or decrease, as the case may be, in the aggregate amount of fees paid to the City by all Airport rent-a-car concessionaires on account of the Airport rentals made during the immediate preceding contract year, compared with such aggregate fees paid on account of Airport rentals made during the twelve (12) month period prior to such preceding contract year; provided, however, that in no event shall the minimum guarantee for any contract year be less than One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00). The annual minimum guarantee for any contract year shall be prorated when this Agreement is not in effect during the full year because of the commencement or termination of this Agreement during such year, or because of the application of Articles I, III, VII or VIII hereof.

D. *Date of Payments of Concession Fees or Minimum Guarantee.*

Payments of amounts due from Concessionaire of concession fees or minimum guarantee under this Article VI shall be on a monthly basis and shall be paid on or before the 20th day of the month succeeding each and every calendar month of the term or portion hereof, for its operation of the preceding month. Said monthly payments are to be in those amounts which (a) will bring to the City total payments for that part of the contract year ending with the last day of the month for which payment is being made of either ten percent (10%) of gross receipts for the contract year to such date, or (b) the proportionate part of the annual guarantee which is allocable to the part of the year which has elapsed by such date, whichever amount is higher. Each monthly payment shall be accompanied by a report to the City, in duplicate, showing Concessionaire's gross receipts for said month and cumulative gross receipts for the contract year to and including said month. All payments and reports of receipts hereunder shall be made to the Office of the Comptroller of the City of Chicago, with a copy of each report to be sent to the Commissioner of Aviation.

E. *Rental Commitment.* Concessionaire agrees to compensate the City for the premises demised herein certain rent payable in advance, in monthly installments, on the first day of each month or a portion thereof, during the term of this Agreement, as follows:

(1) As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Three Hundred Forty-eight Dollars and Eighty-three cents ($348.83) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement.

(2) As rental for ready and return automobile parking spaces, with respect to permanent parking areas and additional parking areas, hereinabove described in Article V, Sections B(2) and (3), Concessionaire shall pay to the City the sum of Thirteen Dollars ($13.00) per month for each individual automobile parking space, which sum shall be in addition to all other sums provided in this Agreement.

(3) As rental for Service Area A hereinabove described in Article V, Section D(1), Concessionaire shall pay to the City the sum of Eight Hundred Fifty-nine Dollars and Ten cents ($859.10) per month, predicated on an annual rental rate of Ten Cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement.

(4) As rental for Service Area B hereinabove described in Article V, Section D(2), Concessionaire shall pay to the City the sum of Two Thousand Nine Hundred and Four Dollars ($2,904.00) per month, predicated on an annual rental rate of Ten cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement; provided, however, that the rental commitment set forth in this Section D(4) shall commence on the date upon which a Certificate of Completion has been issued authorizing the use of the service building and other improvements erected or installed by Concessionaire upon Service Area B, or on that date which is eighteen (18) months (plus any authorized extensions) after the commencement of construction, whichever date shall first occur.

(5) All rental payments hereunder shall be made to the City at the Office of the Comptroller of the City of Chicago.

F. *Books, Records and Audits.* Concessionaire shall maintain at its office at.., Illinois, its books, ledgers, journals, accounts or records (or copies thereof in the event that the originals thereof have been microfilmed and stored at Concessionaire's home office in New York, New York) wherein are kept all entries reflecting its operations at the Airport under this Agreement. Such books, ledgers, journals, accounts or records (or copies thereof as the case may be) shall be available for inspection and examination by the Commissioner of Aviation or the Comptroller of the City of Chicago, or their duly authorized representatives, at all reasonable times during business hours and upon reasonable notice, and to make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Concessionaire in connection with its operation hereunder. At the expiration of each year of the term of this Agreement, Concessionaire shall furnish to the City a statement prepared by a Certified Public Accountant, and attested to by an officer of the Concessionaire, covering all business transacted by Concessionaire in connection with its operation hereunder and showing the gross revenue derived by Concessionaire from the operation of its business hereunder. Concessionaire shall, upon reasonable request, furnish such other and further financial or statistical reports, dealing with its business hereunder, as the City may, from time to time require.

Article VII

Conduct of Operations.

A. *Schedule of Rates.* Prior to furnishing any rent-a-car services to the public under this Agreement, Concessionaire shall prepare and submit to the Commissioner of Aviation for written approval all schedules of rates for said services and discounts and rebates therefrom, which schedules shall be comparable with prices and charges prevailing in the City of Chicago. Any changes thereafter made in an approved schedule shall be similarly submitted to the Commissioner of Aviation for prior written approval. All such schedules shall be made available to the public by Concessionaire, to which schedules Concessionaire agrees to adhere. If Concessionaire applies any rate in excess of the approved rates or extends a discount less than the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an over-charge which will, upon demand of the Commissioner of Aviation or Concessionaire's customer, be promptly refunded to said customer. If Concessionaire applies any rate which is less than the approved rate or extends a discount which is in excess of the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an under-charge and an amount equivalent thereto shall be included in gross receipts hereunder and the percentage fee shall be payable in respect thereto.

B. *Operation of Concessionaire's Business.* Concessionaire, its employees, invitees, and those doing business with it, shall conduct its operations and business within the Airport in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport or the Terminal Building or other buildings in which it may be located. Solicitation of business shall be conducted only from the counter space demised in this Agreement and by means of signs only as may be authorized by the Commissioner of Aviation, and in no other manner whatsoever. No signs, posters or other similar devices shall be erected, displayed or maintained by Concessionaire within view of the general public without the advance written approval of the Commissioner of Aviation and any such signs, posters or other similar devices not approved by him may be removed at the expense of the Concessionaire. The City shall have the right of complaint to concessionaire as to the demeanor, conduct or appearance of Concessionaire's employees, invitees and those doing business with it, whereupon Concessionaire hereby agrees to take all steps necessary to remove the cause of complaint. Concessionaire shall conduct its operations within the Airport in such manner as shall reduce to a minimum the emanation of noise, vibration, dust, fumes and odors, so as not to interfere with the use of adjacent areas on the Airport.

C. *Quality and Standard of Service.* Concessionaire hereby covenants and agrees:

(1) To furnish good, prompt and efficient service, adequate to meet all reasonable demands for automobile rental service at the Airport, at a fair and reasonable basis.

(2) To make rental automobiles available of a current model year (not more than twenty-four (24) months old), which shall be maintained at Concessionaire's sole expense in good operative order, free from mechanical defects, and in clean, neat and attractive condition, both inside and outside.

(3) To keep open the facilities demised to it hereunder for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for said services and to properly and adequately serve the public, as determined by the Commissioner of Aviation.

(4) To require all personnel rendering service for Concessionaire at the Airport to be neatly and cleanly dressed at all times and to prevent said personnel from conducting business in a loud, noisy, boisterous, offensive or objectionable manner.

(5) To abide by and be subject to all reasonable rules and regulations which are now or which may be promulgated by the Commissioner of Aviation concerning the management, operation or use of the Airport.

(6) To meet all expenses in connection with the use of the premises demised hereto and the rights and privileges herein granted, including but not limited to the payment of taxes, permit fees, license fees and assessments lawfully levied or assessed upon the premises or improvements at any time situated thereon.

(7) To furnish, install, operate and maintain the installations provided hereunder and to keep the same, as well as the premises made available to it, and all furniture, fixtures and equipment installed therein and thereon, in good order, condition and repair, and upon termination of this Agreement, to deliver up said premises to the City in good order, condition and repair, reasonable wear and tear and damage by fire or other casualty excepted.

(8) To respond in writing to complaints registered by the Commissioner of Aviation or Superintendent of Police with respect to violations of traffic regulations committed in the course of Concessionaire's business by Concessionaire's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

D. *Solicitation of Business by Others.* Upon receipt of written request from Concessionaire, the Commissioner of Aviation agrees to take such appropriate action within his authority to protect the rights and privileges demised and granted to Concessionaire under this Agreement. The Commissioner of Aviation will not authorize or permit the transaction of any car rental business on the Airport premises by persons or organizations other than Airport rent-a-car concessionaires, said business including, but not limited to, advertising displays, solicitation of customers, paging of customers by use of the Airport public address systems or direct telephone lines to premises located off Airport property.

Article VIII

Inspection of Demised Premises.

The City shall have the right at all reasonable times, and as often as it deems necessary, to inspect the demised premises and (without any obligation so to do) to enter thereon and to direct Concessionaire to make such repairs as may be necessary and, in the event of emergency, to take such action therein as may be required for the protection of persons or property.

Article IX

Removal of Property.

Upon termination of this Agreement by lapse of time, or otherwise, Concessionaire shall promptly remove from the demised premises, upon demand in writing of the City so to do, all of its display signs, counters, and other equipment and trade fixtures, and shall promptly repair any damage to the premises caused thereby, clean up remaining debris and leave said premises in a safe, sanitary, and sightly condition. Concessionaire's failure to remove such personal property or trade fixtures shall not constitute Concessionaire a hold-over, except that all such property not removed within thirty (30) days after Concessionaire has received a written demand for such removal shall be deemed abandoned and such personal property or trade fixtures shall thereupon become the sole and exclusive property of the City.

Article X

Liability of City.

The City shall not be liable to Concessionaire for any injury to, or death of any person, or for any damage to any property by the City or any of its officers, agents or employees in the operation and maintenance of said Airport or for navigating any aircraft over said Airport, whether such injury, death or damage is due to negligence or otherwise, and all claims for any such injury, death or damage against the City are hereby expressly waived by Concessionaire.

Article XI

Indemnification.

Concessionaire agrees, at its own expense, to defend, indemnify, save and hold harmless City, its officers, employees and agents, from and against all liability or loss for injuries to or deaths of persons or damage to property caused by any act or omission to act of, or use or occupancy of the leased premises by Concessionaire, its sublessees, licensees, invitees, or any other person authorized by Concessionaire to use the leased premises or any portion thereof, or as a result of any of their or Concessionaire's operations or other activities at the Airport, regardless of whether said operations or other activities are on or off the leased premises. Each party hereto shall give to the other prompt and timely notice of any claim made or suit instituted coming to the knowledge of their respective officers, management personnel or department heads which in any way reasonably appears to affect or which might affect either party hereto, and both shall have the right to participate in the defense of the same to the extent of its own interest. In the event City shall elect to so defend, such defense shall not be deemed a waiver by City of any of its rights against Concessionaire under the foregoing indemnification provisions.

Article XII

Insurance.

Concessionaire shall obtain and maintain continuously in effect at all times during the term hereof, at Concessionaire's sole expense, general liability insurance approved by the Comptroller of the City of Chicago protecting City against liability by reason of Concessionaire's wrongful conduct or failure to act incident to the use of the premises or resulting from any accidents occurring on or about the roads, driveways or other public places used by Concessionaire at the Airport in the operations and activities of Concessionaire, its sublessees, licensees, invitees, or others authorized by Concessionaire to act hereunder, caused or arising out of any of their wrongful acts or omissions. Such insurance shall name City as an additional assured. Concessionaire shall also, without cost to City obtain and maintain during the term hereof automobile liability insurance in accordance with the terms and conditions of Concessionaire's automobile rental agreement, covering the operation of rental automobiles hereunder. All such general liability insurance and automobile liability insurance shall provide liability limits of not less than One Hundred Thousand Dollars ($100,000.00) for personal injury to or death of any one person in any one accident, Three Hundred Thousand Dollars ($300,000.00) for personal injury to or death of two or more persons in any one accident, and Twenty-five Thousand Dollars ($25,000.00) for damage to property in any one accident. Concessionaire shall file with the Comptroller of the City of Chicago certificates evidencing all such insurance. City agrees to notify Concessionaire in writing as soon as practicable of any claim, demand or action arising out of an occurrence covered hereunder of which City has knowledge, and to cooperate with Concessionaire in the investigation and defense thereof.

Article XIII

Parking of Vehicles.

Concessionaire, its employees, invitees and those doing business with it, shall have no right under this Agreement to park vehicles upon the Airport premises other than in places assigned or demised to Concessionaire pursuant to this Agreement, except in the Airport Terminal Area Public Parking Lot and upon payment of regular charges therefor or any duly designated employee parking lot.

Article XIV

This Agreement is subject to the provisions of Article XI, Paragraph 4 of that certain Agreement entitled "Airport Use Agreement" and to Article VI, Section 6.04 of that certain Agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent and as entered into between the City and the scheduled airlines governing the use and operation of the Airport.

A. *Construction Performance Bond.* Before commencing any construction authorized under this Agreement, Concessionaire shall deliver to the City at the Office of the Comptroller of the City of Chicago a Performance Bond approved by said Comptroller and the Corporation Counsel substantially similar in form to "Contractor's Performance Bond" Form P.W.O. 62, a specimen copy of which is bound herein. Said Performance Bond shall be in an amount equal to the cost of construction herein authorized.

B. *Minimum Guarantee Performance Bond.* Concessionaire shall deliver to the City and City shall hold during the term of this Agreement an approved Government Bond payable to bearer or the City of Chicago or, in lieu thereof, a Performance Bond approved by the Comptroller of the City of Chicago and the Corporation Counsel in an amount equal to its annual minimum guarantee as herein set forth, but said bond shall not be required to exceed Two Hundred Thousand Dollars ($200,000.00) per annum. Any interest on any bond shall accrue and be paid to Concessionaire.

Article XVI

Equal Opportunity.

Concessionaire agrees that in performing under this Agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, sex or national origin, nor otherwise commit an unfair employment practice. Concessionaire will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Concessionaire agrees to post in conspicuous places, available to employees and applicants for employment, notices which shall contain and set forth the provisions of this nondiscrimination clause. Concessionaire further agrees that this Article will be incorporated by Concessionaire in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this Agreement.

Article XVII

Termination of Agreement.

A. *Termination by City or Concessionaire.* This Agreement may be terminated in its entirety by the City or by Concessionaire by giving to either of said parties sixty (60) days advance written notice if either party, or both parties, shall have defaulted in the performance of any material promise, covenant or agreement required to be performed by either party, or both, and the failure of either party, or both, to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt of written notice from the complaining party to remedy said default.

B. *Termination by City.* The City shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The filing by Concessionaire of any voluntary petition in bankruptcy, or a petition seeking to reorganize, or the readjustment of its indebtedness under the Federal Bankruptcy laws or under any similar State Laws, or if Concessionaire shall make a general assignment for the benefit of creditors.

(2) The filing of an involuntary petition in bankruptcy against Concessionaire in which the appointment of a receiver, trustee or liquidator of the property of the Concessionaire is ordered by a court of competent jurisdiction, and such appointment is not vacated within thirty (30) days.

(3) The abandonment or discontinuance of operation by Concessionaire of the automobile rental service at the Airport for a period of sixty (60) consecutive days, or if Concessionaire shall abandon the premises demised to it in the Airport for a period of sixty (60) consecutive days.

(4) The failure of Concessionaire to pay the concession fees or proportionate minimum guarantee fees, or rent charges or other money payments required by this Agreement, and such failure shall not be remedied within thirty (30) days following receipt by Concessionaire of written demand from the City so to do.

C. *Waiver of Default.* No waiver of default of any of the promises, covenants or agreements to be performed, kept and observed by the parties under this Agreement shall be construed or act as a waiver of any subsequent default of any such promise, covenant or agreement.

D. *Termination by Concessionaire.* Concessionaire shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The issuance by any court of competent jurisdiction of an injunction, order or decree preventing or restraining or limiting in any substantial way the operation by Concessionaire of its automobile rental business at the Airport, or the use by Concessionaire of all or any substantial part of the demised premises, or preventing or restraining the use of the Airport or Airport facilities to such an extent as to interfere materially with Concessionaire's operations at the Airport which injunction, order or decree has remained in full force and effect for a period of ninety (90) consecutive days.

(2) The total or extensive destruction of fixed improvements placed upon the demised premises making it impractical or uneconomical to restore same to their previous condition. In any such case, the proceeds of insurance, if any, payable by reason of such loss shall be apportioned equitably between the City and Concessionaire, with the Concessionaire first receiving the unamortized balance of its costs for said fixed improvements. If the damage shall result from an insurable cause and shall be of such an extent that said fixed improvements can be restored to an acceptable condition within a reasonable time, the Concessionaire shall restore the same with reasonable promptness and shall be entitled to receive and apply the entire proceeds of any insurance covering said loss to said restoration, in which event this Agreement shall not be cancelled but shall continue in full force and effect, and in such case any excess of insurance proceeds over and above the cost of complete restoration thereof shall belong to Concessionaire.

E. *Curtailment of Airport and Motor Vehicle Use.* In the event all or a material portion of the Airport or Airport facilities shall be destroyed; or in the event that any agency or instrumentality of the United States Government or any State or Local Government shall occupy the Airport or a substantial portion thereof; or in the event of military mobilization, insurrection, labor disputes, massive civil disorders or public emergency wherein there shall be a curtailment of normal airline traffic at the Airport or the use of motor vehicles or airplanes by the general public, either by reason of executive decree or legislative action; or in the event there is a limitation of the supply of automobiles or automotive fuel, supplies or parts for general public use; and if the above and foregoing events shall result in material interference with Concessionaire's normal business operations or in a substantial diminution of Concessionaire's gross revenue from its automobile rental concession at the Airport, which shall continue for a period in excess of thirty (30) days, then, upon sixty (60) days advance written notice to the City, Concessionaire shall have the right to terminate this Agreement.

F. *Diminution of Airline Passenger Traffic.* If, during any year of this Agreement, the scheduled airline passenger traffic enplaning at Airports serving the Greater Chicago Area falls below thirty percent (30%) of the scheduled airline passengers enplaning at Airports serving the Greater Chicago Area for a period of any six (6) consecutive months, as compared to the immediately preceding six (6) consecutive months, Concessionaire shall have the right to terminate this Agreement by giving the City six (6) months advance written notice. For the purpose of this Article XVII, Section F only, the Greater Chicago Area shall mean that area having a radius of thirty-five (35) miles from the intersection of State and Madison Streets in the City of Chicago.

G. *Elimination of Service Area B.* In the event that Service Area B, hereinbefore demised under Article V, Section D(2), is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, and in the further event the Commissioner of Aviation is unable to provide a suitable substitute Airport site therefor as hereinbefore provided in Article V, Section D(2) (d), then, upon thirty (30) days advance written notice to the City from the date Concessionaire is so notified by the Commissioner of Aviation, Concessionaire shall have the right to terminate this Agreement.

H. *Amortization of Fixed Improvements.* Except as otherwise specifically herein provided, in the event this Agreement is terminated prior to the full term set forth in Article I, Section B hereof, City, within ninety (90) days after the effective date of said termination, will pay to Concessionaire the unamortized portion of Concessionaire's cost of the permanent structures and improvements constructed and installed on the Airport pursuant to this agreement. Such amortization shall be computed on a straight line cost basis over the period from the completion of said improvements to the expiration date of the initial term hereof.

Article XVIII

National Emergency.

In the event of a national emergency, wherein there is a diminution of the use of motor vehicles by the general public or a limitation of the supply of gasoline for automotive fuel available for general use, either by executive decree or legislative action, then, and in that event, Concessionaire shall not be required to pay the minimum guarantees required under Article VI of this Agreement during the period such executive decree or legislative action shall remain in effect; however, Concessionaire shall pay to the City ten percent (10%) of its gross revenues during the period of said executive decree or legislative action.

Article XIX

Service Obligations.

A. *Utility Services.* Concessionaire, at its sole cost and expense, shall have the right to construct, install and maintain, or have constructed, installed and maintained, all necessary tap lines and facilities and to connect the same to water supply and sewerage lines, and to receive all said utilities and services, and such other utility services as it deems necessary; provided, however, that the City shall at its cost bring such utility services and lines to the edge of the demised premises, and further provided Concessionaire shall be responsible for securing or cause to have secured all necessary applications and permits and to pay all necessary application and permit fees occasioned thereby; provided further, however, that Concessionaire shall pay to the City or to the appropriate public

utility companies the usual and customary charges occasioned by the continuing use of said services.

B. *Roadways.* Prior to the commencement of the leasehold term relating to Service Area B, City, at no expense to Concessionaire, agrees to install and construct, where necessary, and for the duration of the term of this Agreement to maintain and keep in repair and open to traffic, a road or roads suitable for vehicular traffic, connecting said demised premises with the Airport Terminal Buildings or connecting to a road or roads presently serving and continuing to serve the Airport Terminal Buildings. City grants to Concessionaire, its customers, employees and suppliers of materials and services, without the imposition of any additional charge, rent or fee therefor, the right to use such road or roads for the movement of their vehicles for the duration of the term of this Agreement. City shall also cause all necessary cuts to be made in the curbing installed or to be installed by City on "Old Mannheim" Road between the entrances and exits of said access road or roads to the demised premises, which shall be constructed by Concessionaire.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute on behalf of the City of Chicago an Agreement with National Car Rental System, Inc. providing for automobile rental services at Chicago-O'Hare International Airport, said Agreement to be in the following form:

Airport Concession Agreement between City of Chicago, a Municipal Corporation, and National Car Rental System, Inc., a Nevada Corporation.

This Agreement made this............. day of............., A.D. 1972 between the City of Chicago, a Municipal Corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and National Car Rental System, Inc., a Nevada corporation (sometimes hereinafter referred to as "Concessionaire").

WITNESSETH:

Whereas, City owns, controls and operates the Chicago-O'Hare International Airport (sometimes hereinafter referred to as "Airport"), situated in the Counties of Cook and DuPage, in the State of Illinois, and possesses the power and authority to grant certain rights and privileges with respect thereto, including those hereinafter set forth; and

Whereas, Automobile rental services at the Airport are an integral part of the necessary accommodations for ground transportation provided for passengers arriving at and departing from the Airport in the promotion and development of air commerce and air transportation; and

Whereas, Concessionaire desires to make said automobile rental services available at the Airport and is qualified and has the capacity for performing said services and to equip said facilities for use in connection therewith and further desires to lease certain space, and to obtain certain rights and privileges with respect to the operation of a rent-a-car service at said Airport, upon the terms and conditions hereinafter provided.

Now, Therefore, for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to Concessionaire the rights and privileges hereinafter described; Concessionaire agrees to assume the duties, responsibilities, and obligations as hereinafter set forth; and the parties hereto, for themselves, their successors and assigns, agree as follows:

Article I

Contents of Agreement; Term.

A. This Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

B. The term of this Agreement shall be for a period of twenty (20) years beginning on the ....day of..........................., 1972 and ending on the....................day of..........................., 1992, unless said term shall be sooner terminated pursuant to provisions hereinafter set forth; provided, however, that at each five (5) year interval from the effective date of this Agreement, City may, upon review of all the circumstances affecting the Airport and Concessionaire's operations therein, direct that the terms and conditions of compensation set forth in Article VI of this Agreement be renegotiated (except those rental commitments contained in paragraph E, subparagraphs (1), (2), (3) and (4) of said Article VI), and upon written notice to Concessionaire of said determination, Concessionaire shall negotiate in good faith with City's representatives as to all said terms and conditions therein contained. In the event said terms and conditions are not renegotiated in good faith to the satisfaction of City within six (6) months after said notice to renegotiate has been received by Concessionaire, the contract term of this Agreement shall be terminated, to take effect twelve (12) months after said notice to renegotiate was received by Concessionaire.

Article II

Definition of Terms.

A. "Commissioner of Aviation" means the head of the Department of Aviation of the City of Chicago, having management and control of the design, operation and maintenance of all airports owned or operated by the City.

B. "Commissioner of Public Works" means the head of the Department of Public Works of the City of Chicago, having management and control of all public places and property of the City of Chicago, as more specifically set forth within the Municipal Code of Chicago.

C. "Concessionaire" means any natural person, partnership, corporation, company or other legal entity, who or which owns, controls, manages and engages in the business of automobile rental services upon the Airport pursuant to a written agreement between such Concessionaire and the City.

D. "Gross Receipts" means time and mileage charges paid or payable to Concessionaire for rental of automobiles at the Airport by Concessionaire herein, whether received by cash or by credit, regardless of when, where or through whom the order therefor is received including all revenue derived by Concessionaire of any type arising out of or in connection with Concessionaire's operation at the Airport and for exchanges whereby an automobile delivered to a customer at the Airport is exchanged for another automobile within a radius of thirty miles from said Airport. "Gross Receipts", however, shall not include any federal, state, or municipal sales or other similar taxes which are separately stated and collected from customers of Concessionaire now or hereafter levied or imposed; nor sums received as insurance proceeds or otherwise for damages to automobiles or other property of Concessionaire, except as hereinafter provided, or for loss, conversion or abandonment of such automobile; nor any sums received from customers of Concessionaire separately billed as additional charges for the waiver by Concessionaire of its rights to recover damages sustained by the rented vehicle from its customers; nor any sums received from customers of Concessionaire as inter-city service fees.

Article III

Assignment or Transfer.

Except with respect to its wholly owned subsidiary or its parent corporation, Radio Corporation of America, a Delaware corporation, Concessionaire shall not assign, sublet or transfer this Agreement, nor any of the rights of privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner of Aviation after authorization for said approval shall have been obtained by action of the City Council of the City of Chicago.

Concessionaire shall give written notice of its intention to assign, sublet or transfer its rights and privileges hereunder, by registered mail, to the City Council, the Corporation Counsel and Commissioner of Aviation. Approval or disapproval of said assignment, sublease or transfer shall not be unreasonably withheld by the City Council or Commissioner of Aviation and approval shall be inferred if the City Council and the Commissioner of Aviation do not act within ninety (90) days after receipt of said notice from Concessionaire.

If Concessionaire is a partnership or corporation or legal entity other than a natural person, any change in control of said entity during the term hereof shall be deemed a transfer for the purposes of this Agreement, subject to the foregoing provisions. In the event Concessionaire fails to secure express or implied approval of said assignment, sublease or transfer, as provided herein, the City may, at its option, determine and declare such change as a breach of this Agreement and take immediate possession of the demised premises and facility hereinafter described; however, said option may not be exercised unreasonably by the City nor without good and sufficient cause. It is understood and agreed by and between the City and Concessionaire that nothing contained in this agreement is intended or shall be construed as in any way creating or establishing or maintaining the relationship of agency, co-partnership or joint venturers between the parties hereto.

Article IV

Operating Rights.

The City grants to Concessionaire a non-exclusive privilege, in common with others that the City may from time to time authorize, to operate a rent-a-car business on, upon and from the Airport, and for no other purpose whatsoever; provided, however, that the City will not grant to any other individual, firm

or corporation, a privilege to conduct a rent-a-car business on, upon and from the Airport under terms more favorable to such other individual, firm or corporation than those contained herein, including the minimum guaranty, percentage fee, space rental rate and performance bond requirements, or more favorable counter space locations. The City represents that it has not heretofore granted to any other individual, firm, or corporation a privilege to conduct a rent-a-car business on, upon and from the Airport.

Article V

Demised Premises.

The City demises and leases to Concessionaire the following premises at the Airport, together with the facilities, rights and privileges hereinafter described subject to a continuing easement and right of entry for future installation, maintenance, repairs and replacement of such public utilities as may be necessary upon or involving the demised premises, including heating, water, gas, electrical, sewerage, drainage, fire protection, sprinkler, ventilating, refrigerating, fuel and communication systems, and such other service systems as may be involved, including but not limited to installation, maintenance, repair and replacement of tubes, pipes, lines, mains, wires, conduits and equipment on or about the demised premises; provided, however, that all such installation, maintenance, repair and replacement shall be performed so as to interfere as little as reasonably possible with Concessionaire's operation.

A. *Counter Space.*

(1) *Existing Counter Space.* During the term of this Agreement, Concessionaire shall have the right and privilege to continue the use of approximately 248 square feet of counter space presently occupied by Concessionaire in Terminal Building 2, consisting of two counter areas on the first floor concourse thereof, and 248 square feet of counter space presently occupied by Concessionaire in Terminal Building 3, consisting of two counter areas on the first floor concourse thereof, as the same are more particularlv described in Exhibit "A" attached hereto and made a part hereof.

[Exhibits "A" printed on pages 2380 and 2381 of this Journal]

(2) *Future Counter Space in Terminal Building 1.* Commencing upon the date when the first floor concourse of Terminal Building 1 has been remodeled or replaced and is ready for use by the general public, Concessionaire shall be entitled to lease up to 248 square feet of counter space therein upon the same terms and conditions and rental rate as apply to the counter spaces located in Terminal Buildings 2 and 3.

(3) *Future Counter Space in New Parking Structure.* Commencing upon the date when the first floor concourse of the new parking structure to be erected in the public parking lot at the Airport is completed and ready for use by the general public, Concessionaire shall be entitled to the following options:

(a) to continue to lease and occupy the counter areas in Terminal Building 1, if any, and in Terminal Buildings 2 and 3; or

(b) to elect instead to occupy counter areas of a size not less than one of the counter areas in Terminal Buildings 1, 2 and 3, and not more than that of four of its counter areas in Terminal Buildings 1, 2 and 3, at the same rate per unit of counter area, on the ground level of said parking structure with the specific size and location of such counter areas to be determined by the Commissioner of Aviation; or

(c) to elect to exercise options (a) and (b) above together.

(d) to elect, at a later time, to cancel its leasehold rights and privileges within Terminal Buildings 1, 2 and 3, and/or in the new parking structure; provided, however, that if Concessionaire relinquishes counter space in Terminal Buildings 1, 2 and 3, and/or the new parking structure, Concessionaire will provide such substitute facility as may be required by and as is in consonance with technological change or changes in the operation of the rent-a-car service in said Terminal Buildings and/or parking structure. The adequacy or sufficiency of said substitute facility shall be determined by the Commissioner of Aviation; provided, further, however, that should Concessionaire wish to effect such cancellations under subparagraphs (c) or (d) hereinabove set forth, Concessionaire shall give no less than sixty (60) days advance written notice to the Commissioner of Aviation of its intention so to do.

(4) *Relocation and Modification of Counter Space.* If at any time during the term of this Agreement, modification or expansion of said Terminal Buildings makes it necessary, in the sole judgment of the Commissioner of Aviation, to relocate the above-described counter areas, said Commissioner may, upon ninety (90) days advance written notice to Concessionaire, direct Concessionaire to relocate or rebuild such counter areas at substitute Terminal Building locations of comparable size as allocated by the Commissioner of Aviation, at the sole cost and expense of City and the same must be constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works. If, at any time during the term of this Agreement, Concessionaire desires to relocate, improve or modify existing counter facilities that it presently occupies in Terminal Buildings 2 and 3, or, if Concessionaire shall seek to install a counter or other improvements in Terminal Building 1, such improvements or modifications shall be at the sole cost and expense of Concessionaire and must be located and constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works.

B. *Ready and Return Automobile Parking Areas.*

(1) *Temporary Parking Areas.* Concessionaire shall have the right and privilege, in common with any other Airport rent-a-car concessionaires, to occupy ready and return automobile parking areas as are described in Exhibit "B" attached hereto and made a part hereof, for the purpose of parking cars ready for rental and for the return of cars to the Airport upon the completion of rental, subject to such rules, regulations and limitations as may be imposed by the Commissioner of Aviation, who shall designate from time to time the number and location of parking spaces within the aforesaid ready and return automobile parking areas which Concessionaire and other rent-a-car concessionaires shall be entitled to use. The allocation of such spaces shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. Such ready and return automobile parking areas shall be subject to limitations which may be imposed by Airport construction or operational re-

Said limitations shall be only to the extent reasonably necessary, and every effort will be made to minimize the time and extent of any interference with the normal rent-a-car operation in these particular areas. The above-described ready and return automobile parking areas shall be vacated at such time or times as the Commissioner of Aviation shall designate, upon ninety (90) days advance written notice to the Concessionaire. Said authority in the Commissioner of Aviation to order the vacating of the ready and return automobile parking areas shall be contingent upon substitute areas of reasonably comparable size and location being made available. (2) *Permanent Parking Areas.* Commencing upon the date when the new parking structure to be erected in the Airport public parking lot is completed and ready for use by the general public, the City shall provide therein 650 parking spaces at the ground level of such parking structure for the use of Concessionaire in common with any other Airport rent-a-car concessionaires, said location being shown in Exhibit "C" attached hereto and made a part hereof. It is understood and agreed that the Commissioner of Aviation shall annually designate the location and specific number of the said parking spaces within the aforesaid parking structure which the Concessionaire and each of the other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said ground level parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the ground level parking spaces otherwise allocable to other Airport rent-a-car concessionaires in common.

[Exhibit "C" printed on page 2384 of this Journal]

(3) *Additional Parking Areas.* The City shall provide an additional 650 spaces for use of Concessionaire in common with any other Airport rent-a-car concessionaire within the Airport terminal area parking lot (see Exhibit C), as may be mutually agreed upon between the Commissioner of Aviation and the Airport rent-a-car concessionaires. It is understood and agreed with respect to such additional parking spaces that the Commissioner of Aviation shall designate from time to time the location and specific number of the parking spaces within the aforesaid parking lot which Concessionaire and other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said additional parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the additional parking spaces otherwise allocable to the Airport rent-a-car concessionaires in common.

C. *Terminal Area Automobile Service Facility.* Concessionaire shall have the right and privilege but not the obligation to construct at its sole cost and expense a Terminal Area Automobile Service Facility for use as a rapid turn-around car wash and refueling establishment. Said car wash and refueling facility shall be located in the new parking structure provided for in Article V, Section B(2) of this Agreement in such location as may be designated by the Commissioner of Aviation within the area shown on Exhibit "C" attached hereto and made a part hereof. Such space as may be occupied by Concessionaire for the construction and operation of said Terminal Area Automobile Service Facility shall be subtracted or deleted from the allocation of parking spaces to be set aside for Concessionaire, within the new parking structure as set forth in Article V, Section B(2) of this Agreement. At no time shall Concessionaire permit the use of said Terminal Area Automobile Service Facility by automobiles or other vehicles owned or operated by members of the general public (other then Concessionaire's rental vehicles) either for the purpose of washing or refueling. The plans and specifications for such Terminal Area Automobile Service Facility shall be submitted for approval by the Commissioner of Aviation and the Commissioner of Public Works and said facility shall be constructed in accordance with said plans and specifications so approved. Title to all fixed improvements erected or installed by Concessionaire in or upon said premises shall vest in the City upon completion of said facility, including all appurtenances and property of every kind and nature; provided, however, that trade fixtures which are attached thereto, as defined in Article V, Section D(2) (c), may be removed upon termination of this Agreement under the conditions therein set forth.

D. *Outer Area Automobile Service Facility.* Concessionaire shall have the right and privilege to construct and maintain an Outer Area Automobile Service Facility consisting of the areas set forth in the following subparagraphs.

(1) *Temporary Automobile Service Area "A".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 50,709.025 square feet (subject, however, to a partial depletion or reduction thereof by reason of and to the extent of a proposed excavation and construction for Commonwealth Edison Substation, in which case space of a comparable size will be made available by the Commissioner of Avia-

tion) as described more particularly on Exhibit "D" attached hereto and made a part hereof. Anything herein to the contrary notwithstanding, it is understood and agreed that Concessionaire shall vacate said Service Area "A" within ten (10) days following the issuance of a Certificate of Completion by the Commissioner of Public Works authorizing the use of the permanent service building and improvements to be erected and installed by Concessionaire within Service Area "B" for which provision is hereinafter made, and rental with respect to Service Area "A" shall thereupon terminate.

[Exhibit "D" printed on page 2386 of this Journal]

(2) *Permanent Service Area "B"*. Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 233,026.2 square feet as described more particularly on Exhibit "E" attached hereto and made a part hereof.

[Exhibit "E" printed on page 2387 of this Journal]

(a) *Buildings, Structures and Improvements.* Concessionaire shall at its own cost and expense erect and install within said Service Area "B" buildings, structures and improvements for its use in maintenance, servicing, parking and storage of its vehicles and said structures and improvements shall include, but are not limited to, fencing, lighting, paving, underground fuel tanks and gas pumps; provided, however, that no construction or improvement shall be commenced until plans and specifications for construction have been approved by the Commissioner of Aviation and the Commissioner of Public Works. Concessionaire shall promptly secure all necessary permits and licenses therefor as required by the Municipal Code of Chicago at its own cost and expense. Plans and specifications for said buildings, structures and improvements shall be submitted by Concessionaire to said Commissioners within six (6) months after the effective date of this Agreement, and construction shall commence within sixty (60) days following said approval and the issuance of all necessary permits and licenses with a completion date thereof to be no later than eighteen (18) months after construction begins; provided, however, that if construction is delayed at any time in the progress of the work by an Act of God, or by strikes, lockouts, fire, unusual delays in transportation or by circumstances caused by a National Emergency, or by war, or other circumstances beyond the control of Concessionaire then the time for completion shall be extended for such reasonable period as the Commissioner of Public Works may determine. No such extension shall be made for delay in the absence of written notice by Concessionaire to the Commissioner of Public Works within thirty (30) days after the cause of said delay has occurred.

Concessionaire covenants and agrees to spend a minimum of Seven Hundred Fifty Thousand Dollars ($750,000.00) in the construction of said buildings, structures and improvements, including architects' and engineers' fees, costs of plans and specifications and other costs incidental to said construction and installation.

(b) *Regulation of Construction.* During the period of construction of any building, structure or other improvements, all construction work, workmanship, materials and installation involved or incidental thereto shall be subject at all times to inspection by the City. Concessionaire shall give or cause to be given to the Commissioner of Aviation and the Commissioner of Public Works advance notice in writing before any new work is commenced and shall provide and shall cause its contractors and subcontractors to provide reasonable and necessary facilities for inspection. Concessionaire shall pay reasonable costs for review of plans and specifications, for inspections, and for other related engineering services performed by the City, upon being billed therefor by the City. Concessionaire shall cause all construction work, workmanship, materials and installation to be in full compliance with its plans and specifications and with applicable provisions of the Municipal Code of Chicago.

(c) *Title to Fixed Improvements.* Title to all fixed improvements erected or installed by Concessionaire in or upon the demised premises shall vest in the City upon completion of building, structure and other improvement constructions, including all buildings and other structures erected upon the premises, all fencing, all grading and surfacing with stone and hardtop, all underground and overhead wires, cables, pipes, conduits, tanks and drains, and all property of every kind and nature; provided, however, that trade fixtures which are attached to any building or structure or to the premises and which may be removed without material damage to the property, building or structure to which they may be attached may be removed. Trade fixtures shall include, but are not necessarily limited to, signs, electrical or otherwise, used to advertise Concessionaire's business in and about the demised premises; machinery and equipment used in connection with the servicing of its vehicles in or about the demised premises and such lifts, hoists, compressors or other mechanical devices used to service vehicles which are not imbedded or permanently annexed to the realty, structure or building; and such other miscellaneous equipment as is not imbedded or permanently annexed to the realty, structure or building. Concessionaire may install, maintain, operate, repair and replace such trade fixtures and other personal property useful from time to time in connection with its operations in the Airport, which shall be and remain the property of Concessionaire and which may be removed by it prior to or within a reasonable time after the expiration or termination of this Agreement; provided, further, however, that Concessionaire shall repair any damage to the premises caused by such removal.

(d) *Removal of Service Area "B".* In the event that Service Area "B" herein demised is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, the Commissioner of Aviation upon one hundred eighty (180) days advance written notice may direct the Concessionaire to vacate Service Area "B". In such case, the City will pay to Concessionaire within ninety (90) days after Concessionaire's removal therefrom the unamortized portion of the cost of the fixed improvements constructed and installed within said Service Area "B", as described in Article V, Section D(2)(a), including architects' and engineers' fees, cost of plans and specifications and other costs incidental to such construction and installation; provided, that said amortization shall be computed upon a straight-line basis without interest covering the period from the completion date of said improvements to the expiration date of this lease; provided, further, that the Commissioner of Aviation will offer to the Concessionaire a suitable substitute site at the same unit rate if, and to the extent that, the Commissioner of Aviation in his sole judgment determines such area to be available.

(e) *Cost of Fixed Improvements.* Concessionaire shall furnish to the Commissioner of Public Works an itemized statement, certified by an authorized officer of the Concessionaire, showing the total cost of the fixed improvements, as described in Article V, Section D(2)(a), installed and established upon and in Service Area "B", including architects' and engineers' fees, cost of plans and specifications and other costs incidental to said construction and installation, within sixty (60) days after the completion of the construction thereof, and shall, if requested by the Commissioner of Public Works, produce copies of all invoices and other records in connection therewith. The Commissioner of Public Works shall review the material and notify the Concessionaire in writing within sixty (60) days after its receipt whether said itemized statement and supporting invoices or other records meet with his approval, or not, and, in the latter event, in what respect it is deficient; provided, however, that said statement shall constitute prima facie evidence of the cost shown therein unless disputed in writing by the City within sixty (60) days following receipt thereof. Upon approval by the Commissioner of Public Works, said costs shall constitute the basis for the amortization contemplated in Article XVII, Section H; provided, however, that said statement shall be deemed approved in the event the Commissioner of Public Works shall not so notify Concessionaire within such sixty (60) day period. The books and records of the Concessionaire shall be subject to examination and audit by the Commissioner of Public Works to verify such costs.

(f) *Expansion Areas.* It is understood and agreed by and between the parties that if at any time during the term of this Agreement such land which has been designated as "Expansion Area 6", as the same is more particularly described and set forth on Exhibit "E" attached hereto and made a part hereof, becomes desirable for other Airport uses, then the City shall give Concessionaire the right of first refusal; acceptance of the rental thereof shall be given in writing to the Commissioner of Aviation by the Concessionaire within thirty (30) days following receipt of said notice stating that Concessionaire is desirous of leasing such expansion area or areas and, in such event, this Agreement shall be amended to include such area or areas within the demised premises hereunder upon the same terms and conditions herein set forth. If Concessionaire shall fail to file a written acceptance of said expansion area or areas within said thirty (30) day period, the City may lease said property to others. In the event said rental is for rent-a-car purposes, rental charges shall be upon the same terms and conditions as those offered to Concessionaire.

Article VI

Concession Fees; Minimum Guarantee; and Rental Commitment.

Concessionaire agrees to pay the City for the privileges and authority hereinabove described and set forth under the terms and conditions contained in this Article.

A. *Concession Fees and Minimum Guarantee.* Concessionaire agrees to compensate the City for the privileges and authority to operate its rent-a-car business on, upon and from the Airport in an amount equal to either (1) ten percent (10%) of Concessionaire's gross receipts as defined in Article II, Section D of this Agreement, or (2) an annual minimum guarantee as hereinafter set forth in this Article VI, Section A, whichever amount is greater, for each contract year. The contract year of this Agreement shall commence on the first day of the month following the execution of this Agreement and shall end on the last day of the month of .... in each year. The first contract year shall commence on the .... day of ...., 1972. The minimum guarantee for said first contract year shall be One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00).

B. *Adjustment of Concession Fee.* If after the end of the fifth year of this Agreement, and upon each five-year anniversary thereof, the effective percentage of gross receipts paid by the Airport rent-a-car concessionaires as a concession fee at the ten (10) United States Airports with the greatest number of passengers carried by scheduled air carriers averages more than the average concession fee at the said airports on the date of execution of this Agreement, then the percentage fee of this Agreement may be adjusted upward in the discretion of the Commissioner of Aviation to a percentage which bears the same ratio to the ten percent (10%) percentage fee provided herein as such increased average concession fee bears to the average concession fee prevailing on the date of execution of this Agreement.

C. *Adjustment of Minimum Guarantee.* The minimum guarantee for the second and each subsequent contract year shall be adjusted in direct proportion to the percentage increase or decrease, as the case may be, in the aggregate amount of fees paid to the City by all Airport rent-a-car concessionaires on account of the Airport rentals made during the immediate preceding contract year, compared with such aggregate fees paid on account of Airport rentals made during the twelve (12) month period prior to such preceding contract year; provided, however, that in no event shall the minimum guarantee for any contract year be less than One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00). The annual minimum guarantee for any contract year shall be prorated when this Agreement is not in effect during the full year because of the commencement or termination of this Agreement during such year, or because of the application of Articles I, III, VII or VIII hereof.

D. *Date of Payments of Concession Fees or Minimum Guarantee.*

Payments of amounts due from Concessionaire of concession fees or minimum guarantee under this Article VI shall be on a monthly basis and shall be paid on or before the 20th day of the month succeeding each and every calendar month of the term or portion hereof, for its operation of the preceding month. Said monthly payments are to be in those amounts which (a) will bring to the City total payments for that part of the contract year ending with the last day of the month for which payment is being made of either ten percent (10%) of gross receipts for the contract year to such date, or (b) the proportionate part of the annual guarantee which is allocable to the part of the year which has elapsed by such date, whichever amount is higher. Each monthly payment shall be accompanied by a report to the City, in duplicate, showing Concessionaire's gross receipts for said month and cumulative gross receipts for the contract year to and including said month. All payments and reports of receipts hereunder shall be made to the Office of the Comptroller of the City of Chicago, with a copy of each report to be sent to the Commissioner of Aviation.

E. *Rental Commitment.* Concessionaire agrees to compensate the City for the premises demised herein certain rent payable in advance, in monthly installments, on the first day of each month or a portion thereof, during the term of this Agreement, as follows:

(1) As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Two Hundred Sixty-eight Dollars and Sixty-seven cents ($268.67) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement.

(2) As rental for ready and return automobile parking spaces, with respect to permanent parking areas and additional parking areas, hereinabove described in Article V, Sections B(2) and (3), Concessionaire shall pay to the City the sum of Thirteen Dollars ($13.00) per month for each individual automobile parking space, which sum shall be in addition to all other sums provided in this Agreement.

(3) As rental for Service Area A hereinabove described in Article V, Section D(1), Concessionaire shall pay to the City the sum of Four Hundred Twenty-two Dollars and Fixty-eight cents ($422.-58) per month, predicated on an annual rental rate of Ten Cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement.

(4) As rental for Service Area B hereinabove described in Article V, Section D(2), Concessionaire shall pay to City the sum of One Thousand Nine Hundred Forty-one Dollars and Eighty-nine cents ($1,941.89) per month, predicated on an annual rental rate of Ten cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement; provided, however, that the rental commitment set forth in this Section D(4) shall commence on the date upon which a Certificate of Completion has been issued authorizing the use of the service building and other improvements erected or installed by Concessionaire upon Service Area B, or on that date which is eighteen (18) months (plus any authorized extensions) after the commencement of construction, whichever date shall first occur.

(5) All rental payments hereunder shall be made to the City at the Office of the Comptroller of the City of Chicago.

F. *Books, Records and Audits.* Concessionaire shall maintain at its office at....................................., Illinois, its books, ledgers, journals, accounts or records (or copies thereof in the event that the originals thereof have been microfilmed and stored at Concessionaire's home office in New York, New York) wherein are kept all entries reflecting its operations at the Airport under this Agreement. Such books, ledgers, journals, accounts or records (or copies thereof as the case may be) shall be available for inspection and examination by the Commissioner of Aviation or the Comptroller of the City of Chicago, or their duly authorized representatives, at all reasonable times during business hours and upon reasonable notice, and to make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Concessionaire in connection with its operation hereunder. At the expiration of each year of the term of this Agreement, Concessionaire shall furnish to the City a statement prepared by a Certified Public Accountant, and attested to by an officer of the Concessionaire, covering all business transacted by Concessionaire in connection with its operation hereunder and showing the gross revenue derived by Concessionaire from the operation of its business hereunder. Concessionaire shall, upon reasonable request, furnish such other and further financial or statistical reports, dealing with its business hereunder, as the City may, from time to time require.

Article VII

Conduct of Operations.

A. *Schedule of Rates.* Prior to furnishing any rent-a-car services to the public under this Agreement, Concessionaire shall prepare and submit to the Commissioner of Aviation for written approval all schedules of rates for said services and discounts and rebates therefrom, which schedules shall be comparable with prices and charges prevailing in the City of Chicago. Any changes thereafter made in an approved schedule shall be similarly submitted to the Commissioner of Aviation for prior written approval. All such schedules shall be made available to the public by Concessionaire, to which schedules Concessionaire agrees to adhere. If Concessionaire applies any rate in excess of the approved rates or extends a discount less than the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an over-charge which will, upon demand of the Commissioner of Aviation or Concessionaire's customer, be promptly refunded to said customer. If Concessionaire applies any rate which is less than the approved rate or extends a discount which is in excess of the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an under-charge and an amount equivalent thereto shall be included in gross receipts hereunder and the percentage fee shall be payable in respect thereto.

B. *Operation of Concessionaire's Business.* Concessionaire, its employees, invitees, and those doing business with it, shall conduct its operations and business within the Airport in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport or the Terminal Building or other buildings in which it may be located. Solicitation of business shall be conducted only from the counter space demised in this Agreement and by means of signs only as may be authorized by the Commissioner of Aviation, and in no other manner whatsoever. No signs, posters or other similar devices shall be erected, displayed or maintained by Concessionaire within view of the general public without the advance written approval of the Commissioner of Aviation and any such signs, posters or other similar devices not approved by him may be removed at the expense of the Concessionaire. The City shall have the right of complaint to concessionaire as to the demeanor, conduct or appearance of Concessionaire's employees, invitees and those doing business with it, whereupon Concessionaire hereby agrees to take all steps necessary to remove the cause of complaint. Concessionaire shall conduct its operations within the Airport in such manner as shall reduce to a minimum the emanation of noise, vibration, dust, fumes and odors, so as not to interfere with the use of adjacent areas on the Airport.

C. *Quality and Standard of Service.* Concessionaire hereby covenants and agrees:

(1) To furnish good, prompt and efficient service, adequate to meet all reasonable demands for automobile rental service at the Airport, at a fair and reasonable basis.

(2) To make rental automobiles available of a current model year (not more than twenty-four (24) months old), which shall be maintained at Concessionaire's sole expense in good operative order, free from mechanical defects, and in clean, neat and attractive condition, both inside and outside.

(3) To keep open the facilities demised to it hereunder for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for said services and to properly and adequately serve the public, as determined by the Commissioner of Aviation.

(4) To require all personnel rendering service for Concessionaire at the Airport to be neatly and cleanly dressed at all times and to prevent said personnel from conducting business in a loud, noisy, boisterous, offensive or objectionable manner.

(5) To abide by and be subject to all reasonable rules and regulations which are now or which may be promulgated by the Commissioner of Aviation concerning the management, operation or use of the Airport.

(6) To meet all expenses in connection with the use of the premises demised hereto and the rights and privileges herein granted, including but not limited to the payment of taxes, permit fees, license fees and assessments lawfully levied or assessed upon the premises or improvements at any time situated thereon.

(7) To furnish, install, operate and maintain the installations provided hereunder and to keep the same, as well as the premises made available to it, and all furniture, fixtures and equipment installed therein and thereon, in good order, condition and repair, and upon termination of this Agreement, to deliver up said premises to the City in good order, condition and repair, reasonable wear and tear and damage by fire or other casualty excepted.

(8) To respond in writing to complaints registered by the Commissioner of Aviation or Superintendent of Police with respect to violations of traffic regulations committed in the course of Concessionaire's business by Concessionaire's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

D. *Solicitation of Business by Others.* Upon receipt of written request from Concessionaire, the Commissioner of Aviation agrees to take such appropriate action within his authority to protect the rights and privileges demised and granted to Concessionaire under this Agreement. The Commissioner of Aviation will not authorize or permit the transaction of any car rental business on the Airport premises by persons or organizations other than Airport rent-a-car concessionaires, said business including, but not limited to, advertising displays, solicitation of customers, paging of customers by use of the Airport public address systems or direct telephone lines to premises located off Airport property.

Article VIII

Inspection of Demised Premises.

The City shall have the right at all reasonable times, and as often as it deems necessary, to inspect the demised premises and (without any obligation so to do) to enter thereon and to direct Concessionaire to make such repairs as may be necessary and, in the event of emergency, to take such action therein as may be required for the protection of persons or property.

Article IX

Removal of Property.

Upon termination of this Agreement by lapse of time, or otherwise, Concessionaire shall promptly remove from the demised premises, upon demand in writing of the City so to do, all of its display signs, counters, and other equipment and trade fixtures, and shall promptly repair any damage to the premises caused thereby, clean up remaining debris and leave said premises in a safe, sanitary, and sightly condition. Concessionaire's failure to remove such personal property or trade fixtures shall not constitute Concessionaire a hold-over, except that all such property not removed within thirty (30) days after Concessionaire has received a written demand for such removal shall be deemed abandoned and such personal property or trade fixtures shall thereupon become the sole and exclusive property of the City.

Article X

Liability of City.

The City shall not be liable to Concessionaire for any injury to, or death of any person, or for any damage to any property by the City or any of its officers, agents or employees in the operation and maintenance of said Airport or for navigating any aircraft over said Airport, whether such injury, death or damage is due to negligence or otherwise, and all claims for any such injury, death or damage against the City are hereby expressly waived by Concessionaire.

Article XI

Indemnification.

Concessionaire agrees, at its own expense, to defend, indemnify, save and hold harmless City, its officers, employees and agents, from and against all liability or loss for injuries to or deaths of persons or damage to property caused by any act or omission to act of, or use or occupancy of the leased premises by Concessionaire, its sublessees, licensees, invitees, or any other person authorized by Concessionaire to use the leased premises or any portion thereof, or as a result of any of their or Concessionaire's operations or other activities at the Airport, regardless of whether said operations or other activities are on or off the leased premises. Each party hereto shall give to the other prompt and timely notice of any claim made or suit instituted coming to the knowledge of their respective officers, management personnel or department heads which in any way reasonably appears to affect or which might affect either party hereto, and both shall have the right to participate in the defense of the same to the extent of its own interest. In the event City shall elect to so defend, such defense shall not be deemed a waiver by City of any of its rights against Concessionaire under the foregoing indemnification provisions.

Article XII

Insurance.

Concessionaire shall obtain and maintain continuously in effect at all times during the term hereof, at Concessionaire's sole expense, general liability insurance approved by the Comptroller of the City of Chicago protecting City against liability by reason of Concessionaire's wrongful conduct or failure to act incident to the use of the premises or resulting from any accidents occurring on or about the roads, driveways or other public places used by Concessionaire at the Airport in the operations and activities of Concessionaire, its sublessees, licensees, invitees, or others authorized by Concessionaire to act hereunder, caused or arising out of any of their wrongful acts or omissions. Such insurance shall name City as an additional assured. Concessionaire shall also, without cost to City obtain and maintain during the term hereof automobile liability insurance in accordance with the terms and conditions of Concessionaire's automobile rental agreement, covering the operation of rental automobiles hereunder. All such general liability insurance and automobile liability insurance shall provide liability limits of not less than One Hundred Thousand Dollars ($100,000.00) for personal injury to or death of any one person in any one accident, Three Hundred Thousand Dollars ($300,000.00) for personal injury to or death of two or more persons in any one accident, and Twenty-five Thousand Dollars ($25,000.00) for damage to property in any one accident. Concessionaire shall file with the Comptroller of the City of Chicago certificates evidencing all such insurance. City agrees to notify Concessionaire in writing as soon as practicable of any claim, demand or action arising out of an occurrence covered hereunder of which City has knowledge, and to cooperate with Concessionaire in the investigation and defense thereof.

Article XIII

Parking of Vehicles.

Concessionaire, its employees, invitees and those doing business with it, shall have no right under this Agreement to park vehicles upon the Airport premises other than in places assigned or demised to Concessionaire pursuant to this Agreement, except in the Airport Terminal Area Public Parking Lot and upon payment of regular charges therefor or any duly designated employee parking lot.

Article XIV

Application of Other Agreements.

This Agreement is subject to the provisions of Article XI, Paragraph 4 of that certain Agreement entitled "Airport Use Agreement" and to Article VI, Section 6.04 of that certain Agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent and as entered into between the City and the scheduled airlines governing the use and operation of the Airport.

Article XV

Concessionaire's Performance Bonds.

A. *Construction Performance Bond.* Before commencing any construction authorized under this Agreement, Concessionaire shall deliver to the City at the Office of the Comptroller of the City of Chicago a Performance Bond approved by said Comptroller and the Corporation Counsel substantially similar in form to "Contractor's Performance Bond" Form P.W.O. 62, a specimen copy of which is bound herein. Said Performance Bond shall be in an amount equal to the cost of construction herein authorized.

B. *Minimum Guarantee Performance Bond.* Concessionaire shall deliver to the City and City shall hold during the term of this Agreement an approved Government Bond payable to bearer or the City of Chicago or, in lieu thereof, a Performance Bond approved by the Comptroller of the City of Chicago and the Corporation Counsel in an amount equal to its annual minimum guarantee as herein set forth, but said bond shall not be required to exceed Two Hundred Thousand Dollars ($200,000.00) per annum. Any interest on any bond shall accrue and be paid to Concessionaire.

Article XVI

Equal Opportunity.

Concessionaire agrees that in performing under this Agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, sex or national origin, nor otherwise commit an unfair employment practice. Concessionaire will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Concessionaire agrees to post in conspicuous places, available to employees and applicants for employment, notices which shall contain and set forth the provisions of this nondiscrimination clause. Concessionaire further agrees that this Article will be incorporated by Concessionaire in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this Agreement.

Article XVII

Termination of Agreement.

A. *Termination by City or Concessionaire.* This Agreement may be terminated in its entirety by the City or by Concessionaire by giving to either of said parties sixty (60) days advance written notice if either party, or both parties, shall have defaulted in the performance of any material promise, cove-

nant or agreement required to be performed by either party, or both, and the failure of either party, or both, to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt of written notice from the complaining party to remedy said default.

B. *Termination by City.* The City shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The filing by Concessionaire of any voluntary petition in bankruptcy, or a petition seeking to reorganize, or the readjustment of its indebtedness under the Federal Bankruptcy laws or under any similar State Laws, or if Concessionaire shall make a general assignment for the benefit of creditors.

(2) The filing of an involuntary petition in bankruptcy against Concessionaire in which the appointment of a receiver, trustee or liquidator of the property of the Concessionaire is ordered by a court of competent jurisdiction, and such appointment is not vacated within thirty (30) days.

(3) The abandonment or discontinuance of operation by Concessionaire of the automobile rental service at the Airport for a period of sixty (60) consecutive days, or if Concessionaire shall abandon the premises demised to it in the Airport for a period of sixty (60) consecutive days.

(4) The failure of Concessionaire to pay the concession fees or proportionate minimum guarantee fees, or rent charges or other money payments required by this Agreement, and such failure shall not be remedied within thirty (30) days following receipt by Concessionaire of written demand from the City so to do.

C. *Waiver of Default.* No waiver of default of any of the promises, covenants or agreements to be performed, kept and observed by the parties under this Agreement shall be construed or act as a waiver of any subsequent default of any such promise, covenant or agreement.

D. *Termination by Concessionaire.* Concessionaire shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The issuance by any court of competent jurisdiction of an injunction, order or decree preventing or restraining or limiting in any substantial way the operation by Concessionaire of its automobile rental business at the Airport, or the use by Concessionaire of all or any substantial part of the demised premises, or preventing or restraining the use of the Airport or Airport facilities to such an extent as to interfere materially with Concessionaire's operations at the Airport which injunction, order or decree has remained in full force and effect for a period of ninety (90) consecutive days.

(2) The total or extensive destruction of fixed improvements placed upon the demised premises making it impractical or uneconomical to restore same to their previous condition. In any such case, the proceeds of insurance, if any, payable by reason of such loss shall be apportioned equitably between the City and Concessionaire, with the Concessionaire first receiving the unamortized balance of its costs for said fixed improvements. If the damage shall result from an insurable cause and shall be of such an extent that said fixed improvements can be restored to an acceptable condition within a reasonable time, the Concessionaire shall restore the same with reasonable promptness and shall be entitled to receive and apply the entire proceeds of any insurance covering said loss to said restoration, in which event this Agreement shall not be cancelled but shall continue in full force and effect, and in such case any excess of insurance proceeds over and above the cost of complete restoration thereof shall belong to Concessionaire.

E. *Curtailment of Airport and Motor Vehicle Use.* In the event all or a material portion of the Airport or Airport facilities shall be destroyed; or in the event that any agency or instrumentality of the United States Government or any State or Local Government shall occupy the Airport or a substantial portion thereof; or in the event of military mobilization, insurrection, labor disputes, massive civil disorders or public emergency wherein there shall be a curtailment of normal airline traffic at the Airport or the use of motor vehicles or airplanes by the general public, either by reason of executive decree or legislative action; or in the event there is a limitation of the supply of automobiles or automotive fuel, supplies or parts for general public use; and if the above and foregoing events shall result in material interference with Concessionaire's normal business operations or in a substantial diminution of Concessionaire's gross revenue from its automobile rental concession at the Airport, which shall continue for a period in excess of thirty (30) days, then, upon sixty (60) days advance written notice to the City, Concessionaire shall have the right to terminate this Agreement.

F. *Diminution of Airline Passenger Traffic.* If, during any year of this Agreement, the scheduled airline passenger traffic enplaning at Airports serving the Greater Chicago Area falls below thirty percent (30%) of the scheduled airline passengers enplaning at Airports serving the Greater Chicago Area for a period of any six (6) consecutive months, as compared to the immediately preceding six (6) consecutive months, Concessionaire shall have the right to terminate this Agreement by giving the City six (6) months advance written notice. For the purpose of this Article XVII, Section F only, the Greater Chicago Area shall mean that area having a radius of thirty-five (35) miles from the intersection of State and Madison Streets in the City of Chicago.

G. *Elimination of Service Area B.* In the event that Service Area B, hereinbefore demised under Article V, Section D(2), is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, and in the further event the Commissioner of Aviation is unable to provide a suitable substitute Airport site therefor as hereinbefore provided in Article V, Section D(2) (d), then, upon thirty (30) days advance written notice to the City from the date Concessionaire is so notified by the Commissioner of Aviation, Concessionaire shall have the right to terminate this Agreement.

H. *Amortization of Fixed Improvements.* Except as otherwise specifically herein provided, in the event this Agreement is terminated prior to the full term set forth in Article I, Section B hereof, City, within ninety (90) days after the effective date of said termination, will pay to Concessionaire the unamortized portion of Concessionaire's cost of the permanent structures and improvements constructed

and installed on the Airport pursuant to this agreement. Such amortization shall be computed on a straight line cost basis over the period from the completion of said improvements to the expiration date of the initial term hereof.

Article XVIII

National Emergency.

In the event of a national emergency, wherein there is a diminution of the use of motor vehicles by the general public or a limitation of the supply of gasoline for automotive fuel available for general use, either by executive decree or legislative action, then, and in that event, Concessionaire shall not be required to pay the minimum guarantees required under Article VI of this Agreement during the period such executive decree or legislative action shall remain in effect; however, Concessionaire shall pay to the City ten percent (10%) of its gross revenues during the period of said executive decree or legislative action.

Article XIX

Service Obligations.

A. *Utility Services.* Concessionaire, at its sole cost and expense, shall have the right to construct, install and maintain, or have constructed, installed and maintained, all necessary tap lines and facilities and to connect the same to water supply and sewerage lines, and to receive all said utilities and services, and such other utility services as it deems necessary; provided, however, that the City shall at its cost bring such utility services and lines to the edge of the demised premises, and further provided Concessionaire shall be responsible for securing or cause to have secured all necessary applications and permits and to pay all necessary application and permit fees occasioned thereby; provided further, however, that Concessionaire shall pay to the City or to the appropriate public utility companies the usual and customary charges occasioned by the continuing use of said services.

B. *Roadways.* Prior to the commencement of the leasehold term relating to Service Area B, City, at no expense to Concessionaire, agrees to install and construct, where necessary, and for the duration of the term of this Agreement to maintain and keep in repair and open to traffic, a road or roads suitable for vehicular traffic, connecting said demised premises with the Airport Terminal Buildings or connecting to a road or roads presently serving and continuing to serve the Airport Terminal Buildings. City grants to Concessionaire, its customers, employees and suppliers of materials and services, without the imposition of any additional charge, rent or fee therefor, the right to use such road or roads for the movement of their vehicles for the duration of the term of this Agreement. City shall also cause all necessary cuts to be made in the curbing installed or to be installed by City on "Old Mannheim" Road between the entrances and exits of said access road or roads to the demised premises, which shall be constructed by Concessionaire.

The following is said resolution as adopted:

RESOLUTION SETTING FORTH BENEFITS FOR CITY EMPLOYEES ESTABLISHED FOR 1972.

Be It Resolved, That the following provisions governing the administration of the Annual Appropriation Ordinance, be adopted:

REGULATIONS GOVERNING THE ADMINISTRATION OF CLASSIFIED POSITIONS SET FORTH IN THE ANNUAL APPROPRIATION ORDINANCE.

A. PURPOSE.

These regulations contain provisions governing compensation administration, benefits and working conditions for all classified positions under the jurisdiction of the Civil Service Commission in the departments and offices which are subject to control and regulation by and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago, and for all positions in the departments which are exempted from the jurisdiction of the Civil Service Commission but which are subject to the control and regulation by and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago.

B. ADOPTION AND DEFINITION.

1. Schedules A-1, A-2, A-3, A-4.

(a) The class grade for each class of positions as specified in Schedules A-1 and A-2 Civil Service Classified Positions adopted by the Civil Service Commission; and Schedule A-3 Law Department, and Schedule A-4 Board of Election Commissioners, as on file with the Civil Service Commission shall determine the salary applicable to all positions of the class.

(b) Schedule A-2 lists all positions included in the Technical Service category. The Civil Service Commission will maintain complete class specifications including minimum education and/or experience requirements for all positions in Schedule A-2. Before an employee may be appointed to a position in the Technical Service category, he must be recommended by the appointing authority and his education and/or experience must be approved by the Civil Service Commission and the Mayor's Office as meeting the minimum requirements of the class specification.

2. Class Grades and Entrance Rates.

Each class grade in Schedules B, D, E, G and S includes an entrance rate. The normal entrance rate shall be the rate so designated in the salary schedule for all salaried positions. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at the entrance rate. The entrance rates are set forth herein as Exhibit "A" and made a part hereof.

[Exhibit "A" printed on page 2430
of this Journal]

3. Salary Based upon Full-Time Employment.

The salaries prescribed in the salary schedules are fixed on the basis of full-time service for normal work weeks of 35 to 40 hours except as indicated otherwise for certain classes in Schedules A-1, A-2, A-3 and A-4 which are on file with the Civil Service Commission. For positions which are professional, supervisory and executive in character, the normal work weeks of 35 to 40 hours generally apply, but the compensation is intended to be appropriate for the class regardless of variations in the time that may be required to satisfactorily fulfill the responsibilities of the positions.

4. Computation of Salaries of Part-Time Employees.

A professional employee occupying a position in Schedule B, Class Grade 9, Schedule E, Class Grade E-1, Schedule S, Class Grade S-1 and Schedule G, Class Grade G-1 and above who is regularly employed on a continuing work schedule of less than 35 hours per week, shall be compensated on the following basis:

(PT-A)—Authorized part-time service at three-fourths full time-eighty percent (80%) of rates prescribed for full-time employment.

(PT-B)—Authorized part-time service at one-half full-time, fifty-five percent (55%) of rates prescribed for full-time employment.

(PT-C)—Authorized part-time service at one-fourth full-time, thirty percent (30%) of rates prescribed for full-time employment.

Any other employee who is employed on a part-time schedule shall be paid for hours actually worked at an appropriate hourly rate equivalent to the entrance salary rate of the position or the hourly rate set forth in the Annual Appropriation Ordinance or the number of hours set forth in the Annual Appropriation Ordinance.

5. Continuity of Service.

Service requirements for the purposes specified in this resolution shall have the implication of continuous service with the City of Chicago, including the positions which are exempt from the jurisdiction of the Civil Service Commission. This means continuously paid employment without a break or interruption; provided that any absence on leave without pay or layoffs for 30 days or less or absence in individual cases adjudged eligible for duty disability compensation or absence on military leave as set forth in Chapter 24½, paragraph 151 of the Illinois Revised Statutes, shall not affect the continuity of service. Absence from the City service on leave without pay for periods in excess of 30 days, all suspensions, time after layoffs for more than 30 days and all absences without leave shall be deducted in computing total continuous service. All separations, discharges and resignations not followed by reinstatement within one year shall interrupt continuous service and shall result in the loss of all prior service credit. Time on a civil service reinstatement list of more than one year, where at least one offer of re-employment has been made and waived or refused, shall interrupt continuous service and shall result in the loss of all prior service credit. Personnel who are paid by voucher shall receive no credit for continuity of service for the period they are paid by voucher.

Any employees of the City who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Land Clearance Commission, the Chicago Housing Authority, The Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, Board of Junior Colleges District 508 or the Chicago Transit Authority, shall have the right to have the period of such service credited for continuous service.

Seasonal employment of less than 120 calendar days in any year shall not be credited toward continuity of service.

Non-seasonal employees who work a minimum of eighty hours per month shall be credited with continuity of service for the time worked.

6. Insurance Coverage.

In providing for individual or family employee hospital and medical care insurance as set forth in the appropriation ordinance under code .042, each company that provides hospital and medical insurance coverage shall first be approved by the Mayor and the City Comptroller. The benefits provided for in policies to be issued by approved companies shall all be comparable in order that each employee will receive comparable benefits for the premium paid; and policy provisions and rates shall all be approved by the Mayor and the City Comptroller and the same shall be approved by the Corporation Counsel as to form and legality. The policy or policies shall be kept on file with the City Comptroller. Each insurance company shall report to the City Comptroller and the Committee on Finance of the City Council setting forth the number of employees insured, the name and amount expended on behalf of each employee or his beneficiaries and the number of claims pending together with the names of the claimants and the amounts claimed. Each company shall file said reports on or before the first day of August and the first day of February for the prior six months ending on June 30 and December 31.

The enrollment period shall commence on January 2nd and shall terminate on January 31st of each fiscal year, except for new employees who shall be eligible for coverage upon request. All employees shall have not less than 90 days accumulated employment with the City in order to be eligible for coverage. Changes in coverage within a group plan will only be made on the 1st of each month with the approval of the City Comptroller. Where more than one member of a family is employed by the City, only one family plan will be allowed.

C. APPLICATION AND INTERPRETATION OF EMPLOYEE BENEFITS.

(1) Starting Rate on Initial Employment.

Original appointments to any positions shall be made at the entrance rate prescribed herein for the applicable class grade. In exceptional cases, upon recommendation by the department head and by the Civil Service Commission, or in the cases of positions in the Law Department by the Corporation Counsel, or in the Board of Election Commissioners by the Chairman thereof, and upon the approval of the Budget Director and the Chairman of the Committee on Finance of the City Council, original appointment may be made at a rate above the normal entrance rate. Entrance above the normal entrance rate shall be based on the outstanding and unusual character of the applicants education, experience and training over and above the minimum qualifications specified for the class.

(2) Starting Rate on Return to Duty.

When an employee returns to duty in a position of the same class grade after a separation from the City service of not more than one calendar year, which separation was not due to discharge or resignation for cause, such employee shall receive the rate corresponding to the rate paid at the time of separation.

(3) Starting Rate Following Promotion.

When an employee is promoted from one position to a position in a higher class grade, such employee shall be paid at a rate that will provide an increase in salary of approximately five percent over the last salary paid, except that such employee shall be paid at least the entrance rate of the new position, even though this may produce an increase in excess of the aforementioned limitation. This action shall be effective on the first day of a pay period and shall not precede the date of receipt of the Personnel Action Report (CS14) at the Civil Service Commission.

(4) Starting Rate on Reclassification of Position.

In the event that a position is reclassified from one class of positions to another class of positions in the same class grade, the incumbent of such position when appointed to the new position by proper authority shall retain the salary he received in the former position.

In the event that the class grade for a class of positions is changed to a higher class grade by the appropriate authority, the incumbents of such position shall retain the rate of pay received in the former grade, provided that such employees shall be paid at least the entrance rate for the new grade.

In the event that the class grade for a class of positions is changed to a lower class grade by the appropriate authority, the incumbents of such positions shall retain the salary they received in the higher salary grade.

(5) Starting Rate on Appointment to a Position of a Lower Class Grade.

In the event that an employee is appointed to a position of a lower class grade than that of his former position, such employee shall be paid at an appropriate rate of pay as determined by the Budget Director and the Civil Service Commission.

(6) Limitation of Salary Adjustments.

Personnel actions which result in increases in pay by means of promotion or change of class grade or position shall be made as set forth herein provided that no employee shall receive the benefit of more than two such actions in any fiscal year, unless a supplemental action is recommended by the department head and is approved (a) by the President of the Civil Service Commission for positions under its jurisdiction, or (b) by the appointing authority for positions in the exempt offices, and (c) by the Budget Director and the Chairman of the Committee on Finance of the City Council.

(7) Accumulation of Service in One Class of Positions.

Whenever an employee accepts work of the same or of a higher level under a different class of positions and later returns to his former same or lower position, his term of employment under such different class of positions shall apply on and be added to his term of service in the same or lower level class upon his return to same, for the purpose of determining the appropriate rate of pay; provided his employment in the City service has been continuous as hereinbefore defined.

D. PREVAILING RATE POSITIONS.

A prevailing rate (PR) position is hereby defined as one for which the rate is established under acceptable evidence of the wage prevailing in industry. Such positions are usually craft, labor or trade positions.

In the event that the pay basis for a position is changed from a prevailing rate basis to a class grade, the incumbent shall receive the lowest rate that will not result in a decrease in salary.

In the event that an employee is appointed from a position paid on a prevailing rate basis to a classified position, such employee shall be given credit for the time served in the former position in determining the salary rate, provided that the duties performed in the new position shall be in the same line and character of work as the duties performed in the former position further that any increase in salary shall not exceed 5%, and provided further that the employee shall in no case receive less than the minimum rate of the new position.

E. LIMITATION OF AVAILABLE FUNDS.

All ordinary and special compensation provisions herein shall be effective only in the event sufficient funds for the respective positions have been appropriated and are available.

F. AUTOMOBILE ALLOWANCE.

Employees shall be reimbursed for the use of personally owned automobiles in the conduct of official City business according to the provisions of Section 7 of the Appropriation Ordinance.

An employee who is authorized and receives compensation for the use of his personally owned automobile in the conduct of city business shall provide proof of insurance coverage in an amount not less than $5,000 for property damage and $20,000 for personal injury and shall place on file with his department head a certificate of insurance showing the City of Chicago as an additional insured on his personal policy.

In determining actual mileage for which compensation will be paid, the mileage from the employee's place of assignment or home to his first work stop, whichever is shorter for the conduct of City business, and on return from his last work stop, the mileage to his place of assignment or home, whichever is shorter shall be included in his daily mileage report for automobile mileage compensation. The daily mileage report shall be on the form prescribed by the Budget Director and shall be kept on file by the Department head subject to audit by the Budget Director and the Committee on Finance of the City Council.

Thereafter, he will be granted two calendar weeks (10 working days) vacation leave in each calendar year. Each salaried or hourly rate employee who has served the City for ten years or more prior to July 1st shall be granted a vacation of three calendar weeks (15 working days) in each calendar year. Each salaried or hourly rate employee who has served the City twenty years or more prior to July 1st shall be granted a vacation of four calendar weeks (20 working days) in each calendar year. (b) Vacation is computed on the basis of time earned during the prior working year. No employee while on leave of absence or leave without pay status may earn vacation credit except where such leave was adjudged eligible for duty disability.

Vacation leave will be reduced in proportion to the length of leave (excluding leave of absence for duty disability) during the prior working year.

Any month in which the employee worked for at least 50% of the time shall be credited for purpose of computing vacation leave.

Vacation leave earned will be determined by dividing the number of months worked in the prior working year by twelve and then multiplying by the number of regular yearly vacation leave days based on service. Any fractions will be rounded off to the nearest whole number of days.

(c) Persons employed on a part-time basis shall be granted vacation with pay on the following basis:

Part-time service at three-fourths full-time, eighty percent (80%) of the vacation prescribed for full-time employment.

Part-time service at one-half full-time, fifty-five percent (55%) of the vacation prescribed for full-time employment.

Part-time service at one-fourth full-time, thirty percent (30%) of the vacation prescribed for full-time employment.

Anyone working less than twenty-five percent (25%) of the time is not eligible for vacation leave.

(d) Vacation leave may be carried over from the calendar year in which such vacation was due to the next calendar year upon the request of the Department Head and the approval of the Budget Director and the Civil Service Commission.

(e) Each employee who has been on duty disability whose time on such disability plus regular working time equals six months or more of service since the date as of which the latest previous vacation allowance was computed shall be granted vacation allowance as provided in paragraph (a) as if all time was working time.

(f) In the event the employee has not taken his vacation as provided herein by reasons of separation from service, other than by discharge for cause, he or in the event of death, his widow or estate, shall be entitled to receive his prevailing salary for such unused vacation period.

(g) In case of a holiday, as defined in Section G (1), is observed on any work day during a full week of an employee's regularly scheduled vacation, an additional day off with pay shall be allowed for each such holiday.

(h) The Department Head shall designate when the vacation shall be taken.

(i) Any employee of the City of Chicago who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Chicago Land Clearance Commission or the Forest Preserve District, or The Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, the Board of Junior Colleges District 508, or the Chicago Transit Authority, shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacation credit, provided that such service has been continuous as defined in this resolution.

Each salaried employee in a classified position under the jurisdiction of the Civil Service Commission or in a position in the exempt offices may be alloted for use, sick leave with pay for periods not exceeding twelve (12) working days in the aggregate during each calendar year, on account of sickness or related cause for absence which may be considered by the department head a sufficient and legitimate excuse for the employee's failure to be present and in attendance upon his duties; provided that the reason for the absence and the good faith of the employee in making the application for such leave shall be shown to the department head by such reasonable evidence as may be required by the Civil Service Commission or by the appointing authority in exempt offices. Each salaried employee appointed after January 1 of a calendar year, shall be allowed sick leave at the rate of one day for each month of employment.

4. Accumulation of Sick Leave Credit.

Sick leave credit earned by an employee in the City service subsequent to January 1, 1959, shall accrue to a maximum of one hundred and twenty (120) work days at the rate of 12 days per year less days of sick leave used by the employee. Such request shall be submitted in the appropriate form.

Extended sick leave shall be granted on the basis of calendar days and shall so be construed for payroll purposes.

LADIES AND GENTLEMEN—The Illinois Appellate Court has recently declared the Chicago Fair Housing Ordinance to be invalid by reason of the fact that prior legislative authority was lacking at the time of its passage by this Council in 1968.

For these reasons, I transmit herewith a new Fair Housing Ordinance and ask for your favorable consideration of the same at the earliest possible time.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersecting alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified streets shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadway(s) of said alley(s) shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s), the surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb line of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each proceeding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices.

The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screening and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140 degrees F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) per gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R. S. 2, page 640 of Illinois Standard Specifications for Road and Bridge Construction dated January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: The asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Course, Fine Dense Graded Aggregate Type

Passing ½ inch sieve	95-100%
Passing, ½ inch, retained on No. 4 sieve	45- 65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45.11p. 247 State Specifications)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6 Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches.

Immediately after the asphalt surface course shall be spread it shall be compacted thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all point have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

IV-2. POZZOLANIC BASE COURSE.

On the subgrade as formed and compacted shall be placed and compacted to the depth shown on the plans and as herein provided.

(a) The pozzolanic base course shall be constructed in layers not more than six (6) inches (compacted) in thickness. When the thickness specified is more than six (6) inches the base course shall be constructed in two (2) or more approximately equal layers. Each layer shall be deposited, full lane width, directly on the prepared subgrade or on the preceeding layer of compacted mixture with a mechanical spreader box of a type approved by the Engineer. Where the base must be constructed in more than one layer, the previous layer shall be maintained in a moistened condition until the succeeding layer is placed. After having been tested for density and approved by the Engineer, the previous layer shall be raked to a depth of one (1) inch and dampened with water immediately prior to placing the succeeding layer so that the layers are in it together. The second layer must be placed the same way as the first layer. The Engineer of the Board of Local Improvements shall determine when the base course shall be constructed in one or more lifts. When placed, the pozzolanic mixture shall be free from segregation and shall require minimum blanding and manipulation. Immediately after placing, the mixture shall be compacted with a pneumatic-tired roller, or with a vibratory compactor, or with a combination of the two. The base course, shall be given a final rolling with a three wheel or tandem roller. If the pozzolanic base is placed on gradual sub-base, the pozzolanic base shall be compacted to at least 100% of maximum density except that if more than one layer is required the first layer shall be compacted to 97% of maximum density and succeeding layers shall be compacted to 100% of maximum density.

(b) All pozzolanic mixture shall be placed and compacted the same day as it is mixed. The entire base course within the increment of work shall be completed within 24 hours.

(c) Except in specific cases, when otherwise permitted by the Engineer the pozzolanic base course mixture shall be placed between April 15 and October 15 and only when the temperature is 40° or more.

(d) The three wheel or tandem rollers shall weigh from 6 to 10 tons and shall weigh not less than 200 pounds nor more than 325 pounds per inch width of roller. The compression developed by the pneumatic tired roller shall be not less than 225 pounds per inch of tire width.

(d) Samples. The contractor, shall at his own expense, submit to the Engineer a minimum of 25 pounds of lime, 100 pounds of fly ash and 150 pounds of the course aggregate which he proposed for use in the pozzolanic mixture. The lime, when sampled, shall immediately be placed in a sealed container and shall be kept sealed. Samples shall be furnished at least 45 days prior to the construction of the pozzolanic base course. The samples submitted will be tested for acceptance of materials and also to determine whether or not they will produce a satifactory mixture; and will be used to determine preliminary proportions for the mixture composition.

IV-4 COMPOSITION OF MIXTURE.

(a) The lime, pozzolan and aggregate shall be proportioned within the following limits on a dry-weight basis:

	PERCENT BY WEIGHT OF TOTAL DRY MIXTURE	
Ingredient	*Gravel, Crushed Stone Crushed Slag or Aggregate Blend*	*Boiler Slag*
Lime	2- 5	2- 4
Pozzolan	8-16	15-30
Aggregate	79-90	56-78

(b) The actual proportions of lime, pozzolan, water and aggregate will be set by the Engineer before work begins and will be based on tests conducted on mixtures composed of samples of the constituent materials furnished by the Contractor. The right is reserved by the Engineer to make such changes in proportions during the progress of the work as he may consider necessary.

(c) The composition of the mixture shall be such that when molded into cylinders, cured and tested as stated in the following paragraph, each cylinder shall have a minimum compressive strength of 450 psi and a maximum weight loss of 14% after 12 cycles of freezing and thawing.

(d) Test cylinders shall be molded at the optimum moisture content and maximum density in accordance with AASHO Designation T 180, Method C, except that the 5 lift requirement is replaced with 3 lifts and no replacement of coarse aggregate (¾ inch sieve) is made. The molded specimens shall immediately be placed in an oven with forced air circulation for 7 days at 100° F. At the end of 7 days, the test cylinders for compressive strength testing shall be removed from the containers, allowed to cool to room temperature, soaked for four hours capped and broken for compressive strength within one hour of time of removal from water. The specimens to be tested for freeze-thaw resistance shall be cured in the same manner as the strength specimens without the 4 hour soaking period. After curing the specimens shall be subjected to 12 cycles of freezing and thawing in accordance with AASHO Designation: D 560, Section 5, 9 and 10 pertaining to specimen No. 2 (weight loss specimen).

IV-5 MIXING.

(a) The constituents of the mixture shall be accurately proportioned and thoroughly mixed in a mechanical mixer at a central mixing plant. The measuring devices for proportioning the mixer, either by volume or weight shall be of such accuracy that the proportions of the mixture based on total dry weight will be maintained within the following tolerances:

The contractor shall provide a platform scale and make arrangements for the use of a certified truck scale of sufficient capacity for calibration and periodic check tests of the feeders or measuring devices as needed during production.

(c) The mixer shall be capable of producing a uniform mixture. Mixing operations shall be continued until all ingredients are distributed evenly throughout the mixture and a uniform mixture, free of segregation, is obtained. The Engineer shall be the sole judge of the adequacy of mixing. The mixer shall be capable of discharging the mixture without undue segregation. The moisture content at the time of mixing shall be such that the moisture content at the time of compaction will be within 85 to 110 percent of the optimum moisture determined.

The cost of this material together with the cost of labor, equipment and other costs required in placing such materials shall be included in the unit price bid per square yard of pavement.

Upon the primed pozzolanic base course shall be placed 2 courses of asphalt concrete and shall meet the same requirements as previously stated.

SECTION VI.

VI-I. This item shall consist of a mixture of aggregate (crushed stone) and bituminous material, plant mixed and constructed on a prepared subgrade in accordance with the requirements of the Board of Local Improvements. The base course shall be laid according to the lines and grades as established by the Engineer. The thickness will be as shown on the standards or plans or as established by the Engineer.

VI-II. All materials shall conform to the requirements of the Standard Specifications for Road and Bridge construction, State of Illinois, adopted August 1, 1968 and the supplemental specifications in effect on the date of invitation for bids.

(a) The sources of supply shall be State approved. Satisfactory evidence shall be presented by the material supplier as to the ability of the source of supply to furnish the aggregate in proper quantity and meet the requirements as to grading and quality.

(b) Gradation of the aggregate shall meet the following requirements:

Passing 1″ sieve	100%
Passing ½″ sieve	60-100%
Passing No. 4 sieve	40- 65%
Passing No. 8 sieve	25- 55%
Passing No. 200 sieve	5- 15%

The Contractor may have the option of deviating from these requirements provided he receives the approval of the Engineer. The Contractor must notify the Engineer a sufficient time in advance of his operation.

(c) If approved by the Engineer, the material may be produced by blending aggregate from more than one source. The components of a blend need not be of the same kind of material. The method of blending must meet the approval of the Engineer. The sources of material and the blending proportions shall not be changed during the progress of the work without written permission from the Engineer.

(d) The bituminous materials used in the mixture shall be asphalt cements of 85-100, 100-120, or 120-150 Penetration grade. The same grade of bituminous material shall be used throughout the work. The Engineer reserves the right to specify the grade to be used. The percentage of residual bitumin shall be 3 to 6%. The Engineer may make such changes in proportions during the progress of the work as he may consider necessary.

(e) *Samples and Tests.*

A ½ gallon sample of the bituminous aggregate mixture for each 5,000 tons produced, shall be taken by the Engineer for extraction tests. A minimum of three samples shall be submitted. The sample shall be a composite sample taken from at least 5 trucks. A one-quart sample of the bituminous material being used shall be taken by the Engineer at the same time the bituminous aggregate mixture sample is taken. The sample shall be taken from the line leading to the asphalt bucket or pug mill spray bar or directly from the asphalt bucket or spray bar. Paving Asphalt shall be submitted in a one-quart friction top can.

(f) *Mixture Composition and Control Factors.* The Contractor, at his expense, shall submit a sample of 100 pounds of the aggregate to the Engineer which he proposes to use in the bituminous mixture. The sample shall be submitted at least three weeks prior to start of base construction. The aggregate sample shall be taken under the supervision of the Engineer.

At the time of submitting the sample, the Contractor shall state the source of the aggregate and the source and grade of the asphalt that he will use. The sample submitted to the Engineer when mixed with the designated grade of asphalt shall produce a satisfactory bituminous mixture that will have a strength of at least 100 pounds greater than the minimum requirements shown on the plans. If the material will not produce a satisfactory mixture meeting this requirement, the Contractor shall submit a material that will comply. If the aggregate furnished for design purposes contains some crushed material, the Contractor shall submit with the sample a statement giving the percentage of plus No. 4 material that is crushed. Throughout the improvement this percentage shall be maintained within a minus 5 percentage points of this amount.

(g) The mix to be used shall be prepared as required by the appropriate State specification.

(h) The Engineer may order any tests that he may deem necessary to insure the quality of the work.

VI-III. *Construction Procedure.*

(a) Transportation of Bituminous mixes shall be governed by Article 46.14 of the Standard State Specification.

(b) The subgrade shall be prepared as required in Section II of these specifications. The Contractor shall notify the Board of Local Improvements a sufficient time before laying the base course to allow for an inspection of the subgrade. The base course shall not be placed except in the presence of the Engineer or his representative.

(c) The base course shall be spread by an approved type asphalt spreading and finishing machine. The machine shall meet the requirements of Article 133.3 and its addendums of the State Specifications or it may be a type approved by the Engineer.

(d) The base course shall be constructed only when the temperature in the shade is at least 40 degrees F. In specific cases, the Engineer may order a waiver of this limitation.

(e) The base course mix shall be delivered at a temperature of 225 degrees to 325 degrees F.

(f) The base course may be constructed in one or more courses, the decision shall be made by the Engineer for each project.

(g) The base course shall be compacted with three wheel rollers or tamden rollers weighing from 6 to 12 tons and shall not weigh less than 200 pounds nor more than 400 pounds per inch of width of roller. Vibrating rollers will be permitted if approved by the Engineer.

(h) The first layer of the bituminous mixture shall be compacted to a density of not less than 90% of the theoretical density. Succeeding layers or where one layer is used shall be compacted to a density of not less than 90%. The theoretical density shall be computed from the saturated surface dry specific gravity of the aggregate, and the specific gravity of the asphalt at 77 degrees F., or it may be determined by the high pressure air meter. The density of each of the finished layers of bituminous mixes shall be obtained from specimens furnished by the Contractor. Specimens shall be cut by the Contractor from the finished layer with a core drill. The diameter of a specimen shall in no case be less than 3⅞ inches nor more than 4 inches. Four specimens shall be taken for each days run for each layer. When directed by the Engineer, additional specimens shall be taken, but the total number from one day's run shall not exceed 20. The Contractor shall remove the specimens at locations designated by and in the presence of the Engineer and transport them to a location designated by the Engineer. Extreme care shall be taken to avoid damage to the specimens. The holes caused by the removal of the specimens shall be refilled immediately with bituminous aggregate mixture meeting these specifications, compacted and finished to the satisfaction of the Engineer. The cost of the work required in taking and transporting the specimens and in refilling the holes caused by removal of the specimens shall not be paid for separately, but shall be included in the unit price bid per square yard for pavement.

(i) The stability of the completed base course shall be not less than 900 pounds as required by the State of Illinois.

(j) *Tolerance in Thickness.* It is the intent that the base course shall be constructed to the nominal thickness shown on the plans. Thickness determinations shall be made at such points as the Engineer may select. If thicknesses less than 95% of nominal thickness are encountered, the extent and depth of the deficient area shall be determined and Bituminous Mixture Base Course or Bituminous Concrete Surface Course shall be placed by the Contractor at his expense to bring the deficient area of the base to nominal thickness. If Bituminous Concrete Surface Course is used, it may be placed as part of the surfacing operation.

(k) On the finished base course shall be laid a bituminous concrete course of 1½ inches in thickness, the surface course shall be constructed in accordance with the requirements of Section IV-12 through IV-19 of these Specifications.

P.C.C. Sidewalk removal and replacement where necessary.

Concrete crosswalks shall be built according to the Standard City Code of the City of Chicago.

The Concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandoned are located at the intersections of said streets. Where existing catchbasins are to be abandoned, the outlet pipe connection from the catchbasin to the sewer shall be plugged and properly sealed and the corbel courses broken down and the catchbasin cleaned and filled with suitable material.

Additional masonry to be used where necessary.

Concrete Curb removal where necessary.

P.C.C. Driveways removal and replacement where necessary.

3. The City reserves the right at any time during the term of this contract to classify the size of sewage connections into the City of Chicago sewage system and to fix rates for each class of consumer. However, Hometown shall not pay an amount greater than any other person or municipality maintaining a sewage connection discharging into the City's sewage system as provided by ordinance and which size connection is of the same size connection as Hometown's.

7. The Railway Company reserves the right to connect to said sewer under the rules and regulations of the City.

8. The City shall assume and bear all cost of protection including watchmen, flagmen and protective devices which the Chief Engineer of the Railway Company may deem necessary to safeguard the continuous operations of trains, tracks, signals, telegraph and telephone wires and poles, and other facilities and fixtures of the Railway Company during the construction, reconstruction, repair, maintenance, operation and removal of the sewer and the City shall restore at its own risk and expense any property which may be disturbed during said work to the same conditions as near as may be as the same existed before the beginning of any work.

Whenever at any time during the term of this grant it is deemed necessary in the opinion of the Chief Engineer of the Railway Company to support the tracks, automatic signals, telegraph and telephone wires and poles or the property and structures, restore the grade of the same caused by settlement or subsidence, move or raise automatic signals, or raise telephone or telegraph wires and other property, and repair any damage to the same by reason of the construction, reconstruction, repair, maintenance, operation, existence or removal of the sewer, the Railway Company shall have the right to perform any work required in a reasonable and economical manner and furnish supervision therefor, and the City shall pay the entire cost thereof plus ten per cent (10%) of the cost of labor and fifteen per cent (15%) of the cost of material. The cost of labor shall include Social Security, both State and Federal, and Railroad Retirement taxes required under any Social Security or Railroad Retirement Act, and vacation with pay, fringe benefits, the cost of insurance when such can be shown to have been paid, the cost of watchmen, flagmen and the engineering and inspection service required in the field. The cost of materials shall be the actual cost of the same delivered at the site of the work. The rental cost of any large or special equipment, including work train, pile driver, derrick or other similar appliances used in said work shall be billed at the standard rate of rental fixed by the Railway Company for such equipment in the Chicago territory. The above percentages to be added shall cover the cost of superintendence, accounting, use of tools and small equipment and overhead expenses.

The City assumes and agrees to pay for all loss, damage, injury or death, including costs and expenses incident thereto caused to any person or to the property of any person by or during construction or installation of said sewer or by the maintenance, repair or renewal thereof, or by its presence or use upon the property of the Railway Company, or its removal therefrom, or caused by any defect in or failure of said sewer, and the City further assumes all loss and damage to said sewer even though operation by said Railway Company may have caused or contributed thereto, and the City shall forever indemnify the Railway Company, its agents, employees, lessees, licensees, successors or assigns and each of them against and save them harmless for all liability for any such loss, damage, injury or death.

In case any suit shall be brought against the Railway Company or either of them on account of any such loss, damage, injury or death, the City agrees at its own expense to assume the the defense thereof and to pay any and all judgments recovered against the Railway Company and each of them or costs incurred by them on account of any such suit, provided, however, that in case any suit be brought against the Railway Company or either of them for any such loss the Railway Company shall give notice in writing of such suit and of such service to the Mayor or City Clerk of the City of Chicago for the purpose of enabling such defense to be made by City.

the aforesaid sewer is a part. Upon the discontinuance of the use of the said sewer the City at its own cost, risk and expense shall remove the same from the property of the Railway Company subject to the approval of and satisfaction of the Chief Engineer of the Railway Company, and in the event of its failure so to do within a reasonable time the Railway Company may at their option remove the same at the cost and expense of the City, it being understood that all the terms and provisions of this agreement shall remain in effect until said sewer shall have been completely removed and the property of the Railway Company shall have been restored to the condition exisiting prior to the installation of said sewer.

14. The authority hereby granted to City is not transferable.

In Witness Whereof, as of the day and year first above written, the parties hereto have caused these presents to be executed in triplicate by their duly authorized officers and to be duly attested and their corporate seals to be hereunto affixed.

Support Urged for Proposal for Issuance of Commemorative Stamp Depicting George Washington, Robert Morris and Haym Salomon Monument.

A proposed resolution reading as follows:

WHEREAS, The Senate of the State of Illinois on November 4, 1971 adopted Senate Resolution No. 255 (77th General Assembly), requesting our State's Congressional and Senatorial delegation in Washington to lend their full cooperation and support in urging the U.S. Postal Service to issue a commemorative postage stamp depicting the George Washington, Robert Morris, Haym Salomon Monument, a copy of the Senate Resolution being sent to every member of the delegation; and

WHEREAS, The heroic monument in bronze and marble, standing in Heald Square in Chicago, the last work of the internationally known and renowned sculptor, Lorado Taft, symbolizes the historic fact carved on the base of the monument that:

> "The government of the United States which gives to bigotry no sanction, to persecution no assistance, requires only that they who live under its protection should demean themselves as good citizens, in giving it on all occasions their effectual support.";

and

WHEREAS, It is essential, especially in these disquieting times that this truth be constantly reiterated so that every American will understand that:

1. people of all origins and creeds participated in the building of the United States from the beginning; and
2. civilians as well as military men played important roles in the American Revolution;

and

WHEREAS, As Senate Resolution No. 255 states: "..one way for the patriotic message of this monument to be widely projected would be, as has been suggested, for the United States Postal Service, in accord with many excellent precedents, to issue a postage stamp with the George Washington, Robert Morris, Haym Salomon Monument as its subject.."

and the Senate Resolution further stating:

> "Whereas, a postage stamp depicting this monument may be expected to cause the people of America to ponder the truths symbolized by the monument with consequent strengthening of ideals that contribute to the flourishing of our American democracy.";

and

WHEREAS, The City Council of the City of Chicago firmly believes that the action of the Senate of Illinois in urging the issuance of such a commemorative stamp is most salutary and warrants the concerted effort not only of the members of the General Assembly of Illinois and the Illinois Congressional delegation in Washington, but every American, regardless of creed or ethnic origin, in that the issuance of such a stamp would compel millions of Americans to better understand the true greatness and unrivaled strength of our country; now, therefore,

Be It Resolved, That the City Council of the City of Chicago emphatically support the proposal for the issuance of a commemorative stamp pictoralizing the monument and its American message; and

Be It Further Resolved, That a copy of this resolution be sent to the Postmaster General of the United States Postal Service and to each member of the Illinois delegation in Congress, requesting and urging that such a proposed commemorative stamp be issued, if possible in commemoration of the formal ceremony on July 3, 1775, when George Washington assumed command of the Continental troops for directing the American War for Independence.

United States Steel Corp. Commended and Award Urged for Its Cultural and Artistic Presentations on Radio and Television.

A proposed resolution reading as follows:

> WHEREAS, In the last two years, the Midwest office of United States Steel Corporation, which represents the largest steel producing region in the nation, has used its radio and television advertising to further cultural and community activities in Chicago. In previous years, U.S. Steel's interests in this field have been national in scope, beginning with a long-time sponsorship of the Theatre Guild on the Air on radio, followed by the United States Steel Hour, produced by the Theatre Guild, on television. After a hiatus of several years, United States Steel again began use of television and radio, but on a decentralized basis, sponsoring not only local news shows but also programs of cultural interest to the community.
>
> WHEREAS, One of the outstanding broadcasts with the inception of this new policy was a TV concert by the Chicago Chamber Orchestra honoring the 200th anniversary of Beethoven's birthday. In addition to sponsoring the program, United States Steel worked with the Women's Board of the Chicago Chamber Orchestra in staging in its South Works a preview press luncheon announcing the program, and in cooperation with CBS-Chicago a reception for civic dignitaries, cultural leaders, and press, at which the concert was screened in advance of showing on WBBM-TV.
>
> WHEREAS, Other types of public interest broadcasts which have been sponsored by U.S. Steel in the Midwest include a program on WMAQ-TV, entitled "From Genesis to Jones", describing black history in Illinois. This program was presented as a contribution to better understanding of the Negroes' place in the development of Illinois and its largest city, Chicago. It was televised May 7, 1971.
>
> WHEREAS, Two other public service television programs were sponsored during 1971. One of these, "Not the Giant.. Nor the Dwarf", won an Emmy from the Chicago Academy of Arts and Sciences. This was presented without commercial messages as a public service to give viewers an intimate look at the rehabilitation of drug addicts at Chicago's Gateway House. Another effort was a Los Angeles broadcast which U.S. Steel decided to

sponsor in Chicago over WMAQ-TV on June 23, 1971, called "How We Govern Ourselves in the 70's". It presented the events that shaped the government constitution and those which continue to affect it as seen through the eyes of Benjamin Franklin and Thomas Jefferson.

WHEREAS, Edward C. Logelin, Midwest Vice President of United States Steel, who was active in the sponsorship of these programs, also has taken on the position of President of the New Chicago Foundation, which publishes the bimonthly magazine "Chicago" to present locally and nationally a cross section of Chicago's cultural and economic achievements. This magazine is sponsored by the Mayor's Committee for Cultural and Economic Development.

WHEREAS, In addition to these activities, United States Steel Foundation has been identified for many years with support to the city's cultural activities. The Foundation has contributed annually to the Chicago Symphony, Lyric Opera of Chicago, the Field Museum, and the Art Institute of Chicago. In 1971 the Foundation made a special grant of $5,000 to aid in the capital improvement of the Lincoln Park Zoo, which serves thousands of inner city children. All of these activities are carried on in the belief that any efforts to improve the quality of life for all communities in which United States Steel has operations are part of its discharge of its social responsibility and also are an economic benefit to the community and the Corporation; now, therefore, Be It

Resolved, That we, the members of the City Council of the City of Chicago, hereby commend that the United States Steel Corporation for its interest in providing a public service to all the people in the City of Chicago for their presentation of the television special on Ludwig von Beethoven, and other cultural and artistic presentations through the years; and urge the selection of this outstanding representative of our Business community as the recipient of the "Business In The Arts" National Award jointly sponsored by the Associated Council of the Arts and Esquire Magazine.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute on behalf of the City of Chicago an Agreement with Avis Rent-A-Car System, Inc. providing for automobile rental services at Chicago-O'Hare International Airport, said Agreement to be in the following form:

Airport Concession Agreement between City of Chicago, a Municipal Corporation, and Avis Rent-A-Car System, Inc., a Delaware Corporation.

This Agreement made this.............day of............., A.D. 1972 between the City of Chicago, a Municipal Corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Avis Rent-A-Car System, Inc., a Delaware corporation (sometimes hereinafter referred to as "Concessionaire").

WITNESSETH:

Whereas, City owns, controls and operates the Chicago-O'Hare International Airport (sometimes hereinafter referred to as "Airport"), situated in the Counties of Cook and DuPage, in the State of Illinois, and possesses the power and authority to grant certain rights and privileges with respect thereto, including those hereinafter set forth; and

Whereas, Automobile rental services at the Airport are an integral part of the necessary accommodations for ground transportation provided for passengers arriving at and departing from the Airport in the promotion and development of air commerce and air transportation; and

Whereas, Concessionaire desires to make said automobile rental services available at the Airport and is qualified and has the capacity for performing said services and to equip said facilities for use in connection therewith and further desires to lease certain space, and to obtain certain rights and privileges with respect to the operation of a rent-a-car service at said Airport, upon the terms and conditions hereinafter provided.

Now, Therefore, for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to Concessionaire the rights and privileges hereinafter described; Concessionaire agrees to assume the duties, responsibilities, and obligations as hereinafter set forth; and the parties hereto, for themselves, their successors and assigns, agree as follows:

Article I

Contents of Agreement; Term.

A. This Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

B. The term of this Agreement shall be for a period of twenty (20) years beginning on the ....day of..........................., 1972 and ending on the..................day of..........................., 1992, unless said term shall be sooner terminated pursuant to provisions hereinafter set forth; provided, however, that at each five (5) year interval from the effective date of this Agreement, City may, upon review of all the circumstances affecting the Airport and Concessionaire's operations therein, direct that the terms and conditions of compensation set forth in Article VI of this Agreement be renegotiated (except those rental commitments contained in paragraph E, subparagraphs (1), (2), (3), and (4) of said Article VI), and upon written notice to Concessionaire of said determination, Concessionaire shall negotiate in good faith with City's representatives as to all said terms and conditions therein contained. In the event said terms and conditions are not renegotiated in good faith to the satisfaction of City within six (6) months after said notice to renegotiate has been received by Concessionaire, the contract term of this Agreement shall be terminated, to take effect twelve (12) months after said notice to renegotiate was received by Concessionaire.

Article II

Definition of Terms.

A. "Commissioner of Aviation" means the head of the Department of Aviation of the City of Chicago, having management and control of the design, operation and maintenance of all airports owned or operated by the City.

B. "Commissioner of Public Works" means the head of the Department of Public Works of the City of Chicago, having management and control of all public places and property of the City of Chicago, as more specifically set forth within the Municipal Code of Chicago.

C. "Concessionaire" means any natural person, partnership, corporation, company or other legal entity, who or which owns, controls, manages and engages in the business of automobile rental services upon the Airport pursuant to a written agreement between such Concessionaire and the City.

D. "Gross Receipts" means time and mileage charges paid or payable to Concessionaire for rental of automobiles at the Airport by Concessionaire herein, whether received by cash or by credit, regardless of when, where or through whom the order therefor is received including all revenue derived by Concessionaire of any type arising out of or in connection with Concessionaire's operation at the Airport and for exchanges whereby an automobile delivered to a customer at the Airport is exchanged for another automobile within a radius of thirty miles from said Airport. "Gross Receipts", however, shall not include any federal, state, or municipal sales or other similar taxes which are separately stated and collected from customers of Concessionaire now or hereafter levied or imposed; nor sums received as insurance proceeds or otherwise for damages to automobiles or other property of Concessionaire, except as hereinafter provided, or for loss, conversion or abandonment of such automobile; nor any sums received from customers of Concessionaire separately billed as additional charges for the waiver by Concessionaire of its rights to recover damages sustained by the rented vehicle from its customers; nor any sums received from customers of Concessionaire as inter-city service fees.

Article III

Except with respect to its wholly owned subsidiary or its parent corporation, Radio Corporation of America, a Delaware corporation, Concessionaire shall not assign, sublet or transfer this Agreement, nor any of the rights of privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner of Aviation after authorization for said approval shall have been obtained by action of the City Council of the City of Chicago.

Concessionaire shall give written notice of its intention to assign, sublet or transfer its rights and privileges hereunder, by registered mail, to the City Council, the Corporation Counsel and Commissioner of Aviation. Approval or disapproval of said assignment, sublease or transfer shall not be unreasonably withheld by the City Council or Commissioner of Aviation and approval shall be inferred if the City Council and the Commissioner of Aviation do not act within ninety (90) days after receipt of said notice from Concessionaire.

If Concessionaire is a partnership or corporation or legal entity other than a natural person, any change in control of said entity during the term hereof shall be deemed a transfer for the purposes of this Agreement, subject to the foregoing provisions. In the event Concessionaire fails to secure express or implied approval of said assignment, sublease or transfer, as provided herein, the City may, at its option, determine and declare such change as a breach of this Agreement and take immediate possession of the demised premises and facility hereinafter described; however, said option may not be exercised unreasonably by the City nor without good and sufficient cause. It is understood and agreed by and between the City and Concessionaire that nothing contained in this agreement is intended or shall be construed as in any way creating or establishing or maintaining the relationship of agency, co-partnership or joint venturers between the parties hereto.

Article IV

Operating Rights.

The City grants to Concessionaire a non-exclusive privilege, in common with others that the City may from time to time authorize, to operate a rent-a-car business on, upon and from the Airport, and for no other purpose whatsoever; provided, however, that the City will not grant to any other individual, firm or corporation, a privilege to conduct a rent-a-car business on, upon and from the Airport under terms more favorable to such other individual, firm or corporation than those contained herein, including the minimum guaranty, percentage fee, space rental rate and performance bond requirements, or more favorable counter space locations. The City represents that it has not heretofore granted to any other individual, firm, or corporation a privilege to conduct a rent-a-car business on, upon and from the Airport.

(a) to continue to lease and occupy the counter areas in Terminal Building 1, if any, and in Terminal Buildings 2 and 3; or

(b) to elect instead to occupy counter areas of a size not less than one of the counter areas in Terminal Buildings 1, 2 and 3, and not more than that of four of its counter areas in Terminal Buildings 1, 2 and 3, at the same rate per unit of counter area, on the ground level of said parking structure with the specific size and location of such counter areas to be determined by the Commissioner of Aviation; or

(c) to elect to exercise options (a) and (b) above together.

(d) to elect, at a later time, to cancel its leasehold rights and privileges within Terminal Buildings 1, 2 and 3, and/or in the new parking structure; provided, however, that if Concessionaire relinquishes counter space in Terminal Buildings 1, 2 and 3, and/or the new parking structure, Concessionaire will provide such substitute facility as may be required by and as is in consonance with technological change or changes in the operation of the rent-a-car service in said Terminal Buildings and/or parking structure. The adequacy or sufficiency of said substitute facility shall be determined by the Commissioner of Aviation; provided, further, however, that should Concessionaire wish to effect such cancellations under subparagraphs (c) or (d) hereinabove set forth, Concessionaire shall give no less than sixty (60) days advance written notice to the Commissioner of Aviation of its intention so to do.

(4) *Relocation and Modification of Counter Space.* If at any time during the term of this Agreement, modification or expansion of said Terminal Buildings makes it necessary, in the sole judgment of the Commissioner of Aviation, to relocate the above-described counter areas, said Commissioner may, upon ninety (90) days advance written notice to Concessionaire, direct Concessionaire to relocate or rebuild such counter areas at substitute Terminal Building locations of comparable size as allocated by the Commissioner of Aviation, at the sole cost and expense of City and the same must be constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works. If, at any time during the term of this Agreement, Concessionaire desires to relocate, improve or modify existing counter facilities that it presently occupies in Terminal Buildings 2 and 3, or, if Concessionaire shall seek to install a counter or other improvements in Terminal Building 1, such improvements or modifications shall be at the sole cost and expense of Concessionaire and must be located and constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works.

B. *Ready and Return Automobile Parking Areas.*

(1) *Temporary Parking Areas.* Concessionaire shall have the right and privilege, in common with any other Airport rent-a-car concessionaires, to occupy ready and return automobile parking areas as are described in Exhibit "B" attached hereto and made a part hereof, for the purpose of parking cars ready for rental and for the return of cars to the Airport upon the completion of rental, subject to such rules, regulations and limitations as may be imposed by the Commissioner of Aviation, who shall designate from time to time the number and location of parking spaces within the aforesaid ready and return automobile parking areas which Concessionaire and other rent-a-car concessionaires shall be entitled to use. The allocation of such spaces shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. Such ready and return automobile parking areas shall be subject to limitations which may be imposed by Airport construction or operational requirements. Said limitations shall be only to the extent reasonably necessary, and every effort will be made to minimize the time and extent of any interference with the normal rent-a-car operation in these particular areas. The above-described ready and return automobile parking areas shall be vacated at such time or times as the Commissioner of Aviation shall designate, upon ninety (90) days advance written notice to the Concessionaire. Said authority in the Commissioner of Aviation to order the vacating of the ready and return automobile parking areas shall be contingent upon substitute areas of reasonably comparable size and location being made available. Concessionaire shall have the right, upon ninety (90) days advance written notice to the Commissioner of Aviation, to vacate such ready and return automobile parking areas as they shall designate and at the end of said period shall surrender such areas to the City.

[Exhibit "B" printed on page 2549 of this Journal]

(2) *Permanent Parking Areas.* Commencing upon the date when the new parking structure to be erected in the Airport public parking lot is completed and ready for use by the general public, the City shall provide therein 650 parking spaces at the ground level of such parking structure for the use of Concessionaire in common with any other Airport rent-a-car concessionaires, said location being shown in Exhibit "C" attached hereto and made a part hereof. It is understood and agreed that the Commissioner of Aviation shall annually designate the location and specific number of the said parking spaces within the aforesaid parking structure which the Concessionaire and each of the other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said ground level parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the ground level parking spaces otherwise allocable to other Airport rent-a-car concessionaires in common.

[Exhibit "C" printed on page 2550 of this Journal]

(3) *Additional Parking Areas.* The City shall provide an additional 650 spaces for use of Concessionaire in common with any other Airport rent-a-car concessionaire within the Airport terminal

area parking lot (see Exhibit "C"), as may be mutually agreed upon between the Commissioner of Aviation and the Airport rent-a-car concessionaires. It is understood and agreed with respect to such additional parking spaces that the Commissioner of Aviation shall designate from time to time the location and specific number of the parking spaces within the aforesaid parking lot which Concessionaire and other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said additional parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the additional parking spaces otherwise allocable to the Airport rent-a-car concessionaires in common.

C. *Terminal Area Automobile Service Facility.* Concessionaire shall have the right and privilege but not the obligation to construct at its sole cost and expense a Terminal Area Automobile Service Facility for use as a rapid turn-around car wash and refueling establishment. Said car wash and refueling facility shall be located in the new parking structure provided for in Article V, Section B(2) of this Agreement in such location as may be designated by the Commissioner of Aviation within the area shown on Exhibit "C" attached hereto and made a part hereof. Such space as may be occupied by Concessionaire for the construction and operation of said Terminal Area Automobile Service Facility shall be subtracted or deleted from the allocation of parking spaces to be set aside for Concessionaire, within the new parking structure as set forth in Article V, Section B(2) of this Agreement. At no time shall Concessionaire permit the use of said Terminal Area Automobile Service Facility by automobiles or other vehicles owned or operated by members of the general public (other than Concessionaire's rental vehicles) either for the purpose of washing or refueling. The plans and specifications for such Terminal Area Automobile Service Facility shall be submitted for approval by the Commissioner of Aviation and the Commissioner of Public Works and said facility shall be constructed in accordance with said plans and specifications so approved. Title to all fixed improvements erected or installed by Concessionaire in or upon said premises shall vest in the City upon completion of said facility, including all appurtenances and property of every kind and nature; provided, however, that trade fixtures which are attached thereto, as defined in Article V, Section D(2) (c), may be removed upon termination of this Agreement under the conditions therein set forth.

D. *Outer Area Automobile Service Facility.* Concessionaire shall have the right and privilege to construct and maintain an Outer Area Automobile Service Facility consisting of the areas set forth in the following subparagraphs.

(1) *Temporary Automobile Service Area "A".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 52,027.40 square feet as described more particularly on Exhibit "D" attached hereto and made a part hereof. Anything herein to the contrary notwithstanding, it is understood and agreed that Concessionaire shall vacate said Service Area "A" within ten (10) days following the issuance of a Certificate of Completion by the Commissioner of Public Works authorizing the use of the permanent service building and improvements to be erected and installed by Concessionaire within Service Area "B" for which provision is hereinafter made, and rental with respect to Service Area "A" shall thereupon terminate.

[Exhibit "D" printed on page 2552 of this Journal]

(2) *Permanent Service Area "B".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 348,480 square feet as described more particularly on Exhibit "E" attached hereto and made a part hereof.

[Exhibit "E" printed on page 2553 of this Journal]

(a) *Buildings, Structures and Improvements.* Concessionaire shall at its own cost and expense erect and install within said Service Area "B" buildings, structures and improvements for its use in maintenance, servicing, parking and storage of its vehicles and said structures and improvements shall include, but are not limited to, fencing, lighting, paving, underground fuel tanks and gas pumps; provided, however, that no construction or improvement shall be commenced until plans and specifications for construction have been approved by the Commissioner of Aviation and the Commissioner of Public Works. Concessionaire shall promptly secure all necessary permits and licenses therefor as required by the Municipal Code of Chicago at its own cost and expense. Plans and specifications for said buildings, structures and improvements shall be submitted by Concessionaire to said Commissioners within six (6) months after the effective date of this Agreement, and construction shall commence within sixty (60) days following said approval and the issuance of all necessary permits and licenses with a completion date thereof to be no later than eighteen (18) months after construction begins; provided, however, that if construction is delayed at any time in the progress of the work by an Act of God, or by strikes, lockouts, fire, unusual delays in transportation or by circumstances caused by a National Emergency, or by war, or other circumstances beyond the control of Concessionaire then the time for completion shall be extended for such reasonable period as the Commissioner of Public Works may determine. No such extension shall be made for delay in the absence of written notice by Concessionaire to the Commissioner of Public Works within thirty (30) days after the cause of said delay has occurred.

Concessionaire covenants and agrees to spend a minimum of One Million Dollars ($1,000,000.00) in the construction of said buildings, structures and improvements, including architects' and engineers' fees, costs of plans and specifications and other costs incidental to said construction and installation.

(b) *Regulation of Construction.* During the period of construction of any building, structure or other improvements, all construction work, workmanship, materials and installation involved or incidental thereto shall be subject at all times to inspection by the City. Concessionaire shall give or cause to be given to the Commissioner of Aviation and the Commissioner of Public Works advance notice in writing before any new work is commenced and shall provide and shall cause its contractors and subcontractors to provide reasonable and necessary facilities for inspection. Concessionaire shall pay reasonable costs for review of plans and specifications, for inspections, and for other related engineering services performed by the City, upon being billed therefor by the City. Concessionaire shall cause all construction work, workmanship, materials and installation to be in full compliance with its plans and specifications and with applicable provisions of the Municipal Code of Chicago.

(c) *Title to Fixed Improvements.* Title to all fixed improvements erected or installed by Concessionaire in or upon the demised premises shall vest in the City upon completion of building, structure and other improvement constructions, including all buildings and other structures erected upon the premises, all fencing, all grading and surfacing with stone and hardtop, all underground and overhead wires, cables, pipes, conduits, tanks and drains, and all property of every kind and nature; provided, however, that trade fixtures which are attached to any building or structure or to the premises and which may be removed without material damage to the property, building or structure to which they may be attached may be removed. Trade fixtures shall include, but are not necessarily limited to, signs, electrical or otherwise, used to advertise Concessionaire's business in and about the demised premises; machinery and equipment used in connection with the servicing of its vehicles in or about the demised premises and such lifts, hoists, compressors or other mechanical devices used to service vehicles which are not imbedded or permanently annexed to the realty, structure or building; and such other miscellaneous equipment as is not imbedded or permanently annexed to the realty, structure or building. Concessionaire may install, maintain, operate, repair and replace such trade fixtures and other personal property useful from time to time in connection with its operations in the Airport, which shall be and remain the property of Concessionaire and which may be removed by it prior to or within a reasonable time after the expiration or termination of this Agreement; provided, further, however, that Concessionaire shall repair any damage to the premises caused by such removal.

(d) *Removal of Service Area "B".* In the event that Service Area "B" herein demised is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, the Commissioner of Aviation upon one hundred eighty (180) days advance written notice may direct the Concessionaire to vacate Service Area "B". In such case, the City will pay to Concessionaire within ninety (90) days after Concessionaire's removal therefrom the unamortized portion of the cost of the fixed improvements constructed and installed within said Service Area "B", as described in Article V, Section D(2)(a), including architects' and engineers' fees, cost of plans and specifications and other costs incidental to such construction and installation; provided, that said amortization shall be computed upon a straight-line basis without interest covering the period from the completion date of said improvements to the expiration date of this lease; provided, further, that the Commissioner of Aviation will offer to the Concessionaire a suitable substitute site at the same unit rate if, and to the extent that, the Commissioner of Aviation in his sole judgment determines such area to be available.

(e) *Cost of Fixed Improvements.* Concessionaire shall furnish to the Commissioner of Public Works an itemized statement, certified by an authorized officer of the Concessionaire, showing the total cost of the fixed improvements, as described in Article V, Section D(2)(a), installed and established upon and in Service Area "B", including architects' and engineers' fees, cost of plans and specifications and other costs incidental to said construction and installation, within sixty (60) days after the completion of the construction thereof, and shall, if requested by the Commissioner of Public Works, produce copies of all invoices and other records in connection therewith. The Commissioner of Public Works shall review the material and notify the Concessionaire in writing within sixty (60) days after its receipt whether said itemized statement and supporting invoices or other records meet with his approval, or not, and, in the latter event, in what respect it is deficient; provided, however, that said statement shall constitute prima facie evidence of the cost shown therein unless disputed in writing by the City within sixty (60) days following receipt thereof. Upon approval by the Commissioner of Public Works, said costs shall constitute the basis for the amortization contemplated in Article XVII, Section H; provided, however, that said statement shall be deemed approved in the event the Commissioner of Public Works shall not so notify Concessionaire within such sixty (60) day period. The books and records of the Concessionaire shall be subject to examination and audit by the Commissioner of Public Works to verify such costs.

(f) *Expansion Areas.* It is understood and agreed by and between the parties that if at any time during the term of this Agreement such land which has been designated as "Expansion Areas 5 or 8", as the same are more particularly described and set forth on Exhibit "E" attached hereto and made a part hereof, becomes desirable for other Airport uses, then the City shall give Concessionaire the right of first refusal; acceptance of the rental thereof shall be given in writing to the Commissioner of Aviation by the Concessionaire within thirty (30) days following receipt of said notice stating that Concessionaire is desirous of leasing such expansion area or areas and, in such event, this Agreement shall be amended to include such area or areas within the demised premises hereunder upon the same terms and conditions herein set forth. If Concessionaire shall fail to file a written acceptance of said expansion area or areas within said thirty (30) day period, the City may lease said property to others. In the event said rental is for rent-a-car purposes, rental charges shall be upon the same terms and conditions as those offered to Concessionaire.

Article VI

Concession Fees; Minimum Guarantee; and Rental Commitment.

Concessionaire agrees to pay the City for the privileges and authority hereinabove described and set forth under the terms and conditions contained in this Article.

A. *Concession Fees and Minimum Guarantee.* Concessionaire agrees to compensate the City for the privileges and authority to operate its rent-a-car business on, upon and from the Airport in an amount equal to either (1) ten percent (10%) of Concessionaire's gross receipts as defined in Article II, Section D of this Agreement, or (2) an annual minimum guarantee as hereinafter set forth in this Article VI, Section A, whichever amount is greater, for each contract year. The contract year of this Agreement shall commence on the first day of the month following the execution of this Agreement and shall end on the last day of the month of .... in each year. The first contract year shall commence on the .... day of ...., 1972. The minimum guarantee for said first contract year shall be One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00).

B. *Adjustment of Concession Fee.* If after the end of the fifth year of this Agreement, and upon each five-year anniversary thereof, the effective percentage of gross receipts paid by the Airport rent-a-car concessionaires as a concession fee at the ten (10) United States Airports with the greatest number of passengers carried by scheduled air carriers averages more than the average concession fee at the said airports on the date of execution of this Agreement, then the percentage fee of this Agreement may be adjusted upward in the discretion of the Commissioner of Aviation to a percentage which bears the same ratio to the ten percent (10%) percentage fee provided herein as such increased average concession fee bears to the average concession fee prevailing on the date of execution of this Agreement.

C. *Adjustment of Minimum Guarantee.* The minimum guarantee for the second and each subsequent contract year shall be adjusted in direct proportion to the percentage increase or decrease, as the case may be, in the aggregate amount of fees paid to the City by all Airport rent-a-car concessionaires on account of the Airport rentals made during the immediate preceding contract year, compared with such aggregate fees paid on account of Airport rentals made during the twelve (12) month period prior to such preceding contract year; provided, however, that in no event shall the minimum guarantee for any contract year be less than One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00). The annual minimum guarantee for any contract year shall be prorated when this Agreement is not in effect during the full year because of the commencement or termination of this Agreement during such year, or because of the application of Articles I, III, VII or VIII hereof.

D. *Date of Payments of Concession Fees or Minimum Guarantee.*

Payments of amounts due from Concessionaire of concession fees or minimum guarantee under this Article VI shall be on a monthly basis and shall be paid on or before the 20th day of the month succeeding each and every calendar month of the term or portion hereof, for its operation of the preceding month. Said monthly payments are to be in those amounts which (a) will bring to the City total payments for that part of the contract year ending with the last day of the month for which payment is being made of either ten percent (10%) of gross receipts for the contract year to such date, or (b) the proportionate part of the annual guarantee which is allocable to the part of the year which has elapsed by such date, whichever amount is higher. Each monthly payment shall be accompanied by a report to the City, in duplicate, showing Concessionaire's gross receipts for said month and cumulative gross receipts for the contract year to and including said month. All payments and reports of receipts hereunder shall be made to the Office of the Comptroller of the City of Chicago, with a copy of each report to be sent to the Commissioner of Aviation.

E. *Rental Commitment.* Concessionaire agrees to compensate the City for the premises demised herein certain rent payable in advance, in monthly installments, on the first day of each month or a portion thereof, during the term of this Agreement, as follows:

(1) As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Three Hundred Forty-eight Dollars and Eighty-three cents ($348.83) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement.

(2) As rental for ready and return automobile parking spaces, with respect to permanent parking areas and additional parking areas, hereinabove described in Article V, Sections B(2) and (3), Concessionaire shall pay to the City the sum of Thirteen Dollars ($13.00) per month for each individual automobile parking space, which sum shall be in addition to all other sums provided in this Agreement.

(3) As rental for Service Area A hereinabove described in Article V, Section D(1), Concessionaire shall pay to the City the sum of Four Hundred Thirty-three Dollars and Fifty-six cents ($433.56) per month, predicated on an annual rental rate of Ten Cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement.

(4) As rental for Service Area B hereinabove described in Article V, Section D(2), Concessionaire shall pay to the City the sum of Two Thousand Nine Hundred and Four Dollars ($2,904.00) per month, predicated on an annual rental rate of Ten cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement; provided, however, that the rental commitment set forth in this Section D(4) shall commence on the date upon which a Certificate of Completion has been issued authorizing the use of the service building and other improvements erected or installed by Concessionaire upon Service Area B, or on that date which is eighteen (18) months (plus any authorized extensions) after the commencement of construction, which ever date shall first occur.

(5) All rental payments hereunder shall be made to the City at the Office of the Comptroller of the City of Chicago.

F. *Books, Records and Audits.* Concessionaire shall maintain at its office at.................................., Illinois, its books, ledgers, journals, accounts or records (or copies thereof in the event that the originals thereof have been microfilmed and stored at Concessionaire's home office in New York, New York) wherein are kept all entries reflecting its operations at the Airport under this Agreement. Such books, ledgers, journals, accounts or records (or copies thereof as the case may be) shall be available for inspection and examination by the Commissioner of Aviation or the Comptroller of the City of Chicago, or their duly authorized representatives, at all reasonable times during business hours and upon reasonable notice, and to

make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Concessionaire in connection with its operation hereunder. At the expiration of each year of the term of this Agreement, Concessionaire shall furnish to the City a statement prepared by a Certified Public Accountant, and attested to by an officer of the Concessionaire, covering all business transacted by Concessionaire in connection with its operation hereunder and showing the gross revenue derived by Concessionaire from the operation of its business hereunder. Concessionaire shall, upon reasonable request, furnish such other and further financial or statistical reports, dealing with its business hereunder, as the City may, from time to time require.

Article VII

Conduct of Operations.

A. *Schedule of Rates.* Prior to furnishing any rent-a-car services to the public under this Agreement, Concessionaire shall prepare and submit to the Commissioner of Aviation for written approval all schedules of rates for said services and discounts and rebates therefrom, which schedules shall be comparable with prices and charges prevailing in the City of Chicago. Any changes thereafter made in an approved schedule shall be similarly submitted to the Commissioner of Aviation for prior written approval. All such schedules shall be made available to the public by Concessionaire, to which schedules Concessionaire agrees to adhere. If Concessionaire applies any rate in excess of the approved rates or extends a discount less than the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an over-charge which will, upon demand of the Commissioner of Aviation or Concessionaire's customer, be promptly refunded to said customer. If Concessionaire applies any rate which is less than the approved rate or extends a discount which is in excess of the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an under-charge and an amount equivalent thereto shall be included in gross receipts hereunder and the percentage fee shall be payable in respect thereto.

B. *Operation of Concessionaire's Business.* Concessionaire, its employees, invitees, and those doing business with it, shall conduct its operations and business within the Airport in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport or the Terminal Building or other buildings in which it may be located. Solicitation of business shall be conducted only from the counter space demised in this Agreement and by means of signs only as may be authorized by the Commissioner of Aviation, and in no other manner whatsoever. No signs, posters or other similar devices shall be erected, displayed or maintained by Concessionaire within view of the general public without the advance written approval of the Commissioner of Aviation and any such signs, posters or other similar devices not approved by him may be removed at the expense of the Concessionaire. The City shall have the right of complaint to concessionaire as to the demeanor, conduct or appearance of Concessionaire's employees, invitees and those doing business with it, whereupon Concessionaire hereby agrees to take all steps necessary to remove the cause of complaint. Concessionaire shall conduct its operations within the Airport in such manner as shall reduce to a minimum the emanation of noise, vibration, dust, fumes and odors, so as not to interfere with the use of adjacent areas on the Airport.

C. *Quality and Standard of Service.* Concessionaire hereby covenants and agrees:

(1) To furnish good, prompt and efficient service, adequate to meet all reasonable demands for automobile rental service at the Airport, at a fair and reasonable basis.

(2) To make rental automobiles available of a current model year (not more than twenty-four (24) months old), which shall be maintained at Concessionaire's sole expense in good operative order, free from mechanical defects, and in clean, neat and attractive condition, both inside and outside.

(3) To keep open the facilities demised to it hereunder for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for said services and to properly and adequately serve the public, as determined by the Commissioner of Aviation.

(4) To require all personnel rendering service for Concessionaire at the Airport to be neatly and cleanly dressed at all times and to prevent said personnel from conducting business in a loud, noisy, boisterous, offensive or objectionable manner.

(5) To abide by and be subject to all reasonable rules and regulations which are now or which may be promulgated by the Commissioner of Aviation concerning the management, operation or use of the Airport.

(6) To meet all expenses in connection with the use of the premises herein demised hereto and the rights and privileges herein granted, including but not limited to the payment of taxes, permit fees, license fees and assessments lawfully levied or assessed upon the premises or improvements at any time situated thereon.

(7) To furnish, install, operate and maintain the installations provided hereunder and to keep the same, as well as the premises made available to it, and all furniture, fixtures and equipment installed therein and thereon, in good order, condition and repair, and upon termination of this Agreement, to deliver up said premises to the City in good order, condition and repair, reasonable wear and tear and damage by fire or other casualty excepted.

(8) To respond in writing to complaints registered by the Commissioner of Aviation or Superintendent of Police with respect to violations of traffic regulations committed in the course of Concessionaire's business by Concessionaire's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

D. *Solicitation of Business by Others.* Upon receipt of written request from Concessionaire, the Commissioner of Aviation agrees to take such appropriate action within his authority to protect the rights and privileges demised and granted to Concessionaire under this Agreement. The Commissioner of Aviation will not authorize or permit the transaction of any car rental business on the Airport premises by persons or organizations other than Airport rent-a-car concessionaires, said business including, but not limited to, advertising

displays, solicitation of customers, paging of customers by use of the Airport public address systems or direct telephone lines to premises located off Airport property.

Article VIII

Inspection of Demised Premises.

The City shall have the right at all reasonable times, and as often as it deems necessary, to inspect the demised premises and (without any obligation so to do) to enter thereon and to direct Concessionaire to make such repairs as may be necessary and, in the event of emergency, to take such action therein as may be required for the protection of persons or property.

Article IX

Removal of Property.

Upon termination of this Agreement by lapse of time, or otherwise, Concessionaire shall promptly remove from the demised premises, upon demand in writing of the City so to do, all of its display signs, counters, and other equipment and trade fixtures, and shall promptly repair any damage to the premises caused thereby, clean up remaining debris and leave said premises in a safe, sanitary, and sightly condition. Concessionaire's failure to remove such personal property or trade fixtures shall not constitute Concessionaire a hold-over, except that all such property not removed within thirty (30) days after Concessionaire has received a written demand for such removal shall be deemed abandoned and such personal property or trade fixtures shall thereupon become the sole and exclusive property of the City.

Article X

Liability of City.

The City shall not be liable to Concessionaire for any injury to, or death of any person, or for any damage to any property by the City or any of its officers, agents or employees in the operation and maintenance of said Airport or for navigating any aircraft over said Airport, whether such injury, death or damage is due to negligence or otherwise, and all claims for any such injury, death or damage against the City are hereby expressly waived by Concessionaire.

Article XI

Indemnification.

Concessionaire agrees, at its own expense, to defend, indemnify, save and hold harmless City, its officers, employees and agents, from and against all liability or loss for injuries to or deaths of persons or damage to property caused by any act or omission to act of, or use or occupancy of the leased premises by Concessionaire, its sublessees, licensees, invitees, or any other person authorized by Concessionaire to use the leased premises or any portion thereof, or as a result of any of their or Concessionaire's operations or other activities at the Airport, regardless of whether said operations or other activities are on or off the leased premises. Each party hereto shall give to the other prompt and timely notice of any claim made or suit instituted coming to the knowledge of their respective officers, management personnel or department heads which in any way reasonably appears to affect or which might affect either party hereto, and both shall have the right to participate in the defense of the same to the extent of its own interest. In the event City shall elect to so defend, such defense shall not be deemed a waiver by City of any of its rights against Concessionaire under the foregoing indemnification provisions.

Article XII

Insurance.

Concessionaire shall obtain and maintain continuously in effect at all times during the term hereof, at Concessionaire's sole expense, general liability insurance approved by the Comptroller of the City of Chicago protecting City against liability by reason of Concessionaire's wrongful conduct or failure to act incident to the use of the premises or resulting from any accidents occurring on or about the roads, driveways or other public places used by Concessionaire at the Airport in the operations and activities of Concessionaire, its sublessees, licensees, invitees, or others authorized by Concessionaire to act hereunder, caused or arising out of any of their wrongful acts or omissions. Such insurance shall name City as an additional assured. Concessionaire shall also, without cost to City obtain and maintain during the term hereof automobile liability insurance in accordance with the terms and conditions of Concessionaire's automobile rental agreement, covering the operation of rental automobiles hereunder. All such general liability insurance and automobile liability insurance shall provide liability limits of not less than One Hundred Thousand Dollars ($100,000.00) for personal injury to or death of any one person in any one accident, Three Hundred Thousand Dollars ($300,000.00) for personal injury to or death of two or more persons in any one accident, and Twenty-five Thousand Dollars ($25,000.00) for damage to property in any one accident. Concessionaire shall file with the Comptroller of the City of Chicago certificates evidencing all such insurance. City agrees to notify Concessionaire in writing as soon as practicable of any claim, demand or action arising out of an occurrence covered hereunder of which City has knowledge, and to cooperate with Concessionaire in the investigation and defense thereof.

Article XIII

Parking of Vehicles.

Concessionaire, its employees, invitees and those doing business with it, shall have no right under this Agreement to park vehicles upon the Airport premises other than in places assigned or demised to Concessionaire pursuant to this Agreement, except in the Airport Terminal Area Public Parking Lot and upon payment of regular charges therefor or any duly designated employee parking lot.

Article XIV

This Agreement is subject to the provisions of Article XI, Paragraph 4 of that certain Agreement entitled "Airport Use Agreement" and to Article VI, Section 6.04 of that certain Agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent and as entered into between the City and the scheduled airlines governing the use and operation of the Airport.

Article XV

Concessionaire's Performance Bonds.

A. *Construction Performance Bond.* Before commencing any construction authorized under this Agreement, Concessionaire shall deliver to the City at the Office of the Comptroller of the City of Chicago a Performance Bond approved by said Comptroller and the Corporation Counsel substantially similar in form to "Contractor's Performance Bond" Form P.W.O. 62, a specimen copy of which is bound herein. Said Performance Bond shall be in an amount equal to the cost of construction herein authorized.

B. *Minimum Guarantee Performance Bond.* Concessionaire shall deliver to the City and City shall hold during the term of this Agreement an approved Government Bond payable to bearer or the City of Chicago or, in lieu thereof, a Performance Bond approved by the Comptroller of the City of Chicago and the Corporation Counsel in an amount equal to its annual minimum guarantee as herein set forth, but said bond shall not be required to exceed Two Hundred Thousand Dollars ($200,000.00) per annum. Any interest on any bond shall accrue and be paid to Concessionaire.

Article XVI

Equal Opportunity.

Concessionaire agrees that in performing under this Agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, sex or national origin, nor otherwise commit an unfair employment practice. Concessionaire will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Concessionaire agrees to post in conspicuous places, available to employees and applicants for employment, notices which shall contain and set forth the provisions of this non-discrimination clause. Concessionaire further agrees that this Article will be incorporated by Concessionaire in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this Agreement.

Article XVII

Termination of Agreement.

A. Termination by City or Concessionaire. This Agreement may be terminated in its entirety by the City or by Concessionaire by giving to either of said parties sixty (60) days advance written notice if either party, or both parties, shall have defaulted in the performance of any material promise, covenant or agreement required to be performed by either party, or both, and the failure of either party, or both, to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt of written notice from the complaining party to remedy said default.

B. *Termination by City.* The City shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The filing by Concessionaire of any voluntary petition in bankruptcy, or a petition seeking to reorganize, or the readjustment of its indebtedness under the Federal Bankruptcy laws or under any similar State Laws, or if Concessionaire shall make a general assignment for the benefit of creditors.

(2) The filing of an involuntary petition in bankruptcy against Concessionaire in which the appointment of a receiver, trustee or liquidator of the property of the Concessionaire is ordered by a court of competent jurisdiction, and such appointment is not vacated within thirty (30) days.

(3) The abandonment or discontinuance of operation by Concessionaire of the automobile rental service at the Airport for a period of sixty (60) consecutive days, or if Concessionaire shall abandon the premises demised to it in the Airport for a period of sixty (60) consecutive days.

(4) The failure of Concessionaire to pay the concession fees or proportionate minimum guarantee fees, or rent charges or other money payments required by this Agreement, and such failure shall not be remedied within thirty (30) days following receipt by Concessionaire of written demand from the City so to do.

C. *Waiver of Default.* No waiver of default of any of the promises, covenants or agreements to be performed, kept and observed by the parties under this Agreement shall be construed or act as a waiver of any subsequent default of any such promise, covenant or agreement.

D. *Termination by Concessionaire.* Concessionaire shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The issuance by any court of competent jurisdiction of an injunction, order or decree preventing or restraining or limiting in any substantial way the operation by Concessionaire of its automobile rental business at the Airport, or the use by Concessionaire of all or any substantial part of the demised premises, or preventing or restraining the use of the Airport or Airport facilities to such an extent as to interfere materially with Concessionaire's operations at the Airport which injunction, order or decree has remained in full force and effect for a period of ninety (90) consecutive days.

(2) The total or extensive destruction of fixed improvements placed upon the demised premises making it impractical or uneconomical to restore same to their previous condition. In any such case, the proceeds of insurance, if any, payable by reason of such loss shall be apportioned equitably between the City and Concessionaire, with the Concessionaire first receiving the unamortized balance of its costs for said fixed improvements. If the damage shall result from an insurable cause and shall be of such an extent that said fixed improvements can be restored to an acceptable condition within a reasonable

time, the Concessionaire shall restore the same with reasonable promptness and shall be entitled to receive and apply the entire proceeds of any insurance covering said loss to said restoration, in which event this Agreement shall not be cancelled but shall continue in full force and effect, and in such case any excess of insurance proceeds over and above the cost of complete restoration thereof shall belong to Concessionaire.

E. *Curtailment of Airport and Motor Vehicle Use.* In the event all or a material portion of the Airport or Airport facilities shall be destroyed; or in the event that any agency or instrumentality of the United States Government or any State or Local Government shall occupy the Airport or a substantial portion thereof; or in the event of military mobilization, insurrection, labor disputes, massive civil disorders or public emergency wherein there shall be a curtailment of normal airline traffic at the Airport or the use of motor vehicles or airplanes by the general public, either by reason of executive decree or legislative action; or in the event there is a limitation of the supply of automobiles or automotive fuel, supplies or parts for general public use; and if the above and foregoing events shall result in material interference with Concessionaire's normal business operations or in a substantial diminution of Concessionaire's gross revenue from its automobile rental concession at the Airport, which shall continue for a period in excess of thirty (30) days, then, upon sixty (60) days advance written notice to the City, Concessionaire shall have the right to terminate this Agreement.

F. *Diminution of Airline Passenger Traffic.* If, during any year of this Agreement, the scheduled airline passenger traffic enplaning at Airports serving the Greater Chicago Area falls below thirty percent (30%) of the scheduled airline passengers enplaning at Airports serving the Greater Chicago Area for a period of any six (6) consecutive months, as compared to the immediately preceding six (6) consecutive months, Concessionaire shall have the right to terminate this Agreement by giving the City six (6) months advance written notice. For the purpose of this Article XVII, Section F only, the Greater Chicago Area shall mean that area having a radius of thirty-five (35) miles from the intersection of State and Madison Streets in the City of Chicago.

G. *Elimination of Service Area B.* In the event that Service Area B, hereinbefore demised under Article V, Section D(2), is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, and in the further event the Commissioner of Aviation is unable to provide a suitable substitute Airport site therefor as hereinbefore provided in Article V, Section D(2) (d), then, upon thirty (30) days advance written notice to the City from the date Concessionaire is so notified by the Commissioner of Aviation, Concessionaire shall have the right to terminate this Agreement.

H. *Amortization of Fixed Improvements.* Except as otherwise specifically herein provided, in the event this Agreement is terminated prior to the full term set forth in Article I, Section B hereof, City, within ninety (90) days after the effective date of said termination, will pay to Concessionaire the unamortized portion of Concessionaire's cost of the permanent structures and improvements constructed and installed on the Airport pursuant to this agreement. Such amortization shall be computed on a straight line cost basis over the period from the completion of said improvements to the expiration date of the initial term hereof.

Article XVIII

National Emergency.

In the event of a national emergency, wherein there is a diminution of the use of motor vehicles by the general public or a limitation of the supply of gasoline for automotive fuel available for general use, either by executive decree or legislative action, then, and in that event, Concessionaire shall not be required to pay the minimum guarantees required under Article VI of this Agreement during the period such executive decree or legislative action shall remain in effect; however, Concessionaire shall pay to the City ten percent (10%) of its gross revenues during the period of said executive decree or legislative action.

Article XIX

Service Obligations.

A. *Utility Services.* Concessionaire, at its sole cost and expense, shall have the right to construct, install and maintain, or have constructed, installed and maintained, all necessary tap lines and facilities and to connect the same to water supply and sewerage lines, and to receive all said utilities and services, and such other utility services as it deems necessary; provided, however, that the City shall at its cost bring such utility services and lines to the edge of the demised premises, and further provided Concessionaire shall be responsible for securing or cause to have secured all necessary applications and permits and to pay all necessary application and permit fees occasioned thereby; provided further, however, that Concessionaire shall pay to the City or to the appropriate public utility companies the usual and customary charges occasioned by the continuing use of said services.

City grants to Concessionaire, its customers, employees and suppliers of materials and services, without the imposition of any additional charge, rent or fee therefor, the right to use such road or roads for the movement of their vehicles for the duration of the term of this Agreement. City shall also cause all necessary cuts to be made in the curbing installed or to be installed by City on "Old Mannheim" Road between the entrances and exits of said access road or roads to the demised premises, which shall be constructed by Concessionaire.

Whereas, Automobile rental services at the Airport are an integral part of the necessary accommodations for ground transportation provided for passengers arriving at and departing from the Airport in the promotion and development of air commerce and air transportation; and

Whereas, Concessionaire desires to make said automobile rental services available at the Airport and is qualified and has the capacity for performing said services and to equip said facilities for use in connection therewith and further desires to lease certain space, and to obtain certain rights and privileges with respect to the operation of a rent-a-car service at said Airport, upon the terms and conditions hereinafter provided.

Now, Therefore, for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to Concessionaire the rights and privileges hereinafter described; Concessionaire agrees to assume the duties, responsibilities, and obligations as hereinafter set forth; and the parties hereto, for themselves, their successors and assigns, agree as follows:

Article I

Contents of Agreement; Term.

A. This Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

B. The term of this Agreement shall be for a period of twenty (20) years beginning on the ....day of............................, 1972 and ending on the...................day of..........................., 1992, unless said term shall be sooner terminated pursuant to provisions hereinafter set forth; provided, however, that at each five (5) year interval from the effective date of this Agreement, City may, upon review of all the circumstances affecting the Airport and Concessionaire's operations therein, direct that the terms and conditions of compensation set forth in Article VI of this Agreement be renegotiated (except those rental commitments contained in paragraph E, subparagraphs (1), (2), (3) and (4) of said Article VI), and upon written notice to Concessionaire of said determination, Concessionaire shall negotiate in good faith with City's representatives as to all said terms and conditions therein contained. In the event said terms and conditions are not renegotiated in good faith

to the satisfaction of City within six (6) months after said notice to renegotiate has been received by Concessionaire, the contract term of this Agreement shall be terminated, to take effect twelve (12) months after said notice to renegotiate was received by Concessionaire.

Article II

Definition of Terms.

A. "Commissioner of Aviation" means the head of the Department of Aviation of the City of Chicago, having management and control of the design, operation and maintenance of all airports owned or operated by the City.

B. "Commissioner of Public Works" means the head of the Department of Public Works of the City of Chicago, having management and control of all public places and property of the City of Chicago, as more specifically set forth within the Municipal Code of Chicago.

C. "Concessionaire" means any natural person, partnership, corporation, company or other legal entity, who or which owns, controls, manages and engages in the business of automobile rental services upon the Airport pursuant to a written agreement between such Concessionaire and the City.

D. "Gross Receipts" means time and mileage charges paid or payable to Concessionaire for rental of automobiles at the Airport by Concessionaire herein, whether received by cash or by credit, regardless of when, where or through whom the order therefor is received including all revenue derived by Concessionaire of any type arising out of or in connection with Concessionaire's operation at the Airport and for exchanges whereby an automobile delivered to a customer at the Airport is exchanged for another automobile within a radius of thirty miles from said Airport. "Gross Receipts", however, shall not include any federal, state, or municipal sales or other similar taxes which are separately stated and collected from customers of Concessionaire now or hereafter levied or imposed; nor sums received as insurance proceeds or otherwise for damages to automobiles or other property of Concessionaire, except as hereinafter provided, or for loss, conversion or abandonment of such automobile; nor any sums received from customers of Concessionaire separately billed as additional charges for the waiver by Concessionaire of its rights to recover damages sustained by the rented vehicle from its customers; nor any sums received from customers of Concessionaire as inter-city service fees.

Article III

Assignment or Transfer.

Except with respect to its wholly owned subsidiary or its parent corporation, Radio Corporation of America, a Delaware corporation, Concessionaire shall not assign, sublet or transfer this Agreement, nor any of the rights of privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner of Aviation after authorization for said approval shall have been obtained by action of the City Council of the City of Chicago.

Concessionaire shall give written notice of its intention to assign, sublet or transfer its rights and privileges hereunder, by registered mail, to the City Council, the Corporation Counsel and Commissioner of Aviation. Approval or disapproval of said assignment, sublease or transfer shall not be unreasonably withheld by the City Council or Commissioner of Aviation and approval shall be inferred if the City Council and the Commissioner of Aviation do not act within ninety (90) days after receipt of said notice from Concessionaire.

If Concessionaire is a partnership or corporation or legal entity other than a natural person, any change in control of said entity during the term hereof shall be deemed a transfer for the purposes of this Agreement, subject to the foregoing provisions. In the event Concessionaire fails to secure express or implied approval of said assignment, sublease or transfer, as provided herein, the City may, at its option, determine and declare such change as a breach of this Agreement and take immediate possession of the demised premises and facility hereinafter described; however, said option may not be exercised unreasonably by the City nor without good and sufficient cause. It is understood and agreed by and between the City and Concessionaire that nothing contained in this agreement is intended or shall be construed as in any way creating or establishing or maintaining the relationship of agency, co-partnership or joint venturers between the parties hereto.

Article IV

Operating Rights.

The City grants to Concessionaire a non-exclusive privilege, in common with others that the City may from time to time authorize, to operate a rent-a-car business on, upon and from the Airport, and for no other purpose whatsoever; provided, however, that the City will not grant to any other individual, firm or corporation, a privilege to conduct a rent-a-car business on, upon and from the Airport under terms more favorable to such other individual, firm or corporation than those contained herein, including the minimum guaranty, percentage fee, space rental rate and performance bond requirements, or more favorable counter space locations. The City represents that it has not heretofore granted to any other individual, firm, or corporation a privilege to conduct a rent-a-car business on, upon and from the Airport.

Article V

Demised Premises.

The City demises and leases to Concessionaire the following premises at the Airport, together with the facilities, rights and privileges hereinafter described subject to a continuing easement and right of entry for future installation, maintenance, repairs and replacement of such public utilities as may be necessary upon or involving the demised premises, including heating, water, gas, electrical, sewerage, drainage, fire protection, sprinkler, ventilating, refrigerating, fuel and communication systems, and such other service systems as may be involved, including but not limited to installation, maintenance, repair and replacement of tubes, pipes, lines, mains, wires, conduits and equipment on or about the demised premises; provided, however, that all such installation, maintenance, repair and replacement shall be performed so as to interfere as little as reasonably possible with Concessionaire's operation.

A. *Counter Space.*

(1) *Existing Counter Space.* During the term of this Agreement, Concessionaire shall have the right and privilege to continue the use of approximately 322 square feet of counter space presently occupied by Concessionaire in Terminal Building 2, consisting of two counter areas on the first floor concourse thereof, and 322 square feet of counter space presently occupied by Concessionaire in Terminal Building 3, consisting of two counter areas on the first

floor concourse thereof, as the same are more particularly described in Exhibit "A" attached hereto and made a part hereof.

[Exhibits "A" printed on pages 2563 and 2564 of this Journal]

(2) *Future Counter Space in Terminal Building 1.* Commencing upon the date when the first floor concourse of Terminal Building 1 has been remodeled or replaced and is ready for use by the general public, Concessionaire shall be entitled to lease up to 322 square feet of counter space therein upon the same terms and conditions and rental rate as apply to the counter spaces located in Terminal Buildings 2 and 3.

(3) *Future Counter Space in New Parking Structure.* Commencing upon the date when the first floor concourse of the new parking structure to be erected in the public parking lot at the Airport is completed and ready for use by the general public, Concessionaire shall be entitled to the following options:

(a) to continue to lease and occupy the counter areas in Terminal Building 1, if any, and in Terminal Buildings 2 and 3; or

(b) to elect instead to occupy counter areas of a size not less than one of the counter areas in Terminal Buildings 1, 2 and 3, and not more than that of four of its counter areas in Terminal Buildings 1, 2 and 3, at the same rate per unit of counter area, on the ground level of said parking structure with the specific size and location of such counter areas to be determined by the Commissioner of Aviation; or

(c) to elect to exercise options (a) and (b) above together.

(d) to elect, at a later time, to cancel its leasehold rights and privileges within Terminal Buildings 1, 2 and 3, and/or in the new parking structure; provided, however, that if Concessionaire relinquishes counter space in Terminal Buildings 1, 2 and 3, and/or the new parking structure, Concessionaire will provide such substitute facility as may be required by and as is in consonance with technological change or changes in the operation of the rent-a-car service in said Terminal Buildings and/or parking structure. The adequacy or sufficiency of said substitute facility shall be determined by the Commissioner of Aviation; provided, further, however, that should Concessionaire wish to effect such cancellations under subparagraphs (c) or (d) hereinabove set forth, Concessionaire shall give no less than sixty (60) days advance written notice to the Commissioner of Aviation of its intention so to do.

(4) *Relocation and Modification of Counter Space.* If at any time during the term of this Agreement, modification or expansion of said Terminal Buildings makes it necessary, in the sole judgment of the Commissioner of Aviation, to relocate the above-described counter areas, said Commissioner may, upon ninety (90) days advance written notice to Concessionaire, direct Concessionaire to relocate or rebuild such counter areas at substitute Terminal Building locations of comparable size as allocated by the Commissioner of Aviation, at the sole cost and expense of City and the same must be constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works. If, at any time during the term of this Agreement, Concessionaire desires to relocate, improve or modify existing counter facilities that it presently occupies in Terminal Buildings 2 and 3, or, if Concessionaire shall seek to install a counter or other improvements in Terminal Building 1, such improvements or modifications shall be at the sole cost and expense of Concessionaire and must be located and constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works.

B. *Ready and Return Automobile Parking Areas.*

(1) *Temporary Parking Areas.* Concessionaire shall have the right and privilege, in common with any other Airport rent-a-car concessionaires, to occupy ready and return automobile parking areas as are described in Exhibit "B" attached hereto and made a part hereof, for the purpose of parking cars ready for rental and for the return of cars to the Airport upon the completion of rental, subject to such rules, regulations and limitations as may be imposed by the Commissioner of Aviation, who shall designate from time to time the number and location of parking spaces within the aforesaid ready and return automobile parking areas which Concessionaire and other rent-a-car concessionaires shall be entitled to use. The allocation of such spaces shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. Such ready and return automobile parking areas shall be subject to limitations which may be imposed by Airport construction or operational requirements. Said limitations shall be only to the extent reasonably necessary, and every effort will be made to minimize the time and extent of any interference with the normal rent-a-car operation in these particular areas. The above-described ready and return automobile parking areas shall be vacated at such time or times as the Commissioner of Aviation shall designate, upon ninety (90) days advance written notice to the Concessionaire. Said authority in the Commissioner of Aviation to order the vacating of the ready and return automobile parking areas shall be contingent upon substitute areas of reasonably comparable size and location being made available. Concessionaire shall have the right, upon ninety (90) days advance written notice to the Commissioner of Aviation, to vacate such ready and return automobile parking areas as they shall designate and at the end of said period shall surrender such areas to the City.

[Exhibit "B" printed on page 2565 of this Journal]

(2) *Permanent Parking Areas.* Commencing upon the date when the new parking structure to be erected in the Airport public parking lot is completed and ready for use by the general public, the City shall provide therein 650 parking spaces at the ground level of such parking structure for the use of Concessionaire in common with any other Airport rent-a-car concessionaires, said location being shown in Exhibit "C" attached hereto and made a part hereof. It is understood and agreed that the Commissioner of Aviation shall annually designate the location and specific number of the said parking spaces within the aforesaid parking structure which the Concessionaire and each of the other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said ground level parking spaces among the Airport rent-a-car con-

cessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the ground level parking spaces otherwise allocable to other Airport rent-a-car concessionaires in common.

[Exhibit "C" printed on page 2567 of this Journal]

(3) *Additional Parking Areas.* The City shall provide an additional 650 spaces for use of Concessionaire in common with any other Airport rent-a-car concessionaire within the Airport terminal area parking lot (see Exhibit "C"), as may be mutually agreed upon between the Commissioner of Aviation and the Airport rent-a-car concessionaires. It is understood and agreed with respect to such additional parking spaces that the Commissioner of Aviation shall designate from time to time the location and specific number of the parking spaces within the aforesaid parking lot which Concessionaire and other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said additional parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the additional parking spaces otherwise allocable to the Airport rent-a-car concessionaires in common.

C. *Terminal Area Automobile Service Facility.* Concessionaire shall have the right and privilege but not the obligation to construct at its sole cost and expense a Terminal Area Automobile Service Facility for use as a rapid turn-around car wash and refueling establishment. Said car wash and refueling facility shall be located in the new parking structure provided for in Article V Section B(2) of this Agreement in such location as may be designated by the Commissioner of Aviation within the area shown on Exhibit "C" attached hereto and made a part hereof. Such space as may be occupied by Concessionaire for the construction and operation of said Terminal Area Automobile Service Facility shall be subtracted or deleted from the allocation of parking spaces to be set aside for Concessionaire, within the new parking structure as set forth in Article V, Section B(2) of this Agreement. At no time shall Concessionaire permit the use of said Terminal Area Automobile Service Facility by automobiles or other vehicles owned or operated by members of the general public (other than Concessionaire's rental vehicles) either for the purpose of washing or refueling. The plans and specifications for such Terminal Area Automobile Service Facility shall be submitted for approval by the Commissioner of Aviation and the Commissioner of Public Works and said facility shall be constructed in accordance with said plans and specifications so approved. Title to all fixed improvements erected or installed by Concessionaire in or upon said premises shall vest in the City upon completion of said facility, including all appurtenances and property of every kind and nature; provided, however, that trade fixtures which are attached thereto, as defined in Article V, Section D(2) (c), may be removed upon termination of this Agreement under the conditions therein set forth.

D. *Outer Area Automobile Service Facility.* Concessionaire shall have the right and privilege to construct and maintain an Outer Area Automobile Service Facility consisting of the areas set forth in the following subparagraphs.

(1) *Temporary Automobile Service Area "A".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 103,092.30 square feet (subject, however, to a partial depletion or reduction thereof by reason of and to the extent of a proposed excavation for water and sewer lines in which case space of a comparable size will be made available by the Commissioner of Aviation) as described more particularly on Exhibit "D" attached hereto and made a part hereof. Anything herein to the contrary notwithstanding, it is understood and agreed that Concessionaire shall vacate said Service Area "A" within ten (10) days following the issuance of a Certificate of Completion by the Commissioner of Public Works authorizing the use of the permanent service building and improvements to be erected and installed by Concessionaire within Service Area "B" for which provision is hereinafter made, and rental with respect to Service Area "A" shall thereupon terminate.

[Exhibit "D" printed on page 2568 of this Journal]

(2) *Permanent Service Area "B".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 348,480 square feet as described more particularly on Exhibit "E" attached hereto and made a part hereof.

[Exhibit "E" printed on page 2569 of this Journal]

(a) *Buildings, Structures and Improvements.* Concessionaire shall at its own cost and expense erect and install within said Service Area "B" buildings, structures and improvements for its use in maintenance, servicing, parking and storage of its vehicles and said structures and improvements shall include, but are not limited to, fencing, lighting, paving, underground fuel tanks and gas pumps; provided, however, that no construction or improvement shall be commenced until plans and specifications for construction have been approved by the Commissioner of Aviation and the Commissioner of Public Works. Concessionaire shall promptly secure all necessary permits and licenses therefor as required by the Municipal Code of Chicago at its own cost and expense. Plans and specifications for said buildings, structures and improvements shall be submitted by Concessionaire to said Commissioners within six (6) months after the effective date of this Agreement, and construction shall commence within sixty (60) days following said approval and the issuance of all necessary permits and licenses with a completion date thereof to be no later than eighteen (18) months after construction begins; provided, however, that if construction is delayed at any time in the progress of the work by an Act of God,

or by strikes, lockouts, fire, unusual delays in transportation or by circumstances caused by a National Emergency, or by war, or other circumstances beyond the control of Concessionaire then the time for completion shall be extended for such reasonable period as the Commissioner of Public Works may determine. No such extension shall be made for delay in the absence of written notice by Concessionaire to the Commissioner of Public Works within thirty (30) days after the cause of said delay has occurred.

Concessionaire covenants and agrees to spend a minimum of One Million Dollars ($1,000,000.00) in the construction of said buildings, structures and improvements, including architects' and engineers' fees, costs of plans and specifications and other costs incidental to said construction and installation.

(b) *Regulation of Construction.* During the period of construction of any building, structure or other improvements, all construction work, workmanship, materials and installation involved or incidental thereto shall be subject at all times to inspection by the City. Concessionaire shall give or cause to be given to the Commissioner of Aviation and the Commissioner of Public Works advance notice in writing before any new work is commenced and shall provide and shall cause its contractors and subcontractors to provide reasonable and necessary facilities for inspection. Concessionaire shall pay reasonable costs for review of plans and specifications, for inspections, and for other related engineering services performed by the City, upon being billed therefor by the City. Concessionaire shall cause all construction work, workmanship, materials and installation to be in full compliance with its plans and specifications and with applicable provisions of the Municipal Code of Chicago.

(c) *Title to Fixed Improvements.* Title to all fixed improvements erected or installed by Concessionaire in or upon the demised premises shall vest in the City upon completion of building, structure and other improvement constructions, including all buildings and other structures erected upon the premises, all fencing, all grading and surfacing with stone and hardtop, all underground and overhead wires, cables, pipes, conduits, tanks and drains, and all property of every kind and nature; provided, however, that trade fixtures which are attached to any building or structure or to the premises and which may be removed without material damage to the property, building or structure to which they may be attached may be removed. Trade fixtures shall include, but are not necessarily limited to, signs, electrical or otherwise, used to advertise Concessionaire's business in and about the demised premises; machinery and equipment used in connection with the servicing of its vehicles in or about the demised premises and such lifts, hoists, compressors or other mechanical devices used to service vehicles which are not imbedded or permanently annexed to the realty, structure or building; and such other miscellaneous equipment as is not imbedded or permanently annexed to the realty, structure or building. Concessionaire may install, maintain, operate, repair and replace such trade fixtures and other personal property useful from time to time in connection with its operations in the Airport, which shall be and remain the property of Concessionaire and which may be removed by it prior to or within a reasonable time after the expiration or termination of this Agreement; provided, further, however, that Concessionaire shall repair any damage to the premises caused by such removal.

(d) *Removal of Service Area "B".* In the event that Service Area "B" herein demised is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, the Commissioner of Aviation upon one hundred eighty (180) days advance written notice may direct the Concessionaire to vacate Service Area "B". In such case, the City will pay to Concessionaire within ninety (90) days after Concessionaire's removal therefrom the unamortized portion of the cost of the fixed improvements constructed and installed within said Service Area "B", as described in Article V, Section D(2)(a), including architects' and engineers' fees, cost of plans and specifications and other costs incidental to such construction and installation; provided, that said amortization shall be computed upon a straight-line basis without interest covering the period from the completion date of said improvements to the expiration date of this lease; provided, further, that the Commissioner of Aviation will offer to the Concessionaire a suitable substitute site at the same unit rate if, and to the extent that, the Commissioner of Aviation in his sole judgment determines such area to be available.

(e) *Cost of Fixed Improvements.* Concessionaire shall furnish to the Commissioner of Public Works an itemized statement, certified by an authorized officer of the Concessionaire, showing the total cost of the fixed improvements, as described in Article V, Section D(2)(a), installed and established upon and in Service Area "B", including architects' and engineers' fees, cost of plans and specifications and other costs incidental to said construction and installation, within sixty (60) days after the completion of the construction thereof, and shall, if requested by the Commissioner of Public Works, produce copies of all invoices and other records in connection therewith. The Commissioner of Public Works shall review the material and notify the Concessionaire in writing within sixty (60) days after its receipt whether said itemized statement and supporting invoices or other records meet with his approval, or not, and, in the latter event, in what respect it is deficient; provided, however, that said statement shall constitute prima facie evidence of the cost shown therein unless disputed in writing by the City within sixty (60) days following receipt thereof. Upon approval by the Commissioner of Public Works, said costs shall constitute the basis for the amortization contemplated in Article XVII, Section H; provided, however, that said statement shall be deemed approved in the event the Commissioner of Public Works shall not so notify Concessionaire within such sixty (60) day period. The books and records of the Concessionaire shall be subject to examination and audit by the Commissioner of Public Works to verify such costs.

(f) *Expansion Areas.* It is understood and agreed by and between the parties that if at any time during the term of this Agreement such land which has been designated as "Expansion Areas 4 or 7," as the same are more particularly described and set forth on Exhibit "E" attached hereto and made a part hereof, becomes desirable for other Airport uses, then the City shall give Concessionaire the right of first refusal; acceptance of the rental thereof shall be given in writing to the Commissioner of Aviation by the Concessionaire within thirty (30) days following receipt of said notice stating that Concessionaire is desirous of leasing such expansion area or areas and, in such event, this Agreement shall be amended to include such area or areas within the demised premises here-

under upon the same terms and conditions herein set forth. If Concessionaire shall fail to file a written acceptance of said expansion area or areas within said thirty (30) day period, the City may lease said property to others. In the event said rental is for rent-a-car purposes, rental charges shall be upon the same terms and conditions as those offered to Concessionaire.

Article VI

Concession Fees; Minimum Guarantee; and Rental Commitment.

Concessionaire agrees to pay the City for the privileges and authority hereinabove described and set forth under the terms and conditions contained in this Article.

A. *Concession Fees and Minimum Guarantee.* Concessionaire agrees to compensate the City for the privileges and authority to operate its rent-a-car business on, upon and from the Airport in an amount equal to either (1) ten percent (10%) of Concessionaire's gross receipts as defined in Article II, Section D of this Agreement, or (2) an annual minimum guarantee as hereinafter set forth in this Article VI, Section A, whichever amount is greater, for each contract year. The contract year of this Agreement shall commence on the first day of the month following the execution of this Agreement and shall end on the last day of the month of .... in each year. The first contract year shall commence on the .... day of ...., 1972. The minimum guarantee for said first contract year shall be One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00).

B. *Adjustment of Concession Fee.* If after the end of the fifth year of this Agreement, and upon each five-year anniversary thereof, the effective percentage of gross receipts paid by the Airport rent-a-car concessionaires as a concession fee at the ten (10) United States Airports with the greatest number of passengers carried by scheduled air carriers averages more than the average concession fee at the said airports on the date of execution of this Agreement, then the percentage fee of this Agreement may be adjusted upward in the discretion of the Commissioner of Aviation to a percentage which bears the same ratio to the ten percent (10%) percentage fee provided herein as such increased average concession fee bears to the average concession fee prevailing on the date of execution of this Agreement.

C. *Adjustment of Minimum Guarantee.* The minimum guarantee for the second and each subsequent contract year shall be adjusted in direct proportion to the percentage increase or decrease, as the case may be, in the aggregate amount of fees paid to the City by all Airport rent-a-car concessionaires on account of the Airport rentals made during the immediate preceding contract year, compared with such aggregate fees paid on account of Airport rentals made during the twelve (12) month period prior to such preceding contract year; provided, however, that in no event shall the minimum guarantee for any contract year be less than One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00). The annual minimum guarantee for any contract year shall be prorated when this Agreement is not in effect during the full year because of the commencement or termination of this Agreement during such year, or because of the application of Articles I, III, VII or VIII hereof.

D. *Date of Payments of Concession Fees or Minimum Guarantee.*

Payments of amounts due from Concessionaire of concession fees or minimum guarantee under this Article VI shall be on a monthly basis and shall be paid on or before the 20th day of the month succeeding each and every calendar month of the term or portion hereof, for its operation of the preceding month. Said monthly payments are to be in those amounts which (a) will bring to the City total payments for that part of the contract year ending with the last day of the month for which payment is being made of either ten percent (10%) of gross receipts for the contract year to such date, or (b) the proportionate part of the annual guarantee which is allocable to the part of the year which has elapsed by such date, whichever amount is higher. Each monthly payment shall be accompanied by a report to the City, in duplicate, showing Concessionaire's gross receipts for said month and cumulative gross receipts for the contract year to and including said month. All payments and reports of receipts hereunder shall be made to the Office of the Comptroller of the City of Chicago, with a copy of each report to be sent to the Commissioner of Aviation.

E. *Rental Commitment.* Concessionaire agrees to compensate the City for the premises demised herein certain rent payable in advance, in monthly installments, on the first day of each month or a portion thereof, during the term of this Agreement, as follows:

(1) As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Three Hundred Forty-eight Dollars and Eighty-three cents ($348.83) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement.

(2) As rental for ready and return automobile parking spaces, with respect to permanent parking areas and additional parking areas, hereinabove described in Article V, Sections B(2) and (3), Concessionaire shall pay to the City the sum of Thirteen Dollars ($13.00) per month for each individual automobile parking space, which sum shall be in addition to all other sums provided in this Agreement.

(3) As rental for Service Area A hereinabove described in Article V, Section D(1), Concessionaire shall pay to the City the sum of Eight Hundred Fifty-nine Dollars and Ten cents ($859.10) per month, predicated on an annual rental rate of Ten Cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement.

(4) As rental for Service Area B hereinabove described in Article V, Section D(2), Concessionaire shall pay to the City the sum of Two Thousand Nine Hundred and Four Dollars ($2,904.00) per month, predicated on an annual rental rate of Ten cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement; provided, however, that the rental commitment set forth in this Section D(4) shall commence on the date upon which a Certificate of Completion has been issued authorizing the use of the service building and other improvements erected or installed by Concessionaire upon Service Area B, or on that date which is eighteen (18) months (plus any authorized extensions) after the commencement of construction, whichever date shall first occur.

(5) All rental payments hereunder shall be made to the City at the Office of the Comptroller of the City of Chicago.

F. *Books, Records and Audits.* Concessionaire shall maintain at its office at......................................, Illinois, its books, ledgers, journals, accounts or records (or copies thereof in the event that the originals thereof have been microfilmed and stored at Concessionaire's home office in New York, New York) wherein are kept all entries reflecting its operations at the Airport under this Agreement. Such books, ledgers, journals, accounts or records (or copies thereof as the case may be) shall be available for inspection and examination by the Commissioner of Aviation or the Comptroller of the City of Chicago, or their duly authorized representatives, at all reasonable times during business hours and upon reasonable notice, and to make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Concessionaire in connection with its operation hereunder. At the expiration of each year of the term of this Agreement, Concessionaire shall furnish to the City a statement prepared by a Certified Public Accountant, and attested to by an officer of the Concessionaire, covering all business transacted by Concessionaire in connection with its operation hereunder and showing the gross revenue derived by Concessionaire from the operation of its business hereunder. Concessionaire shall, upon reasonable request, furnish such other and further financial or statistical reports, dealing with its business hereunder, as the City may, from time to time require.

Article VII

Conduct of Operations.

A. *Schedule of Rates.* Prior to furnishing any rent-a-car services to the public under this Agreement, Concessionaire shall prepare and submit to the Commissioner of Aviation for written approval all schedules of rates for said services and discounts and rebates therefrom, which schedules shall be comparable with prices and charges prevailing in the City of Chicago. Any changes thereafter made in an approved schedule shall be similarly submitted to the Commissioner of Aviation for prior written approval. All such schedules shall be made available to the public by Concessionaire, to which schedules Concessionaire agrees to adhere. If Concessionaire applies any rate in excess of the approved rates or extends a discount less than the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an over-charge which will, upon demand of the Commissioner of Aviation or Concessionaire's customer, be promptly refunded to said customer. If Concessionaire applies any rate which is less than the approved rate or extends a discount which is in excess of the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an under-charge and an amount equivalent thereto shall be included in gross receipts hereunder and the percentage fee shall be payable in respect thereto.

B. *Operation of Concessionaire's Business.* Concessionaire, its employees, invitees, and those doing business with it, shall conduct its operations and business within the Airport in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport or the Terminal Building or other buildings in which it may be located. Solicitation of business shall be conducted only from the counter space demised in this Agreement and by means of signs only as may be authorized by the Commissioner of Aviation, and in no other manner whatsoever. No signs, posters or other similar devices shall be erected, displayed or maintained by Concessionaire within view of the general public without the advance written approval of the Commissioner of Aviation and any such signs, posters or other similar devices not approved by him may be removed at the expense of the Concessionaire. The City shall have the right of complaint to concessionaire as to the demeanor, conduct or appearance of Concessionaire's employees, invitees and those doing business with it, whereupon Concessionaire hereby agrees to take all steps necessary to remove the cause of complaint. Concessionaire shall conduct its operations within the Airport in such manner as shall reduce to a minimum the emanation of noise, vibration, dust, fumes and odors, so as not to interfere with the use of adjacent areas on the Airport.

C. *Quality and Standard of Service.* Concessionaire hereby covenants and agrees:

(1) To furnish good, prompt and efficient service, adequate to meet all reasonable demands for automobile rental service at the Airport, at a fair and reasonable basis.

(2) To make rental automobiles available of a current model year (not more than twenty-four (24) months old), which shall be maintained at Concessionaire's sole expense in good operative order, free from mechanical defects, and in clean, neat and attractive condition, both inside and outside.

(3) To keep open the facilities demised to it hereunder for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for said services and to properly and adequately serve the public, as determined by the Commissioner of Aviation.

(4) To require all personnel rendering service for Concessionaire at the Airport to be neatly and cleanly dressed at all times and to prevent said personnel from conducting business in a loud, noisy, boisterous, offensive or objectionable manner.

(5) To abide by and be subject to all reasonable rules and regulations which are now or which may be promulgated by the Commissioner of Aviation concerning the management, operation or use of the Airport.

(6) To meet all expenses in connection with the use of the premises demised hereto and the rights and privileges herein granted, including but not limited to the payment of taxes, permit fees, license fees and assessments lawfully levied or assessed upon the premises or improvements at any time situated thereon.

(7) To furnish, install, operate and maintain the installations provided hereunder and to keep the same, as well as the premises made available to it, and all furniture, fixtures and equipment installed therein and thereon, in good order, condition and repair, and upon termination of this Agreement, to deliver up said premises to the City in good order, condition and repair, reasonable wear and tear and damage by fire or other casualty excepted.

(8) To respond in writing to complaints registered by the Commissioner of Aviation or Superintendent of Police with respect to violations of traffic regulations committed in the course of Concessionaire's business by Concessionaire's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

D. *Solicitation of Business by Others.* Upon receipt of written request from Concessionaire, the Commissioner of Aviation agrees to take such appropriate action within his authority to protect the rights and privileges demised and granted to Concessionaire under this Agreement. The Commissioner of Aviation will not authorize or permit the transaction of any car rental business on the Airport premises by persons or organizations other than Airport rent-a-car concessionaires, said business including, but not limited to, advertising displays, solicitation of customers, paging of customers by use of the Airport public address systems or direct telephone lines to premises located off Airport property.

Article VIII

Inspection of Demised Premises.

The City shall have the right at all reasonable times, and as often as it deems necessary, to inspect the demised premises and (without any obligation so to do) to enter thereon and to direct Concessionaire to make such repairs as may be necessary and, in the event of emergency, to take such action therein as may be required for the protection of persons or property.

Article IX

Removal of Property.

Upon termination of this Agreement by lapse of time, or otherwise, Concessionaire shall promptly remove from the demised premises, upon demand in writing of the City so to do, all of its display signs, counters, and other equipment and trade fixtures, and shall promptly repair any damage to the premises caused thereby, clean up remaining debris and leave said premises in a safe, sanitary, and sightly condition. Concessionaire's failure to remove such personal property or trade fixtures shall not constitute Concessionaire a hold-over, except that all such property not removed within thirty (30) days after Concessionaire has received a written demand for such removal shall be deemed abandoned and such personal property or trade fixtures shall thereupon become the sole and exclusive property of the City.

Article X

Liability of City.

The City shall not be liable to Concessionaire for any injury to, or death of any person, or for any damage to any property by the City or any of its officers, agents or employees in the operation and maintenance of said Airport or for navigating any aircraft over said Airport, whether such injury, death or damage is due to negligence or otherwise, and all claims for any such injury, death or damage against the City are hereby expressly waived by Concessionaire.

Article XI

Indemnification.

Concessionaire agrees, at its own expense, to defend, indemnify, save and hold harmless City, its officers, employees and agents, from and against all liability or loss for injuries to or deaths of persons or damage to property caused by any act or omission to act of, or use or occupancy of the leased premises by Concessionaire, its sublessees, licensees, invitees, or any other person authorized by Concessionaire to use the leased premises or any portion thereof, or as a result of any of their or Concessionaire's operations or other activities at the Airport, regardless of whether said operations or other activities are on or off the leased premises. Each party hereto shall give to the other prompt and timely notice of any claim made or suit instituted coming to the knowledge of their respective officers, management personnel or department heads which in any way reasonably appears to affect or which might affect either party hereto, and both shall have the right to participate in the defense of the same to the extent of its own interest. In the event City shall elect to so defend, such defense shall not be deemed a waiver by City of any of its rights against Concessionaire under the foregoing indemnification provisions.

Article XII

Insurance.

Concessionaire shall obtain and maintain continuously in effect at all times during the term hereof, at Concessionaire's sole expense, general liability insurance approved by the Comptroller of the City of Chicago protecting City against liability by reason of Concessionaire's wrongful conduct or failure to act incident to the use of the premises or resulting from any accidents occurring on or about the roads, driveways or other public places used by Concessionaire at the Airport in the operations and activities of Concessionaire, its sublessees, licensees, invitees, or others authorized by Concessionaire to act hereunder, caused or arising out of any of their wrongful acts or omissions. Such insurance shall name City as an additional assured. Concessionaire shall also, without cost to City obtain and maintain during the term hereof automobile liability insurance in accordance with the terms and conditions of Concessionaire's automobile rental agreement, covering the operation of rental automobiles hereunder. All such general liability insurance and automobile liability insurance shall provide liability limits of not less than One Hundred Thousand Dollars ($100,000.00) for personal injury to or death of any one person in any one accident, Three Hundred Thousand Dollars ($300,000.00) for personal injury to or death of two or more persons in any one accident, and Twenty-five Thousand Dollars ($25,000.00) for damage to property in any one accident. Concessionaire shall file with the Comptroller of the City of Chicago certificates evidencing all such insurance. City agrees to notify Concessionaire in writing as soon as practicable of any claim, demand or action arising out of an occurrence covered hereunder of which City has knowledge, and to cooperate with Concessionaire in the investigation and defense thereof.

Article XIII

Parking of Vehicles.

Concessionaire, its employees, invitees and those doing business with it, shall have no right under this Agreement to park vehicles upon the Airport premises other than in places assigned or demised to Concessionaire pursuant to this Agreement, except in the Airport Terminal Area Public Parking Lot and upon payment of regular charges therefor or any duly designated employee parking lot.

Article XIV

Application of Other Agreements.

This Agreement is subject to the provisions of Article XI, Paragraph 4 of that certain Agreement entitled "Airport Use Agreement" and to Article VI, Section 6.04 of that certain Agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent and as entered into between the City and the scheduled airlines governing the use and operation of the Airport.

Article XV

Concessionaire's Performance Bonds.

A. *Construction Performance Bond.* Before commencing any construction authorized under this Agreement, Concessionaire shall deliver to the City at the Office of the Comptroller of the City of Chicago a Performance Bond approved by said Comptroller and the Corporation Counsel substantially similar in form to "Contractor's Performance Bond" Form P.W.O. 62, a specimen copy of which is bound herein. Said Performance Bond shall be in an amount equal to the cost of construction herein authorized.

B. *Minimum Guarantee Performance Bond.* Concessionaire shall deliver to the City and City shall hold during the term of this Agreement an approved Government Bond payable to bearer or the City of Chicago or, in lieu thereof, a Performance Bond approved by the Comptroller of the City of Chicago and the Corporation Counsel in an amount equal to its annual minimum guarantee as herein set forth, but said bond shall not be required to exceed Two Hundred Thousand Dollars ($200,000.00) per annum. Any interest on any bond shall accrue and be paid to Concessionaire.

Article XVI

Equal Opportunity.

Concessionaire agrees that in performing under this Agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, sex or national origin, nor otherwise commit an unfair employment practice. Concessionaire will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Concessionaire agrees to post in conspicuous places, available to employees and applicants for employment, notices which shall contain and set forth the provisions of this nondiscrimination clause. Concessionaire further agrees that this Article will be incorporated by Concessionaire in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this Agreement.

Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR, 1964-65 Compilation, p. 339, as modified by Executive Order 11375 issued October 13, 1967, 3 CFR, 1967 Compilation, p. 320; The Civil Rights Act of 1964, Pub. L. 88-352, July 2, 1964, 78 Stat. 241 et sub.; to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1969, Ch. 38, Secs. 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1969, Ch. 29, Secs. 17-24 inclusive; July 21, 1961, Ill. Rev. Stat. 1969, Ch. 48, Secs. 851 to 866 inclusive, and July 26, 1967, Ill. Rev. Stat. 1969, Ch. 48, Secs. 881 to 887; an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of Proceedings (Mun. Code of the City of Chicago, Ch. 198.7A); and the provisions of 41 CFR Chapter 60.

To demonstrate compliance Concessionaire and its contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

Article XVII

Termination of Agreement.

A. *Termination by City or Concessionaire.* This Agreement may be terminated in its entirety by the City or by Concessionaire by giving to either of said parties sixty (60) days advance written notice if either party, or both parties, shall have defaulted in the performance of any material promise, covenant or agreement required to be performed by either party, or both, and the failure of either party, or both, to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt of written notice from the complaining party to remedy said default.

B. *Termination by City.* The City shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The filing by Concessionaire of any voluntary petition in bankruptcy, or a petition seeking to reorganize, or the readjustment of its indebtedness under the Federal Bankruptcy laws or under any similar State Laws, or if Concessionaire shall make a general assignment for the benefit of creditors.

(2) The filing of an involuntary petition in bankruptcy against Concessionaire in which the appointment of a receiver, trustee or liquidator of the property of the Concessionaire is ordered by a court of competent jurisdiction, and such appointment is not vacated within thirty (30) days.

(3) The abandonment or discontinuance of operation by Concessionaire of the automobile rental service at the Airport for a period of sixty (60) consecutive days, or if Concessionaire shall abandon the premises demised to it in the Airport for a period of sixty (60) consecutive days.

(4) The failure of Concessionaire to pay the concession fees or proportionate minimum guarantee fees, or rent charges or other money payments required by this Agreement, and such failure shall not be remedied within thirty (30) days following receipt by Concessionaire of written demand from the City so to do.

C. *Waiver of Default.* No waiver of default of any of the promises, covenants or agreements to be performed, kept and observed by the parties under this Agreement shall be construed or act as a waiver of any subsequent default of any such promise, covenant or agreement.

D. *Termination by Concessionaire.* Concessionaire shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The issuance by any court of competent jurisdiction of an injunction, order or decree preventing or restraining or limiting in any substantial way the operation by Concessionaire of its automobile rental business at the Airport, or the use by Concessionaire of all or any substantial part of the demised premises, or preventing or restraining the use of the Airport or Airport facilities to such an extent as to interfere materially with Concessionaire's operations at the Airport which injunction, order or decree has remained in full force and effect for a period of ninety (90) consecutive days.

(2) The total or extensive destruction of fixed improvements placed upon the demised premises making it impractical or uneconomical to restore same to their previous condition. In any such case, the proceeds of insurance, if any, payable by reason of such loss shall be apportioned equitably between the City and Concessionaire, with the Concessionaire first receiving the unamortized balance of its costs for said fixed improvements. If the damage shall result from an insurable cause and shall be of such an extent that said fixed improvements can be restored to an acceptable condition within a reasonable time, the Concessionaire shall restore the same with reasonable promptness and shall be entitled to receive and apply the entire proceeds of any insurance covering said loss to said restoration, in which event this Agreement shall not be cancelled but shall continue in full force and effect, and in such case any excess of insurance proceeds over and above the cost of complete restoration thereof shall belong to Concessionaire.

E. *Curtailment of Airport and Motor Vehicle Use.* In the event all or a material portion of the Airport or Airport facilities shall be destroyed; or in the event that any agency or instrumentality of the United States Government or any State or Local Government shall occupy the Airport or a substantial portion thereof; or in the event of military mobilization, insurrection, labor disputes, massive civil disorders or public emergency wherein there shall be a curtailment of normal airline traffic at the Airport or the use of motor vehicles or airplanes by the general public, either by reason of executive decree or legislative action; or in the event there is a limitation of the supply of automobiles or automotive fuel, supplies or parts for general public use; and if the above and foregoing events shall result in material interference with Concessionaire's normal business operations or in a substantial diminution of Concessionaire's gross revenue from its automobile rental concession at the Airport, which shall continue for a period in excess of thirty (30) days, then, upon sixty (60) days advance written notice to the City, Concessionaire shall have the right to terminate this Agreement.

F. *Diminution of Airline Passenger Traffic.* If, during any year of this Agreement, the scheduled airline passenger traffic enplaning at Airports serving the Greater Chicago Area falls below thirty percent (30%) of the scheduled airline passengers enplaning at Airports serving the Greater Chicago Area for a period of any six (6) consecutive months, as compared to the immediately preceding six (6) consecutive months, Concessionaire shall have the right to terminate this Agreement by giving the City six (6) months advance written notice. For the purpose of this Article XVII, Section F only, the Greater Chicago Area shall mean that area having a radius of thirty-five (35) miles from the intersection of State and Madison Streets in the City of Chicago.

G. *Elimination of Service Area B.* In the event that Service Area B, hereinbefore demised under Article V, Section D(2), is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, and in the further event the Commissioner of Aviation is unable to provide a suitable substitute Airport site therefor as hereinbefore provided in Article V, Section D(2) (d), then, upon thirty (30) days advance written notice to the City from the date Concessionaire is so notified by the Commissioner of Aviation, Concessionaire shall have the right to terminate this Agreement.

H. *Amortization of Fixed Improvements.* Except as otherwise specifically herein provided, in the event this Agreement is terminated prior to the full term set forth in Article I, Section B hereof, City, within ninety (90) days after the effective date of said termination, will pay to Concessionaire the unamortized portion of Concessionaire's cost of the permanent structures and improvements constructed and installed on the Airport pursuant to this agreement. Such amortization shall be computed on a straight line cost basis over the period from the completion of said improvements to the expiration date of the initial term hereof.

Article XVIII

National Emergency.

In the event of a national emergency, wherein there is a diminution of the use of motor vehicles by the general public or a limitation of the supply of gasoline for automotive fuel available for general use, either by executive decree or legislative action, then, and in that event, Concessionaire shall not be required to pay the minimum guarantees required under Article VI of this Agreement during the period such executive decree or legislative action shall remain in effect; however, Concessionaire shall pay to the City ten percent (10%) of its gross revenues during the period of said executive decree or legislative action.

Article XIX

Service Obligations.

A. *Utility Services.* Concessionaire, at its sole cost and expense, shall have the right to construct, install and maintain, or have constructed, installed and maintained, all necessary tap lines and facilities and to connect the same to water supply and sewerage lines, and to receive all said utilities and services, and such other utility services as it deems necessary; provided, however, that the City shall at its cost bring such utility services and lines to the edge of the demised premises, and further provided Concessionaire shall be responsible for securing or cause to have secured all necessary applications and permits and to pay all necessary application and permit fees occasioned thereby; provided further, however, that Concessionaire shall pay to the City or to the appropriate public

utility companies the usual and customary charges occasioned by the continuing use of said services.

B. *Roadways.* Prior to the commencement of the leasehold term relating to Service Area B, City, at no expense to Concessionaire, agrees to install and construct, where necessary, and for the duration of the term of this Agreement to maintain and keep in repair and open to traffic, a road or roads suitable for vehicular traffic, connecting said demised premises with the Airport Terminal Buildings or connecting to a road or roads presently serving and continuing to serve the Airport Terminal Buildings. City grants to Concessionaire, its customers, employees and suppliers of materials and services, without the imposition of any additional charge, rent or fee therefor, the right to use such road or roads for the movement of their vehicles for the duration of the term of this Agreement. City shall also cause all necessary cuts to be made in the curbing installed or to be installed by City on "Old Mannheim" Road between the entrances and exits of said access road or roads to the demised premises, which shall be constructed by Concessionaire.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute on behalf of the City of Chicago an Agreement with National Car Rental System, Inc. providing for automobile rental services at Chicago-O'Hare International Airport, said Agreement to be in the following form:

Airport Concession Agreement between City of Chicago, a Municipal Corporation, and National Car Rental System, Inc., a Nevada Corporation.

This Agreement made this............. day of............., A.D. 1972 between the City of Chicago, a Municipal Corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and National Car Rental System, Inc., a Nevada corporation (sometimes hereinafter referred to as "Concessionaire").

WITNESSETH:

Whereas, City owns, controls and operates the Chicago-O'Hare International Airport (sometimes hereinafter referred to as "Airport"), situated in the Counties of Cook and DuPage, in the State of Illinois, and possesses the power and authority to grant certain rights and privileges with respect thereto, including those hereinafter set forth; and

Whereas, Automobile rental services at the Airport are an integral part of the necessary accommodations for ground transportation provided for passengers arriving at and departing from the Airport in the promotion and development of air commerce and air transportation; and

Whereas, Concessionaire desires to make said automobile rental services available at the Airport and is qualified and has the capacity for performing said services and to equip said facilities for use in connection therewith and further desires to lease certain space, and to obtain certain rights and privileges with respect to the operation of a rent-a-car service at said Airport, upon the terms and conditions hereinafter provided.

Now, Therefore, for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to Concessionaire the rights and privileges hereinafter described; Concessionaire agrees to assume the duties, responsibilities, and obligations as hereinafter set forth; and the parties hereto, for themselves, their successors and assigns, agree as follows:

Article I

Contents of Agreement; Term.

A. This Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

B. The term of this Agreement shall be for a period of twenty (20) years beginning on the ....day of.............................., 1972 and ending on the....................day of.............................., 1992, unless said term shall be sooner terminated pursuant to provisions hereinafter set forth; provided, however, that at each five (5) year interval from the effective date of this Agreement, City may, upon review of all the circumstances affecting the Airport and Concessionaire's operations therein, direct that the terms and conditions of compensation set forth in Article VI of this Agreement be renegotiated (except those rental commitments contained in paragraph E, subparagraphs (1), (2), (3) and (4) of said Article VI), and upon written notice to Concessionaire of said determination, Concessionaire shall negotiate in good faith with City's representatives as to all said terms and conditions therein contained. In the event said terms and conditions are not renegotiated in good faith to the satisfaction of City within six (6) months after said notice to renegotiate has been received by Concessionaire, the contract term of this Agreement shall be terminated, to take effect twelve (12) months after said notice to renegotiate was received by Concessionaire.

Article II

Definition of Terms.

A. "Commissioner of Aviation" means the head of the Department of Aviation of the City of Chicago, having management and control of the design, operation and maintenance of all airports owned or operated by the City.

B. "Commissioner of Public Works" means the head of the Department of Public Works of the City of Chicago, having management and control of all public places and property of the City of Chicago, as more specifically set forth within the Municipal Code of Chicago.

C. "Concessionaire" means any natural person, partnership, corporation, company or other legal entity, who or which owns, controls, manages and engages in the business of automobile rental services upon the Airport pursuant to a written agreement between such Concessionaire and the City.

D. "Gross Receipts" means time and mileage charges paid or payable to Concessionaire for rental of automobiles at the Airport by Concessionaire herein, whether received by cash or by credit, regardless of when, where or through whom the order therefor is received including all revenue derived by Concessionaire of any type arising out of or in connection with Concessionaire's operation at the Airport and for exchanges whereby an automobile delivered to a customer at the Airport is exchanged for another automobile within a radius of thirty miles from said Airport. "Gross Receipts", however, shall not include any federal, state, or municipal sales or other similar taxes which are separately stated and collected from customers of Concessionaire now or hereafter levied or imposed; nor sums received as insurance proceeds or otherwise for damages to automobiles or other property of Concessionaire, except as hereinafter provided, or for loss, conversion or abandonment of such automobile; nor any sums received from customers of Concessionaire separately billed as additional charges for the waiver by Concessionaire of its rights to recover damages sustained by the rented vehicle from its customers; nor any sums received from customers of Concessionaire as inter-city service fees.

Article III

Assignment or Transfer.

Except with respect to its wholly owned subsidiary or its parent corporation, Radio Corporation of America, a Delaware corporation, Concessionaire shall not assign, sublet or transfer this Agreement, nor any of the rights of privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner of Aviation after authorization for said approval shall have been obtained by action of the City Council of the City of Chicago.

Concessionaire shall give written notice of its intention to assign, sublet or transfer its rights and privileges hereunder, by registered mail, to the City Council, the Corporation Counsel and Commissioner of Aviation. Approval or disapproval of said assignment, sublease or transfer shall not be unreasonably withheld by the City Council or Commissioner of Aviation and approval shall be inferred if the City Council and the Commissioner of Aviation do not act within ninety (90) days after receipt of said notice from Concessionaire.

If Concessionaire is a partnership or corporation or legal entity other than a natural person, any change in control of said entity during the term hereof shall be deemed a transfer for the purposes of this Agreement, subject to the foregoing provisions. In the event Concessionaire fails to secure express or implied approval of said assignment, sublease or transfer, as provided herein, the City may, at its option, determine and declare such change as a breach of this Agreement and take immediate possession of the demised premises and facility hereinafter described; however, said option may not be exercised unreasonably by the City nor without good and sufficient cause. It is understood and agreed by and between the City and Concessionaire that nothing contained in this agreement is intended or shall be construed as in any way creating or establishing or maintaining the relationship of agency, co-partnership or joint venturers between the parties hereto.

Article IV

Operating Rights.

The City grants to Concessionaire a non-exclusive privilege, in common with others that the City may from time to time authorize, to operate a rent-a-car business on, upon and from the Airport, and for no other purpose whatsoever; provided, however, that the City will not grant to any other individual, firm

or corporation, a privilege to conduct a rent-a-car business on, upon and from the Airport under terms more favorable to such other individual, firm or corporation than those contained herein, including the minimum guaranty, percentage fee, space rental rate and performance bond requirements, or more favorable counter space locations. The City represents that it has not heretofore granted to any other individual, firm, or corporation a privilege to conduct a rent-a-car business on, upon and from the Airport.

Article V

Demised Premises.

The City demises and leases to Concessionaire the following premises at the Airport, together with the facilities, rights and privileges hereinafter described subject to a continuing easement and right of entry for future installation, maintenance, repairs and replacement of such public utilities as may be necessary upon or involving the demised premises, including heating, water, gas, electrical, sewerage, drainage, fire protection, sprinkler, ventilating, refrigerating, fuel and communication systems, and such other service systems as may be involved, including but not limited to installation, maintenance, repair and replacement of tubes, pipes, lines, mains, wires, conduits and equipment on or about the demised premises; provided, however, that all such installation, maintenance, repair and replacement shall be performed so as to interfere as little as reasonably possible with Concessionaire's operation.

A. *Counter Space.*

(1) *Existing Counter Space.* During the term of this Agreement, Concessionaire shall have the right and privilege to continue the use of approximately 248 square feet of counter space presently occupied by Concessionaire in Terminal Building 2, consisting of two counter areas on the first floor concourse thereof, and 248 square feet of counter space presently occupied by Concessionaire in Terminal Building 3, consisting of two counter areas on the first floor concourse thereof, as the same are more particularly described in Exhibit "A" attached hereto and made a part hereof.

[Exhibits "A" printed on pages 2579 and 2580 of this Journal]

(2) *Future Counter Space in Terminal Building 1.* Commencing upon the date when the first floor concourse of Terminal Building 1 has been remodeled or replaced and is ready for use by the general public, Concessionaire shall be entitled to lease up to 248 square feet of counter space therein upon the same terms and conditions and rental rate as apply to the counter spaces located in Terminal Buildings 2 and 3.

(3) *Future Counter Space in New Parking Structure.* Commencing upon the date when the first floor concourse of the new parking structure to be erected in the public parking lot at the Airport is completed and ready for use by the general public, Concessionaire shall be entitled to the following options:

(a) to continue to lease and occupy the counter areas in Terminal Building 1, if any, and in Terminal Buildings 2 and 3; or

(b) to elect instead to occupy counter areas of a size not less than one of the counter areas in Terminal Buildings 1, 2 and 3, and not more than that of four of its counter areas in Terminal Buildings 1, 2 and 3, at the same rate per unit of counter area, on the ground level of said parking structure with the specific size and location of such counter areas to be determined by the Commissioner of Aviation; or

(c) to elect to exercise options (a) and (b) above together.

(d) to elect, at a later time, to cancel its leasehold rights and privileges within Terminal Buildings 1, 2 and 3, and/or in the new parking structure; provided, however, that if Concessionaire relinquishes counter space in Terminal Buildings 1, 2 and 3, and/or the new parking structure, Concessionaire will provide such substitute facility as may be required by and as is in consonance with technological change or changes in the operation of the rent-a-car service in said Terminal Buildings and/or parking structure. The adequacy or sufficiency of said substitute facility shall be determined by the Commissioner of Aviation; provided, further, however, that should Concessionaire wish to effect such cancellations under subparagraphs (c) or (d) hereinabove set forth, Concessionaire shall give no less than sixty (60) days advance written notice to the Commissioner of Aviation of its intention so to do.

(4) *Relocation and Modification of Counter Space.* If at any time during the term of this Agreement, modification or expansion of said Terminal Buildings makes it necessary, in the sole judgment of the Commissioner of Aviation, to relocate the above-described counter areas, said Commissioner may, upon ninety (90) days advance written notice to Concessionaire, direct Concessionaire to relocate or rebuild such counter areas at substitute Terminal Building locations of comparable size as allocated by the Commissioner of Aviation, at the sole cost and expense of City and the same must be constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works. If, at any time during the term of this Agreement, Concessionaire desires to relocate, improve or modify existing counter facilities that it presently occupies in Terminal Buildings 2 and 3, or, if Concessionaire shall seek to install a counter or other improvements in Terminal Building 1, such improvements or modifications shall be at the sole cost and expense of Concessionaire and must be located and constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works.

B. *Ready and Return Automobile Parking Areas.*

(1) *Temporary Parking Areas.* Concessionaire shall have the right and privilege, in common with any other Airport rent-a-car concessionaires, to occupy ready and return automobile parking areas as are described in Exhibit "B" attached hereto and made a part hereof, for the purpose of parking cars ready for rental and for the return of cars to the Airport upon the completion of rental, subject to such rules, regulations and limitations as may be imposed by the Commissioner of Aviation, who shall designate from time to time the number and location of parking spaces within the aforesaid ready and return automobile parking areas which Concessionaire and other rent-a-car concessionaires shall be entitled to use. The allocation of such spaces shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. Such ready and return automobile parking areas shall be subject to limitations which may be imposed by Airport construction or operational re-

quirements. Said limitations shall be only to the extent reasonably necessary, and every effort will be made to minimize the time and extent of any interference with the normal rent-a-car operation in these particular areas. The above-described ready and return automobile parking areas shall be vacated at such time or times as the Commissioner of Aviation shall designate, upon ninety (90) days advance written notice to the Concessionaire. Said authority in the Commissioner of Aviation to order the vacating of the ready and return automobile parking areas shall be contingent upon substitute areas of reasonably comparable size and location being made available. Concessionaire shall have the right, upon ninety (90) days advance written notice to the Commissioner of Aviation, to vacate such ready and return automobile parking areas as they shall designate and at the end of said period shall surrender such areas to the City.

[Exhibit "B" printed on page 2582 of this Journal]

(2) *Permanent Parking Areas.* Commencing upon the date when the new parking structure to be erected in the Airport public parking lot is completed and ready for use by the general public, the City shall provide therein 650 parking spaces at the ground level of such parking structure for the use of Concessionaire in common with any other Airport rent-a-car concessionaires, said location being shown in Exhibit "C" attached hereto and made a part hereof. It is understood and agreed that the Commissioner of Aviation shall annually designate the location and specific number of the said parking spaces within the aforesaid parking structure which the Concessionaire and each of the other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said ground level parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the ground level parking spaces otherwise allocable to other Airport rent-a-car concessionaires in common.

[Exhibit "C" printed on page 2583 of this Journal]

(3) *Additional Parking Areas.* The City shall provide an additional 650 spaces for use of Concessionaire in common with any other Airport rent-a-car concessionaire within the Airport terminal area parking lot (see Exhibit C), as may be mutually agreed upon between the Commissioner of Aviation and the Airport rent-a-car concessionaires. It is understood and agreed with respect to such additional parking spaces that the Commissioner of Aviation shall designate from time to time the location and specific number of the parking spaces within the aforesaid parking lot which Concessionaire and other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said additional parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the additional parking spaces otherwise allocable to the Airport rent-a-car concessionaires in common.

C. *Terminal Area Automobile Service Facility.* Concessionaire shall have the right and privilege but not the obligation to construct at its sole cost and expense a Terminal Area Automobile Service Facility for use as a rapid turn-around car wash and refueling establishment. Said car wash and refueling facility shall be located in the new parking structure provided for in Article V, Section B(2) of this Agreement in such location as may be designated by the Commissioner of Aviation within the area shown on Exhibit "C" attached hereto and made a part hereof. Such space as may be occupied by Concessionaire for the construction and operation of said Terminal Area Automobile Service Facility shall be subtracted or deleted from the allocation of parking spaces to be set aside for Concessionaire, within the new parking structure as set forth in Article V, Section B(2) of this Agreement. At no time shall Concessionaire permit the use of said Terminal Area Automobile Service Facility by automobiles or other vehicles owned or operated by members of the general public (other then Concessionaire's rental vehicles) either for the purpose of washing or refueling. The plans and specifications for such Terminal Area Automobile Service Facility shall be submitted for approval by the Commissioner of Aviation and the Commissioner of Public Works and said facility shall be constructed in accordance with said plans and specifications so approved. Title to all fixed improvements erected or installed by Concessionaire in or upon said premises shall vest in the City upon completion of said facility, including all appurtenances and property of every kind and nature; provided, however, that trade fixtures which are attached thereto, as defined in Article V, Section D(2) (c), may be removed upon termination of this Agreement under the conditions therein set forth.

D. *Outer Area Automobile Service Facility.* Concessionaire shall have the right and privilege to construct and maintain an Outer Area Automobile Service Facility consisting of the areas set forth in the following subparagraphs.

(1) *Temporary Automobile Service Area "A".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 50,709.025 square feet (subject, however, to a partial depletion or reduction thereof by reason of and to the extent of a proposed excavation and construction for Commonwealth Edison Substation, in which case space of a comparable size will be made available by the Commissioner of Avia-

tion) as described more particularly on Exhibit "D" attached hereto and made a part hereof. Anything herein to the contrary notwithstanding, it is understood and agreed that Concessionaire shall vacate said Service Area "A" within ten (10) days following the issuance of a Certificate of Completion by the Commissioner of Public Works authorizing the use of the permanent service building and improvements to be erected and installed by Concessionaire within Service Area "B" for which provision is hereinafter made, and rental with respect to Service Area "A" shall thereupon terminate.

[Exhibit "D" printed on page 2585 of this Journal]

(2) *Permanent Service Area "B".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 233,026.2 square feet as described more particularly on Exhibit "E" attached hereto and made a part hereof.

[Exhibit "E" printed on page 2586 of this Journal]

(a) *Buildings, Structures and Improvements.* Concessionaire shall at its own cost and expense erect and install within said Service Area "B" buildings, structures and improvements for its use in maintenance, servicing, parking and storage of its vehicles and said structures and improvements shall include, but are not limited to, fencing, lighting, paving, underground fuel tanks and gas pumps; provided, however, that no construction or improvement shall be commenced until plans and specifications for construction have been approved by the Commissioner of Aviation and the Commissioner of Public Works. Concessionaire shall promptly secure all necessary permits and licenses therefor as required by the Municipal Code of Chicago at its own cost and expense. Plans and specifications for said buildings, structures and improvements shall be submitted by Concessionaire to said Commissioners within six (6) months after the effective date of this Agreement, and construction shall commence within sixty (60) days following said approval and the issuance of all necessary permits and licenses with a completion date thereof to be no later than eighteen (18) months after construction begins; provided, however, that if construction is delayed at any time in the progress of the work by an Act of God, or by strikes, lockouts, fire, unusual delays in transportation or by circumstances caused by a National Emergency, or by war, or other circumstances beyond the control of Concessionaire then the time for completion shall be extended for such reasonable period as the Commissioner of Public Works may determine. No such extension shall be made for delay in the absence of written notice by Concessionaire to the Commissioner of Public Works within thirty (30) days after the cause of said delay has occurred.

Concessionaire covenants and agrees to spend a minimum of Seven Hundred Fifty Thousand Dollars ($750,000.00) in the construction of said buildings, structures and improvements, including architects' and engineers' fees, costs of plans and specifications and other costs incidental to said construction and installation.

(b) *Regulation of Construction.* During the period of construction of any building, structure or other improvements, all construction work, workmanship, materials and installation involved or incidental thereto shall be subject at all times to inspection by the City. Concessionaire shall give or cause to be given to the Commissioner of Aviation and the Commissioner of Public Works advance notice in writing before any new work is commenced and shall provide and shall cause its contractors and subcontractors to provide reasonable and necessary facilities for inspection. Concessionaire shall pay reasonable costs for review of plans and specifications, for inspections, and for other related engineering services performed by the City, upon being billed therefor by the City. Concessionaire shall cause all construction work, workmanship, materials and installation to be in full compliance with its plans and specifications and with applicable provisions of the Municipal Code of Chicago.

(c) *Title to Fixed Improvements.* Title to all fixed improvements erected or installed by Concessionaire in or upon the demised premises shall vest in the City upon completion of building, structure and other improvement constructions, including all buildings and other structures erected upon the premises, all fencing, all grading and surfacing with stone and hardtop, all underground and overhead wires, cables, pipes, conduits, tanks and drains, and all property of every kind and nature; provided, however, that trade fixtures which are attached to any building or structure or to the premises and which may be removed without material damage to the property, building or structure to which they may be attached may be removed. Trade fixtures shall include, but are not necessarily limited to, signs, electrical or otherwise, used to advertise Concessionaire's business in and about the demised premises; machinery and equipment used in connection with the servicing of its vehicles in or about the demised premises and such lifts, hoists, compressors or other mechanical devices used to service vehicles which are not imbedded or permanently annexed to the realty, structure or building; and such other miscellaneous equipment as is not imbedded or permanently annexed to the realty, structure or building. Concessionaire may install, maintain, operate, repair and replace such trade fixtures and other personal property useful from time to time in connection with its operations in the Airport, which shall be and remain the property of Concessionaire and which may be removed by it prior to or within a reasonable time after the expiration or termination of this Agreement; provided, further, however, that Concessionaire shall repair any damage to the premises caused by such removal.

(d) *Removal of Service Area "B".* In the event that Service Area "B" herein demised is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, the Commissioner of Aviation upon one hundred eighty (180) days advance written notice may direct the Concessionaire to vacate Service Area "B". In such case, the City will pay to Concessionaire within ninety (90) days after Concessionaire's removal therefrom the unamortized portion of the cost of the fixed improvements constructed and installed within said Service Area "B", as described in Article V, Section D(2)(a), including architects' and engineers' fees, cost of plans and specifications and other costs incidental to such construction and installation; provided, that said amortization shall be computed upon a straight-line basis without interest covering the period from the completion date of said improvements to the expiration date of this lease; provided, further, that the Commissioner of Aviation will offer to the Concessionaire a suitable substitute site at the same unit rate if, and to the extent that, the Commissioner of Aviation in his sole judgment determines such area to be available.

(e) *Cost of Fixed Improvements.* Concessionaire shall furnish to the Commissioner of Public Works an itemized statement, certified by an authorized officer of the Concessionaire, showing the total cost of the fixed improvements, as described in Article V, Section D(2)(a), installed and established upon and in Service Area "B", including architects' and engineers' fees, cost of plans and specifications and other costs incidental to said construction and installation, within sixty (60) days after the completion of the construction thereof, and shall, if requested by the Commissioner of Public Works, produce copies of all invoices and other records in connection therewith. The Commissioner of Public Works shall review the material and notify the Concessionaire in writing within sixty (60) days after its receipt whether said itemized statement and supporting invoices or other records meet with his approval, or not, and, in the latter event, in what respect it is deficient; provided, however, that said statement shall constitute prima facie evidence of the cost shown therein unless disputed in writing by the City within sixty (60) days following receipt thereof. Upon approval by the Commissioner of Public Works, said costs shall constitute the basis for the amortization contemplated in Article XVII, Section H; provided, however, that said statement shall be deemed approved in the event the Commissioner of Public Works shall not so notify Concessionaire within such sixty (60) day period. The books and records of the Concessionaire shall be subject to examination and audit by the Commissioner of Public Works to verify such costs.

(f) *Expansion Areas.* It is understood and agreed by and between the parties that if at any time during the term of this Agreement such land which has been designated as "Expansion Area 6", as the same is more particularly described and set forth on Exhibit "E" attached hereto and made a part hereof, becomes desirable for other Airport uses, then the City shall give Concessionaire the right of first refusal; acceptance of the rental thereof shall be given in writing to the Commissioner of Aviation by the Concessionaire within thirty (30) days following receipt of said notice stating that Concessionaire is desirous of leasing such expansion area or areas and, in such event, this Agreement shall be amended to include such area or areas within the demised premises hereunder upon the same terms and conditions herein set forth. If Concessionaire shall fail to file a written acceptance of said expansion area or areas within said thirty (30) day period, the City may lease said property to others. In the event said rental is for rent-a-car purposes, rental charges shall be upon the same terms and conditions as those offered to Concessionaire.

Article VI

Concession Fees; Minimum Guarantee; and Rental Commitment.

Concessionaire agrees to pay the City for the privileges and authority hereinabove described and set forth under the terms and conditions contained in this Article.

A. *Concession Fees and Minimum Guarantee.* Concessionaire agrees to compensate the City for the privileges and authority to operate its rent-a-car business on, upon and from the Airport in an amount equal to either (1) ten percent (10%) of Concessionaire's gross receipts as defined in Article II, Section D of this Agreement, or (2) an annual minimum guarantee as hereinafter set forth in this Article VI, Section A, whichever amount is greater, for each contract year. The contract year of this Agreement shall commence on the first day of the month following the execution of this Agreement and shall end on the last day of the month of .... in each year. The first contract year shall commence on the .... day of ...., 1972. The minimum guarantee for said first contract year shall be One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00).

B. *Adjustment of Concession Fee.* If after the end of the fifth year of this Agreement, and upon each five-year anniversary thereof, the effective percentage of gross receipts paid by the Airport rent-a-car concessionaires as a concession fee at the ten (10) United States Airports with the greatest number of passengers carried by scheduled air carriers averages more than the average concession fee at the said airports on the date of execution of this Agreement, then the percentage fee of this Agreement may be adjusted upward in the discretion of the Commissioner of Aviation to a percentage which bears the same ratio to the ten percent (10%) percentage fee provided herein as such increased average concession fee bears to the average concession fee prevailing on the date of execution of this Agreement.

C. *Adjustment of Minimum Guarantee.* The minimum guarantee for the second and each subsequent contract year shall be adjusted in direct proportion to the percentage increase or decrease, as the case may be, in the aggregate amount of fees paid to the City by all Airport rent-a-car concessionaires on account of the Airport rentals made during the immediate preceding contract year, compared with such aggregate fees paid on account of Airport rentals made during the twelve (12) month period prior to such preceding contract year; provided, however, that in no event shall the minimum guarantee for any contract year be less than One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00). The annual minimum guarantee for any contract year shall be prorated when this Agreement is not in effect during the full year because of the commencement or termination of this Agreement during such year, or because of the application of Articles I, III, VII or VIII hereof.

D. *Date of Payments of Concession Fees or Minimum Guarantee.*

Payments of amounts due from Concessionaire of concession fees or minimum guarantee under this Article VI shall be on a monthly basis and shall be paid on or before the 20th day of the month succeeding each and every calendar month of the term or portion hereof, for its operation of the preceding month. Said monthly payments are to be in those amounts which (a) will bring to the City total payments for that part of the contract year ending with the last day of the month for which payment is being made of either ten percent (10%) of gross receipts for the contract year to such date, or (b) the proportionate part of the annual guarantee which is allocable to the part of the year which has elapsed by such date, whichever amount is higher. Each monthly payment shall be accompanied by a report to the City, in duplicate, showing Concessionaire's gross receipts for said month and cumulative gross receipts for the contract year to and including said month. All payments and reports of receipts hereunder shall be made to the Office of the Comptroller of the City of Chicago, with a copy of each report to be sent to the Commissioner of Aviation.

E. *Rental Commitment.* Concessionaire agrees to compensate the City for the premises demised herein certain rent payable in advance, in monthly installments, on the first day of each month or a portion thereof, during the term of this Agreement, as follows:

(1) As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Two Hundred Sixty-eight Dollars and Sixty-seven cents ($268.67) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement.

(2) As rental for ready and return automobile parking spaces, with respect to permanent parking areas and additional parking areas, hereinabove described in Article V, Sections B(2) and (3), Concessionaire shall pay to the City the sum of Thirteen Dollars ($13.00) per month for each individual automobile parking space, which sum shall be in addition to all other sums provided in this Agreement.

(3) As rental for Service Area A hereinabove described in Article V, Section D(1), Concessionaire shall pay to the City the sum of Four Hundred Twenty-two Dollars and Fixty-eight cents ($422.-58) per month, predicated on an annual rental rate of Ten Cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement.

(4) As rental for Service Area B hereinabove described in Article V, Section D(2), Concessionaire shall pay to City the sum of One Thousand Nine Hundred Forty-one Dollars and Eighty-nine cents ($1,941.89) per month, predicated on an annual rental rate of Ten cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement; provided, however, that the rental commitment set forth in this Section D(4) shall commence on the date upon which a Certificate of Completion has been issued authorizing the use of the service building and other improvements erected or installed by Concessionaire upon Service Area B, or on that date which is eighteen (18) months (plus any authorized extensions) after the commencement of construction, whichever date shall first occur.

(5) All rental payments hereunder shall be made to the City at the Office of the Comptroller of the City of Chicago.

F. *Books, Records and Audits.* Concessionaire shall maintain at its office at......................................, Illinois, its books, ledgers, journals, accounts or records (or copies thereof in the event that the originals thereof have been microfilmed and stored at Concessionaire's home office in New York, New York) wherein are kept all entries reflecting its operations at the Airport under this Agreement. Such books, ledgers, journals, accounts or records (or copies thereof as the case may be) shall be available for inspection and examination by the Commissioner of Aviation or the Comptroller of the City of Chicago, or their duly authorized representatives, at all reasonable times during business hours and upon reasonable notice, and to make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Concessionaire in connection with its operation hereunder. At the expiration of each year of the term of this Agreement, Concessionaire shall furnish to the City a statement prepared by a Certified Public Accountant, and attested to by an officer of the Concessionaire, covering all business transacted by Concessionaire in connection with its operation hereunder and showing the gross revenue derived by Concessionaire from the operation of its business hereunder. Concessionaire shall, upon reasonable request, furnish such other and further financial or statistical reports, dealing with its business hereunder, as the City may, from time to time require.

Article VII

Conduct of Operations.

A. *Schedule of Rates.* Prior to furnishing any rent-a-car services to the public under this Agreement, Concessionaire shall prepare and submit to the Commissioner of Aviation for written approval all schedules of rates for said services and discounts and rebates therefrom, which schedules shall be comparable with prices and charges prevailing in the City of Chicago. Any changes thereafter made in an approved schedule shall be similarly submitted to the Commissioner of Aviation for prior written approval. All such schedules shall be made available to the public by Concessionaire, to which schedules Concessionaire agrees to adhere. If Concessionaire applies any rate in excess of the approved rates or extends a discount less than the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an over-charge which will, upon demand of the Commissioner of Aviation or Concessionaire's customer, be promptly refunded to said customer. If Concessionaire applies any rate which is less than the approved rate or extends a discount which is in excess of the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an under-charge and an amount equivalent thereto shall be included in gross receipts hereunder and the percentage fee shall be payable in respect thereto.

B. *Operation of Concessionaire's Business.* Concessionaire, its employees, invitees, and those doing business with it, shall conduct its operations and business within the Airport in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport or the Terminal Building or other buildings in which it may be located. Solicitation of business shall be conducted only from the counter space demised in this Agreement and by means of signs only as may be authorized by the Commissioner of Aviation, and in no other manner whatsoever. No signs, posters or other similar devices shall be erected, displayed or maintained by Concessionaire within view of the general public without the advance written approval of the Commissioner of Aviation and any such signs, posters or other similar devices not approved by him may be removed at the expense of the Concessionaire. The City shall have the right of complaint to concessionaire as to the demeanor, conduct or appearance of Concessionaire's employees, invitees and those doing business with it, whereupon Concessionaire hereby agrees to take all steps necessary to remove the cause of complaint. Concessionaire shall conduct its operations within the Airport in such manner as shall reduce to a minimum the emanation of noise, vibration, dust, fumes and odors, so as not to interfere with the use of adjacent areas on the Airport.

C. *Quality and Standard of Service.* Concessionaire hereby covenants and agrees:

(1) To furnish good, prompt and efficient service, adequate to meet all reasonable demands for automobile rental service at the Airport, at a fair and reasonable basis.

(2) To make rental automobiles available of a current model year (not more than twenty-four (24) months old), which shall be maintained at Concessionaire's sole expense in good operative order, free from mechanical defects, and in clean, neat and attractive condition, both inside and outside.

(3) To keep open the facilities demised to it hereunder for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for said services and to properly and adequately serve the public, as determined by the Commissioner of Aviation.

(4) To require all personnel rendering service for Concessionaire at the Airport to be neatly and cleanly dressed at all times and to prevent said personnel from conducting business in a loud, noisy, boisterous, offensive or objectionable manner.

(5) To abide by and be subject to all reasonable rules and regulations which are now or which may be promulgated by the Commissioner of Aviation concerning the management, operation or use of the Airport.

(6) To meet all expenses in connection with the use of the premises demised hereto and the rights and privileges herein granted, including but not limited to the payment of taxes, permit fees, license fees and assessments lawfully levied or assessed upon the premises or improvements at any time situated thereon.

(7) To furnish, install, operate and maintain the installations provided hereunder and to keep the same, as well as the premises made available to it, and all furniture, fixtures and equipment installed therein and thereon, in good order, condition and repair, and upon termination of this Agreement, to deliver up said premises to the City in good order, condition and repair, reasonable wear and tear and damage by fire or other casualty excepted.

(8) To respond in writing to complaints registered by the Commissioner of Aviation or Superintendent of Police with respect to violations of traffic regulations committed in the course of Concessionaire's business by Concessionaire's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

D. *Solicitation of Business by Others.* Upon receipt of written request from Concessionaire, the Commissioner of Aviation agrees to take such appropriate action within his authority to protect the rights and privileges demised and granted to Concessionaire under this Agreement. The Commissioner of Aviation will not authorize or permit the transaction of any car rental business on the Airport premises by persons or organizations other than Airport rent-a-car concessionaires, said business including, but not limited to, advertising displays, solicitation of customers, paging of customers by use of the Airport public address systems or direct telephone lines to premises located off Airport property.

Article VIII

Inspection of Demised Premises.

The City shall have the right at all reasonable times, and as often as it deems necessary, to inspect the demised premises and (without any obligation so to do) to enter thereon and to direct Concessionaire to make such repairs as may be necessary and, in the event of emergency, to take such action therein as may be required for the protection of persons or property.

Article IX

Upon termination of this Agreement by lapse of time, or otherwise, Concessionaire shall promptly remove from the demised premises, upon demand in writing of the City so to do, all of its display signs, counters, and other equipment and trade fixtures, and shall promptly repair any damage to the premises caused thereby, clean up remaining debris and leave said premises in a safe, sanitary, and sightly condition. Concessionaire's failure to remove such personal property or trade fixtures shall not constitute Concessionaire a hold-over, except that all such property not removed within thirty (30) days after Concessionaire has received a written demand for such removal shall be deemed abandoned and such personal property or trade fixtures shall thereupon become the sole and exclusive property of the City.

Article X

Liability of City.

The City shall not be liable to Concessionaire for any injury to, or death of any person, or for any damage to any property by the City or any of its officers, agents or employees in the operation and maintenance of said Airport or for navigating any aircraft over said Airport, whether such injury, death or damage is due to negligence or otherwise, and all claims for any such injury, death or damage against the City are hereby expressly waived by Concessionaire.

Article XI

Concessionaire agrees, at its own expense, to defend, indemnify, save and hold harmless City, its officers, employees and agents, from and against all liability or loss for injuries to or deaths of persons or damage to property caused by any act or omission to act of, or use or occupancy of the leased premises by Concessionaire, its sublessees, licensees, invitees, or any other person authorized by Concessionaire to use the leased premises or any portion thereof, or as a result of any of their or Concessionaire's operations or other activities at the Airport, regardless of whether said operations or other activities are on or off the leased premises. Each party hereto shall give to the other prompt and timely notice of any claim made or suit instituted coming to the knowledge of their respective officers, management personnel or department heads which in any way reasonably appears to affect or which might affect either party hereto, and both shall have the right to participate in the defense of the same to the extent of its own interest. In the event City shall elect to so defend, such defense shall not be deemed a waiver by City of any of its rights against Concessionaire under the foregoing indemnification provisions.

Article XII

Insurance.

Concessionaire shall obtain and maintain continuously in effect at all times during the term hereof, at Concessionaire's sole expense, general liability insurance approved by the Comptroller of the City of Chicago protecting City against liability by reason of Concessionaire's wrongful conduct or failure to act incident to the use of the premises or resulting from any accidents occurring on or about the roads, driveways or other public places used by Concessionaire at the Airport in the operations and activities of Concessionaire, its sublessees, licensees, invitees, or others authorized by Concessionaire to act hereunder, caused or arising out of any of their wrongful acts or omissions. Such insurance shall name City as an additional assured. Concessionaire shall also, without cost to City obtain and maintain during the term hereof automobile liability insurance in accordance with the terms and conditions of Concessionaire's automobile rental agreement, covering the operation of rental automobiles hereunder. All such general liability insurance and automobile liability insurance shall provide liability limits of not less than One Hundred Thousand Dollars ($100,000.00) for personal injury to or death of any one person in any one accident, Three Hundred Thousand Dollars ($300,000.00) for personal injury to or death of two or more persons in any one accident, and Twenty-five Thousand Dollars ($25,000.00) for damage to property in any one accident. Concessionaire shall file with the Comptroller of the City of Chicago certificates evidencing all such insurance. City agrees to notify Concessionaire in writing as soon as practicable of any claim, demand or action arising out of an occurrence covered hereunder of which City has knowledge, and to cooperate with Concessionaire in the investigation and defense thereof.

Any interest on any bond shall accrue and be paid to Concessionaire.

Article XVI

Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Article XVII

Termination of Agreement.

A. *Termination by City or Concessionaire.* This Agreement may be terminated in its entirety by the City or by Concessionaire by giving to either of said parties sixty (60) days advance written notice if either party, or both parties, shall have defaulted in the performance of any material promise, cove-

nant or agreement required to be performed by either party, or both, and the failure of either party, or both, to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt of written notice from the complaining party to remedy said default.

B. *Termination by City.* The City shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The filing by Concessionaire of any voluntary petition in bankruptcy, or a petition seeking to reorganize, or the readjustment of its indebtedness under the Federal Bankruptcy laws or under any similar State Laws, or if Concessionaire shall make a general assignment for the benefit of creditors.

(2) The filing of an involuntary petition in bankruptcy against Concessionaire in which the appointment of a receiver, trustee or liquidator of the property of the Concessionaire is ordered by a court of competent jurisdiction, and such appointment is not vacated within thirty (30) days.

(3) The abandonment or discontinuance of operation by Concessionaire of the automobile rental service at the Airport for a period of sixty (60) consecutive days, or if Concessionaire shall abandon the premises demised to it in the Airport for a period of sixty (60) consecutive days.

(4) The failure of Concessionaire to pay the concession fees or proportionate minimum guarantee fees, or rent charges or other money payments required by this Agreement, and such failure shall not be remedied within thirty (30) days following receipt by Concessionaire of written demand from the City so to do.

C. *Waiver of Default.* No waiver of default of any of the promises, covenants or agreements to be performed, kept and observed by the parties under this Agreement shall be construed or act as a waiver of any subsequent default of any such promise, covenant or agreement.

D. *Termination by Concessionaire.* Concessionaire shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The issuance by any court of competent jurisdiction of an injunction, order or decree preventing or restraining or limiting in any substantial way the operation by Concessionaire of its automobile rental business at the Airport, or the use by Concessionaire of all or any substantial part of the demised premises, or preventing or restraining the use of the Airport or Airport facilities to such an extent as to interfere materially with Concessionaire's operations at the Airport which injunction, order or decree has remained in full force and effect for a period of ninety (90) consecutive days.

(2) The total or extensive destruction of fixed improvements placed upon the demised premises making it impractical or uneconomical to restore same to their previous condition. In any such case, the proceeds of insurance, if any, payable by reason of such loss shall be apportioned equitably between the City and Concessionaire, with the Concessionaire first receiving the unamortized balance of its costs for said fixed improvements. If the damage shall result from an insurable cause and shall be of such an extent that said fixed improvements can be restored to an acceptable condition within a reasonable time, the Concessionaire shall restore the same with reasonable promptness and shall be entitled to receive and apply the entire proceeds of any insurance covering said loss to said restoration, in which event this Agreement shall not be cancelled but shall continue in full force and effect, and in such case any excess of insurance proceeds over and above the cost of complete restoration thereof shall belong to Concessionaire.

E. *Curtailment of Airport and Motor Vehicle Use.* In the event all or a material portion of the Airport or Airport facilities shall be destroyed; or in the event that any agency or instrumentality of the United States Government or any State or Local Government shall occupy the Airport or a substantial portion thereof; or in the event of military mobilization, insurrection, labor disputes, massive civil disorders or public emergency wherein there shall be a curtailment of normal airline traffic at the Airport or the use of motor vehicles or airplanes by the general public, either by reason of executive decree or legislative action; or in the event there is a limitation of the supply of automobiles or automotive fuel, supplies or parts for general public use; and if the above and foregoing events shall result in material interference with Concessionaire's normal business operations or in a substantial diminution of Concessionaire's gross revenue from its automobile rental concession at the Airport, which shall continue for a period in excess of thirty (30) days, then, upon sixty (60) days advance written notice to the City, Concessionaire shall have the right to terminate this Agreement.

F. *Diminution of Airline Passenger Traffic.* If, during any year of this Agreement, the scheduled airline passenger traffic enplaning at Airports serving the Greater Chicago Area falls below thirty percent (30%) of the scheduled airline passengers enplaning at Airports serving the Greater Chicago Area for a period of any six (6) consecutive months, as compared to the immediately preceding six (6) consecutive months, Concessionaire shall have the right to terminate this Agreement by giving the City six (6) months advance written notice. For the purpose of this Article XVII, Section F only, the Greater Chicago Area shall mean that area having a radius of thirty-five (35) miles from the intersection of State and Madison Streets in the City of Chicago.

G. *Elimination of Service Area B.* In the event that Service Area B, hereinbefore demised under Article V, Section D(2), is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, and in the further event the Commissioner of Aviation is unable to provide a suitable substitute Airport site therefor as hereinbefore provided in Article V, Section D(2) (d), then, upon thirty (30) days advance written notice to the City from the date Concessionaire is so notified by the Commissioner of Aviation, Concessionaire shall have the right to terminate this Agreement.

H. *Amortization of Fixed Improvements.* Except as otherwise specifically herein provided, in the event this Agreement is terminated prior to the full term set forth in Article I, Section B hereof, City, within ninety (90) days after the effective date of said termination, will pay to Concessionaire the unamortized portion of Concessionaire's cost of the permanent structures and improvements constructed

and installed on the Airport pursuant to this agreement. Such amortization shall be computed on a straight line cost basis over the period from the completion of said improvements to the expiration date of the initial term hereof.

Article XVIII

National Emergency.

In the event of a national emergency, wherein there is a diminution of the use of motor vehicles by the general public or a limitation of the supply of gasoline for automotive fuel available for general use, either by executive decree or legislative action, then, and in that event, Concessionaire shall not be required to pay the minimum guarantees required under Article VI of this Agreement during the period such executive decree or legislative action shall remain in effect; however, Concessionaire shall pay to the City ten percent (10%) of its gross revenues during the period of said executive decree or legislative action.

Article XIX

Service Obligations.

A. *Utility Services.* Concessionaire, at its sole cost and expense, shall have the right to construct, install and maintain, or have constructed, installed and maintained, all necessary tap lines and facilities and to connect the same to water supply and sewerage lines, and to receive all said utilities and services, and such other utility services as it deems necessary; provided, however, that the City shall at its cost bring such utility services and lines to the edge of the demised premises, and further provided Concessionaire shall be responsible for securing or cause to have secured all necessary applications and permits and to pay all necessary application and permit fees occasioned thereby; provided further, however, that Concessionaire shall pay to the City or to the appropriate public utility companies the usual and customary charges occasioned by the continuing use of said services.

City grants to Concessionaire, its customers, employees and suppliers of materials and services, without the imposition of any additional charge, rent or fee therefor, the right to use such road or roads for the movement of their vehicles for the duration of the term of this Agreement. City shall also cause all necessary cuts to be made in the curbing installed or to be installed by City on "Old Mannheim" Road between the entrances and exits of said access road or roads to the demised premises, which shall be constructed by Concessionaire.

In 1917 Mr. Gately, together with his late brothers, John, William and Thomas, founded Gately's Peoples Store on Michigan Avenue at 112th Street in Chicago. He became its President and held that position until his passing. The People's Store grew from a frontage of 25 feet to 500 feet at the same location and is the largest individually owned department store in Chicago; and

WHEREAS, Mr. Gately served as Chairman of the south district of Chicago Civil Defense during World War II. He also served as Chairman of the Chicago Zoning Board of Appeals. He was best known in Chicago for his twenty-one years of devoted service as member and Chairman of the Chicago Park District. Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Theodore C. "Ted" Eppig retired as Deputy Commissioner, Bureau of Sanitation, on February 1, 1972; and

WHEREAS, Commissioner Eppig was born in Brooklyn, New York, where he received his primary education. He was graduated from Campion High School, Prairie Du Chien, Wisconsin, and attended Xavier College. He began his 35 year career of service with the City of Chicago in 1937 as Manager of Properties. In June, 1939, he was appointed Division Superintendent of the Northwest Division. He was certified as a Civil Service Ward Superintendent in December, 1939, and served the old 32nd and 38th Wards in that capacity until December, 1943, when he was appointed Superintendent of Equipment Service. He also served as Superintendent of Equipment and Supervisor of Refuse Collection; and

On January 1, 1958, he was appointed Deputy Commissioner, Bureau of Sanitation, and served in that capacity until his retirement on February 1, 1972. During his tenure in office the refuse collection equipment fleet was modernized; four incinerators were constructed and put in operation and the present modern snow and ice control program was developed; and

WHEREAS, Commissioner Eppig, known for his dry sense of humor and composure as well as his capabilities amid most unusual adversities, has weathered many storms in his career with sanitation. Notable among these was the Great Blizzard of 1967 when on January 26, 23 inches of snow weighing 32 million tons paralyzed Chicago, the heaviest snowfall for any 24 hour period in the City's history. Commissioner Eppig has seen three record-breaking winter seasons, including the winter 1950-51 season, when 66.4 inches fell; the 1966-67 season when 68.4 inches fell; and the 1969-70 season when 77 inches fell. He took a major part in developing Chicago's modern Snow and Ice Control Program, now a model for other cities; and

WHEREAS, Commissioner Eppig during his career in refuse and environmental management and as Chief Housekeeper for Chicago has helped to forge one of the most successful and progressive municipal sanitation operations in the country. To his credit, Chicago has been acclaimed repeatedly as one of the cleanest big cities. He has received citations from numerous community organizations and the Samuel A. Greeley Award for continuous service with the City. He is past President of the Chicago Metropolitan Chapter of the American Public Works Association and the Institute for Solid Wastes; and

WHEREAS, "Ted" Eppig's retirement as Deputy Commissioner, Bureau of Sanitation, presents an occasion for all to acknowledge his thirty-five years of dedicated service to the people of Chicago and to the principles of good government; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 24th day of February, A.D. 1972, do hereby express their appreciation for the diligent and dedicated labors of Theodore C. "Ted" Eppig in service to the people of Chicago and their best wishes to him and his wife Evelyn for many years of fruitful and happy life on this occasion of his retirement; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Theodore C. Eppig.

He was saluted for being an "environmentalist" long before the word had a great deal of significance. He was thanked generously for having always been of the greatest help and service. All wished him well in his retirement, with many years of health and happiness.

Honorable Richard J. Daley, Mayor, also addressed the Council, saluting Mr. Eppig for the great service he had given to the City, in his efforts in rat abatement, incinerator construction and concluded by saying that the City would forever be grateful to him.

The Mayor then invited Mr. Eppig to the rostrum.

Mr. Eppig stated that he was deeply honored and overwhelmed by the kindness displayed by all. He thanked everyone for the cooperation and the warm, friendly relations he had always enjoyed. He promised to come back for frequent visits.

CITY OF CHICAGO

February 14, 1972.

To the Honorable, The City Council of the City of Chicago:

Re: *John Grabinger and Robert Tovar* vs. *James B. Conlisk, Jr., Richard Sullivan and Earl Zuelke,* U.S.C.A. No. 71-1203

LADIES AND GENTLEMEN—On January 21, 1972, the United States Court of Appeals for the Seventh Circuit affirmed the judgment of the District Court in the case referred to above finding for the defendants, who are members of the Chicago Police Department, and dismissing the complaint. The *per curiam* opinion of the Court of Appeals adopted the views of the District Court which held that there was no impropriety in the suspension from duty for 15 days of the plaintiff police officers. The plaintiffs had been disciplined for disobedience of their superiors' order to submit, without the presence of counsel, to a polygraph examination concerning their alleged misconduct in the performance of their official duties.

A copy of the Court's opinion is attached herewith.

Very truly yours,

(Signed) DANIEL PASCALE,
Assistant Corporation Counsel.

CITY OF CHICAGO
DEPARTMENT OF LAW

February 10, 1972.

To the Honorable, The City Council of the City of Chicago:

Re: *Rosalia Deal,* Plaintiff-Appellee
vs.
Police Board of the City of Chicago, and James B. Conlisk, Jr., Superintendent of Police of the City of Chicago,
Defendants-Appellants.

LADIES AND GENTLEMEN—On January 17, 1972, the Illinois Appellate Court, First District, filed an opinion affirming the decision of the Circuit Court of Cook County that reversed the decision and findings of the Police Board that cause existed for the discharge of Rosalia Deal from her position as a Telephone Operator with the Department of Police and from the service of the City of Chicago.

The Illinois Appellate Court upheld the finding of the Circuit Court of Cook County that the decision of the Police Board of the City of Chicago was against the manifest weight of the evidence. The Illinois Appellate Court concluded that the Police Board's findings were consistent with the facts alleged in the charges and specifications, but that they did not conform to the evidence presented.

Respectfully,

(Signed) THOMAS J. CACHOR,
Assistant Corporation Counsel
Appeals and Review Division.

(Signed) WILLIAM R. QUINLAN,
Head of Appeals and Review Division.

CITY OF CHICAGO
DEPARTMENT OF LAW

February 22, 1972.

To the Honorable, The City Council of the City of Chicago:

Re: *Mary T. Andronaco, widow of John D. Andronaco, and Nicholas and Theresa Andronaco, minor defendant children of John D. Andronaco, deceased by their mother and natural guardian and next friend Mary T. Andronaco, Appellees, vs. Industrial Commission, City of Chicago and Adlai E. Stevenson III, State Treasurer and ex officio custodian of the Special Fund.*
Supreme Court of Illinois No. 43200.

LADIES AND GENTLEMEN—On January 28, 1972, the Supreme Court of Illinois filed its opinion in the above-entitled case, affirming the judgment of the Circuit Court of Cook County, awarding the plaintiff $15,000 for the death of her husband, funeral expenses of $500 and $200 payable to the State Treasurer.

The Supreme Court found that the decision of the Industrial Commission which denied such an award was contrary to the weight of the evidence. The Court held that although the plaintiff's decedent did not become ill while he was working and the causal relationship between his work and death was based only upon medical testimony contrary to that offered by the City, it was sufficient to establish that the decedent died of a heart attack which arose out of and in the course of his employment as a garbage collector for the City of Chicago.

The Supreme Court further held that the notice given to the City by the decedent's widow was sufficient notice of the accident under the circumstances of the decedent's death.

Very truly yours,

Assistant Corporation Counsel.

(Signed) WILLIAM R. QUINLAN,
Head of Appeals and Review Division.

[In any case, where analysis reveals the presence of lead or its compounds in a quantity of more than one per cent or in a quantity sufficient to be a hazard to health and safety to the occupants of the family unit, the Commissioner of Buildings shall order the owner or his agent to remove all materials containing lead compounds or cover such surfaces with an acceptable covering having a flame spread rating not to exceed 15. If, upon inspection by the Commissioner of Buildings or his duly authorized representative, there is found the presence of flaking, peeling, chipped or loose paint, plaster, or structural material in or around any building used for housing, the Commissioner of Buildings, or his duly authorized representative, is hereby empowered to secure specimens of flaking, peeling, chipped or loose paint, plaster or structural material and to analyze or cause an analysis to be made determining whether or not the materials contain lead or its compound. All covering shall be securely attached to a smooth and sound surface.

If within fourteen days from the date of mailing of the notice of violation, the necessary repairs have not been made, the Commissioner of Buildings may proceed to do or have done whatever work is necessary to eliminate the lead hazard and to bill the owner for any expense incurred. WHEREAS, The Commission found that the Union Stock Yard Gate meets the criteria as set forth in Chapter 21, Section 21-64 (b) of the Municipal Code of Chicago, namely:

Its character, interest and value are part of the development, heritage and cultural characteristics of the City of Chicago, State of Illinois and the United States.

It is identified with persons who significantly contributed to the culture and development of the City of Chicago.

WHEREAS, Indeed, almost every resident of Chicago, including the Mayor, has had some involvement or connection, however remote, with the Stock Yards and the meat packing industry. Our forefathers may have worked there. Thousands upon thousands of Chicagoans have worked, at one time or another, in the plants and offices of the Yards. An entire neighborhood considers itself honored to be known as "Back Of The Yards". The Union Stock Yards Gate is one of the few remaining visual reminders of Chicago's past supremacy in the livestock and meat packing industry; and

WHEREAS, The Union Stock Yard Gate is a monument to the working men and women who worked in the yards, whether it was the packing house or the stockyards. Future generations, as they grow up, can view a visual symbol in answer to their question, "What was the stockyards"; and

WHEREAS, The Commission has concluded that the structure known as the Union Stock Yard Gate is truly important to Chicago, and deserves to be preserved, protected, enhanced and perpetuated. The Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the structure known as the Union Stock Yard Gate be designated as a Chicago Landmark; now, therefore,

COMMITTEE ON FEDERAL AND STATE LEGISLATION.

Support Given to Employees of Chicago Office of U.S. Bureau of Public Debt to Prevent Relocation to Parkersburg, W. Va.

The Committee on Federal and State Legislation submitted the following report:

CHICAGO, February 24, 1972.

To the President and Members of the City Council:

Your Committee on Federal and State Legislation begs leave to recommend that Your Honorable Body Pass the proposed resolution transmitted herewith (the original of which was referred to your committee on June 4, 1971), resolution urging prevention of transfer of Office of the Bureau of the Public Debt from Chicago to Parkersburg, W. Va.

This recommendation was concurred in unanimously by all members present.

Respectfully submitted,

(Signed) EDWIN P. FIFIELSKI,
Vice-Chairman.

On motion of Alderman Fifielski the proposed resolution transmitted with the foregoing committee report was *Adopted,* by yeas and nays as follows:

Yeas—Aldermen Roti, Kenner, Holman, Sawyer, Cousins, Adduci, Vrdolyak, Bilandic, Staszcuk, Burke, Lawlor, Langford, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Potempa, Rhodes, Marzullo, Zydlo, Ray, Washington, Biggs, Filippini, Keane, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Simon, Scholl, Natarus, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Wigoda, Sperling—45.

Nays—None.

The following is said resolution as adopted:

WHEREAS, In a hearing on Tuesday, March 9, 1971, before a subcommittee of the committee on appropriations, House of Representatives, Washington, D. C., the Bureau of the Public Debt requested an appropriation of $3,250,000 for 1972 to cover only the cost of moving the Chicago office to Parkersburg, W. Va.; and

WHEREAS, The reason for requesting the appropriation was stated to be due to the inability of the Chicago Office to recruit qualified applicants in the Chicago Area Labor Market who had the prerequisites to be trained to handle the work performed in the Chicago office; and

WHEREAS, There would be no benefit of savings nor improvement in efficiency of operations by replacing the present well qualified employees with new employees recruited from the Parkersburg Labor Market who would require a long training period in order to satisfactorily perform the services now being rendered to the purchasers of United States Savings Bonds; and

WHEREAS, No site for construction of a building nor space in any existing building in Parkersburg, W. Va. has been acquired which will require appropriation of additional funds; and

WHEREAS, Of the 607 employees on the rolls of the Chicago office most are not eligible for immediate retirement, which would work an undue hardship on them and their families; and

WHEREAS, If this appropriation is approved, it would mean unemployment of several hundred people who are not likely to move from an integrated urban facility to a small southern town where Blacks and other Minority groups would not be welcome; and

WHEREAS, The proposed transfer of the Chicago operation of the Bureau of the Public Debt to the Parkersburg, W. Va. office would eliminate perhaps only 100 or 150 persons as a staff of approximately 1,150 employees are needed to process the work load; and

WHEREAS, Unemployment of several hundred people in the Chicago area means the employing of almost the same number in Parkersburg, West Virginia; and

WHEREAS, No valid reasons have been offered in testimony before the Subcommittee of the Committee on Appropriations to justify this proposed move of the Chicago Office of the Bureau of the Public Debt to Parkersburg, W. Va.; now, therefore,

Be It Resolved, That support be given the employees of the Chicago Office of the Bureau of the Public Debt in their efforts to prevent this unjustifiable move to Parkersburg, West Virginia; and

Be It Further Resolved, That Congressmen from Chicago be requested to investigate this proposed move and be informed of the negative effects of the change upon Chicago.

U. S. Congress Memorialized to Enact S.B. 2815 to Outlaw Hand Guns.

The Committee on Federal and State Legislation submitted the following report:

CHICAGO, February 24, 1972.

To the President and Members of the City Council:

Your Committee on Federal and State Legislation begs leave to recommend that Your Honorable Body Pass the proposed *substitute* resolution transmitted herewith (the original of which was referred to your committee on December 30, 1971) to memorialize the Congress of the United States to meet a national emergency by enacting S.B. 2815, which prohibits the ownership and manufacture of hand guns by all persons (except the Armed Forces, law enforcement officials, and, as authorized by the Secretary of the Treasury, licensed importers, licensed manufacturers, dealers, antique collectors, and pistol clubs).

Further, Be It Resolved by the City Council of the City of Chicago: The City of Chicago urgently memorializes the Congress of the United States to draft legislation or amend S.B. 2815, to establish strict requirements for the use and ownership of long guns, as well as hand guns.

This recommendation was concurred in unanimously by all members present.

Respectfully submitted,

(Signed) EDWIN P. FIFIELSKI,
Vice-Chairman.

On motion of Alderman Fifielski the proposed substitute resolution transmitted with the foregoing committee report was *Adopted,* by yeas and nays as follows:

Yeas—Aldermen Roti, Kenner, Holman, Sawyer, Cousins, Adduci, Vrdolyak, Bilandic, Staszcuk, Burke, Lawlor, Langford, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Potempa, Rhodes, Marzullo, Zydlo, Ray, Washington, Biggs, Filippini, Keane, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Simon, Scholl, Natarus, Simpson, Fifielski, Cohen, Hoellen, Hedlund, Wigoda, Sperling—45.

Nays—None.

The following is said resolution as adopted:

WHEREAS, Chicago's patience is exhausted by the endless sickening and lethal shots from hand guns in its streets and buildings. The only use of hand guns is to kill and maim people. So long as hand guns can be privately owned, no one is safe. Outlawry of hand guns by a single city cannot solve the problem; hand guns should be outlawed nationally, as other nations have outlawed them.

The destruction in Chicago from hand guns is beyond belief. In the last few days, for example, a Chicago police commander was shot and hurt by a hand gun when he commanded a robber to surrender in the loop; two boys, 17 and 18, were shot and killed by a hand gun in an alley on the west side; and a father of three young children was killed by a hand gun which discharged accidentally as he fell down the stairs of his home on the south side.

Chicago knows the problem. Chicago knows that hand guns must be outlawed. Chicago knows that the hand gun lobby must be overcome in the interest of protecting life and safety; now, therefore,

Be It Resolved By The City Council of The City of Chicago, The City of Chicago urgently memorializes the Congress of the United States to meet a national emergency by enacting S.B. 2815, which prohibits the ownership and manufacture of hand guns by all persons (except the Armed Forces, law enforcement officials, and, as authorized by the Secretary of the Treasury, licensed importers, licensed manufacturers, dealers, antique collectors, and pistol clubs).

Be It Further Resolved By The City Council of The City of Chicago, The City of Chicago urgently memorializes the Congress of the United States to draft legislation or amend S.B. 2815 to establish strict requirements for the use and ownership of long guns, as well as hand guns.

WHEREAS, On February 10, 1972, Chicago noted the death of Lorenzo Dow Turner, one of Chicago's distinguished citizens.

Born in North Carolina in 1895, Lorenzo Dow Turner early developed an intense interest in the speech of Afro-Americans on and near the coastal islands known as the Gullah region. As a result, he pursued extensive original studies and research in West African folklore and languages. Through them, he was able to trace West African cultural influence in American speech, literature, and music. He was among the first great scholars to establish and uncover the relationship.

As an A.B. from Howard University, M.A. from Harvard University, and Ph.D from the University of Chicago, as the recipient of distinguished grants, and as professor at Howard University, Fisk University, and for many productive years at Roosevelt University of Chicago, he was a pioneer scholar of international note in Afro-American culture and the author of distinguished, scholarly work. In 1969 he was elected to the Hall of Fame of the City of Chicago; now, therefore,

Be It Resolved, That the City of Chicago acknowledges the great contributions made by its citizen Lorenzo Dow Turner and expresses to his entire family the deep sympathy of a bereaved city.

In the event the Lessor exercises its option to purchase any or all of said furniture, furnishings, fixtures and equipment, it is agreed that the purchase price shall be the fair market value of such items at the date of such terminations. If the parties are unable to agree upon the fair market value, it is agreed that each party shall appoint an appraiser and the two so appointed shall name a third appraiser and that the three appraisers so named shall determine the fair market value of such items, which determination shall be final and binding upon the parties hereto.

This Agreement made this.............day of............., A.D. 1972 between the City of Chicago, a Municipal Corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and Avis Rent-A-Car System, Inc., a Delaware corporation (sometimes hereinafter referred to as "Concessionaire").

Article I

Contents of Agreement; Term.

A. This Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

B. The term of this Agreement shall be for a period of twenty (20) years beginning on the ....day of..........................., 1972 and ending on the...................day of..........................., 1992, unless said term shall be sooner terminated pursuant to provisions hereinafter set forth; provided, however, that at each five (5) year interval from the effective date of this Agreement, City may, upon review of all the circumstances affecting the Airport and Concessionaire's operations therein, direct that the terms and conditions of compensation set forth in Article VI of this Agreement be renegotiated (except those rental commitments contained in paragraph E, subparagraphs (1), (2), (3), and (4) of said Article VI), and upon written notice to Concessionaire of said determination, Concessionaire shall negotiate in good faith with City's representatives as to all said terms and conditions therein contained. In the event said terms and conditions are not renegotiated in good faith to the satisfaction of City within six (6) months after said notice to renegotiate has been received by Concessionaire, the contract term of this Agreement shall be terminated, to take effect twelve (12) months after said notice to renegotiate was received by Concessionaire.

Article II

Definition of Terms.

A. "Commissioner of Aviation" means the head of the Department of Aviation of the City of Chicago, having management and control of the design, operation and maintenance of all airports owned or operated by the City.

B. "Commissioner of Public Works" means the head of the Department of Public Works of the City of Chicago, having management and control of all public places and property of the City of Chicago, as more specifically set forth within the Municipal Code of Chicago.

C. "Concessionaire" means any natural person, partnership, corporation, company or other legal entity, who or which owns, controls, manages and engages in the business of automobile rental services upon the Airport pursuant to a written agreement between such Concessionaire and the City.

D. "Gross Receipts" means time and mileage charges paid or payable to Concessionaire for rental of automobiles at the Airport by Concessionaire herein, whether received by cash or by credit, regardless of when, where or through whom the order therefor is received including all revenue derived by Concessionaire of any type arising out of or in connection with Concessionaire's operation at the Airport and for exchanges whereby an automobile delivered to a customer at the Airport is exchanged for another automobile within a radius of thirty miles from said Airport. "Gross Receipts", however, shall not include any federal, state, or municipal sales or other similar taxes which are separately stated and collected from customers of Concessionaire now or hereafter levied or imposed; nor sums received as insurance proceeds or otherwise for damages to automobiles or other property of Concessionaire, except as hereinafter provided, or for loss, conversion or abandonment of such automobile; nor any sums received from customers of Concessionaire separately billed as additional charges for the waiver by Concessionaire of its rights to recover damages sustained by the rented vehicle from its customers; nor any sums received from customers of Concessionaire as inter-city service fees.

Approval or disapproval of said assignment, sublease or transfer shall not be unreasonably withheld by the City Council or Commissioner of Aviation and approval shall be inferred if the City Council and the Commissioner of Aviation do not act within ninety (90) days after receipt of said notice from Concessionaire.

If Concessionaire is a partnership or corporation or legal entity other than a natural person, any change in control of said entity during the term hereof shall be deemed a transfer for the purposes of this Agreement, subject to the foregoing provisions. In the event Concessionaire fails to secure express or implied approval of said assignment, sublease or transfer, as provided herein, the City may, at its option, determine and declare such change as a breach of this Agreement and take immediate possession of the demised premises and facility hereinafter described; however, said option may not be exercised unreasonably by the City nor without good and sufficient cause. It is understood and agreed by and between the City and Concessionaire that nothing contained in this agreement is intended or shall be construed as in any way creating or establishing or maintaining the relationship of agency, co-partnership or joint venturers between the parties hereto.

Article IV

(a) to continue to lease and occupy the counter areas in Terminal Building 1, if any, and in Terminal Buildings 2 and 3; or

(b) to elect instead to occupy counter areas of a size not less than one of the counter areas in Terminal Buildings 1, 2 and 3, and not more than that of four of its counter areas in Terminal Buildings 1, 2 and 3, at the same rate per unit of counter area, on the ground level of said parking structure with the specific size and location of such counter areas to be determined by the Commissioner of Aviation; or

(c) to elect to exercise options (a) and (b) above together.

(d) to elect, at a later time, to cancel its leasehold rights and privileges within Terminal Buildings 1, 2 and 3, and/or in the new parking structure; provided, however, that if Concessionaire relinquishes counter space in Terminal Buildings 1, 2 and 3, and/or the new parking structure, Concessionaire will provide such substitute facility as may be required by and as is in consonance with technological change or changes in the operation of the rent-a-car service in said Terminal Buildings and/or parking structure. The adequacy or sufficiency of said substitute facility shall be determined by the Commissioner of Aviation; provided, further, however, that should Concessionaire wish to effect such cancellations under subparagraphs (c) or (d) hereinabove set forth, Concessionaire shall give no less than sixty (60) days advance written notice to the Commissioner of Aviation of its intention so to do.

(4) *Relocation and Modification of Counter Space.* If at any time during the term of this Agreement, modification or expansion of said Terminal Buildings makes it necessary, in the sole judgment of the Commissioner of Aviation, to relocate the above-described counter areas, said Commissioner may, upon ninety (90) days advance written notice to Concessionaire, direct Concessionaire to relocate or rebuild such counter areas at substitute Terminal Building locations of comparable size as allocated by the Commissioner of Aviation, at the sole cost and expense of City and the same must be constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works. If, at any time during the term of this Agreement, Concessionaire desires to relocate, improve or modify existing counter facilities that it presently occupies in Terminal Buildings 2 and 3, or, if Concessionaire shall seek to install a counter or other improvements in Terminal Building 1, such improvements or modifications shall be at the sole cost and expense of Concessionaire and must be located and constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works.

B. *Ready and Return Automobile Parking Areas.*

(1) *Temporary Parking Areas.* Concessionaire shall have the right and privilege, in common with any other Airport rent-a-car concessionaires, to occupy ready and return automobile parking areas as are described in Exhibit "B" attached hereto and made a part hereof, for the purpose of parking cars ready for rental and for the return of cars to the Airport upon the completion of rental, subject to such rules, regulations and limitations as may be imposed by the Commissioner of Aviation, who shall designate from time to time the number and location of parking spaces within the aforesaid ready and return automobile parking areas which Concessionaire and other rent-a-car concessionaires shall be entitled to use. The allocation of such spaces shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. Such ready and return automobile parking areas shall be subject to limitations which may be imposed by Airport construction or operational requirements. Said limitations shall be only to the extent reasonably necessary, and every effort will be made to minimize the time and extent of any interference with the normal rent-a-car operation in these particular areas. The above-described ready and return automobile parking areas shall be vacated at such time or times as the Commissioner of Aviation shall designate, upon ninety (90) days advance written notice to the Concessionaire. Said authority in the Commissioner of Aviation to order the vacating of the ready and return automobile parking areas shall be contingent upon substitute areas of reasonably comparable size and location being made available. Concessionaire shall have the right, upon ninety (90) days advance written notice to the Commissioner of Aviation, to vacate such ready and return automobile parking areas as they shall designate and at the end of said period shall surrender such areas to the City.

(2) *Permanent Parking Areas.* Commencing upon the date when the new parking structure to be erected in the Airport public parking lot is completed and ready for use by the general public, the City shall provide therein 650 parking spaces at the ground level of such parking structure for the use of Concessionaire in common with any other Airport rent-a-car concessionaires, said location being shown in Exhibit "C" attached hereto and made a part hereof. It is understood and agreed that the Commissioner of Aviation shall annually designate the location and specific number of the said parking spaces within the aforesaid parking structure which the Concessionaire and each of the other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said ground level parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the ground level parking spaces otherwise allocable to other Airport rent-a-car concessionaires in common.

area parking lot (see Exhibit "C"), as may be mutually agreed upon between the Commissioner of Aviation and the Airport rent-a-car concessionaires. It is understood and agreed with respect to such additional parking spaces that the Commissioner of Aviation shall designate from time to time the location and specific number of the parking spaces within the aforesaid parking lot which Concessionaire and other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said additional parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the additional parking spaces otherwise allocable to the Airport rent-a-car concessionaires in common.

C. *Terminal Area Automobile Service Facility.* Concessionaire shall have the right and privilege but not the obligation to construct at its sole cost and expense a Terminal Area Automobile Service Facility for use as a rapid turn-around car wash and refueling establishment. Said car wash and refueling facility shall be located in the new parking structure provided for in Article V, Section B(2) of this Agreement in such location as may be designated by the Commissioner of Aviation within the area shown on Exhibit "C" attached hereto and made a part hereof. Such space as may be occupied by Concessionaire for the construction and operation of said Terminal Area Automobile Service Facility shall be subtracted or deleted from the allocation of parking spaces to be set aside for Concessionaire, within the new parking structure as set forth in Article V, Section B(2) of this Agreement. At no time shall Concessionaire permit the use of said Terminal Area Automobile Service Facility by automobiles or other vehicles owned or operated by members of the general public (other than Concessionaire's rental vehicles) either for the purpose of washing or refueling. The plans and specifications for such Terminal Area Automobile Service Facility shall be submitted for approval by the Commissioner of Aviation and the Commissioner of Public Works and said facility shall be constructed in accordance with said plans and specifications so approved. Title to all fixed improvements erected or installed by Concessionaire in or upon said premises shall vest in the City upon completion of said facility, including all appurtenances and property of every kind and nature; provided, however, that trade fixtures which are attached thereto, as defined in Article V, Section D(2) (c), may be removed upon termination of this Agreement under the conditions therein set forth.

D. *Outer Area Automobile Service Facility.* Concessionaire shall have the right and privilege to construct and maintain an Outer Area Automobile Service Facility consisting of the areas set forth in the following subparagraphs.

(1) *Temporary Automobile Service Area "A".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 52,027.40 square feet as described more particularly on Exhibit "D" attached hereto and made a part hereof. Anything herein to the contrary notwithstanding, it is understood and agreed that Concessionaire shall vacate said Service Area "A" within ten (10) days following the issuance of a Certificate of Completion by the Commissioner of Public Works authorizing the use of the permanent service building and improvements to be erected and installed by Concessionaire within Service Area "B" for which provision is hereinafter made, and rental with respect to Service Area "A" shall thereupon terminate.

[Exhibit "D" printed on page 2663 of this Journal]

(2) *Permanent Service Area "B".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 348,480 square feet as described more particularly on Exhibit "E" attached hereto and made a part hereof.

[Exhibit "E" printed on page 2664 of this Journal]

(a) ***Buildings, Structures and Improvements.*** Concessionaire shall at its own cost and expense erect and install within said Service Area "B" buildings, structures and improvements for its use in maintenance, servicing, parking and storage of its vehicles and said structures and improvements shall include, but are not limited to, fencing, lighting, paving, underground fuel tanks and gas pumps; provided, however, that no construction or improvement shall be commenced until plans and specifications for construction have been approved by the Commissioner of Aviation and the Commissioner of Public Works. Concessionaire shall promptly secure all necessary permits and licenses therefor as required by the Municipal Code of Chicago at its own cost and expense. Plans and specifications for said buildings, structures and improvements shall be submitted by Concessionaire to said Commissioners within six (6) months after the effective date of this Agreement, and construction shall commence within sixty (60) days following said approval and the issuance of all necessary permits and licenses with a completion date thereof to be no later than eighteen (18) months after construction begins; provided, however, that if construction is delayed at any time in the progress of the work by an Act of God, or by strikes, lockouts, fire, unusual delays in transportation or by circumstances caused by a National Emergency, or by war, or other circumstances beyond the control of Concessionaire then the time for completion shall be extended for such reasonable period as the Commissioner of Public Works may determine. No such extension shall be made for delay in the absence of written notice by Concessionaire to the Commissioner of Public Works within thirty (30) days after the cause of said delay has occurred.

Concessionaire covenants and agrees to spend a minimum of One Million Dollars ($1,000,000.00) in the construction of said buildings, structures and improvements, including architects' and engineers' fees, costs of plans and specifications and other costs incidental to said construction and installation.

(b) *Regulation of Construction.* During the period of construction of any building, structure or other improvements, all construction work, workmanship, materials and installation involved or incidental thereto shall be subject at all times to inspection by the City. Concessionaire shall give or cause to be given to the Commissioner of Aviation and the Commissioner of Public Works advance notice in writing before any new work is commenced and shall provide and shall cause its contractors and subcontractors to provide reasonable and necessary facilities for inspection. Concessionaire shall pay reasonable costs for review of plans and specifications, for inspections, and for other related engineering services performed by the City, upon being billed therefor by the City. Concessionaire shall cause all construction work, workmanship, materials and installation to be in full compliance with its plans and specifications and with applicable provisions of the Municipal Code of Chicago.

(c) *Title to Fixed Improvements.* Title to all fixed improvements erected or installed by Concessionaire in or upon the demised premises shall vest in the City upon completion of building, structure and other improvement constructions, including all buildings and other structures erected upon the premises, all fencing, all grading and surfacing with stone and hardtop, all underground and overhead wires, cables, pipes, conduits, tanks and drains, and all property of every kind and nature; provided, however, that trade fixtures which are attached to any building or structure or to the premises and which may be removed without material damage to the property, building or structure to which they may be attached may be removed. Trade fixtures shall include, but are not necessarily limited to, signs, electrical or otherwise, used to advertise Concessionaire's business in and about the demised premises; machinery and equipment used in connection with the servicing of its vehicles in or about the demised premises and such lifts, hoists, compressors or other mechanical devices used to service vehicles which are not imbedded or permanently annexed to the realty, structure or building; and such other miscellaneous equipment as is not imbedded or permanently annexed to the realty, structure or building. Concessionaire may install, maintain, operate, repair and replace such trade fixtures and other personal property useful from time to time in connection with its operations in the Airport, which shall be and remain the property of Concessionaire and which may be removed by it prior to or within a reasonable time after the expiration or termination of this Agreement; provided, further, however, that Concessionaire shall repair any damage to the premises caused by such removal.

(d) *Removal of Service Area "B".* In the event that Service Area "B" herein demised is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, the Commissioner of Aviation upon one hundred eighty (180) days advance written notice may direct the Concessionaire to vacate Service Area "B". In such case, the City will pay to Concessionaire within ninety (90) days after Concessionaire's removal therefrom the unamortized portion of the cost of the fixed improvements constructed and installed within said Service Area "B", as described in Article V, Section D(2)(a), including architects' and engineers' fees, cost of plans and specifications and other costs incidental to such construction and installation; provided, that said amortization shall be computed upon a straight-line basis without interest covering the period from the completion date of said improvements to the expiration date of this lease; provided, further, that the Commissioner of Aviation will offer to the Concessionaire a suitable substitute site at the same unit rate if, and to the extent that, the Commissioner of Aviation in his sole judgment determines such area to be available.

(e) *Cost of Fixed Improvements.* Concessionaire shall furnish to the Commissioner of Public Works an itemized statement, certified by an authorized officer of the Concessionaire, showing the total cost of the fixed improvements, as described in Article V, Section D(2)(a), installed and established upon and in Service Area "B", including architects' and engineers' fees, cost of plans and specifications and other costs incidental to said construction and installation, within sixty (60) days after the completion of the construction thereof, and shall, if requested by the Commissioner of Public Works, produce copies of all invoices and other records in connection therewith. The Commissioner of Public Works shall review the material and notify the Concessionaire in writing within sixty (60) days after its receipt whether said itemized statement and supporting invoices or other records meet with his approval, or not, and, in the latter event, in what respect it is deficient; provided, however, that said statement shall constitute prima facie evidence of the cost shown therein unless disputed in writing by the City within sixty (60) days following receipt thereof. Upon approval by the Commissioner of Public Works, said costs shall constitute the basis for the amortization contemplated in Article XVII, Section H; provided, however, that said statement shall be deemed approved in the event the Commissioner of Public Works shall not so notify Concessionaire within such sixty (60) day period. The books and records of the Concessionaire shall be subject to examination and audit by the Commissioner of Public Works to verify such costs.

(f) *Expansion Areas.* It is understood and agreed by and between the parties that if at any time during the term of this Agreement such land which has been designated as "Expansion Areas 5 or 8", as the same are more particularly described and set forth on Exhibit "E" attached hereto and made a part hereof, becomes desirable for other Airport uses, then the City shall give Concessionaire the right of first refusal; acceptance of the rental thereof shall be given in writing to the Commissioner of Aviation by the Concessionaire within thirty (30) days following receipt of said notice stating that Concessionaire is desirous of leasing such expansion area or areas and, in such event, this Agreement shall be amended to include such area or areas within the demised premises hereunder upon the same terms and conditions herein set forth. If Concessionaire shall fail to file a written acceptance of said expansion area or areas within said thirty (30) day period, the City may lease said property to others. In the event said rental is for rent-a-car purposes, rental charges shall be upon the same terms and conditions as those offered to Concessionaire.

Article VI

Concession Fees; Minimum Guarantee; and Rental Commitment.

Concessionaire agrees to pay the City for the privileges and authority hereinabove described and set forth under the terms and conditions contained in this Article.

A. *Concession Fees and Minimum Guarantee.* Concessionaire agrees to compensate the City for the privileges and authority to operate its rent-a-car business on, upon and from the Airport in an amount equal to either (1) ten percent (10%) of Concessionaire's gross receipts as defined in Article II, Section D of this Agreement, or (2) an annual minimum guarantee as hereinafter set forth in this Article VI, Section A, whichever amount is greater, for each contract year. The contract year of this Agreement shall commence on the first day of the month following the execution of this Agreement and shall end on the last day of the month of .... in each year. The first contract year shall commence on the .... day of ...., 1972. The minimum guarantee for said first contract year shall be One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00).

B. *Adjustment of Concession Fee.* If after the end of the fifth year of this Agreement, and upon each five-year anniversary thereof, the effective percentage of gross receipts paid by the Airport rent-a-car concessionaires as a concession fee at the ten (10) United States Airports with the greatest number of passengers carried by scheduled air carriers averages more than the average concession fee at the said airports on the date of execution of this Agreement, then the percentage fee of this Agreement may be adjusted upward in the discretion of the Commissioner of Aviation to a percentage which bears the same ratio to the ten percent (10%) percentage fee provided herein as such increased average concession fee bears to the average concession fee prevailing on the date of execution of this Agreement.

C. *Adjustment of Minimum Guarantee.* The minimum guarantee for the second and each subsequent contract year shall be adjusted in direct proportion to the percentage increase or decrease, as the case may be, in the aggregate amount of fees paid to the City by all Airport rent-a-car concessionaires on account of the Airport rentals made during the immediate preceding contract year, compared with such aggregate fees paid on account of Airport rentals made during the twelve (12) month period prior to such preceding contract year; provided, however, that in no event shall the minimum guarantee for any contract year be less than One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00). The annual minimum guarantee for any contract year shall be prorated when this Agreement is not in effect during the full year because of the commencement or termination of this Agreement during such year, or because of the application of Articles I, III, VII or VIII hereof.

D. *Date of Payments of Concession Fees or Minimum Guarantee.*

Payments of amounts due from Concessionaire of concession fees or minimum guarantee under this Article VI shall be on a monthly basis and shall be paid on or before the 20th day of the month succeeding each and every calendar month of the term or portion hereof, for its operation of the preceding month. Said monthly payments are to be in those amounts which (a) will bring to the City total payments for that part of the contract year ending with the last day of the month for which payment is being made of either ten percent (10%) of gross receipts for the contract year to such date, or (b) the proportionate part of the annual guarantee which is allocable to the part of the year which has elapsed by such date, whichever amount is higher. Each monthly payment shall be accompanied by a report to the City, in duplicate, showing Concessionaire's gross receipts for said month and cumulative gross receipts for the contract year to and including said month. All payments and reports of receipts hereunder shall be made to the Office of the Comptroller of the City of Chicago, with a copy of each report to be sent to the Commissioner of Aviation.

E. *Rental Commitment.* Concessionaire agrees to compensate the City for the premises demised herein certain rent payable in advance, in monthly installments, on the first day of each month or a portion thereof, during the term of this Agreement, as follows:

(1) As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Three Hundred Forty-eight Dollars and Eighty-three cents ($348.83) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement.

(2) As rental for ready and return automobile parking spaces, with respect to permanent parking areas and additional parking areas, hereinabove described in Article V, Sections B(2) and (3), Concessionaire shall pay to the City the sum of Thirteen Dollars ($13.00) per month for each individual automobile parking space, which sum shall be in addition to all other sums provided in this Agreement.

(3) As rental for Service Area A hereinabove described in Article V, Section D(1), Concessionaire shall pay to the City the sum of Four Hundred Thirty-three Dollars and Fifty-six cents ($433.56) per month, predicated on an annual rental rate of Ten Cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement.

(4) As rental for Service Area B hereinabove described in Article V, Section D(2), Concessionaire shall pay to the City the sum of Two Thousand Nine Hundred and Four Dollars ($2,904.00) per month, predicated on an annual rental rate of Ten cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement; provided, however, that the rental commitment set forth in this Section D(4) shall commence on the date upon which a Certificate of Completion has been issued authorizing the use of the service building and other improvements erected or installed by Concessionaire upon Service Area B, or on that date which is eighteen (18) months (plus any authorized extensions) after the commencement of construction, which ever date shall first occur.

(5) All rental payments hereunder shall be made to the City at the Office of the Comptroller of the City of Chicago.

F. *Books, Records and Audits.* Concessionaire shall maintain at its office at..................................., Illinois, its books, ledgers, journals, accounts or records (or copies thereof in the event that the originals thereof have been microfilmed and stored at Concessionaire's home office in New York, New York) wherein are kept all entries reflecting its operations at the Airport under this Agreement. Such books, ledgers, journals, accounts or records (or copies thereof as the case may be) shall be available for inspection and examination by the Commissioner of Aviation or the Comptroller of the City of Chicago, or their duly authorized representatives, at all reasonable times during business hours and upon reasonable notice, and to

make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Concessionaire in connection with its operation hereunder. At the expiration of each year of the term of this Agreement, Concessionaire shall furnish to the City a statement prepared by a Certified Public Accountant, and attested to by an officer of the Concessionaire, covering all business transacted by Concessionaire in connection with its operation hereunder and showing the gross revenue derived by Concessionaire from the operation of its business hereunder. Concessionaire shall, upon reasonable request, furnish such other and further financial or statistical reports, dealing with its business hereunder, as the City may, from time to time require.

Article VII

Conduct of Operations.

A. *Schedule of Rates.* Prior to furnishing any rent-a-car services to the public under this Agreement, Concessionaire shall prepare and submit to the Commissioner of Aviation for written approval all schedules of rates for said services and discounts and rebates therefrom, which schedules shall be comparable with prices and charges prevailing in the City of Chicago. Any changes thereafter made in an approved schedule shall be similarly submitted to the Commissioner of Aviation for prior written approval. All such schedules shall be made available to the public by Concessionaire, to which schedules Concessionaire agrees to adhere. If Concessionaire applies any rate in excess of the approved rates or extends a discount less than the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an over-charge which will, upon demand of the Commissioner of Aviation or Concessionaire's customer, be promptly refunded to said customer. If Concessionaire applies any rate which is less than the approved rate or extends a discount which is in excess of the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an under-charge and an amount equivalent thereto shall be included in gross receipts hereunder and the percentage fee shall be payable in respect thereto.

B. *Operation of Concessionaire's Business.* Concessionaire, its employees, invitees, and those doing business with it, shall conduct its operations and business within the Airport in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport or the Terminal Building or other buildings in which it may be located. Solicitation of business shall be conducted only from the counter space demised in this Agreement and by means of signs only as may be authorized by the Commissioner of Aviation, and in no other manner whatsoever. No signs, posters or other similar devices shall be erected, displayed or maintained by Concessionaire within view of the general public without the advance written approval of the Commissioner of Aviation and any such signs, posters or other similar devices not approved by him may be removed at the expense of the Concessionaire. The City shall have the right of complaint to concessionaire as to the demeanor, conduct or appearance of Concessionaire's employees, invitees and those doing business with it, whereupon Concessionaire hereby agrees to take all steps necessary to remove the cause of complaint. Concessionaire shall conduct its operations within the Airport in such manner as shall reduce to a minimum the emanation of noise, vibration, dust, fumes and odors, so as not to interfere with the use of adjacent areas on the Airport.

C. *Quality and Standard of Service.* Concessionaire hereby covenants and agrees:

(1) To furnish good, prompt and efficient service, adequate to meet all reasonable demands for automobile rental service at the Airport, at a fair and reasonable basis.

(2) To make rental automobiles available of a current model year (not more than twenty-four (24) months old), which shall be maintained at Concessionaire's sole expense in good operative order, free from mechanical defects, and in clean, neat and attractive condition, both inside and outside.

(3) To keep open the facilities demised to it hereunder for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for said services and to properly and adequately serve the public, as determined by the Commissioner of Aviation.

(4) To require all personnel rendering service for Concessionaire at the Airport to be neatly and cleanly dressed at all times and to prevent said personnel from conducting business in a loud, noisy, boisterous, offensive or objectionable manner.

(5) To abide by and be subject to all reasonable rules and regulations which are now or which may be promulgated by the Commissioner of Aviation concerning the management, operation or use of the Airport.

(6) To meet all expenses in connection with the use of the premises demised hereto and the rights and privileges herein granted, including but not limited to the payment of taxes, permit fees, license fees and assessments lawfully levied or assessed upon the premises or improvements at any time situated thereon.

(7) To furnish, install, operate and maintain the installations provided hereunder and to keep the same, as well as the premises made available to it, and all furniture, fixtures and equipment installed therein and thereon, in good order, condition and repair, and upon termination of this Agreement, to deliver up said premises to the City in good order, condition and repair, reasonable wear and tear and damage by fire or other casualty excepted.

(8) To respond in writing to complaints registered by the Commissioner of Aviation or Superintendent of Police with respect to violations of traffic regulations committed in the course of Concessionaire's business by Concessionaire's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

D. *Solicitation of Business by Others.* Upon receipt of written request from Concessionaire, the Commissioner of Aviation agrees to take such appropriate action within his authority to protect the rights and privileges demised and granted to Concessionaire under this Agreement. The Commissioner of Aviation will not authorize or permit the transaction of any car rental business on the Airport premises by persons or organizations other than Airport rent-a-car concessionaires, said business including, but not limited to, advertising

displays, solicitation of customers, paging of customers by use of the Airport public address systems or direct telephone lines to premises located off Airport property.

Article VIII

Inspection of Demised Premises.

The City shall have the right at all reasonable times, and as often as it deems necessary, to inspect the demised premises and (without any obligation so to do) to enter thereon and to direct Concessionaire to make such repairs as may be necessary and, in the event of emergency, to take such action therein as may be required for the protection of persons or property.

Article IX

Removal of Property.

Upon termination of this Agreement by lapse of time, or otherwise, Concessionaire shall promptly remove from the demised premises, upon demand in writing of the City so to do, all of its display signs, counters, and other equipment and trade fixtures, and shall promptly repair any damage to the premises caused thereby, clean up remaining debris and leave said premises in a safe, sanitary, and sightly condition. Concessionaire's failure to remove such personal property or trade fixtures shall not constitute Concessionaire a hold-over, except that all such property not removed within thirty (30) days after Concessionaire has received a written demand for such removal shall be deemed abandoned and such personal property or trade fixtures shall thereupon become the sole and exclusive property of the City.

Article X

Liability of City.

The City shall not be liable to Concessionaire for any injury to, or death of any person, or for any damage to any property by the City or any of its officers, agents or employees in the operation and maintenance of said Airport or for navigating any aircraft over said Airport, whether such injury, death or damage is due to negligence or otherwise, and all claims for any such injury, death or damage against the City are hereby expressly waived by Concessionaire.

Article XI

Indemnification.

Concessionaire agrees, at its own expense, to defend, indemnify, save and hold harmless City, its officers, employees and agents, from and against all liability or loss for injuries to or deaths of persons or damage to property caused by any act or omission to act of, or use or occupancy of the leased premises by Concessionaire, its sublessees, licensees, invitees, or any other person authorized by Concessionaire to use the leased premises or any portion thereof, or as a result of any of their or Concessionaire's operations or other activities at the Airport, regardless of whether said operations or other activities are on or off the leased premises. Each party hereto shall give to the other prompt and timely notice of any claim made or suit instituted coming to the knowledge of their respective officers, management personnel or department heads which in any way reasonably appears to affect or which might affect either party hereto, and both shall have the right to participate in the defense of the same to the extent of its own interest. In the event City shall elect to so defend, such defense shall not be deemed a waiver by City of any of its rights against Concessionaire under the foregoing indemnification provisions.

Article XII

Insurance.

Concessionaire shall obtain and maintain continuously in effect at all times during the term hereof, at Concessionaire's sole expense, general liability insurance approved by the Comptroller of the City of Chicago protecting City against liability by reason of Concessionaire's wrongful conduct or failure to act incident to the use of the premises or resulting from any accidents occurring on or about the roads, driveways or other public places used by Concessionaire at the Airport in the operations and activities of Concessionaire, its sublessees, licensees, invitees, or others authorized by Concessionaire to act hereunder, caused or arising out of any of their wrongful acts or omissions. Such insurance shall name City as an additional assured. Concessionaire shall also, without cost to City obtain and maintain during the term hereof automobile liability insurance in accordance with the terms and conditions of Concessionaire's automobile rental agreement, covering the operation of rental automobiles hereunder. All such general liability insurance and automobile liability insurance shall provide liability limits of not less than One Hundred Thousand Dollars ($100,000.00) for personal injury to or death of any one person in any one accident, Three Hundred Thousand Dollars ($300,000.00) for personal injury to or death of two or more persons in any one accident, and Twenty-five Thousand Dollars ($25,000.00) for damage to property in any one accident. Concessionaire shall file with the Comptroller of the City of Chicago certificates evidencing all such insurance. City agrees to notify Concessionaire in writing as soon as practicable of any claim, demand or action arising out of an occurrence covered hereunder of which City has knowledge, and to cooperate with Concessionaire in the investigation and defense thereof.

Article XIII

Parking of Vehicles.

Concessionaire, its employees, invitees and those doing business with it, shall have no right under this Agreement to park vehicles upon the Airport premises other than in places assigned or demised to Concessionaire pursuant to this Agreement, except in the Airport Terminal Area Public Parking Lot and upon payment of regular charges therefor or any duly designated employee parking lot.

A. *Construction Performance Bond.* Before commencing any construction authorized under this Agreement, Concessionaire shall deliver to the City at the Office of the Comptroller of the City of Chicago a Performance Bond approved by said Comptroller and the Corporation Counsel substantially similar in form to "Contractor's Performance Bond" Form P.W.O. 62, a specimen copy of which is bound herein. Said Performance Bond shall be in an amount equal to the cost of construction herein authorized.

B. *Minimum Guarantee Performance Bond.* Concessionaire shall deliver to the City and City shall hold during the term of this Agreement an approved Government Bond payable to bearer or the City of Chicago or, in lieu thereof, a Performance Bond approved by the Comptroller of the City of Chicago and the Corporation Counsel in an amount equal to its annual minimum guarantee as herein set forth, but said bond shall not be required to exceed Two Hundred Thousand Dollars ($200,000.00) per annum. Any interest on any bond shall accrue and be paid to Concessionaire.

Article XVI

Equal Opportunity.

Concessionaire agrees that in performing under this Agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, sex or national origin, nor otherwise commit an unfair employment practice. Concessionaire will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Concessionaire agrees to post in conspicuous places, available to employees and applicants for employment, notices which shall contain and set forth the provisions of this nondiscrimination clause. Article XVII

Termination of Agreement.

A. Termination by City or Concessionaire. This Agreement may be terminated in its entirety by the City or by Concessionaire by giving to either of said parties sixty (60) days advance written notice if either party, or both parties, shall have defaulted in the performance of any material promise, covenant or agreement required to be performed by either party, or both, and the failure of either party, or both, to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt of written notice from the complaining party to remedy said default.

B. *Termination by City.* The City shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The filing by Concessionaire of any voluntary petition in bankruptcy, or a petition seeking to reorganize, or the readjustment of its indebtedness under the Federal Bankruptcy laws or under any similar State Laws, or if Concessionaire shall make a general assignment for the benefit of creditors.

(2) The filing of an involuntary petition in bankruptcy against Concessionaire in which the appointment of a receiver, trustee or liquidator of the property of the Concessionaire is ordered by a court of competent jurisdiction, and such appointment is not vacated within thirty (30) days.

(3) The abandonment or discontinuance of operation by Concessionaire of the automobile rental service at the Airport for a period of sixty (60) consecutive days, or if Concessionaire shall abandon the premises demised to it in the Airport for a period of sixty (60) consecutive days.

(4) The failure of Concessionaire to pay the concession fees or proportionate minimum guarantee fees, or rent charges or other money payments required by this Agreement, and such failure shall not be remedied within thirty (30) days following receipt by Concessionaire of written demand from the City so to do.

C. *Waiver of Default.* No waiver of default of any of the promises, covenants or agreements to be performed, kept and observed by the parties under this Agreement shall be construed or act as a waiver of any subsequent default of any such promise, covenant or agreement.

D. *Termination by Concessionaire.* Concessionaire shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The issuance by any court of competent jurisdiction of an injunction, order or decree preventing or restraining or limiting in any substantial way the operation by Concessionaire of its automobile rental business at the Airport, or the use by Concessionaire of all or any substantial part of the demised premises, or preventing or restraining the use of the Airport or Airport facilities to such an extent as to interfere materially with Concessionaire's operations at the Airport which injunction, order or decree has remained in full force and effect for a period of ninety (90) consecutive days.

(2) The total or extensive destruction of fixed improvements placed upon the demised premises making it impractical or uneconomical to restore same to their previous condition. In any such case, the proceeds of insurance, if any, payable by reason of such loss shall be apportioned equitably between the City and Concessionaire, with the Concessionaire first receiving the unamortized balance of its costs for said fixed improvements. If the damage shall result from an insurable cause and shall be of such an extent that said fixed improvements can be restored to an acceptable condition within a reasonable

time, the Concessionaire shall restore the same with reasonable promptness and shall be entitled to receive and apply the entire proceeds of any insurance covering said loss to said restoration, in which event this Agreement shall not be cancelled but shall continue in full force and effect, and in such case any excess of insurance proceeds over and above the cost of complete restoration thereof shall belong to Concessionaire.

E. *Curtailment of Airport and Motor Vehicle Use.* In the event all or a material portion of the Airport or Airport facilities shall be destroyed; or in the event that any agency or instrumentality of the United States Government or any State or Local Government shall occupy the Airport or a substantial portion thereof; or in the event of military mobilization, insurrection, labor disputes, massive civil disorders or public emergency wherein there shall be a curtailment of normal airline traffic at the Airport or the use of motor vehicles or airplanes by the general public, either by reason of executive decree or legislative action; or in the event there is a limitation of the supply of automobiles or automotive fuel, supplies or parts for general public use; and if the above and foregoing events shall result in material interference with Concessionaire's normal business operations or in a substantial diminution of Concessionaire's gross revenue from its automobile rental concession at the Airport, which shall continue for a period in excess of thirty (30) days, then, upon sixty (60) days advance written notice to the City, Concessionaire shall have the right to terminate this Agreement.

F. *Diminution of Airline Passenger Traffic.* If, during any year of this Agreement, the scheduled airline passenger traffic enplaning at Airports serving the Greater Chicago Area falls below thirty percent (30%) of the scheduled airline passengers enplaning at Airports serving the Greater Chicago Area for a period of any six (6) consecutive months, as compared to the immediately preceding six (6) consecutive months, Concessionaire shall have the right to terminate this Agreement by giving the City six (6) months advance written notice. For the purpose of this Article XVII, Section F only, the Greater Chicago Area shall mean that area having a radius of thirty-five (35) miles from the intersection of State and Madison Streets in the City of Chicago.

G. *Elimination of Service Area B.* In the event that Service Area B, hereinbefore demised under Article V, Section D(2), is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, and in the further event the Commissioner of Aviation is unable to provide a suitable substitute Airport site therefor as hereinbefore provided in Article V, Section D(2) (d), then, upon thirty (30) days advance written notice to the City from the date Concessionaire is so notified by the Commissioner of Aviation, Concessionaire shall have the right to terminate this Agreement.

H. *Amortization of Fixed Improvements.* Except as otherwise specifically herein provided, in the event this Agreement is terminated prior to the full term set forth in Article I, Section B hereof, City, within ninety (90) days after the effective date of said termination, will pay to Concessionaire the unamortized portion of Concessionaire's cost of the permanent structures and improvements constructed and installed on the Airport pursuant to this agreement. Such amortization shall be computed on a straight line cost basis over the period from the completion of said improvements to the expiration date of the initial term hereof.

Article XVIII

National Emergency.

In the event of a national emergency, wherein there is a diminution of the use of motor vehicles by the general public or a limitation of the supply of gasoline for automotive fuel available for general use, either by executive decree or legislative action, then, and in that event, Concessionaire shall not be required to pay the minimum guarantees required under Article VI of this Agreement during the period such executive decree or legislative action shall remain in effect; however, Concessionaire shall pay to the City ten percent (10%) of its gross revenues during the period of said executive decree or legislative action.

Article XIX

Service Obligations.

A. *Utility Services.* Concessionaire, at its sole cost and expense, shall have the right to construct, install and maintain, or have constructed, installed and maintained, all necessary tap lines and facilities and to connect the same to water supply and sewerage lines, and to receive all said utilities and services, and such other utility services as it deems necessary; provided, however, that the City shall at its cost bring such utility services and lines to the edge of the demised premises, and further provided Concessionaire shall be responsible for securing or cause to have secured all necessary applications and permits and to pay all necessary application and permit fees occasioned thereby; provided further, however, that Concessionaire shall pay to the City or to the appropriate public utility companies the usual and customary charges occasioned by the continuing use of said services.

City grants to Concessionaire, its customers, employees and suppliers of materials and services, without the imposition of any additional charge, rent or fee therefor, the right to use such road or roads for the movement of their vehicles for the duration of the term of this Agreement. City shall also cause all necessary cuts to be made in the curbing installed or to be installed by City on "Old Mannheim" Road between the entrances and exits of said access road or roads to the demised premises, which shall be constructed by Concessionaire.

Article III

Assignment or Transfer.

Except with respect to its wholly owned subsidiary or its parent corporation, Radio Corporation of America, a Delaware corporation, Concessionaire shall not assign, sublet or transfer this Agreement, nor any of the rights of privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner of Aviation after authorization for said approval shall have been obtained by action of the City Council of the City of Chicago.

Concessionaire shall give written notice of its intention to assign, sublet or transfer its rights and privileges hereunder, by registered mail, to the City Council, the Corporation Counsel and Commissioner of Aviation. Approval or disapproval of said assignment, sublease or transfer shall not be unreasonably withheld by the City Council or Commissioner of Aviation and approval shall be inferred if the City Council and the Commissioner of Aviation do not act within ninety (90) days after receipt of said notice from Concessionaire.

If Concessionaire is a partnership or corporation or legal entity other than a natural person, any change in control of said entity during the term hereof shall be deemed a transfer for the purposes of this Agreement, subject to the foregoing provisions. In the event Concessionaire fails to secure express or implied approval of said assignment, sublease or transfer, as provided herein, the City may, at its option, determine and declare such change as a breach of this Agreement and take immediate possession of the demised premises and facility hereinafter described; however, said option may not be exercised unreasonably by the City nor without good and sufficient cause. It is understood and agreed by and between the City and Concessionaire that nothing contained in this agreement is intended or shall be construed as in any way creating or establishing or maintaining the relationship of agency, co-partnership or joint venturers between the parties hereto.

Article IV

Operating Rights.

The City grants to Concessionaire a non-exclusive privilege, in common with others that the City may from time to time authorize, to operate a rent-a-car business on, upon and from the Airport, and for no other purpose whatsoever; provided, however, that the City will not grant to any other individual, firm or corporation, a privilege to conduct a rent-a-car business on, upon and from the Airport under terms more favorable to such other individual, firm or corporation than those contained herein, including the minimum guaranty, percentage fee, space rental rate and performance bond requirements, or more favorable counter space locations. The City represents that it has not heretofore granted to any other individual, firm, or corporation a privilege to conduct a rent-a-car business on, upon and from the Airport.

Article V

Demised Premises.

The City demises and leases to Concessionaire the following premises at the Airport, together with the facilities, rights and privileges hereinafter described subject to a continuing easement and right of entry for future installation, maintenance, repairs and replacement of such public utilities as may be necessary upon or involving the demised premises, including heating, water, gas, electrical, sewerage, drainage, fire protection, sprinkler, ventilating, refrigerating, fuel and communication systems, and such other service systems as may be involved, including but not limited to installation, maintenance, repair and replacement of tubes, pipes, lines, mains, wires, conduits and equipment on or about the demised premises; provided, however, that all such installation, maintenance, repair and replacement shall be performed so as to interfere as little as reasonably possible with Concessionaire's operation.

A. *Counter Space.*

(1) *Existing Counter Space.* During the term of this Agreement, Concessionaire shall have the right and privilege to continue the use of approximately 322 square feet of counter space presently occupied by Concessionaire in Terminal Building 2, consisting of two counter areas on the first floor concourse thereof, and 322 square feet of counter space presently occupied by Concessionaire in Terminal Building 3, consisting of two counter areas on the first

floor concourse thereof, as the same are more particularly described in Exhibit "A" attached hereto and made a part hereof.

[Exhibits "A" printed on pages 2674 and 2675 of this Journal]

(2) *Future Counter Space in Terminal Building 1.* Commencing upon the date when the first floor concourse of Terminal Building 1 has been remodeled or replaced and is ready for use by the general public, Concessionaire shall be entitled to lease up to 322 square feet of counter space therein upon the same terms and conditions and rental rate as apply to the counter spaces located in Terminal Buildings 2 and 3.

(3) *Future Counter Space in New Parking Structure.* Commencing upon the date when the first floor concourse of the new parking structure to be erected in the public parking lot at the Airport is completed and ready for use by the general public, Concessionaire shall be entitled to the following options:

(a) to continue to lease and occupy the counter areas in Terminal Building 1, if any, and in Terminal Buildings 2 and 3; or

(b) to elect instead to occupy counter areas of a size not less than one of the counter areas in Terminal Buildings 1, 2 and 3, and not more than that of four of its counter areas in Terminal Buildings 1, 2 and 3, at the same rate per unit of counter area, on the ground level of said parking structure with the specific size and location of such counter areas to be determined by the Commissioner of Aviation; or

(c) to elect to exercise options (a) and (b) above together.

(d) to elect, at a later time, to cancel its leasehold rights and privileges within Terminal Buildings 1, 2 and 3, and/or in the new parking structure; provided, however, that if Concessionaire relinquishes counter space in Terminal Buildings 1, 2 and 3, and/or the new parking structure, Concessionaire will provide such substitute facility as may be required by and as is in consonance with technological change or changes in the operation of the rent-a-car service in said Terminal Buildings and/or parking structure. The adequacy or sufficiency of said substitute facility shall be determined by the Commissioner of Aviation; provided, further, however, that should Concessionaire wish to effect such cancellations under subparagraphs (c) or (d) hereinabove set forth, Concessionaire shall give no less than sixty (60) days advance written notice to the Commissioner of Aviation of its intention so to do.

(4) *Relocation and Modification of Counter Space.* If at any time during the term of this Agreement, modification or expansion of said Terminal Buildings makes it necessary, in the sole judgment of the Commissioner of Aviation, to relocate the above-described counter areas, said Commissioner may, upon ninety (90) days advance written notice to Concessionaire, direct Concessionaire to relocate or rebuild such counter areas at substitute Terminal Building locations of comparable size as allocated by the Commissioner of Aviation, at the sole cost and expense of City and the same must be constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works. If, at any time during the term of this Agreement, Concessionaire desires to relocate, improve or modify existing counter facilities that it presently occupies in Terminal Buildings 2 and 3, or, if Concessionaire shall seek to install a counter or other improvements in Terminal Building 1, such improvements or modifications shall be at the sole cost and expense of Concessionaire and must be located and constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works.

B. *Ready and Return Automobile Parking Areas.*

(1) *Temporary Parking Areas.* Concessionaire shall have the right and privilege, in common with any other Airport rent-a-car concessionaires, to occupy ready and return automobile parking areas as are described in Exhibit "B" attached hereto and made a part hereof, for the purpose of parking cars ready for rental and for the return of cars to the Airport upon the completion of rental, subject to such rules, regulations and limitations as may be imposed by the Commissioner of Aviation, who shall designate from time to time the number and location of parking spaces within the aforesaid ready and return automobile parking areas which Concessionaire and other rent-a-car concessionaires shall be entitled to use. The allocation of such spaces shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. Such ready and return automobile parking areas shall be subject to limitations which may be imposed by Airport construction or operational requirements. Said limitations shall be only to the extent reasonably necessary, and every effort will be made to minimize the time and extent of any interference with the normal rent-a-car operation in these particular areas. The above-described ready and return automobile parking areas shall be vacated at such time or times as the Commissioner of Aviation shall designate, upon ninety (90) days advance written notice to the Concessionaire. Said authority in the Commissioner of Aviation to order the vacating of the ready and return automobile parking areas shall be contingent upon substitute areas of reasonably comparable size and location being made available. Concessionaire shall have the right, upon ninety (90) days advance written notice to the Commissioner of Aviation, to vacate such ready and return automobile parking areas as they shall designate and at the end of said period shall surrender such areas to the City.

[Exhibit "B" printed on page 2676 of this Journal]

(2) *Permanent Parking Areas.* Commencing upon the date when the new parking structure to be erected in the Airport public parking lot is completed and ready for use by the general public, the City shall provide therein 650 parking spaces at the ground level of such parking structure for the use of Concessionaire in common with any other Airport rent-a-car concessionaires, said location being shown in Exhibit "C" attached hereto and made a part hereof. It is understood and agreed that the Commissioner of Aviation shall annually designate the location and specific number of the said parking spaces within the aforesaid parking structure which the Concessionaire and each of the other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said ground level parking spaces among the Airport rent-a-car con-

cessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the ground level parking spaces otherwise allocable to other Airport rent-a-car concessionaires in common.

[Exhibit "C" printed on page 2678 of this Journal]

(3) *Additional Parking Areas.* The City shall provide an additional 650 spaces for use of Concessionaire in common with any other Airport rent-a-car concessionaire within the Airport terminal area parking lot (see Exhibit "C"), as may be mutually agreed upon between the Commissioner of Aviation and the Airport rent-a-car concessionaires. It is understood and agreed with respect to such additional parking spaces that the Commissioner of Aviation shall designate from time to time the location and specific number of the parking spaces within the aforesaid parking lot which Concessionaire and other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said additional parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the additional parking spaces otherwise allocable to the Airport rent-a-car concessionaires in common.

C. *Terminal Area Automobile Service Facility.* Concessionaire shall have the right and privilege but not the obligation to construct at its sole cost and expense a Terminal Area Automobile Service Facility for use as a rapid turn-around car wash and refueling establishment. Said car wash and refueling facility shall be located in the new parking structure provided for in Article V Section B(2) of this Agreement in such location as may be designated by the Commissioner of Aviation within the area shown on Exhibit "C" attached hereto and made a part hereof. Such space as may be occupied by Concessionaire for the construction and operation of said Terminal Area Automobile Service Facility shall be subtracted or deleted from the allocation of parking spaces to be set aside for Concessionaire, within the new parking structure as set forth in Article V, Section B(2) of this Agreement. At no time shall Concessionaire permit the use of said Terminal Area Automobile Service Facility by automobiles or other vehicles owned or operated by members of the general public (other than Concessionaire's rental vehicles) either for the purpose of washing or refueling. The plans and specifications for such Terminal Area Automobile Service Facility shall be submitted for approval by the Commissioner of Aviation and the Commissioner of Public Works and said facility shall be constructed in accordance with said plans and specifications so approved. Title to all fixed improvements erected or installed by Concessionaire in or upon said premises shall vest in the City upon completion of said facility, including all appurtenances and property of every kind and nature; provided, however, that trade fixtures which are attached thereto, as defined in Article V, Section D(2) (c), may be removed upon termination of this Agreement under the conditions therein set forth.

D. *Outer Area Automobile Service Facility.* Concessionaire shall have the right and privilege to construct and maintain an Outer Area Automobile Service Facility consisting of the areas set forth in the following subparagraphs.

(1) *Temporary Automobile Service Area "A".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 103,092.30 square feet (subject, however, to a partial depletion or reduction thereof by reason of and to the extent of a proposed excavation for water and sewer lines in which case space of a comparable size will be made available by the Commissioner of Aviation) as described more particularly on Exhibit "D" attached hereto and made a part hereof. Anything herein to the contrary notwithstanding, it is understood and agreed that Concessionaire shall vacate said Service Area "A" within ten (10) days following the issuance of a Certificate of Completion by the Commissioner of Public Works authorizing the use of the permanent service building and improvements to be erected and installed by Concessionaire within Service Area "B" for which provision is hereinafter made, and rental with respect to Service Area "A" shall thereupon terminate.

[Exhibit "D" printed on page 2679 of this Journal]

(2) *Permanent Service Area "B".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 348,480 square feet as described more particularly on Exhibit "E" attached hereto and made a part hereof.

[Exhibit "E" printed on page 2680 of this Journal]

(a) *Buildings, Structures and Improvements.* Concessionaire shall at its own cost and expense erect and install within said Service Area "B" buildings, structures and improvements for its use in maintenance, servicing, parking and storage of its vehicles and said structures and improvements shall include, but are not limited to, fencing, lighting, paving, underground fuel tanks and gas pumps; provided, however, that no construction or improvement shall be commenced until plans and specifications for construction have been approved by the Commissioner of Aviation and the Commissioner of Public Works. Concessionaire shall promptly secure all necessary permits and licenses therefor as required by the Municipal Code of Chicago at its own cost and expense. Plans and specifications for said buildings, structures and improvements shall be submitted by Concessionaire to said Commissioners within six (6) months after the effective date of this Agreement, and construction shall commence within sixty (60) days following said approval and the issuance of all necessary permits and licenses with a completion date thereof to be no later than eighteen (18) months after construction begins; provided, however, that if construction is delayed at any time in the progress of the work by an Act of God,

or by strikes, lockouts, fire, unusual delays in transportation or by circumstances caused by a National Emergency, or by war, or other circumstances beyond the control of Concessionaire then the time for completion shall be extended for such reasonable period as the Commissioner of Public Works may determine. No such extension shall be made for delay in the absence of written notice by Concessionaire to the Commissioner of Public Works within thirty (30) days after the cause of said delay has occurred.

Concessionaire covenants and agrees to spend a minimum of One Million Dollars ($1,000,000.00) in the construction of said buildings, structures and improvements, including architects' and engineers' fees, costs of plans and specifications and other costs incidental to said construction and installation.

(b) *Regulation of Construction.* During the period of construction of any building, structure or other improvements, all construction work, workmanship, materials and installation involved or incidental thereto shall be subject at all times to inspection by the City. Concessionaire shall give or cause to be given to the Commissioner of Aviation and the Commissioner of Public Works advance notice in writing before any new work is commenced and shall provide and shall cause its contractors and subcontractors to provide reasonable and necessary facilities for inspection. Concessionaire shall pay reasonable costs for review of plans and specifications, for inspections, and for other related engineering services performed by the City, upon being billed therefor by the City. Concessionaire shall cause all construction work, workmanship, materials and installation to be in full compliance with its plans and specifications and with applicable provisions of the Municipal Code of Chicago.

(c) *Title to Fixed Improvements.* Title to all fixed improvements erected or installed by Concessionaire in or upon the demised premises shall vest in the City upon completion of building, structure and other improvement constructions, including all buildings and other structures erected upon the premises, all fencing, all grading and surfacing with stone and hardtop, all underground and overhead wires, cables, pipes, conduits, tanks and drains, and all property of every kind and nature; provided, however, that trade fixtures which are attached to any building or structure or to the premises and which may be removed without material damage to the property, building or structure to which they may be attached may be removed. Trade fixtures shall include, but are not necessarily limited to, signs, electrical or otherwise, used to advertise Concessionaire's business in and about the demised premises; machinery and equipment used in connection with the servicing of its vehicles in or about the demised premises and such lifts, hoists, compressors or other mechanical devices used to service vehicles which are not imbedded or permanently annexed to the realty, structure or building; and such other miscellaneous equipment as is not imbedded or permanently annexed to the realty, structure or building. Concessionaire may install, maintain, operate, repair and replace such trade fixtures and other personal property useful from time to time in connection with its operations in the Airport, which shall be and remain the property of Concessionaire and which may be removed by it prior to or within a reasonable time after the expiration or termination of this Agreement; provided, further, however, that Concessionaire shall repair any damage to the premises caused by such removal.

(d) *Removal of Service Area "B".* In the event that Service Area "B" herein demised is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, the Commissioner of Aviation upon one hundred eighty (180) days advance written notice may direct the Concessionaire to vacate Service Area "B". In such case, the City will pay to Concessionaire within ninety (90) days after Concessionaire's removal therefrom the unamortized portion of the cost of the fixed improvements constructed and installed within said Service Area "B", as described in Article V, Section D(2)(a), including architects' and engineers' fees, cost of plans and specifications and other costs incidental to such construction and installation; provided, that said amortization shall be computed upon a straight-line basis without interest covering the period from the completion date of said improvements to the expiration date of this lease; provided, further, that the Commissioner of Aviation will offer to the Concessionaire a suitable substitute site at the same unit rate if, and to the extent that, the Commissioner of Aviation in his sole judgment determines such area to be available.

(e) *Cost of Fixed Improvements.* Concessionaire shall furnish to the Commissioner of Public Works an itemized statement, certified by an authorized officer of the Concessionaire, showing the total cost of the fixed improvements, as described in Article V, Section D(2)(a), installed and established upon and in Service Area "B", including architects' and engineers' fees, cost of plans and specifications and other costs incidental to said construction and installation, within sixty (60) days after the completion of the construction thereof, and shall, if requested by the Commissioner of Public Works, produce copies of all invoices and other records in connection therewith. The Commissioner of Public Works shall review the material and notify the Concessionaire in writing within sixty (60) days after its receipt whether said itemized statement and supporting invoices or other records meet with his approval, or not, and, in the latter event, in what respect it is deficient; provided, however, that said statement shall constitute prima facie evidence of the cost shown therein unless disputed in writing by the City within sixty (60) days following receipt thereof. Upon approval by the Commissioner of Public Works, said costs shall constitute the basis for the amortization contemplated in Article XVII, Section H; provided, however, that said statement shall be deemed approved in the event the Commissioner of Public Works shall not so notify Concessionaire within such sixty (60) day period. The books and records of the Concessionaire shall be subject to examination and audit by the Commissioner of Public Works to verify such costs.

(f) *Expansion Areas.* It is understood and agreed by and between the parties that if at any time during the term of this Agreement such land which has been designated as "Expansion Areas 4 or 7," as the same are more particularly described and set forth on Exhibit "E" attached hereto and made a part hereof, becomes desirable for other Airport uses, then the City shall give Concessionaire the right of first refusal; acceptance of the rental thereof shall be given in writing to the Commissioner of Aviation by the Concessionaire within thirty (30) days following receipt of said notice stating that Concessionaire is desirous of leasing such expansion area or areas and, in such event, this Agreement shall be amended to include such area or areas within the demised premises here-

under upon the same terms and conditions herein set forth. If Concessionaire shall fail to file a written acceptance of said expansion area or areas within said thirty (30) day period, the City may lease said property to others. In the event said rental is for rent-a-car purposes, rental charges shall be upon the same terms and conditions as those offered to Concessionaire.

Article VI

Concession Fees; Minimum Guarantee; and Rental Commitment.

Concessionaire agrees to pay the City for the privileges and authority hereinabove described and set forth under the terms and conditions contained in this Article.

A. *Concession Fees and Minimum Guarantee.* Concessionaire agrees to compensate the City for the privileges and authority to operate its rent-a-car business on, upon and from the Airport in an amount equal to either (1) ten percent (10%) of Concessionaire's gross receipts as defined in Article II, Section D of this Agreement, or (2) an annual minimum guarantee as hereinafter set forth in this Article VI, Section A, whichever amount is greater, for each contract year. The contract year of this Agreement shall commence on the first day of the month following the execution of this Agreement and shall end on the last day of the month of .... in each year. The first contract year shall commence on the .... day of ...., 1972. The minimum guarantee for said first contract year shall be One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00).

B. *Adjustment of Concession Fee.* If after the end of the fifth year of this Agreement, and upon each five-year anniversary thereof, the effective percentage of gross receipts paid by the Airport rent-a-car concessionaires as a concession fee at the ten (10) United States Airports with the greatest number of passengers carried by scheduled air carriers averages more than the average concession fee at the said airports on the date of execution of this Agreement, then the percentage fee of this Agreement may be adjusted upward in the discretion of the Commissioner of Aviation to a percentage which bears the same ratio to the ten percent (10%) percentage fee provided herein as such increased average concession fee bears to the average concession fee prevailing on the date of execution of this Agreement.

C. *Adjustment of Minimum Guarantee.* The minimum guarantee for the second and each subsequent contract year shall be adjusted in direct proportion to the percentage increase or decrease, as the case may be, in the aggregate amount of fees paid to the City by all Airport rent-a-car concessionaires on account of the Airport rentals made during the immediate preceding contract year, compared with such aggregate fees paid on account of Airport rentals made during the twelve (12) month period prior to such preceding contract year; provided, however, that in no event shall the minimum guarantee for any contract year be less than One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00). The annual minimum guarantee for any contract year shall be prorated when this Agreement is not in effect during the full year because of the commencement or termination of this Agreement during such year, or because of the application of Articles I, III, VII or VIII hereof.

D. *Date of Payments of Concession Fees or Minimum Guarantee.*

Payments of amounts due from Concessionaire of concession fees or minimum guarantee under this Article VI shall be on a monthly basis and shall be paid on or before the 20th day of the month succeeding each and every calendar month of the term or portion hereof, for its operation of the preceding month. Said monthly payments are to be in those amounts which (a) will bring to the City total payments for that part of the contract year ending with the last day of the month for which payment is being made of either ten percent (10%) of gross receipts for the contract year to such date, or (b) the proportionate part of the annual guarantee which is allocable to the part of the year which has elapsed by such date, whichever amount is higher. Each monthly payment shall be accompanied by a report to the City, in duplicate, showing Concessionaire's gross receipts for said month and cumulative gross receipts for the contract year to and including said month. All payments and reports of receipts hereunder shall be made to the Office of the Comptroller of the City of Chicago, with a copy of each report to be sent to the Commissioner of Aviation.

E. *Rental Commitment.* Concessionaire agrees to compensate the City for the premises demised herein certain rent payable in advance, in monthly installments, on the first day of each month or a portion thereof, during the term of this Agreement, as follows:

(1) As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Three Hundred Forty-eight Dollars and Eighty-three cents ($348.83) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement.

(2) As rental for ready and return automobile parking spaces, with respect to permanent parking areas and additional parking areas, hereinabove described in Article V, Sections B(2) and (3), Concessionaire shall pay to the City the sum of Thirteen Dollars ($13.00) per month for each individual automobile parking space, which sum shall be in addition to all other sums provided in this Agreement.

(3) As rental for Service Area A hereinabove described in Article V, Section D(1), Concessionaire shall pay to the City the sum of Eight Hundred Fifty-nine Dollars and Ten cents ($859.10) per month, predicated on an annual rental rate of Ten Cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement.

(4) As rental for Service Area B hereinabove described in Article V, Section D(2), Concessionaire shall pay to the City the sum of Two Thousand Nine Hundred and Four Dollars ($2,904.00) per month, predicated on an annual rental rate of Ten cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement; provided, however, that the rental commitment set forth in this Section D(4) shall commence on the date upon which a Certificate of Completion has been issued authorizing the use of the service building and other improvements erected or installed by Concessionaire upon Service Area B, or on that date which is eighteen (18) months (plus any authorized extensions) after the commencement of construction, whichever date shall first occur.

(5) All rental payments hereunder shall be made to the City at the Office of the Comptroller of the City of Chicago.

F. *Books, Records and Audits.* Concessionaire shall maintain at its office at......................................, Illinois, its books, ledgers, journals, accounts or records (or copies thereof in the event that the originals thereof have been microfilmed and stored at Concessionaire's home office in New York, New York) wherein are kept all entries reflecting its operations at the Airport under this Agreement. Such books, ledgers, journals, accounts or records (or copies thereof as the case may be) shall be available for inspection and examination by the Commissioner of Aviation or the Comptroller of the City of Chicago, or their duly authorized representatives, at all reasonable times during business hours and upon reasonable notice, and to make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Concessionaire in connection with its operation hereunder. At the expiration of each year of the term of this Agreement, Concessionaire shall furnish to the City a statement prepared by a Certified Public Accountant, and attested to by an officer of the Concessionaire, covering all business transacted by Concessionaire in connection with its operation hereunder and showing the gross revenue derived by Concessionaire from the operation of its business hereunder. Concessionaire shall, upon reasonable request, furnish such other and further financial or statistical reports, dealing with its business hereunder, as the City may, from time to time require.

Article VII

Conduct of Operations.

A. *Schedule of Rates.* Prior to furnishing any rent-a-car services to the public under this Agreement, Concessionaire shall prepare and submit to the Commissioner of Aviation for written approval all schedules of rates for said services and discounts and rebates therefrom, which schedules shall be comparable with prices and charges prevailing in the City of Chicago. Any changes thereafter made in an approved schedule shall be similarly submitted to the Commissioner of Aviation for prior written approval. All such schedules shall be made available to the public by Concessionaire, to which schedules Concessionaire agrees to adhere. If Concessionaire applies any rate in excess of the approved rates or extends a discount less than the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an over-charge which will, upon demand of the Commissioner of Aviation or Concessionaire's customer, be promptly refunded to said customer. If Concessionaire applies any rate which is less than the approved rate or extends a discount which is in excess of the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an under-charge and an amount equivalent thereto shall be included in gross receipts hereunder and the percentage fee shall be payable in respect thereto.

B. *Operation of Concessionaire's Business.* Concessionaire, its employees, invitees, and those doing business with it, shall conduct its operations and business within the Airport in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport or the Terminal Building or other buildings in which it may be located. Solicitation of business shall be conducted only from the counter space demised in this Agreement and by means of signs only as may be authorized by the Commissioner of Aviation, and in no other manner whatsoever. No signs, posters or other similar devices shall be erected, displayed or maintained by Concessionaire within view of the general public without the advance written approval of the Commissioner of Aviation and any such signs, posters or other similar devices not approved by him may be removed at the expense of the Concessionaire. The City shall have the right of complaint to concessionaire as to the demeanor, conduct or appearance of Concessionaire's employees, invitees and those doing business with it, whereupon Concessionaire hereby agrees to take all steps necessary to remove the cause of complaint. Concessionaire shall conduct its operations within the Airport in such manner as shall reduce to a minimum the emanation of noise, vibration, dust, fumes and odors, so as not to interfere with the use of adjacent areas on the Airport.

C. *Quality and Standard of Service.* Concessionaire hereby covenants and agrees:

(1) To furnish good, prompt and efficient service, adequate to meet all reasonable demands for automobile rental service at the Airport, at a fair and reasonable basis.

(2) To make rental automobiles available of a current model year (not more than twenty-four (24) months old), which shall be maintained at Concessionaire's sole expense in good operative order, free from mechanical defects, and in clean, neat and attractive condition, both inside and outside.

(3) To keep open the facilities demised to it hereunder for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for said services and to properly and adequately serve the public, as determined by the Commissioner of Aviation.

(4) To require all personnel rendering service for Concessionaire at the Airport to be neatly and cleanly dressed at all times and to prevent said personnel from conducting business in a loud, noisy, boisterous, offensive or objectionable manner.

(5) To abide by and be subject to all reasonable rules and regulations which are now or which may be promulgated by the Commissioner of Aviation concerning the management, operation or use of the Airport.

(6) To meet all expenses in connection with the use of the premises demised hereto and the rights and privileges herein granted, including but not limited to the payment of taxes, permit fees, license fees and assessments lawfully levied or assessed upon the premises or improvements at any time situated thereon.

(7) To furnish, install, operate and maintain the installations provided hereunder and to keep the same, as well as the premises made available to it, and all furniture, fixtures and equipment installed therein and thereon, in good order, condition and repair, and upon termination of this Agreement, to deliver up said premises to the City in good order, condition and repair, reasonable wear and tear and damage by fire or other casualty excepted.

(8) To respond in writing to complaints registered by the Commissioner of Aviation or Superintendent of Police with respect to violations of traffic regulations committed in the course of Concessionaire's business by Concessionaire's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

D. *Solicitation of Business by Others.* Upon receipt of written request from Concessionaire, the Commissioner of Aviation agrees to take such appropriate action within his authority to protect the rights and privileges demised and granted to Concessionaire under this Agreement. The Commissioner of Aviation will not authorize or permit the transaction of any car rental business on the Airport premises by persons or organizations other than Airport rent-a-car concessionaires, said business including, but not limited to, advertising displays, solicitation of customers, paging of customers by use of the Airport public address systems or direct telephone lines to premises located off Airport property.

Article VIII

Inspection of Demised Premises.

The City shall have the right at all reasonable times, and as often as it deems necessary, to inspect the demised premises and (without any obligation so to do) to enter thereon and to direct Concessionaire to make such repairs as may be necessary and, in the event of emergency, to take such action therein as may be required for the protection of persons or property.

Article IX

Removal of Property.

Upon termination of this Agreement by lapse of time, or otherwise, Concessionaire shall promptly remove from the demised premises, upon demand in writing of the City so to do, all of its display signs, counters, and other equipment and trade fixtures, and shall promptly repair any damage to the premises caused thereby, clean up remaining debris and leave said premises in a safe, sanitary, and sightly condition. Concessionaire's failure to remove such personal property or trade fixtures shall not constitute Concessionaire a hold-over, except that all such property not removed within thirty (30) days after Concessionaire has received a written demand for such removal shall be deemed abandoned and such personal property or trade fixtures shall thereupon become the sole and exclusive property of the City.

Article X

Liability of City.

The City shall not be liable to Concessionaire for any injury to, or death of any person, or for any damage to any property by the City or any of its officers, agents or employees in the operation and maintenance of said Airport or for navigating any aircraft over said Airport, whether such injury, death or damage is due to negligence or otherwise, and all claims for any such injury, death or damage against the City are hereby expressly waived by Concessionaire.

Article XI

Indemnification.

Concessionaire agrees, at its own expense, to defend, indemnify, save and hold harmless City, its officers, employees and agents, from and against all liability or loss for injuries to or deaths of persons or damage to property caused by any act or omission to act of, or use or occupancy of the leased premises by Concessionaire, its sublessees, licensees, invitees, or any other person authorized by Concessionaire to use the leased premises or any portion thereof, or as a result of any of their or Concessionaire's operations or other activities at the Airport, regardless of whether said operations or other activities are on or off the leased premises. Each party hereto shall give to the other prompt and timely notice of any claim made or suit instituted coming to the knowledge of their respective officers, management personnel or department heads which in any way reasonably appears to affect or which might affect either party hereto, and both shall have the right to participate in the defense of the same to the extent of its own interest. In the event City shall elect to so defend, such defense shall not be deemed a waiver by City of any of its rights against Concessionaire under the foregoing indemnification provisions.

Article XII

Insurance.

Concessionaire shall obtain and maintain continuously in effect at all times during the term hereof, at Concessionaire's sole expense, general liability insurance approved by the Comptroller of the City of Chicago protecting City against liability by reason of Concessionaire's wrongful conduct or failure to act incident to the use of the premises or resulting from any accidents occurring on or about the roads, driveways or other public places used by Concessionaire at the Airport in the operations and activities of Concessionaire, its sublessees, licensees, invitees, or others authorized by Concessionaire to act hereunder, caused or arising out of any of their wrongful acts or omissions. Such insurance shall name City as an additional assured. Concessionaire shall also, without cost to City obtain and maintain during the term hereof automobile liability insurance in accordance with the terms and conditions of Concessionaire's automobile rental agreement, covering the operation of rental automobiles hereunder. All such general liability insurance and automobile liability insurance shall provide liability limits of not less than One Hundred Thousand Dollars ($100,000.00) for personal injury to or death of any one person in any one accident, Three Hundred Thousand Dollars ($300,000.00) for personal injury to or death of two or more persons in any one accident, and Twenty-five Thousand Dollars ($25,000.00) for damage to property in any one accident. Concessionaire shall file with the Comptroller of the City of Chicago certificates evidencing all such insurance. City agrees to notify Concessionaire in writing as soon as practicable of any claim, demand or action arising out of an occurrence covered hereunder of which City has knowledge, and to cooperate with Concessionaire in the investigation and defense thereof.

Article XIII

Parking of Vehicles.

Concessionaire, its employees, invitees and those doing business with it, shall have no right under this Agreement to park vehicles upon the Airport premises other than in places assigned or demised to Concessionaire pursuant to this Agreement, except in the Airport Terminal Area Public Parking Lot and upon payment of regular charges therefor or any duly designated employee parking lot.

Article XIV

Application of Other Agreements.

This Agreement is subject to the provisions of Article XI, Paragraph 4 of that certain Agreement entitled "Airport Use Agreement" and to Article VI, Section 6.04 of that certain Agreement entitled "Lease of Terminal Facilities" and to such other provisions of said related agreements as may be pertinent and as entered into between the City and the scheduled airlines governing the use and operation of the Airport.

Article XV

Concessionaire's Performance Bonds.

A. *Construction Performance Bond.* Before commencing any construction authorized under this Agreement, Concessionaire shall deliver to the City at the Office of the Comptroller of the City of Chicago a Performance Bond approved by said Comptroller and the Corporation Counsel substantially similar in form to "Contractor's Performance Bond" Form P.W.O. 62, a specimen copy of which is bound herein. Said Performance Bond shall be in an amount equal to the cost of construction herein authorized.

B. *Minimum Guarantee Performance Bond.* Concessionaire shall deliver to the City and City shall hold during the term of this Agreement an approved Government Bond payable to bearer or the City of Chicago or, in lieu thereof, a Performance Bond approved by the Comptroller of the City of Chicago and the Corporation Counsel in an amount equal to its annual minimum guarantee as herein set forth, but said bond shall not be required to exceed Two Hundred Thousand Dollars ($200,000.00) per annum. Any interest on any bond shall accrue and be paid to Concessionaire.

Article XVI

Equal Opportunity.

Concessionaire agrees that in performing under this Agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, sex or national origin, nor otherwise commit an unfair employment practice. Concessionaire will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Concessionaire agrees to post in conspicuous places, available to employees and applicants for employment, notices which shall contain and set forth the provisions of this nondiscrimination clause. Concessionaire further agrees that this Article will be incorporated by Concessionaire in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this Agreement.

Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR, 1964-65 Compilation, p. 339, as modified by Executive Order 11375 issued October 13, 1967, 3 CFR, 1967 Compilation, p. 320; The Civil Rights Act of 1964, Pub. L. 88-352, July 2, 1964, 78 Stat. 241 et sub.; to the State Acts approved July 28, 1961, Ill. Rev. Stat. 1969, Ch. 38, Secs. 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1969, Ch. 29, Secs. 17-24 inclusive; July 21, 1961, Ill. Rev. Stat. 1969, Ch. 48, Secs. 851 to 866 inclusive, and July 26, 1967, Ill. Rev. Code of the City of Chicago, Ch. 198.7A); and the provisions of 41 CFR Chapter 60.

To demonstrate compliance Concessionaire and its contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

Article XVII

Termination of Agreement.

A. *Termination by City or Concessionaire.* This Agreement may be terminated in its entirety by the City or by Concessionaire by giving to either of said parties sixty (60) days advance written notice if either party, or both parties, shall have defaulted in the performance of any material promise, covenant or agreement required to be performed by either party, or both, and the failure of either party, or both, to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt of written notice from the complaining party to remedy said default.

B. *Termination by City.* The City shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The filing by Concessionaire of any voluntary petition in bankruptcy, or a petition seeking to reorganize, or the readjustment of its indebtedness under the Federal Bankruptcy laws or under any similar State Laws, or if Concessionaire shall make a general assignment for the benefit of creditors.

(2) The filing of an involuntary petition in bankruptcy against Concessionaire in which the appointment of a receiver, trustee or liquidator of the property of the Concessionaire is ordered by a court of competent jurisdiction, and such appointment is not vacated within thirty (30) days.

(3) The abandonment or discontinuance of operation by Concessionaire of the automobile rental service at the Airport for a period of sixty (60) consecutive days, or if Concessionaire shall abandon the premises demised to it in the Airport for a period of sixty (60) consecutive days.

(4) The failure of Concessionaire to pay the concession fees or proportionate minimum guarantee fees, or rent charges or other money payments required by this Agreement, and such failure shall not be remedied within thirty (30) days following receipt by Concessionaire of written demand from the City so to do.

C. *Waiver of Default.* No waiver of default of any of the promises, covenants or agreements to be performed, kept and observed by the parties under this Agreement shall be construed or act as a waiver of any subsequent default of any such promise, covenant or agreement.

D. *Termination by Concessionaire.* Concessionaire shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The issuance by any court of competent jurisdiction of an injunction, order or decree preventing or restraining or limiting in any substantial way the operation by Concessionaire of its automobile rental business at the Airport, or the use by Concessionaire of all or any substantial part of the demised premises, or preventing or restraining the use of the Airport or Airport facilities to such an extent as to interfere materially with Concessionaire's operations at the Airport which injunction, order or decree has remained in full force and effect for a period of ninety (90) consecutive days.

(2) The total or extensive destruction of fixed improvements placed upon the demised premises making it impractical or uneconomical to restore same to their previous condition. In any such case, the proceeds of insurance, if any, payable by reason of such loss shall be apportioned equitably between the City and Concessionaire, with the Concessionaire first receiving the unamortized balance of its costs for said fixed improvements. If the damage shall result from an insurable cause and shall be of such an extent that said fixed improvements can be restored to an acceptable condition within a reasonable time, the Concessionaire shall restore the same with reasonable promptness and shall be entitled to receive and apply the entire proceeds of any insurance covering said loss to said restoration, in which event this Agreement shall not be cancelled but shall continue in full force and effect, and in such case any excess of insurance proceeds over and above the cost of complete restoration thereof shall belong to Concessionaire.

E. *Curtailment of Airport and Motor Vehicle Use.* In the event all or a material portion of the Airport or Airport facilities shall be destroyed; or in the event that any agency or instrumentality of the United States Government or any State or Local Government shall occupy the Airport or a substantial portion thereof; or in the event of military mobilization, insurrection, labor disputes, massive civil disorders or public emergency wherein there shall be a curtailment of normal airline traffic at the Airport or the use of motor vehicles or airplanes by the general public, either by reason of executive decree or legislative action; or in the event there is a limitation of the supply of automobiles or automotive fuel, supplies or parts for general public use; and if the above and foregoing events shall result in material interference with Concessionaire's normal business operations or in a substantial diminution of Concessionaire's gross revenue from its automobile rental concession at the Airport, which shall continue for a period in excess of thirty (30) days, then, upon sixty (60) days advance written notice to the City, Concessionaire shall have the right to terminate this Agreement.

F. *Diminution of Airline Passenger Traffic.* If, during any year of this Agreement, the scheduled airline passenger traffic enplaning at Airports serving the Greater Chicago Area falls below thirty percent (30%) of the scheduled airline passengers enplaning at Airports serving the Greater Chicago Area for a period of any six (6) consecutive months, as compared to the immediately preceding six (6) consecutive months, Concessionaire shall have the right to terminate this Agreement by giving the City six (6) months advance written notice. For the purpose of this Article XVII, Section F only, the Greater Chicago Area shall mean that area having a radius of thirty-five (35) miles from the intersection of State and Madison Streets in the City of Chicago.

Such amortization shall be computed on a straight line cost basis over the period from the completion of said improvements to the expiration date of the initial term hereof.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute on behalf of the City of Chicago an Agreement with National Car Rental System, Inc. providing for automobile rental services at Chicago-O'Hare International Airport, said Agreement to be in the following form:

Airport Concession Agreement between City of Chicago, a Municipal Corporation, and National Car Rental System, Inc., a Nevada Corporation.

This Agreement made this............. day of............., A.D. 1972 between the City of Chicago, a Municipal Corporation of the State of Illinois (sometimes hereinafter referred to as "City"), and National Car Rental System, Inc., a Nevada corporation (sometimes hereinafter referred to as "Concessionaire").

WITNESSETH:

Whereas, City owns, controls and operates the Chicago-O'Hare International Airport (sometimes hereinafter referred to as "Airport"), situated in the Counties of Cook and Du Page, in the State of Illinois, and possesses the power and authority to grant certain rights and privileges with respect thereto, including those hereinafter set forth; and

Whereas, Automobile rental services at the Airport are an integral part of the necessary accommodations for ground transportation provided for passengers arriving at and departing from the Airport in the promotion and development of air commerce and air transportation; and

Whereas, Concessionaire desires to make said automobile rental services available at the Airport and is qualified and has the capacity for performing said services and to equip said facilities for use in connection therewith and further desires to lease certain space, and to obtain certain rights and privileges with respect to the operation of a rent-a-car service at said Airport, upon the terms and conditions hereinafter provided.

Now, Therefore, for and in consideration of the mutual promises, covenants, terms and conditions, both general and special, as hereinafter set forth, the City hereby grants to Concessionaire the rights and privileges hereinafter described; Concessionaire agrees to assume the duties, responsibilities, and obligations as hereinafter set forth; and the parties hereto, for themselves, their successors and assigns, agree as follows:

Article I

Contents of Agreement; Term.

A. This Agreement constitutes the entire agreement between the parties and no warranties, inducements, considerations, promises or other inferences shall be implied or impressed upon such Agreement that are not herein set forth.

B. The term of this Agreement shall be for a period of twenty (20) years beginning on the ....day of............................, 1972 and ending on the....................day of............................, 1992, unless said term shall be sooner terminated pursuant to provisions hereinafter set forth; provided, however, that at each five (5) year interval from the effective date of this Agreement, City may, upon review of all the circumstances affecting the Airport and Concessionaire's operations therein, direct that the terms and conditions of compensation set forth in Article VI of this Agreement be renegotiated (except those rental commitments contained in paragraph E, subparagraphs (1), (2), (3) and (4) of said Article VI), and upon written notice to Concessionaire of said determination, Concessionaire shall negotiate in good faith with City's representatives as to all said terms and conditions therein contained. In the event said terms and conditions are not renegotiated in good faith to the satisfaction of City within six (6) months after said notice to renegotiate has been received by Concessionaire, the contract term of this Agreement shall be terminated, to take effect twelve (12) months after said notice to renegotiate was received by Concessionaire.

Article II

Definition of Terms.

A. "Commissioner of Aviation" means the head of the Department of Aviation of the City of Chicago, having management and control of the design, operation and maintenance of all airports owned or operated by the City.

B. "Commissioner of Public Works" means the head of the Department of Public Works of the City of Chicago, having management and control of all public places and property of the City of Chicago, as more specifically set forth within the Municipal Code of Chicago.

C. "Concessionaire" means any natural person, partnership, corporation, company or other legal entity, who or which owns, controls, manages and engages in the business of automobile rental services upon the Airport pursuant to a written agreement between such Concessionaire and the City.

D. "Gross Receipts" means time and mileage charges paid or payable to Concessionaire for rental of automobiles at the Airport by Concessionaire herein, whether received by cash or by credit, regardless of when, where or through whom the order therefor is received including all revenue derived by Concessionaire of any type arising out of or in connection with Concessionaire's operation at the Airport and for exchanges whereby an automobile delivered to a customer at the Airport is exchanged for another automobile within a radius of thirty miles from said Airport. "Gross Receipts", however, shall not include any federal, state, or municipal sales or other similar taxes which are separately stated and collected from customers of Concessionaire now or hereafter levied or imposed; nor sums received as insurance proceeds or otherwise for damages to automobiles or other property of Concessionaire, except as hereinafter provided, or for loss, conversion or abandonment of such automobile; nor any sums received from customers of Concessionaire separately billed as additional charges for the waiver by Concessionaire of its rights to recover damages sustained by the rented vehicle from its customers; nor any sums received from customers of Concessionaire as inter-city service fees.

Article III

Assignment or Transfer.

Except with respect to its wholly owned subsidiary or its parent corporation, Radio Corporation of America, a Delaware corporation, Concessionaire shall not assign, sublet or transfer this Agreement, nor any of the rights of privileges granted hereby, nor enter into any contract requiring or permitting the doing of any act hereunder by an independent contractor, unless otherwise expressly provided herein, without prior written approval signed by the Commissioner of Aviation after authorization for said approval shall have been obtained by action of the City Council of the City of Chicago.

Concessionaire shall give written notice of its intention to assign, sublet or transfer its rights and privileges hereunder, by registered mail, to the City Council, the Corporation Counsel and Commissioner of Aviation. Approval or disapproval of said assignment, sublease or transfer shall not be unreasonably withheld by the City Council or Commissioner of Aviation and approval shall be inferred if the City Council and the Commissioner of Aviation do not act within ninety (90) days after receipt of said notice from Concessionaire.

If Concessionaire is a partnership or corporation or legal entity other than a natural person, any change in control of said entity during the term hereof shall be deemed a transfer for the purposes of this Agreement, subject to the foregoing provisions. In the event Concessionaire fails to secure express or implied approval of said assignment, sublease or transfer, as provided herein, the City may, at its option, determine and declare such change as a breach of this Agreement and take immediate possession of the demised premises and facility hereinafter described; however, said option may not be exercised unreasonably by the City nor without good and sufficient cause. It is understood and agreed by and between the City and Concessionaire that nothing contained in this agreement is intended or shall be construed as in any way creating or establishing or maintaining the relationship of agency, co-partnership or joint venturers between the parties hereto.

Article IV

Operating Rights.

The City grants to Concessionaire a non-exclusive privilege, in common with others that the City may from time to time authorize, to operate a rent-a-car business on, upon and from the Airport, and for no other purpose whatsoever; provided, however, that the City will not grant to any other individual, firm

or corporation, a privilege to conduct a rent-a-car business on, upon and from the Airport under terms more favorable to such other individual, firm or corporation than those contained herein, including the minimum guaranty, percentage fee, space rental rate and performance bond requirements, or more favorable counter space locations. The City represents that it has not heretofore granted to any other individual, firm, or corporation a privilege to conduct a rent-a-car business on, upon and from the Airport.

Article V

Demised Premises.

The City demises and leases to Concessionaire the following premises at the Airport, together with the facilities, rights and privileges hereinafter described subject to a continuing easement and right of entry for future installation, maintenance, repairs and replacement of such public utilities as may be necessary upon or involving the demised premises, including heating, water, gas, electrical, sewerage, drainage, fire protection, sprinkler, ventilating, refrigerating, fuel and communication systems, and such other service systems as may be involved, including but not limited to installation, maintenance, repair and replacement of tubes, pipes, lines, mains, wires, conduits and equipment on or about the demised premises; provided, however, that all such installation, maintenance, repair and replacement shall be performed so as to interfere as little as reasonably possible with Concessionaire's operation.

A. *Counter Space.*

(1) *Existing Counter Space.* During the term of this Agreement, Concessionaire shall have the right and privilege to continue the use of approximately 248 square feet of counter space presently occupied by Concessionaire in Terminal Building 2, consisting of two counter areas on the first floor concourse thereof, and 248 square feet of counter space presently occupied by Concessionaire in Terminal Building 3, consisting of two counter areas on the first floor concourse thereof, as the same are more particularly described in Exhibit "A" attached hereto and made a part hereof.

[Exhibits "A" printed on pages 2690 and 2691 of this Journal]

(2) *Future Counter Space in Terminal Building 1.* Commencing upon the date when the first floor concourse of Terminal Building 1 has been remodeled or replaced and is ready for use by the general public, Concessionaire shall be entitled to lease up to 248 square feet of counter space therein upon the same terms and conditions and rental rate as apply to the counter spaces located in Terminal Buildings 2 and 3.

(3) *Future Counter Space in New Parking Structure.* Commencing upon the date when the first floor concourse of the new parking structure to be erected in the public parking lot at the Airport is completed and ready for use by the general public, Concessionaire shall be entitled to the following options:

(a) to continue to lease and occupy the counter areas in Terminal Building 1, if any, and in Terminal Buildings 2 and 3; or

(b) to elect instead to occupy counter areas of a size not less than one of the counter areas in Terminal Buildings 1, 2 and 3, and not more than that of four of its counter areas in Terminal Buildings 1, 2 and 3, at the same rate per unit of counter area, on the ground level of said parking structure with the specific size and location of such counter areas to be determined by the Commissioner of Aviation; or

(c) to elect to exercise options (a) and (b) above together.

(d) to elect, at a later time, to cancel its leasehold rights and privileges within Terminal Buildings 1, 2 and 3, and/or in the new parking structure; provided, however, that if Concessionaire relinquishes counter space in Terminal Buildings 1, 2 and 3, and/or the new parking structure, Concessionaire will provide such substitute facility as may be required by and as is in consonance with technological change or changes in the operation of the rent-a-car service in said Terminal Buildings and/or parking structure. The adequacy or sufficiency of said substitute facility shall be determined by the Commissioner of Aviation; provided, further, however, that should Concessionaire wish to effect such cancellations under subparagraphs (c) or (d) hereinabove set forth, Concessionaire shall give no less than sixty (60) days advance written notice to the Commissioner of Aviation of its intention so to do.

(4) *Relocation and Modification of Counter Space.* If at any time during the term of this Agreement, modification or expansion of said Terminal Buildings makes it necessary, in the sole judgment of the Commissioner of Aviation, to relocate the above-described counter areas, said Commissioner may, upon ninety (90) days advance written notice to Concessionaire, direct Concessionaire to relocate or rebuild such counter areas at substitute Terminal Building locations of comparable size as allocated by the Commissioner of Aviation, at the sole cost and expense of City and the same must be constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works. If, at any time during the term of this Agreement, Concessionaire desires to relocate, improve or modify existing counter facilities that it presently occupies in Terminal Buildings 2 and 3, or, if Concessionaire shall seek to install a counter or other improvements in Terminal Building 1, such improvements or modifications shall be at the sole cost and expense of Concessionaire and must be located and constructed in accordance with plans and specifications which have been approved by the Commissioner of Aviation and the Commissioner of Public Works.

B. *Ready and Return Automobile Parking Areas.*

(1) *Temporary Parking Areas.* Concessionaire shall have the right and privilege, in common with any other Airport rent-a-car concessionaires, to occupy ready and return automobile parking areas as are described in Exhibit "B" attached hereto and made a part hereof, for the purpose of parking cars ready for rental and for the return of cars to the Airport upon the completion of rental, subject to such rules, regulations and limitations as may be imposed by the Commissioner of Aviation, who shall designate from time to time the number and location of parking spaces within the aforesaid ready and return automobile parking areas which Concessionaire and other rent-a-car concessionaires shall be entitled to use. The allocation of such spaces shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. Such ready and return automobile parking areas shall be subject to limitations which may be imposed by Airport construction or operational re-

quirements. Said limitations shall be only to the extent reasonably necessary, and every effort will be made to minimize the time and extent of any interference with the normal rent-a-car operation in these particular areas. The above-described ready and return automobile parking areas shall be vacated at such time or times as the Commissioner of Aviation shall designate, upon ninety (90) days advance written notice to the Concessionaire. Said authority in the Commissioner of Aviation to order the vacating of the ready and return automobile parking areas shall be contingent upon substitute areas of reasonably comparable size and location being made available. Concessionaire shall have the right, upon ninety (90) days advance written notice to the Commissioner of Aviation, to vacate such ready and return automobile parking areas as they shall designate and at the end of said period shall surrender such areas to the City.

[Exhibit "B" printed on page 2693 of this Journal]

(2) *Permanent Parking Areas.* Commencing upon the date when the new parking structure to be erected in the Airport public parking lot is completed and ready for use by the general public, the City shall provide therein 650 parking spaces at the ground level of such parking structure for the use of Concessionaire in common with any other Airport rent-a-car concessionaires, said location being shown in Exhibit "C" attached hereto and made a part hereof. It is understood and agreed that the Commissioner of Aviation shall annually designate the location and specific number of the said parking spaces within the aforesaid parking structure which the Concessionaire and each of the other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said ground level parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the ground level parking spaces otherwise allocable to other Airport rent-a-car concessionaires in common.

[Exhibit "C" printed on page 2694 of this Journal]

(3) *Additional Parking Areas.* The City shall provide an additional 650 spaces for use of Concessionaire in common with any other Airport rent-a-car concessionaire within the Airport terminal area parking lot (see Exhibit C), as may be mutually agreed upon between the Commissioner of Aviation and the Airport rent-a-car concessionaires. It is understood and agreed with respect to such additional parking spaces that the Commissioner of Aviation shall designate from time to time the location and specific number of the parking spaces within the aforesaid parking lot which Concessionaire and other Airport rent-a-car concessionaires shall be entitled to use and that the allocation of such space shall be in proportion to the amount of concession fees paid by each of the respective rent-a-car concessionaires during the preceding contract year. By written notice given within thirty (30) days after the date on which the Commissioner of Aviation makes known his allocation of the said additional parking spaces among the Airport rent-a-car concessionaires, as aforesaid, Concessionaire may reduce the number of said parking spaces allocable to it, provided that the other Airport rent-a-car concessionaires agree to accept the allocation of such declined parking spaces among them. Upon acceptance by the other Airport rent-a-car concessionaires of such declined parking spaces, Concessionaire's right to such parking spaces shall be suspended until the next annual allocation of parking spaces by the Commissioner of Aviation. Upon rejection by the other Airport rent-a-car concessionaires of such declined parking spaces, such declined parking spaces shall be permanently deducted from the additional parking spaces otherwise allocable to the Airport rent-a-car concessionaires in common.

C. *Terminal Area Automobile Service Facility.* Concessionaire shall have the right and privilege but not the obligation to construct at its sole cost and expense a Terminal Area Automobile Service Facility for use as a rapid turn-around car wash and refueling establishment. Said car wash and refueling facility shall be located in the new parking structure provided for in Article V, Section B(2) of this Agreement in such location as may be designated by the Commissioner of Aviation within the area shown on Exhibit "C" attached hereto and made a part hereof. Such space as may be occupied by Concessionaire for the construction and operation of said Terminal Area Automobile Service Facility shall be subtracted or deleted from the allocation of parking spaces to be set aside for Concessionaire, within the new parking structure as set forth in Article V, Section B(2) of this Agreement. At no time shall Concessionaire permit the use of said Terminal Area Automobile Service Facility by automobiles or other vehicles owned or operated by members of the general public (other then Concessionaire's rental vehicles) either for the purpose of washing or refueling. The plans and specifications for such Terminal Area Automobile Service Facility shall be submitted for approval by the Commissioner of Aviation and the Commissioner of Public Works and said facility shall be constructed in accordance with said plans and specifications so approved. Title to all fixed improvements erected or installed by Concessionaire in or upon said premises shall vest in the City upon completion of said facility, including all appurtenances and property of every kind and nature; provided, however, that trade fixtures which are attached thereto, as defined in Article V, Section D(2) (c), may be removed upon termination of this Agreement under the conditions therein set forth.

D. *Outer Area Automobile Service Facility.* Concessionaire shall have the right and privilege to construct and maintain an Outer Area Automobile Service Facility consisting of the areas set forth in the following subparagraphs.

(1) *Temporary Automobile Service Area "A".* Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 50,709.025 square feet (subject, however, to a partial depletion or reduction thereof by reason of and to the extent of a proposed excavation and construction for Commonwealth Edison Substation, in which case space of a comparable size will be made available by the Commissioner of Avia-

tion) as described more particularly on Exhibit "D" attached hereto and made a part hereof. Anything herein to the contrary notwithstanding, it is understood and agreed that Concessionaire shall vacate said Service Area "A" within ten (10) days following the issuance of a Certificate of Completion by the Commissioner of Public Works authorizing the use of the permanent service building and improvements to be erected and installed by Concessionaire within Service Area "B" for which provision is hereinafter made, and rental with respect to Service Area "A" shall thereupon terminate.

[Exhibit "D" printed on page 2696 of this Journal]

(2) *Permanent Service Area "B"*. Concessionaire shall have the right and privilege of using a service area for the maintenance, servicing, parking and storage of its vehicles consisting of 233,026.2 square feet as described more particularly on Exhibit "E" attached hereto and made a part hereof.

[Exhibit "E" printed on page 2697 of this Journal]

(a) *Buildings, Structures and Improvements.* Concessionaire shall at its own cost and expense erect and install within said Service Area "B" buildings, structures and improvements for its use in maintenance, servicing, parking and storage of its vehicles and said structures and improvements shall include, but are not limited to, fencing, lighting, paving, underground fuel tanks and gas pumps; provided, however, that no construction or improvement shall be commenced until plans and specifications for construction have been approved by the Commissioner of Aviation and the Commissioner of Public Works. Concessionaire shall promptly secure all necessary permits and licenses therefor as required by the Municipal Code of Chicago at its own cost and expense. Plans and specifications for said buildings, structures and improvements shall be submitted by Concessionaire to said Commissioners within six (6) months after the effective date of this Agreement, and construction shall commence within sixty (60) days following said approval and the issuance of all necessary permits and licenses with a completion date thereof to be no later than eighteen (18) months after construction begins; provided, however, that if construction is delayed at any time in the progress of the work by an Act of God, or by strikes, lockouts, fire, unusual delays in transportation or by circumstances caused by a National Emergency, or by war, or other circumstances beyond the control of Concessionaire then the time for completion shall be extended for such reasonable period as the Commissioner of Public Works may determine. No such extension shall be made for delay in the absence of written notice by Concessionaire to the Commissioner of Public Works within thirty (30) days after the cause of said delay has occurred.

Concessionaire covenants and agrees to spend a minimum of Seven Hundred Fifty Thousand Dollars ($750,000.00) in the construction of said buildings, structures and improvements, including architects' and engineers' fees, costs of plans and specifications and other costs incidental to said construction and installation.

(b) *Regulation of Construction.* During the period of construction of any building, structure or other improvements, all construction work, workmanship, materials and installation involved or incidental thereto shall be subject at all times to inspection by the City. Concessionaire shall give or cause to be given to the Commissioner of Aviation and the Commissioner of Public Works advance notice in writing before any new work is commenced and shall provide and shall cause its contractors and subcontractors to provide reasonable and necessary facilities for inspection. Concessionaire shall pay reasonable costs for review of plans and specifications, for inspections, and for other related engineering services performed by the City, upon being billed therefor by the City. Concessionaire shall cause all construction work, workmanship, materials and installation to be in full compliance with its plans and specifications and with applicable provisions of the Municipal Code of Chicago.

(c) *Title to Fixed Improvements.* Title to all fixed improvements erected or installed by Concessionaire in or upon the demised premises shall vest in the City upon completion of building, structure and other improvement constructions, including all buildings and other structures erected upon the premises, all fencing, all grading and surfacing with stone and hardtop, all underground and overhead wires, cables, pipes, conduits, tanks and drains, and all property of every kind and nature; provided, however, that trade fixtures which are attached to any building or structure or to the premises and which may be removed without material damage to the property, building or structure to which they may be attached may be removed. Trade fixtures shall include, but are not necessarily limited to, signs, electrical or otherwise, used to advertise Concessionaire's business in and about the demised premises; machinery and equipment used in connection with the servicing of its vehicles in or about the demised premises and such lifts, hoists, compressors or other mechanical devices used to service vehicles which are not imbedded or permanently annexed to the realty, structure or building; and such other miscellaneous equipment as is not imbedded or permanently annexed to the realty, structure or building. Concessionaire may install, maintain, operate, repair and replace such trade fixtures and other personal property useful from time to time in connection with its operations in the Airport, which shall be and remain the property of Concessionaire and which may be removed by it prior to or within a reasonable time after the expiration or termination of this Agreement; provided, further, however, that Concessionaire shall repair any damage to the premises caused by such removal.

(d) *Removal of Service Area "B"*. In the event that Service Area "B" herein demised is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, the Commissioner of Aviation upon one hundred eighty (180) days advance written notice may direct the Concessionaire to vacate Service Area "B". In such case, the City will pay to Concessionaire within ninety (90) days after Concessionaire's removal therefrom the unamortized portion of the cost of the fixed improvements constructed and installed within said Service Area "B", as described in Article V, Section D(2)(a), including architects' and engineers' fees, cost of plans and specifications and other costs incidental to such construction and installation; provided, that said amortization shall be computed upon a straight-line basis without interest covering the period from the completion date of said improvements to the expiration date of this lease; provided, further, that the Commissioner of Aviation will offer to the Concessionaire a suitable substitute site at the same unit rate if, and to the extent that, the Commissioner of Aviation in his sole judgment determines such area to be available.

(e) *Cost of Fixed Improvements.* Concessionaire shall furnish to the Commissioner of Public Works an itemized statement, certified by an authorized officer of the Concessionaire, showing the total cost of the fixed improvements, as described in Article V, Section D(2)(a), installed and established upon and in Service Area "B", including architects' and engineers' fees, cost of plans and specifications and other costs incidental to said construction and installation, within sixty (60) days after the completion of the construction thereof, and shall, if requested by the Commissioner of Public Works, produce copies of all invoices and other records in connection therewith. The Commissioner of Public Works shall review the material and notify the Concessionaire in writing within sixty (60) days after its receipt whether said itemized statement and supporting invoices or other records meet with his approval, or not, and, in the latter event, in what respect it is deficient; provided, however, that said statement shall constitute prima facie evidence of the cost shown therein unless disputed in writing by the City within sixty (60) days following receipt thereof. Upon approval by the Commissioner of Public Works, said costs shall constitute the basis for the amortization contemplated in Article XVII, Section H; provided, however, that said statement shall be deemed approved in the event the Commissioner of Public Works shall not so notify Concessionaire within such sixty (60) day period. The books and records of the Concessionaire shall be subject to examination and audit by the Commissioner of Public Works to verify such costs.

(f) *Expansion Areas.* It is understood and agreed by and between the parties that if at any time during the term of this Agreement such land which has been designated as "Expansion Area 6", as the same is more particularly described and set forth on Exhibit "E" attached hereto and made a part hereof, becomes desirable for other Airport uses, then the City shall give Concessionaire the right of first refusal; acceptance of the rental thereof shall be given in writing to the Commissioner of Aviation by the Concessionaire within thirty (30) days following receipt of said notice stating that Concessionaire is desirous of leasing such expansion area or areas and, in such event, this Agreement shall be amended to include such area or areas within the demised premises hereunder upon the same terms and conditions herein set forth. If Concessionaire shall fail to file a written acceptance of said expansion area or areas within said thirty (30) day period, the City may lease said property to others. In the event said rental is for rent-a-car purposes, rental charges shall be upon the same terms and conditions as those offered to Concessionaire.

Article VI

Concession Fees; Minimum Guarantee; and Rental Commitment.

Concessionaire agrees to pay the City for the privileges and authority hereinabove described and set forth under the terms and conditions contained in this Article.

A. *Concession Fees and Minimum Guarantee.* Concessionaire agrees to compensate the City for the privileges and authority to operate its rent-a-car business on, upon and from the Airport in an amount equal to either (1) ten percent (10%) of Concessionaire's gross receipts as defined in Article II, Section D of this Agreement, or (2) an annual minimum guarantee as hereinafter set forth in this Article VI, Section A, whichever amount is greater, for each contract year. The contract year of this Agreement shall commence on the first day of the month following the execution of this Agreement and shall end on the last day of the month of .... in each year. The first contract year shall commence on the .... day of ...., 1972. The minimum guarantee for said first contract year shall be One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00).

B. *Adjustment of Concession Fee.* If after the end of the fifth year of this Agreement, and upon each five-year anniversary thereof, the effective percentage of gross receipts paid by the Airport rent-a-car concessionaires as a concession fee at the ten (10) United States Airports with the greatest number of passengers carried by scheduled air carriers averages more than the average concession fee at the said airports on the date of execution of this Agreement, then the percentage fee of this Agreement may be adjusted upward in the discretion of the Commissioner of Aviation to a percentage which bears the same ratio to the ten percent (10%) percentage fee provided herein as such increased average concession fee bears to the average concession fee prevailing on the date of execution of this Agreement.

C. *Adjustment of Minimum Guarantee.* The minimum guarantee for the second and each subsequent contract year shall be adjusted in direct proportion to the percentage increase or decrease, as the case may be, in the aggregate amount of fees paid to the City by all Airport rent-a-car concessionaires on account of the Airport rentals made during the immediate preceding contract year, compared with such aggregate fees paid on account of Airport rentals made during the twelve (12) month period prior to such preceding contract year; provided, however, that in no event shall the minimum guarantee for any contract year be less than One Hundred Eighty-five Thousand and no/100s Dollars ($185,000.00). The annual minimum guarantee for any contract year shall be prorated when this Agreement is not in effect during the full year because of the commencement or termination of this Agreement during such year, or because of the application of Articles I, III, VII or VIII hereof.

D. *Date of Payments of Concession Fees or Minimum Guarantee.*

Payments of amounts due from Concessionaire of concession fees or minimum guarantee under this Article VI shall be on a monthly basis and shall be paid on or before the 20th day of the month succeeding each and every calendar month of the term or portion hereof, for its operation of the preceding month. Said monthly payments are to be in those amounts which (a) will bring to the City total payments for that part of the contract year ending with the last day of the month for which payment is being made of either ten percent (10%) of gross receipts for the contract year to such date, or (b) the proportionate part of the annual guarantee which is allocable to the part of the year which has elapsed by such date, whichever amount is higher. Each monthly payment shall be accompanied by a report to the City, in duplicate, showing Concessionaire's gross receipts for said month and cumulative gross receipts for the contract year to and including said month. All payments and reports of receipts hereunder shall be made to the Office of the Comptroller of the City of Chicago, with a copy of each report to be sent to the Commissioner of Aviation.

E. *Rental Commitment.* Concessionaire agrees to compensate the City for the premises demised herein certain rent payable in advance, in monthly installments, on the first day of each month or a portion thereof, during the term of this Agreement, as follows:

(1) As rental for counter space hereinabove described in Article V, Section A, Concessionaire shall pay to the City the sum of Two Hundred Sixty-eight Dollars and Sixty-seven cents ($268.67) per month, predicated on an annual rental rate of Six Dollars and Fifty cents ($6.50) per square foot, which amount shall be in addition to all other sums provided in this Agreement.

(2) As rental for ready and return automobile parking spaces, with respect to permanent parking areas and additional parking areas, hereinabove described in Article V, Sections B(2) and (3), Concessionaire shall pay to the City the sum of Thirteen Dollars ($13.00) per month for each individual automobile parking space, which sum shall be in addition to all other sums provided in this Agreement.

(3) As rental for Service Area A hereinabove described in Article V, Section D(1), Concessionaire shall pay to the City the sum of Four Hundred Twenty-two Dollars and Fifty-eight cents ($422.58) per month, predicated on an annual rental rate of Ten Cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement.

(4) As rental for Service Area B hereinabove described in Article V, Section D(2), Concessionaire shall pay to City the sum of One Thousand Nine Hundred Forty-one Dollars and Eighty-nine cents ($1,941.89) per month, predicated on an annual rental rate of Ten cents (10¢) per square foot, which sum shall be in addition to all other sums provided in this Agreement; provided, however, that the rental commitment set forth in this Section D(4) shall commence on the date upon which a Certificate of Completion has been issued authorizing the use of the service building and other improvements erected or installed by Concessionaire upon Service Area B, or on that date which is eighteen (18) months (plus any authorized extensions) after the commencement of construction, whichever date shall first occur.

(5) All rental payments hereunder shall be made to the City at the Office of the Comptroller of the City of Chicago.

F. *Books, Records and Audits.* Concessionaire shall maintain at its office at.., Illinois, its books, ledgers, journals, accounts or records (or copies thereof in the event that the originals thereof have been microfilmed and stored at Concessionaire's home office in New York, New York) wherein are kept all entries reflecting its operations at the Airport under this Agreement. Such books, ledgers, journals, accounts or records (or copies thereof as the case may be) shall be available for inspection and examination by the Commissioner of Aviation or the Comptroller of the City of Chicago, or their duly authorized representatives, at all reasonable times during business hours and upon reasonable notice, and to make copies and excerpts therefrom as may be necessary to make a full, proper and complete audit of all business transacted by Concessionaire in connection with its operation hereunder. At the expiration of each year of the term of this Agreement, Concessionaire shall furnish to the City a statement prepared by a Certified Public Accountant, and attested to by an officer of the Concessionaire, covering all business transacted by Concessionaire in connection with its operation hereunder and showing the gross revenue derived by Concessionaire from the operation of its business hereunder. Concessionaire shall, upon reasonable request, furnish such other and further financial or statistical reports, dealing with its business hereunder, as the City may, from time to time require.

Article VII

Conduct of Operations.

A. *Schedule of Rates.* Prior to furnishing any rent-a-car services to the public under this Agreement, Concessionaire shall prepare and submit to the Commissioner of Aviation for written approval all schedules of rates for said services and discounts and rebates therefrom, which schedules shall be comparable with prices and charges prevailing in the City of Chicago. Any changes thereafter made in an approved schedule shall be similarly submitted to the Commissioner of Aviation for prior written approval. All such schedules shall be made available to the public by Concessionaire, to which schedules Concessionaire agrees to adhere. If Concessionaire applies any rate in excess of the approved rates or extends a discount less than the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an over-charge which will, upon demand of the Commissioner of Aviation or Concessionaire's customer, be promptly refunded to said customer. If Concessionaire applies any rate which is less than the approved rate or extends a discount which is in excess of the approved discount, the amount by which the charge based on such actual rate or actual discount deviates from a charge based on the approved rates or discounts shall constitute an under-charge and an amount equivalent thereto shall be included in gross receipts hereunder and the percentage fee shall be payable in respect thereto.

B. *Operation of Concessionaire's Business.* Concessionaire, its employees, invitees, and those doing business with it, shall conduct its operations and business within the Airport in an orderly and proper manner and so as not to annoy, disturb or be offensive to others at the Airport or the Terminal Building or other buildings in which it may be located. Solicitation of business shall be conducted only from the counter space demised in this Agreement and by means of signs only as may be authorized by the Commissioner of Aviation, and in no other manner whatsoever. No signs, posters or other similar devices shall be erected, displayed or maintained by Concessionaire within view of the general public without the advance written approval of the Commissioner of Aviation and any such signs, posters or other similar devices not approved by him may be removed at the expense of the Concessionaire. The City shall have the right of complaint to concessionaire as to the demeanor, conduct or appearance of Concessionaire's employees, invitees and those doing business with it, whereupon Concessionaire hereby agrees to take all steps necessary to remove the cause of complaint. Concessionaire shall conduct its operations within the Airport in such manner as shall reduce to a minimum the emanation of noise, vibration, dust, fumes and odors, so as not to interfere with the use of adjacent areas on the Airport.

C. *Quality and Standard of Service.* Concessionaire hereby covenants and agrees:

(1) To furnish good, prompt and efficient service, adequate to meet all reasonable demands for automobile rental service at the Airport, at a fair and reasonable basis.

(2) To make rental automobiles available of a current model year (not more than twenty-four (24) months old), which shall be maintained at Concessionaire's sole expense in good operative order, free from mechanical defects, and in clean, neat and attractive condition, both inside and outside.

(3) To keep open the facilities demised to it hereunder for such periods during each day and on such days during each week as may be necessary to meet reasonable demands for said services and to properly and adequately serve the public, as determined by the Commissioner of Aviation.

(4) To require all personnel rendering service for Concessionaire at the Airport to be neatly and cleanly dressed at all times and to prevent said personnel from conducting business in a loud, noisy, boisterous, offensive or objectionable manner.

(5) To abide by and be subject to all reasonable rules and regulations which are now or which may be promulgated by the Commissioner of Aviation concerning the management, operation or use of the Airport.

(6) To meet all expenses in connection with the use of the premises demised hereto and the rights and privileges herein granted, including but not limited to the payment of taxes, permit fees, license fees and assessments lawfully levied or assessed upon the premises or improvements at any time situated thereon.

(7) To furnish, install, operate and maintain the installations provided hereunder and to keep the same, as well as the premises made available to it, and all furniture, fixtures and equipment installed therein and thereon, in good order, condition and repair, and upon termination of this Agreement, to deliver up said premises to the City in good order, condition and repair, reasonable wear and tear and damage by fire or other casualty excepted.

(8) To respond in writing to complaints registered by the Commissioner of Aviation or Superintendent of Police with respect to violations of traffic regulations committed in the course of Concessionaire's business by Concessionaire's agents, employees, invitees and licensees, setting forth such action as has been taken or is immediately contemplated to remedy said violations.

D. *Solicitation of Business by Others.* Upon receipt of written request from Concessionaire, the Commissioner of Aviation agrees to take such appropriate action within his authority to protect the rights and privileges demised and granted to Concessionaire under this Agreement. The Commissioner of Aviation will not authorize or permit the transaction of any car rental business on the Airport premises by persons or organizations other than Airport rent-a-car concessionaires, said business including, but not limited to, advertising displays, solicitation of customers, paging of customers by use of the Airport public address systems or direct telephone lines to premises located off Airport property.

Article VIII

Inspection of Demised Premises.

The City shall have the right at all reasonable times, and as often as it deems necessary, to inspect the demised premises and (without any obligation so to do) to enter thereon and to direct Concessionaire to make such repairs as may be necessary and, in the event of emergency, to take such action therein as may be required for the protection of persons or property.

Article IX

Removal of Property.

Upon termination of this Agreement by lapse of time, or otherwise, Concessionaire shall promptly remove from the demised premises, upon demand in writing of the City so to do, all of its display signs, counters, and other equipment and trade fixtures, and shall promptly repair any damage to the premises caused thereby, clean up remaining debris and leave said premises in a safe, sanitary, and sightly condition. Such insurance shall name City as an additional assured. A. *Termination by City or Concessionaire.* This Agreement may be terminated in its entirety by the City or by Concessionaire by giving to either of said parties sixty (60) days advance written notice if either party, or both parties, shall have defaulted in the performance of any material promise, cove-

nant or agreement required to be performed by either party, or both, and the failure of either party, or both, to remedy such default or to take prompt action to remedy such default within a period of sixty (60) days after receipt of written notice from the complaining party to remedy said default.

B. *Termination by City.* The City shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The filing by Concessionaire of any voluntary petition in bankruptcy, or a petition seeking to reorganize, or the readjustment of its indebtedness under the Federal Bankruptcy laws or under any similar State Laws, or if Concessionaire shall make a general assignment for the benefit of creditors.

(2) The filing of an involuntary petition in bankruptcy against Concessionaire in which the appointment of a receiver, trustee or liquidator of the property of the Concessionaire is ordered by a court of competent jurisdiction, and such appointment is not vacated within thirty (30) days.

(3) The abandonment or discontinuance of operation by Concessionaire of the automobile rental service at the Airport for a period of sixty (60) consecutive days, or if Concessionaire shall abandon the premises demised to it in the Airport for a period of sixty (60) consecutive days.

(4) The failure of Concessionaire to pay the concession fees or proportionate minimum guarantee fees, or rent charges or other money payments required by this Agreement, and such failure shall not be remedied within thirty (30) days following receipt by Concessionaire of written demand from the City so to do.

C. *Waiver of Default.* No waiver of default of any of the promises, covenants or agreements to be performed, kept and observed by the parties under this Agreement shall be construed or act as a waiver of any subsequent default of any such promise, covenant or agreement.

D. *Termination by Concessionaire.* Concessionaire shall have the right to terminate this Agreement in its entirety immediately upon the occurrence of one or more of the following circumstances:

(1) The issuance by any court of competent jurisdiction of an injunction, order or decree preventing or restraining or limiting in any substantial way the operation by Concessionaire of its automobile rental business at the Airport, or the use by Concessionaire of all or any substantial part of the demised premises, or preventing or restraining the use of the Airport or Airport facilities to such an extent as to interfere materially with Concessionaire's operations at the Airport which injunction, order or decree has remained in full force and effect for a period of ninety (90) consecutive days.

(2) The total or extensive destruction of fixed improvements placed upon the demised premises making it impractical or uneconomical to restore same to their previous condition. In any such case, the proceeds of insurance, if any, payable by reason of such loss shall be apportioned equitably between the City and Concessionaire, with the Concessionaire first receiving the unamortized balance of its costs for said fixed improvements. If the damage shall result from an insurable cause and shall be of such an extent that said fixed improvements can be restored to an acceptable condition within a reasonable time, the Concessionaire shall restore the same with reasonable promptness and shall be entitled to receive and apply the entire proceeds of any insurance covering said loss to said restoration, in which event this Agreement shall not be cancelled but shall continue in full force and effect, and in such case any excess of insurance proceeds over and above the cost of complete restoration thereof shall belong to Concessionaire.

E. *Curtailment of Airport and Motor Vehicle Use.* In the event all or a material portion of the Airport or Airport facilities shall be destroyed; or in the event that any agency or instrumentality of the United States Government or any State or Local Government shall occupy the Airport or a substantial portion thereof; or in the event of military mobilization, insurrection, labor disputes, massive civil disorders or public emergency wherein there shall be a curtailment of normal airline traffic at the Airport or the use of motor vehicles or airplanes by the general public, either by reason of executive decree or legislative action; or in the event there is a limitation of the supply of automobiles or automotive fuel, supplies or parts for general public use; and if the above and foregoing events shall result in material interference with Concessionaire's normal business operations or in a substantial diminution of Concessionaire's gross revenue from its automobile rental concession at the Airport, which shall continue for a period in excess of thirty (30) days, then, upon sixty (60) days advance written notice to the City, Concessionaire shall have the right to terminate this Agreement.

F. *Diminution of Airline Passenger Traffic.* If, during any year of this Agreement, the scheduled airline passenger traffic enplaning at Airports serving the Greater Chicago Area falls below thirty percent (30%) of the scheduled airline passengers enplaning at Airports serving the Greater Chicago Area for a period of any six (6) consecutive months, as compared to the immediately preceding six (6) consecutive months, Concessionaire shall have the right to terminate this Agreement by giving the City six (6) months advance written notice. For the purpose of this Article XVII, Section F only, the Greater Chicago Area shall mean that area having a radius of thirty-five (35) miles from the intersection of State and Madison Streets in the City of Chicago.

G. *Elimination of Service Area B.* In the event that Service Area B, hereinbefore demised under Article V, Section D(2), is required for Airport development and expansion purposes other than rental to another Airport tenant prior to the expiration of this Agreement, and in the further event the Commissioner of Aviation is unable to provide a suitable substitute Airport site therefor as hereinbefore provided in Article V, Section D(2) (d), then, upon thirty (30) days advance written notice to the City from the date Concessionaire is so notified by the Commissioner of Aviation, Concessionaire shall have the right to terminate this Agreement.

H. *Amortization of Fixed Improvements.* Except as otherwise specifically herein provided, in the event this Agreement is terminated prior to the full term set forth in Article I, Section B hereof, City, within ninety (90) days after the effective date of said termination, will pay to Concessionaire the unamortized portion of Concessionaire's cost of the permanent structures and improvements constructed

and installed on the Airport pursuant to this agreement. Such amortization shall be computed on a straight line cost basis over the period from the completion of said improvements to the expiration date of the initial term hereof.

In the event of a national emergency, wherein there is a diminution of the use of motor vehicles by the general public or a limitation of the supply of gasoline for automotive fuel available for general use, either by executive decree or legislative action, then, and in that event, Concessionaire shall not be required to pay the minimum guarantees required under Article VI of this Agreement during the period such executive decree or legislative action shall remain in effect; however, Concessionaire shall pay to the City ten percent (10%) of its gross revenues during the period of said executive decree or legislative action.

Article XIX

CITY OF CHICAGO
DEPARTMENT OF LAW

March 8, 1872.

To the Honorable, The City Council of the City of Chicago:

Re: *LaSalle National Bank*
v. City of Chicago
Illinois Appellate Court No. 54011.

LADIES AND GENTLEMEN—On March 2, 1972, the Illinois Appellate Court handed down a decision upholding the constitutionality of the zoning of property at 4504 Cumberland Avenue.

The owner had challenged the zoning, wishing to build a 17-unit apartment building on land zoned for single-family residences. The Circuit Court found the single-family zoning valid.

On appeal, the Appellate Court affirmed, holding that the property was zoned in conformity with the surrounding area. The subject property was in an area of single-family homes, and the few business uses in the area did not justify a change from the present zoning.

Very truly yours,
(Signed) RICHARD L. CURRY,
Corporation Counsel.

CITY OF CHICAGO
DEPARTMENT OF LAW

February 29, 1972.

To the Honorable, The Members of the City Council of the City of Chicago:

Re: *Anita Davis v. Retirement Board of the Policeman's Annuity and Benefit Fund of the City of Chicago*
Appellate Court of Illinois, First District, No. 54710.

LADIES AND GENTLEMEN—On February 28, 1972, the Appellate Court of Illinois, First District, filed its opinion in the above-captioned case which affirmed the judgment of the Circuit Court of Cook County. The Circuit Court had denied a petition filed by the Retirement Board which asked the court to vacate its prior judgment which had reversed the Board.

The pertinent facts follow: The deceased, Fred Davis, was on active duty with the Chicago Police Department. A sixteen year old girl, Joyce White, who lived in the same building complained to Davis that Steve Robbins had sexual intercourse with her and had taken some of her money. When Davis confronted Robbins in the basement apartment of the building, the latter pulled out a gun and fatally shot Davis. Upon application by the widow, the Board awarded a widow's and child's annuity but denied a compensation annuity on the ground the officer did not meet his death while performing an act of duty as defined in Sec. 5-113 of the Illinois Pension Code. On Administrative Review the Circuit Court ordered the Board to award a compensation annuity.

Thereafter, in accordance with the provisions of Section 72 of the Practice Act, the Board filed a petition in the Circuit Court and alleged that subsequent to the court's judgment it was learned that the witnesses at the hearing before the Board did not tell the truth regarding the confrontation between Davis and Robbins, and that Davis struck Robbins at that time.

The Circuit Court denied the foregoing petition and the Appellate Court affirmed the denial declaring it was properly within the discretion of the trial court to thus act.

Very truly yours,
(Signed) RICHARD L. CURRY,
Corporation Counsel.

Site for Project BE-9, a 3,000-student high school at West Division Street and North Western Avenue, in conjunction with recreational facilities to be provided by the Chicago Park District, to replace the existing Tuley High School:

The area bounded by West Haddon Street on the south, Oakley Boulevard on the east, West Potomac Avenue on the north, and North Western Avenue on the west, being legally described as follows:

Also:

The area bounded on the east by North Western Avenue, on the north by West Potomac Avenue, on the west by the east line of the north-south alley lying between North Artesian Avenue and North Western Avenue, and on the south by the north line of the east-west alley running from North Western Avenue to North Artesian Avenue; and also the area bounded on the east by North Western Avenue, on the north by the south line of the east-west alley running from North Western Avenue to North Artesian Avenue, on the west by a line parallel with and lying approximately 168 feet east of the east line of North Artesian Avenue, and on the south by the north line of West Division Street; said areas being legally described as follows:

1. Modified the site for Project BE-9 which had previously been approved by the City Council; said modification consisting of a deletion from said site for Project BE-9 of the real properties hereinafter legally described, which deleted properties will be devoted to the new use indicated:

WHEREAS, The Public Building Commission of Chicago has requested the City Council of the City of Chicago to approve the modification of the site designation for Project BE-9; and

WHEREAS, The Board of Education of the City of Chicago has approved the foregoing modification of the site for its Project BE-9 by the deletion of the aforesaid properties which are to be used for Projects CF-8 and for part of CH-3; now, therefore,

Be It Resolved by the City Council of the City of Chicago, That the City Council of the City of Chicago does hereby approve the modification of the site heretofore selected, located and designated by the Public Building Commission of Chicago as a site for Project BE-9 (Tuley High School), by the deletion of the following property therefrom:

Agreement

Chicago Transit Authority
The City of Chicago

Central Avenue
(W. Diversey Ave.—W. Foster Ave.)
Section 046-1215-MFT
F. A. Project T-5003 (30)

This Agreement, made and entered into by and between the City of Chicago, acting through its City Council and hereinafter called "City," and the Chicago Transit Authority, a municipal corporation organized under the laws of the State of Illinois, hereinafter referred to as "Authority".

WITNESSETH:

That Whereas, City, with the approval of the Department of Public Works and Buildings of the State of Illinois, hereinafter called the State, in the interest of safe and efficient movement of vehicular traffic, proposes to widen, channelize and resurface N. Central Avenue at the major intersections from W. Diversey Avenue to W. Foster Avenue and reconstruct the remainder between the major intersections, in accordance with plans, specifications and special provisions prepared by the City and approved by the State, and the Federal Highway Administration, United States Department of Transportation, hereinafter called the "FHWA", in accordance with a separate State-City Agreement; and this Agreement being a part by reference thereof; and

Whereas, City seeks Federal Fund participation under the above captioned Topics programming in the cost of Authority's force account work.

Now, Therefore, in consideration of mutual covenants herein contained, the parties hereto agree as follows:

Section 1. City, at its expense, shall widen, channelize, resurface and reconstruct N. Central Avenue and all appurtenant work related thereto, in accordance with the plans, specifications and Special Provisions prepared by City and approved by State and FHWA.

Section 2. Authority, at its own expense, shall prepare detailed plans showing the work it plans to do and a detailed cost estimate, for approval by City. Authority's plans shall be part of this agreement by reference and Authority's estimate of cost shall be attached to this Agreement, made part of it hereby and marked Exhibit "A".

Section 3. Authority shall make no changes in its approved plans and specifications without City's written consent.

Section 4. Authority, at City's expense, will perform the associated construction engineering and adjust and/or relocate its facilities in accordance with its City-approved plans. Authority will not start on this work without written notice from City that Authority is authorized to proceed with the work. Authority will notify City of its intent to work at least 48 hours prior to beginning it. Authority shall assume full responsibility and liability for the correctness of its work. Such work shall include relocating overhead trolley wires on North Central Avenue to temporary positions and their restoration to their original position thereafter; relocating feeder cables; lowering streetcar rails, serving as negative returns, that cross Central Avenue at Irving Park Road, and Foster Avenue at Milwaukee Avenue; relocating trolley wires to new alignment where required; and towing trolley buses around construction sites when required to maintain the bus operation.

Section 5. Authority shall furnish, at its own expense, electrical power for the trolley buses during the aforesaid construction and upon final completion thereof.

After City has checked such statement and has found that the costs are reasonable and proper, the City shall reimburse Authority within ninety (90) days following receipt of the aforementioned statement, for ninety-five per cent (95%) of the amount thereof. The estimated sum of One Hundred Twenty-seven Thousand Two Hundred and Eight Dollars ($127,208.00) for the Central Avenue project has been computed on the basis of the cost of materials and the labor rates to be paid by Authority as of the date of Authority's estimate Exhibit "A".

In the event that, at the time that the work is performed by Authority, the cost of such materials or the labor rates which are required to be paid by Authority in the performance of its work have increased since the date of the aforementioned Exhibit "A", the estimated sum of One Hundred Twenty-seven Thousand Two Hundred and Eight Dollars ($127,208.00) shall be increased accordingly by the amount of such increase in cost of materials or labor rates or both, provided, however, that such increase in the cost of materials or labor rates shall not have been caused by any delays of Authority in the performance of the work by it.

In the event any additional work by Authority becomes necessary due to approved changes in plans, City shall reimburse Authority for the cost of such additional work, provided Authority submits for approval an amendment to its cost estimate, accompanied by detailed drawings, prior to beginning such additional work and that Authority's final bill clearly indicates therein the items of additional work.

Authority shall furnish City a statement of the actual labor performed on the project in the manner and form required by City.

The records of Authority substantiating the cost and expense shown on detailed statements shall be kept available and in such order that an audit can be readily made by City and State. Said records shall be kept available and in proper order until the aforementioned audits have been made; however, said availablity need not exceed three (3) consecutive years from the date that Authority receives the final payment from City.

City or State will audit said records only during established working hours of Authority's accounting forces.

Section 7. In addition to the provisions set forth in this Agreement, those of the FHWA's Policy and Procedure Memorandum 30-3 shall govern where applicable, that memorandum being made part of this Agreement by reference.

Section 8. Authority shall maintain its adjusted facilities at its expense.

Section 9. This Agreement shall become effective on the date of the letter from the State conveying approval by the State and by the FHWA; the agreement shall thereupon bind, and inure to the benefit of, the parties hereto, their successors and assigns.

In Witness Whereof, City has caused this Agreement to be executed in its behalf by its proper officers, under authority of an ordinance passed by its City Council, a certified copy of which is attached and made a part hereof, Authority has caused this Agreement to be executed in its behalf by its duly constituted officers under authority of an ordinance passed by the Chicago Transit Board, a certified copy of which ordinance is attached and made a part hereof.

Action Deferred—ON PROPOSED ORDINANCE FOR AMENDMENT OF CHAPTER 7 OF MUNICIPAL CODE CONCERNING PASSAGE OF GENERAL OBLIGATION BONDS PAYABLE FROM AD VALOREM PROPERTY TAX RECEIPTS.

The Committee on Finance submitted the following report, which was, at the request of two aldermen present (Alderman Bilandic and Alderman Keane) *Deferred* and ordered published:

CHICAGO, March 27, 1972.

To the President and Members of the City Council:

Your Committee on Finance to which was referred a communication dated March 22, 1972 from the Office of the Mayor transmitting an ordinance which establishes the basic procedures to be followed by the City Council in consideration and passage of General Obligation Bonds payable from ad valorem property tax receipts, having had the same under advisement, begs leave to report and recommend that Your Honorable Body pass the proposed ordinance transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the committee.

Respectfully submitted,
(Signed) THOMAS E. KEANE,
Chairman.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Whereas, Section 6(a) of Article VII of the 1970 Constitution of Illinois provides that "any municipality which has a population of more than 25,000 (is) a Home Rule Unit". The City of Chicago with a population in excess of 3,000,000 is therefor a Home Rule Unit and may, under the power granted by Section 6(a) of Article VII "exercise any power and perform any function pertaining to its government and affairs including, but not limited to, the power to .... incur debt;" and

Whereas, Section 6(d) of Article VII of the 1970 Constitution grants constitutional authority for the City of Chicago to incur debt payable from ad valorem property tax receipts maturing within 40 years from the time it is incurred; and

Whereas, Section (6)k of Article VII of the 1970 Constitution of Illinois grants constitutional authority for the City of Chicago to incur debt payable from ad valorem tax receipts without prior referendum approval; and

Whereas, The establishment of basic procedures for incurring municipal debt and issuing bonds payable from ad valorem property tax receipts is both necessary and desirable to provide clarity in law and direction for subsequent action; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. The Municipal Code of Chicago is amended in Chapter 7 thereof by inserting the following new sections: Chapter 7, Section 58 through Section 65.

7-58 *The City of Chicago, acting by its City Council, may, from time to time, borrow money for proper public purposes and in evidence of such borrowing, issue its general obligation bonds* *payable from ad valorem taxes to be levied without limitation as to rate or amount, against all taxable property situated within the City. Such bonds may be issued without the submission of the question to their issuance to the electors of the City for their approval and the procedures for the issuance of such bonds shall be substantially as herein provided in sections 59 through 65 of this Chapter.*

7-59 The City Council shall adopt an ordinance (hereinafter designated the "Bond Ordinance") describing the public purpose or purposes to be served by such borrowing and in such Bond Ordinance shall make a finding and determination that such borrowing of money is necessary for the welfare of the government and affairs of the City, is for a proper public purpose or purposes and is in the public interest, which finding and determination shall be deemed conclusive.

Prior to the adoption of any such Bond Ordinance, a public hearing shall be held thereon by the Finance Committee of the City Council, pursuant to a notice given of such public hearing, such notice to refer generally to the subject matter of the ordinance and to be published at least once in a newspaper published in and having a general circulation within the City of Chicago, the date of such publication to be not less than ten days prior to the date of the public hearing.

7-60 The Bond Ordinance shall indicate the amount of money necessary to be borrowed, the amount of bonds to be issued in evidence thereof, shall fix the details of such bonds, including their date, number, denomination and maturity, which cannot exceed forty (40) years from the date of said bonds, and their maximum rate of interest, which shall not exceed 7 per cent per annum. The bonds shall be sold in such manner as may be determined in the Bond Ordinance. If the bonds are authorized to bear interest at the maximum rate, they shall be sold at a price of not less than par. If the bonds are authorized to bear interest at a rate less than the maximum interest rate, they may be sold at a price of less than par, but in any event at such a price that the interest cost to the City of the money received by it from the proceeds of the sale of said bonds shall not exceed the maximum interest rate per annum, computed to maturity according to standard tables of bond values.

7-61 The Bond Ordinance shall authorize the execution of the bonds therein authorized on behalf of the City by signatures of the Mayor and the City Comptroller or by their respective proxies; shall determine whether such bonds to be issued shall be registered in the name of the owner as to principal only or whether the same shall be fully registered as to both principal and interest; shall indicate the place or places of payment of the principal and interest maturing on said bonds and shall set forth the form of bond.

The Mayor and the City Comptroller may each designate another to affix their respective signatures to any written instrument which is required to be signed by the Mayor or the City Comptroller. In such case, each shall send to the City Council written notice of the person so designated by each, such notice stating the name of the person so selected and the particular instrument which such person shall have authority to sign as proxy for the Mayor and the City Comptroller, respectively. A written signature of the Mayor or of the City Comptroller, respectively, executed by the person so designated by each, with the signature of the person so designated underneath, shall be attached to each notice. Each notice, with the signatures attached, shall be recorded in the journal of the proceedings of the City Council and then filed with the City Clerk. When the signature of the Mayor is placed on a written instrument at the direction of the Mayor in the specified manner, the instrument, in all respects, shall be as binding on the City as if signed by the Mayor in person. When the Comptroller's signature is so affixed to a written instrument at the Comptroller's direction, the instrument, in all respects, shall be as binding on the City as if signed by the Comptroller in person.

7-62 The Bond Ordinance shall make provision for the payment of such bonds, both principal thereof and interest thereon until maturity, by the levy of a direct annual tax upon all the taxable property within said City sufficient for such purpose. A copy of such Bond Ordinance, as adopted, certified to by the City Clerk, shall be filed in the offices of the County Clerks of all those counties within which a part of the City of Chicago may be situated. Such Bond Ordinance, as so filed, shall constitute the authority for the several County Clerks within which a part of the City of Chicago may be situated, in and for each of the years for which taxes are levied in said Bond Ordinance, to extend such taxes for collection against all the taxable property situated within the City of Chicago and situated within such several counties. The taxes so levied in and by such Bond Ordinance shall be extended annually by the several County Clerks without limitation as to rate or amount and such taxes shall be in addition to and in excess of any and all other taxes levied or authorized to be levied by the City Council. Such taxes so levied shall not be subject to repeal or abatement in any manner whatsoever until such time as all the bonds authorized under the terms of said Bond Ordinance and issued shall have been paid in full, both principal thereof and interest thereon up to and including the date of maturity.

7-63 The provisions of any Bond Ordinance shall constitute an appropriation of the amounts required as therein referred to and described and upon the delivery of the bonds therein authorized, the proceeds thereof shall be used solely and only for the purpose or purposes for which the bonds were authorized. Upon the adoption of any Bond Ordinance by the City Council and its approval by the Mayor, the same shall be published by the City Clerk, in pamphlet form, and shall be in full force and effect upon its publication.

7-64 Any bonds authorized and issued pursuant to the provisions of any Bond Ordinance adopted pursuant to the provisions hereof and also any bonds issued and outstanding as of July 1, 1971, which by their terms are payable from taxes unlimited as to rate or amount and levied against all the taxable property within the City of Chicago, may be refunded prior to their maturity or at their maturity and including the refunding of matured coupons evidencing interest upon such unpaid bonds. Such refunding shall be by the issuance of refunding bond to be authorized by a Refunding Bond Ordinance which shall be adopted in the manner and subject to the terms, conditions and provisions as herein required for the issuance of bonds for public purposes. Any such refunding shall be on the basis of an exchange of par for par for bonds and matured interest coupons to be refunded, or such *refunding bonds may be sold at not less than par and the proceeds thereof be used for the purpose of paying maturing principal and matured interest coupons on such outstanding bonds as they become due.*

Refunding bonds which may be issued for the purpose of refunding outstanding bonds issued prior to July 1, 1971 and including past due coupons pertaining to bonds issued prior to July 1, 1971 shall not be deemed an indebtedness incurred by the City of Chicago without a referendum in accordance with the provisions of Section 6(k) of Article VII of the Constitution of Illinois generally effective July 1, 1971.

7-65 Pursuant to the authority granted by Section 6 of Article VII of the Constitution of Illinois 1970, the procedures hereby established for the issuance of general obligation bonds, as herein provided for, shall be controlling and shall be complied with by the City Council in the borrowing of money through the issuance of general obligation bonds of the City, notwithstanding anything to the contrary contained in the provisions of the Illinois Municipal Code of 1961, and all acts amendatory thereof and supplementary thereto and any other law or laws of the State of Illinois.

Section 2. That this ordinance shall be in full force and effect immediately upon its passage by the City Council of the City of Chicago and its approval by the Mayor.

WHEREAS, The Subcommittee of Inquiry of the Chicago City Council has filed its "Finding and Decision", a hearing on the matter having been had, declaring a vacancy in the office of Alderman of the 2nd Ward of the City of Chicago by reason of the abandonment by Fred D. Hubbard, which "Finding and Decision" is *Adopted* and *Concurred* in and made a part hereof by the City Council Committee on Committees and Rules; now, therefore,

Be It Resolved, That the office of Alderman of the 2nd Ward of the City of Chicago be and is hereby declared vacant by reason of the abandonment of the office by Fred D. Hubbard.

FINDINGS AND DECISION.

Abandonment of Office by Fred D. Hubbard.
Hearing before the Subcommittee of
Inquiry of the Chicago City Council
Committee on Committees and Rules.

Findings of Jurisdiction.

1. A Subcommittee of Inquiry was created by resolution passed by the Chicago City Council at its regular meeting of February 9, 1972, at which meeting the Chairman of the Committee on Committees and Rules appointed Aldermen Keane, Wigoda, Frost, Bilandic and Holman, Chairman, to the said Subcommittee of Inquiry.

2. At the City Council meeting of February 24, 1972, the Subcommittee Chairman, Alderman Holman, announced publicly that a public hearing would be held on March 16, 1972, at 10:00 A.M. in Room 302, City Hall, by the Subcommittee of Inquiry for the purpose of hearing testimony and taking evidence as to whether or not the office of Alderman of the 2nd Ward of Chicago ought be declared vacant by reason of the abandonment of Fred D. Hubbard.

3. Notice of the public hearing was published in each of the following newspapers of general circulation within the City of Chicago on the dates stated thereafter:

(a) Chicago Today, Feb. 28, 29, March 1, 6, 7, & 8
(b) Chicago Daily Defender, Feb. 28, 29, March 1, 6, 7 & 8
(c) Chicago Sun Times, Feb. 28, 29, March 1, 6, 7 & 8
(d) Chicago Daily News, Feb. 28, 29, March 1, 6, 7, & 8
(e) Chicago Tribune, Feb. 29, March 1, 2, 6, 7 & 8

An individual notice was mailed by Certified Mail to Fred D. Hubbard at three addresses on file with the City Council as appropriate mailing addresses for said Fred D. Hubbard.

4. The meeting of the Subcommittee of Inquiry called pursuant to the aforesaid public and individual notices was called to order at 10:00 A.M. on March 16, 1972, in Room 302 City Hall, Chicago, Illinois, at which time Chairman Holman publicly inquired as to whether or not Alderman Fred D. Hubbard was present in the room or represented by Counsel.

5. The Subcommittee of Inquiry of the Chicago City Council finds that it has obtained jurisdiction over both the subject matter of the status of the office of Alderman of the 2nd Ward, as well as over the person of Fred D. Hubbard by reason of the Resolution creating the Subcommittee of Inquiry and the aforesaid public notices.

Findings of Fact.

1. Fred D. Hubbard was elected to the office of Alderman of the 2nd Ward of the City of Chicago at the Aldermanic Election conducted on February 23, 1971, and took his constitutional oath of office with the full Council at the meeting of April 21, 1971.

2. Alderman Fred D. Hubbard was in attendance and recorded as voting on the attendance roll call at the City Council meetings of April 21, 1971, the recessed meeting of April 22, 1971, and the regular meeting of May 5, 1971.

3. Alderman Fred D. Hubbard was absent from the City Council and was recorded as such in the attendance roll call for nineteen (19) consecutive Regular meetings of the City Council and one (1) Special meeting of the City Council between the period of May 21, 1971 and February 24, 1972, the dates of those meetings being as follows:

May 21, 1971	Sept. 15, 1971	Dec. 20, 1971
June 4, 1971	Oct. 6, 1971	Dec. 30, 1971
June 11, 1971	Oct. 27, 1971	Jan. 6, 1972—
June 18, 1971	Nov. 12, 1971	(Special Mtg.)
June 24, 1971	Nov. 29, 1971	Jan. 21, 1972
July 21, 1971	Dec. 3, 1971	Feb. 9, 1972
July 28, 1971	Dec. 10, 1971	Feb. 24, 1972

4. Alderman Fred D. Hubbard has been absent from his assigned Aldermanic offices on the second floor of the City Hall for a continuous and uninterrupted period of ten months beginning in May of 1971, has failed to participate in all Committee meetings held by the various Committees of the Chicago City Council to which he had been assigned during the aforesaid ten month period and has generally neglected to perform the duties customarily attended to by an Alderman.

5. Alderman Fred D. Hubbard has not communicated with the City Council any reason or explanation for his continuous and uninterrupted absence from his official duties for a period of ten months nor has he communicated any intention to resume the faithful and diligent performance of his office.

6. Alderman Fred D. Hubbard is currently under indictment by both the Grand Jury of the United States District Court and the Extended June 1971 Grand Jury of the Circuit Court of Cook County; an arrest warrant has been issued for his arrest, but he has neither surrendered nor has been brought into custody and is thereby legally classified as a fugitive from justice.

Findings of Law.

1. Alderman Hubbard's continued and uninterrupted absence from City Council meetings, Committee meetings, Aldermanic offices and neglect of Aldermanic duties generally for a period of ten months constitutes sufficient cause for this Council to declare the office of Alderman of the 2nd Ward of the City of Chicago vacant by reason of abandonment. (*People ex rel v. Hanifan,* 6 Ill. App. 158 (1880) aff. 96 Ill. 420; *Harrison v. The People ex rel,* 36 Ill. App. 319 (1889)).

2. Absent the ability to otherwise ascertain a specific intention to resign or to abandon the office of Alderman of the 2nd Ward, the Subcommittee finds that an intention to abandon has been evidenced and may be implied by the continuous and uninterrupted absence of Fred D. Hubbard from the faithful and diligent discharge of the duties of the office of Alderman of the 2nd Ward. (*Denison v. Spencer,* 101 Ill. App. 61 (1901; *Jacobson v. City of Chicago,* 191 Ill. App. 551 (1915); *McQuillan, Municipal Corporations,* Third Edition, Volume 3, Section 12.123)

Decision.

The Subcommittee of Inquiry of the Chicago City Council hereby determines that by reason of the Findings of Fact and the Findings of Law hereinabove recited, that the office of Alderman of the 2nd Ward of the City of Chicago has been abandoned by Fred D. Hubbard and that a vacancy in such office now exists by reason of the said abandonment.

Resolution Reaffirming Support of United Farm Workers of America in Their Effort to Organize for Collective Bargaining, Etc.

A proposed resolution reading as follows:

WHEREAS, Farm workers are among the most depressed and deprived workers in the nation, with an average annual income of $1,600 and the highest infant and maternal mortality rate in the country; and

WHEREAS, United Farm Workers of America, under the leadership of Caesar Chavez, has waged a valiant, non-violent struggle to gain for farm workers the basic rights that other workers now enjoy; and

WHEREAS, The growers refusal to negotiate in good faith forced the United Farm Workers to call nationwide consumer boycotts in support of their just demands for decent wages and working conditions; and

WHEREAS, The National Labor Relations Act, enacted in 1935, specifically excluded farm workers, and the large farming interests (Agribusiness) has continuously opposed extending coverage of the National Labor Relations Act to agriculture; and

WHEREAS, The National Labor Relations Board has repeatedly refused to intervene in the boycott, arguing that since the law does not protect farm workers, it cannot be used to punish farm workers and, as recently as March 15, 1971, the National Labor Relations Board wrote United Farm Workers confirming that they were not a "labor organization" as defined by the law and thus were not covered by the secondary boycott restrictions of the law; and

WHEREAS, In the summer of 1971 President Nixon appointed Republican Peter Nash as general counsel of the National Labor Relations Board, Mr. Nash has filed a petition in the federal district court seeking an injunction prohibiting the consumer's secondary boycott; and

WHEREAS, The Boycott has been the only effective non-violent weapon available to farm workers, if the farm workers are stripped of their right to boycott they will not have the bargaining power needed to negotiate with Agribusiness; and

WHEREAS, The City of Chicago has in the past expressed its concern for this group of impoverished workers by officially endorsing their efforts to organize and bargain collectively; now, therefore,

Be It Resolved, That the City Council of the City of Chicago hereby reaffirms its support of the United Farm Workers of America and their efforts to organize farm workers so that they can bargain collectively; and

Be It Further Resolved, That the Congress of the United States is memorialized to include farm workers within the protections afforded by the National Labor Relations Act; and

Be It Further Resolved, That the City Council of the City of Chicago records its opposition to efforts which will prevent the use of the boycott; and

Be It Further Resolved, That suitable copies of this resolution be sent to President Richard M. Nixon and to Senator Robert Dole, Chairman of the National Republican Committee, and that citizens of Chicago be urged to communicate their support of the United Farm Workers of America to President Nixon and Senator Dole.
